

Husker Trackmen Clash With Iowa State

By JAN SACK
Sports Staff Writer

Not many of the dual track

records will be safe Saturday when the powerful Husker team, seeking their second win, hosts the Iowa State Cy-

clones at 2 p.m. in the Indoor Stadium.

Fred Wilke, who cleared 6-3 last Saturday, will lead the Nebraska high jumpers against Larry Ellert of Iowa State. The Cyclone ace topped 6-4½, the existing dual record, at the Big Eight Indoor meet last year.

Shot putter Larry Reiners came within an inch of the meet mark of 53-3 as he won the event. The broad jump record of 23-6¾ could also fall if sophomore Victor Brooks is ready to go.

Junior Ray Stevens who doubled and won the mile and 800 last Saturday is expected to compete in these same events this week. If he has good competition, the mile record of 4:22.4 could fall as well as the 800 mark of 1:58.0. Against Kansas State and Oklahoma State, Stevens broke the tape with a 1:56.7 in the 800, over one full second under the record held by Knolly Barnes.

Wilke, the workhorse of the season, tied both the high and low hurdle records last week when he was timed in :07.0 for the lows and :07.5 for the highs. He will have excellent competition in Iowa State's J. W. Burden, Bill Grenawalt and others. Ron Moore and Bill Fasano, both of Nebraska, will help make the odds even.

The 60-yard dash record of :06.3 is threatened by NU's Ray Knaub and Steve Pfister. Last Saturday Knaub nipped Pfister in the victory at :06.3. Both Huskers have been clocked in :06.2.

Coach Frank Sevigne will pick up extra strength with

the addition of Gil Gebo, middle distance runner from New York City; Mike Fleming, distance man who returned after a tour of duty with the Marines; and Mauro Altizio, a distance runner from Lakewood, N.J. All three became eligible for varsity competition second semester.

LUCKY STRIKE presents:

LUCKY STRIKE LUCKY STRIKE

"THE FACULTY TEA"

"Ah, Dean! Won't you join us in a cup of tea?"

"He's upset because he was made the butt of a student joke."

"Sherwoodie has been insufferable since he got his Ph.D."

"They say he has the largest book collection on campus."

THE PROFESSORIAL IMAGE. It used to be that professors, as soon as they were 28, took on a father image—rumpled tweeds, tousled hair, pipe. But these days, the truly "in" professor has the "buddy" look—ivy suit, crew cut, Lucky Strikes. It seems that students learn more eagerly from someone with whom they can identify. Alert teachers quickly pounce on the fact that college students smoke more Luckies than any other regular. Have you pounced on the fact yet?
