CITY COUNCIL.

A Regular Session of the Body Held Last Night.

Some Important Measures Considered and Acted Upon.

The city council met in regular session last evening. Messrs. Baker, Corby, Dellone, Dunham, Hornburger, Hermann, Kaufmann, O'Keefe, Stull and President Daily were in attendance.
A communication was received from Mayor Boyd relative to the Farnham street grade. The mayor stated that he had not appointed three appraisers for two reasons: First, that a similar proceeding originally had been irregular, because the report of the city engineer had not been acted upon, and second, because the appraisers had never reported back. This was an important matter and the mayor thought the cross streets ought to be included in any action. He thought that the city attorney should also be consulted. The matter was given to the judiciary committee, with instructions to see the city attorney.
A petition was received from about two hundred citizens in regard to the change of grade between Leavenworth and Marcy streets, as granted on petition of the U. P. railroad and Union elevator company. Means of access were shut out from property on Sixth, Eighth, Ninth and Tenth streets is obstructed by tracks, and part of Seventeenth by Cass. The matter was referred to a special committee of five who are to confer with the companies and report back.
A petition was presented in regard to a triangular lot owned by the city at Nineteenth and St. Mary's avenue, which is claimed was a pool of stagnant water. The matter was given to the committee on public improvement.
A petition was received from the city clerk asking that he be allowed an assistant to prepare the tax. The matter was referred to the finance committee.
The claim of Dan Shanahan for \$62.50, street work, was allowed. Chief Gallowan asked that as the water works were about completed, that three new four-wheeled horse carts be purchased, one for the eastern part of the south district, one for the western part of the south district, and one to be placed on Sherman avenue. He asked also that a new four-circuit repeater and four new boxes be bought, the present alarm covering too great a circuit. This would require about three miles of wire, but when completed would put the city in good shape to fight fire. The matter was referred to the fire committee. The lower part of Douglas street was called attention to. It was referred to the committee on streets and grades.
The city marshal was instructed to notify the proper U. P. officials to cleanse their sewers from the depot to the outlet at Seventh street.
The street commissioner was instructed to fill a small pond of stagnant water at the intersection of Tenth and Douglas streets.
Mr. Stull presented a resolution that the gang at work in the wards be retained until Saturday. After some discussion this was lost.
The street commissioner was instructed to fill up pools of stagnant water in block 00 and report expense to the council at next meeting.
A petition from O. B. Seldon in relation to taxes upon some of his property was referred to the finance committee.
The city clerk was instructed to advertise for bids to construct a large number of crosswalks, the bids to be opened next Monday evening.
The city clerk is to advertise for bids to fill an alley between Webster, California, Fourteenth and Fifteenth streets.
The street commissioner was instructed to place Eleventh street, at its intersection with Hickory in a passable condition.
The resolution passed at a previous meeting ordering the bridge east of the U. P. shops to be repaired, was rescinded.
The street commissioner was instructed to open the necessary gutters on the west side of Thirteenth street, between Pierce and Williams.
The contracts of Luke McDermott were referred to the committee on streets and grades; that of Samuel Reef to the printing committee.
The committee on claims recommended the payment of the claim of Fred Lange for damage to his wagon. It was placed on file.
The committee on claims recommended that there be no remission of interest due on delinquent taxes in 1875. The report was adopted.
The committee on police reported that they knew no law to prevent persons from trading or selling horses on the street.
The purchasing committee was instructed to buy from 3,000 to 5,000 feet of lumber at \$22 per thousand.
The committee on reports, to whom was referred C. S. Chase's compilation of ordinances, recommended that they be indexed and compared with the official register. This was adopted.
The same committee recommended that the city treasurer's report be published, and adopted.
The gas company's bills for the past month were allowed.
The committee on sidewalks and bridges reported in favor of giving the contract for 42,000 feet of lumber at \$30 a thousand to Foster & Gray. The report was filed.
The contract for building sidewalks was given to Glass, Gardner.
An ordinance to increase the police force from ten to twelve men was referred to the police committee.
An ordinance was presented regulating the Omaha street railway, providing that buildings might be moved across the tracks between 10 and 12 and 2 and 4 on proper notice, if the tracks are not obstructed longer than ninety minutes; drivers are prohibited from driving faster than eight miles an hour and not faster than a walk within thirty feet of the railroad. Infraction of this ordinance is to be punished by a fine of not less than \$5 nor more than \$100. It will come up for second reading at next meeting.
An ordinance was read creating the office of city scavenger and defining his duties. It was referred to the committee on police.
An ordinance was read fixing the fees of the city inspector of weights and measures for platform scales at 50 cents; for counter scales 25 cents; for single beam scales of 1,000 pounds \$1.50, and 75 cents for each additional beam scale; for smaller beam scales 25 cents; every bushel dry measure, 10 cents; smaller weights 5 cents, and the same in the same in wine measure. The matter was referred to the police committee.
The ordinance establishing the grade of Twentieth street from St. Mary's Avenue south to the U. P. tracks was referred to the committee on streets and grades.
The ordinance establishing the grade on Farnham street, 255 feet west of Jefferson street to the city limits, was passed.
An ordinance for levying a special tax for grading Cass street, from Thirteenth to Twenty-fourth street, in Sweeney's addition, was passed by a vote of seven to two.

