the New York newspaper PM and associated press executive editor in charge of Feature Service for the Hearst newspapers. He also a former president of MacDowell Colonists, an organization of writers, composers, painters and sculptors.

He graduated in 1931 and was editor of the Daily Nebraskan, Student Council treasurer, Kosmet Klub secretary and Cornhusker Student Life Editor. He was president of Delta Sigma Chi and wrote plays for Kosmet Klub.

Dr. James Jensen is president of Oregon State University. He has had a long career as a professor of plant pathology.

He was an associate professor at the University and an assistant pathologist in tropical plant research in Barabua, Cuba. He has also worked as a staff member of Brookings Institute Study of Dominican Republic and was the first chief of the Atomic Energy Commission's Biology and Medicine Division.

He was professor and head of plant pathology at North Carolina State College and First Provost and professor of Botany at Iowa State University.

Jensen graduated in 1928 and was a member of Alpha Gamma Rho Fraternity. He was an Innocent, Student Council president, secretary of Corn Cobs, Cornhusker circulation manager and chancellor of Alpha Zeta. He did post graduate work at Columbia and received his doctorate at the University of Wisconsin in 1934.

John Brown, judge of the Fifth United States Circuit Court of Appeals, graduated from the University in 1930.

He is a member of the Texas Bar Association, senior partner of Boyston and Rayzor, a member of the American Bar Association Committee on Admiralty and Maritime Law, the American Law Institute and the Association of Interstate Commerce Commission Practitioners.

He was assistant campaign manager for presidential candidate Dwight Eisenhower, chairman of the Harris County Republican Party and a delegate to the

1952 Republican National Convention.

While in school he was president of the class of 1930, a member of Pershing Rifles, junior football manager, and a member of Sigma Chi fraternity.

He received his doctor of laws degree at the University of Michigan in 1959.

Dr. Paul Bare, who graduated with a doctor's degree from the University in 1937, has been a research chemist for DePont de Nemours and Company and developed Neoprene synthetic rubber.

He is presently a member of Patents and Licensing Division of the International Dept., president of the Philadelphia Alumni Chapter and active in Boy Scouts.

He received the Park Davis Company Fellowship in University.

Herbert Brownell, Jr. was attorney general of the United States from 1953-57. He is a member of the New York Bar Association and ran the presidential campaign for Dewey in 1943 and 1947 and for Eisenhower in 1952.

He was Republican National Party Chairman in 1943 and is a former member of the Hoover Commission.

He received the University's Distinguished Service Award in 1941 and is a trustee of the University's Foundation. He spoke at University convocations in 1941 and in 1953.

He was elected president of the New York Bar Association in 1962 and received an honorary degree from Lafayette University in 1955. He was made a Chubb Fellow at Yale in 1959.

Brownell, who graduated as a Phi Beta Kappa in 1924 was a member of Delta Upsilon fraternity, editor of the Daily Nebraskan and a member of Innocents. He was president of Sigma Delta Chi and a senior class officer.

He was also a member of Kosmet Klub and was voted one of the 10 most representative Nebraska students.

He received his law degree cum laude in 1927 from Yale Law School and was editor of the "Yale Law Review."

Students Prepared For Study Abroad

The Council on Student Travel will offer a new kind of intensive orientation designed to prepare students for academic study abroad this summer. Special nine-day orientation programs conducted on board three late summer sailings of the Council's chartered student ship, M-S AURELIA, are being planned specifically for the American students who will be going abroad in record numbers this year to study for a semester or year at a foreign university.

By the fall of 1965, more than 20,000 undergraduates and graduates will be enrolled in over 320 foreign study programs sponsored by U.S. colleges at universities and study centers in Europe, Asia, Africa and Latin America. As the numbers increase, so does the importance of preparation and planning on the part of program administrators and students.

The Council's 143 member organizations and universities which sponsor overseas programs for students held an international conference in Cannes, France during January, 1965 at which educators expressed deep concern over the lack of adequate preparation among American students for the experience of living and studying in a foreign university community.

The new program is planned to help students make the transition to a different culture and academic situation. A team of educators and area specialists will coordinate orientation activities on eastbound sailings of the AURELIA. Forums and discussions on national and international political and cultural issues will be complemented by a series of art lectures, daily language classes and foreign films.

Practical information and advice will be provided on study and travel in various countries, a ship's newspaper will be printed daily to keep passengers informed of world events and the ship-

board schedule, and a variety of recreational activities will be offered including deck sports, dancing to the ship's orchestra, chess and bridge tournaments.

A student en route to the Sorbonne might begin a day at sea by practicing his French and then attend a forum on "French-U.S. Diplomatic Relations." Later he might go to a slide lecture on "Current Trends in French Art" and finally participate in a panel on the "Racial Revolution in America." Another day's schedule might include a forum on the "Philosophy and Organization of European University Education" or a lecture on "Major Social Issues in France."

The student could listen to and discuss recordings of Debussy or Ravel and perhaps join a group on deck singing French folk songs or learning regional folk dances. An informal session on travel, sightseeing and student accommodations would answer his questions about spending spring vacation in the Chateaux country or Brittany.

Milk Companies Delay FMA Contract Bids

Bidding on milk contracts was held yesterday for the Fraternity Manager's Association (FMA), but none of the dairy companies participating made any bids. Company representatives told Sam Baird, FMA chairman, that it was too early for them to have a clear picture of their fall prices for next fall, due to some uncertainties now pending. They suggested to Baird that bids be taken in July or August. Baird said he would talk to house presidents about the possibility of house commitment prior to accepting the lowest bid this summer.

IFYE Sends Farm Youths To Overseas Work, Homes

It's a time of packing, unpacking, talks and preparations for several Nebraska youths participating in the International Farm Youth Exchange (IFYE) program.