COUNCIL BLUFFS.

Occurrences of Interest Across the River.

Funeral Obsèques of the Late Charles Beck.

The funeral of Charles Beck took place yesterday afternoon. The services were held in the Catholic church on Pearl and Main streets, Rev. Father McMenomy officiating. The church was crowded to its utmost capacity. The Council Bluffs fire department in uniform; following Bluffs City Fire Company No. 1, and in succession Rescue Company No. 2; Rescue No. 3 and Phenix. Following the fire companies came a long line of sergeants, extending from the Catholic church to the Methodist church, on Upper Broadway, a distance of nearly one mile, the like of which has never been seen in this city since Dr. Osborne was carried to the tomb.
Charles Beck was a young man who had a great many warm friends. He had been an employe in one of our extensive hardware stores a number of years prior to his going into business in company with his brother. It is said that the disease that finally took him away from earth after so short a sojourn here was contracted while sleeping on the floor of his store, having given up his bed to some people whom the flood had driven from their homes. No doubt many of these recent sufferers followed young Beck to his grave. He was an extending fire in the fire companies, was at the time of his death in business with his brother Peter. He was the second son of Mr. and Mrs. Joseph Beck, of A. Co.
AN ASSAULT TO KILL.
C. O. Orms, from Crescent, the place where years ago the schools looked for their funds, came before Judge John W. Baird and made complaint under oath that William Smith had assaulted him with a deadly weapon with intent to kill. A warrant was issued, placed in the hands of Constable Theodor Geary, who proceeded to Crescent and arrested the supposed villain and brought him before the court. Neither party being ready for trial, the case was continued until the morning of 10 o'clock. In default of \$500 bail for his appearance Smith was committed to await preliminary examination. Amcut and Simms appear for the

THE BLUFFS IN BRIEF.