Two IFYE delegates have just returned to the state, another will leave this week for a stay in Germany and three others have been announced as participants in the near future.

Announced as 1965-1966 participants are Cheryl Abrahamson of Axtell who will leave in June for a stay in the Philippines; Stanley Sutton of Lincoln who will spend six months in Mexico, beginning in September; and Bruce Holen of Bertrand, who will go to Jamaica for 6 months beginning in September.

Dorothy Winkenwerder, Hershey, left April 8 for a six-month stay in Germany. IFYE delegates' counterparts from host countries will begin arriving in the U.S. soon. Each foreign exchange will live with rural families in two states.

Mona Mues, Cambridge, and Diana Gatch, Gering, recently arrived home to spend some time with their parents after a six month stay in India and Uruguay, respectively. They will soon begin a speaking tour over the state during which they will tell of their experiences while overseas.

The IFYE program, which provides young people with the opportunity to live and work with another family in another country is completing its 17th year. Nebraska was one of the first states to participate in the program and has continuously taken part since its beginning in 1948. The program in Nebraska is sponsored by Gold's of Nebraska, Nebraska Rural Youth, University 4-H Club and county 4-H members and interested groups.

The program is conducted by the National 4-H Club Foundation in behalf of the Cooperative Extension Service of the U.S. Department of Agriculture and the state land-grant colleges and universities.

Over 3,500 young people of the United States and 67 cooperating nations have participated in the program. This summer former IFYEs from all over the world will gather in Switzerland for the First World IFYE Alumni Conference.

Sutton, the son of Mr. and Mrs. Phillip Sutton of 1344 N. 38th St., Lincoln, is a student at the University, where he is a member of FarmHose fraternity. He has served on the Agricultural College Executive Board and on the Agriculture Tours committee of University Builders. He has been a member of 4-H for ten years.

Holen attended Trinity College in Chicago and the Emily Griffith Opportunity School, where he majored in machine science. He has been a member of Rural Youth on the county and state level and a member of 4-H for eight years. He is the son of Mr. and Mrs. Milford Holen of Bertrand.

WFF 'N PROOF IT MAKES YOU THINK

ENTERTAINING
CHALLENGING
EDUCATIONAL

For those who enjoy brain-to-brain combat

Can you solve this problem?

1. There are three numbered statements in this box.
2. Two of these numbered statements are not true.
3. The average increase in I.Q. scores of those who learn to play WFF 'N PROOF is more than 20 points.

Is statement No. 3 true?

WHAT OTHERS SAY ABOUT THE WFF 'N PROOF GAME

"We have been up half the night playing WFF 'N PROOF. And we're on our honeymoon!" (couple who visited the WFF 'N PROOF exhibit at the N. Y. World's Fair)

"... you will approve of WFF 'N PROOF, the game of modern logic. For the expert it's serious fun. For the skeptic it's putting things in their proper place. For the novice it's a course of study." (ESQUIRE)

"... a significant event in the teaching of logic — as significant in its field as the launching of the first satellite in the space race field. If this seems a bit extravagant, let us point out that challenging competitive games capable of teaching with unadulterated enjoyment are still a rarity." (review in DATA PROCESSING DIGEST)

IF YOU'D LIKE TO GET THE MOST OUT OF YOUR WFF 'N PROOF GAME

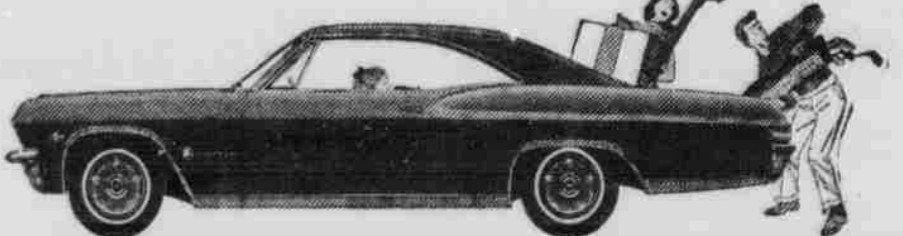

A Yale professor's revolutionary new game

Designed by a university professor to accelerate the learning of modern logic. We are so confident that you will be delighted with WFF 'N PROOF that we offer it on a 10-day trial basis. If you are not completely satisfied, it may be returned for refund.

WFF 'N PROOF, Box 71, New Haven, Conn. Please send me... WFF 'N PROOF game's \$4.25 each (including \$2.00 for postage and handling). I enclose \$... and understand that if I am not completely satisfied, I can return the kit in 10 days for a full refund of the purchase price.

Zing into spring! in a new Chevrolet

'65 Chevrolet Impala Sport Coupe

'65 Chevrolet Malibu 4-Door Station Wagon

'65 Chevy II Nova Sport Coupe

'65 Corvair Corsa Sport Coupe

If you've been sitting tight waiting for just your kind of car, with just your kind of power, at just your kind of price—wait no longer!

Chevrolet. It's a bigger, more beautiful car this year. Which is why that handsome silhouette could be mistaken for cars costing a thousand—even two thousand—dollars more.

Chevy II. No car so trim has a right to be so thrifty. But thrifty it is, with money-savers like brakes that adjust themselves and a long-lived exhaust system.

Chevelle. This one's got lively looks, spirited power, a softer ride—and remarkable room atop a highly maneuverable wheelbase. No wonder it's today's favorite mid-size car.

Corvair. Ask any '65 Corvair owner how it feels to drive a car with such easy steering, tenacious traction and responsive rear-engine power. And be ready to do lots of listening.

Zing into spring in a new Chevrolet, Chevelle, Corvair, Chevy II or Corvette