The old case of Brown and Allen was revived in a different form in Judge Baird's court. Brown had been arrested Monday for breaking and entering his house. This was the charge he made against Allen to his face, when Allen struck him over the head for so doing. The court fixed the bail at \$100, and the case was continued for hearing.
Dr. Stillman's son, Master Hillard Stillman, called at THE BEE office yesterday and showed some very fine specimens of bluffs and old Indian arrowheads. Master Stillman seems to be much interested in archeology and has devoted some time to collecting antiquated relics, as shown by the many valuable specimens his extensive cabinet already contains. Mr. Stillman is one of the rising young men of the city. He intends to adopt law as a profession. The coming season he will tend some eastern school and says he wants to get as near the sea coast as possible, as he believes he would like to master the science of conchology before he returns.
The fine new house being erected on Willow avenue will improve that locality very materially.
Mr. Redford, sheriff of Harlan, is looking in this city for two young lads who broke into a house out here. Chas. Berkhausen and wife are at Colfax Springs.
D. H. Solomon and daughter May, of Glenwood, took in the "Big City" Monday. Mr. Solomon thinks that Council Bluffs never looked so promising at the present time. He will at no distant day erect a fine residence here.
That legal luminary and astute Judge Baird, called yesterday at THE BEE office for the first time. He wanted to know if he was to go into the politics of this county. We told him we should take the field in the interest of the people, and against everything that had a tendency to ground the farmer and laborer.
A very fine doe was seen yesterday on the island in "Big Lake." Two young lads, R. C. Myntner and Richard Rogers were on the island hunting when they saw the animal and shot at him. The doe was shot and failed to bring him down. This island used to be a resort for deer, but for years none have been seen there until this one was discovered yesterday by these boys. Our worthy and honored citizen C. E. Stone, Esq., has probably killed many a one on this island.
Geo. Keele complained in E. J. Abbott's court against Mrs. M. E. Baker for tearing down her fence and cutting up generally. Wall McFaddin arrested the woman. The case was continued until Saturday.
A man came over from Nebraska's dusty metropolis yesterday who claimed to belong to the police force over there. He wore a star in a conspicuous place on his person and every body over here concluded that he really did belong to the force. He was so delighted with Council Bluffs that he took on his hand a much better last and was unable to find his way back. Some citizens took pity on him and carried him to the North-western depot, wrote the following card: "A poor wreck; handle with care. Mayor-Boyd, Omaha." They attached the same near the star and the train started.
A small party from Hardon township, including the two Misses Smith, ex-Justice of the Peace Charles Platner, son of Mrs. Platner, and several others went out to Myntner's Springs, and having taken quiet possession of Mrs. Myntner's cool and shaded grove spread a table, and Justice Platner concluded it was better than marrying or giving in marriage.
C. M. Nickelson, who has resided some time in Glenwood, Mills county, has come to the conclusion to live in the largest city in Iowa, and will take up his abode here. THE BEE heartily welcomes him.
If the pictures of the beautiful woman who was engaged to ride the elephant for Adam Forepaugh is a good likeness we have a dozen women in Council Bluffs who will put her in the shade without riding an elephant.
Dr. A. H. Studley, the celebrated curator of catarrh and other chronic diseases, has located on Upper Broadway, and his success in attracting great attention. His treatment is by outward application.
Mrs. H. M. Ray, wife of James Ray, of Council Bluffs, died at Garrettsville, Ohio, December, 1858. It was of interest to the citizens to know that her funeral sermon was preached by our honored and afflicted chief magistrate, James A. Garfield, who was at that time principal of Hiram College, about two and one-half miles from Garrettsville.
L. T. Lindsay, one of our enterprising best clothing dealers, who returned home from an eastern business trip.
Dr. John Green, with Dr. Lacy, had a call to go to Glenwood Monday to attend a patient there who was suffering from a cancer in the throat.
John Eden, formerly of this city, has stayed away from the Bluffs as long as he could and Monday he arrived here from the great lake city. He used to be in the same business here.
The colored Masons are to have a grand time to-night under the auspices of the John Y. Jones colored lodge. The banquet will take place in Castle hall on Pearl street.
We would announce that at the suggestion of Judge Reed, we have had the stairs leading up into THE BEE office and Odd Fellows' hall swept.
There will be a grand reunion of the Harrison county soldiers, together with the Logan Guard, Army Post, Capt. Scott Rice and Lieut. E. J. Abbott, are preparing to take the big gun up there and if these Loganites want to sleep any on the morning of the 17th of August they had better put some material in their cars that is a non-conductor of sound. Abe Lincoln Post, No. 29, under command of Capt. Harrison, post commander, and we will say a special word in behalf of all concerned that celebrated old musician Walt McFadden will be on hand with his wife and drum corps.
Frank Pusey returned yesterday and is on duty once more in his father's banking house.
T. B. Gault has returned from

LAND LEAGUE VERY SUCCESSFUL SOCIETY IN OPERATION AT THE BLUFFS.

The Land League held their regular meeting Sunday afternoon in their beautiful hall at St. Francis' Academy. The meeting was largely attended by both sexes. Many prominent citizens were noticed in the audience, several of whom are not members of the league, but are in sympathy with their cause.
This is as it should be, as the league here in Council Bluffs cordially invites all citizens of every nationality in the city favorably disposed towards the oppressed, to attend their meetings. The hall in which the meetings are held takes in all of the upper story of that gem of a building, the St. Francis Academy. It is richly furnished throughout, and one of the finest halls in the city. The regular routine business having been transacted the president of the league, M. G. Griffin, in an eloquent speech, drew the attention of the audience to the fact that wild and sensational reports were being purposed circulated through many of the newspapers by agents of the English government and by those who are prejudiced against the Irish people. He cautioned his hearers against taking stock in these reports. They were purposedly manufactured to act against the success of the land league in this country. Mr. Griffin claimed that these false reports emanated from brains possessed of more prejudice than knowledge of facts or regard for truth. After speaking at length of the success of the league in this country as well as in Ireland and other countries and disavowing any connection or affiliation with men of the O'Donovan Rossa, Crowe and dynamite stripe, he introduced Rev. B. P. McMenomy, J. B. S. Cogshall, James Wickham and Jeremiah Sullivan. Each of these gentlemen spoke briefly, but pointedly touching the living issues of the day. Their speeches were replete with interesting information on the events happening in connection with the league in Ireland. For the purpose of increasing the membership the initiation fee of one dollar was abolished. The monthly dues are fixed at ten cents each. At every meeting of the league a principal speaker is elected for the succeeding meeting. M. G. Griffin was selected to address the meeting Sunday, August 28. Mr. Griffin is an eloquent speaker and has given the subject of Ireland's troubles arduous study, and will be able to portray the sufferings in the emerald isle in its true light. All who can should certainly hear him.
CHARLES BECK.
A CONSOUERCE OF PEOPLE FOLLOW HIS REMAINS TO THE GRAVE.
The funeral of Charles Beck took place yesterday afternoon. The services were held in the Catholic church on Pearl and Main streets, Rev. Father McMenomy officiating. The church was crowded to its utmost capacity. The Council Bluffs fire department in uniform; following Bluffs City Fire Company No. 1, and in succession Rescue Company No. 2; Rescue No. 3 and Phenix. QUEER VERDICT.

That of the Jury in the Peterson Case.

Plain Testimony Seems to Give Them no Light.

The verdict rendered by the coroner's jury who sat over the remains of Peterson, who was beaten to death last week, proved a genuine surprise to all those who have paid any attention to the case. According to the testimony given there was no doubt whatever that Neistrom had beaten Peterson and that quite severely, yet the jury, while perfectly free to confess that the man died from inflammation and congestion of the lungs and throat could not for the life of them imagine what produced these conditions. Of the two or three physicians examined all agreed that the man had been violently handled and were satisfied to that the beating Peterson received might have been sufficient to cause his death in his then debilitated condition. This with very little other testimony was sufficient to hold Neistrom for manslaughter in an ex parte hearing such as the coroner's inquest was. But the testimony is stronger even than this, one of the witnesses going far to establish the "intent," which is all that is necessary to constitute a case of murder under the circumstances. This gentleman swore that Neistrom said that it were it not for Dave Redmond's interference he would have beaten Peterson to death. By what circuitous process of reasoning the coroner's jury arrived at the verdict they did is something persons with an average degree of common sense cannot imagine. All other things being equal their verdict would have ended all prosecution against Neistrom and the death of a citizen caused remotely or directly by violence would have passed out of memory without inquiry.
District Attorney Burnham takes an altogether different view of the case from what the jury does. He believes the "intent" was established by evidence and yesterday had a warrant sworn out charging Neistrom with murder. Judge Bencke will give the man a hearing to-morrow at 8 o'clock when, if the same evidence is elicited a very different course will be taken.
Street Boys.
At the meeting of the Omaha Boys' Industrial Association held last evening the annual report of the secretary E. L. Winslow, was read. It showed that the expenses had been \$918.77 and the receipts \$635.10, leaving an indebtedness of \$283.67. There are eighty-six boys connected with the institution, thirty-eight of whom live in the city with their families who are dependent upon the association. Seven boys who ran away from their homes were taken in hand and sent back again. Thirty-seven boys have procured work at wages ranging from \$2.50 to \$6 a week. Night school was held for eight months with an attendance of between fifteen and forty boys. From four to twelve boys have boarded at the house for six months. Another meeting will be held next Thursday evening at Mayor Boyd's office.
More Building.
Mr. Sam S. Brown has definitely decided to erect three three-story buildings next spring, on the site now occupied by Frederick and A. D. Morse, corner of Fourteenth and Farnham streets. With the new Grand Central, the Opera House and Mr. Brown's block, that locality will be one of the most attractive in Omaha.
Michael Ley offers his two-thirds interest in the old California house, situated near the C. & N. W. railway depot, on lower Broadway, Council Bluffs, for sale cheap. The house is in a desirable location and can be purchased at a great bargain and on easy terms.
"WINE OF CARDUI" four times a day makes a happy household. C. F. Goodwin, M.D.
