Thanksgiving Proclamation.

"In furtherance of the custom of this people at the closing of each year, to engage upon a day set apart for that purpose in special festival of praise to the Giver of all Good, therefore, I, Chester A. Arthur, President of the United States, do hereby designate Thursday, the 29th day of November next, as a day of national thanksgiving for the year that is drawing to an end and has been replete with the evidence of divine goodness, the prevalence of health, the fullness of the harvest, the stability of peace and order, the growth of fraternal feeling, the spread of intelligence and learning, the continued enjoyment of civil and religious liberty—all these and countless other blessings are cause for reverent rejoicing. I do, therefore, recommend that on the day above appointed the people rest from their accustomed labors, and meeting in their several places of worship, express their devout gratitude to God that He has dealt bountifully with this nation, and pray that His grace and favor abide with it forever."
CHESTER A. ARTHUR,
President.

Two disgruntled pettifoggers represent the opposition of the Douglas county bar to Judge Savage.

NEITHER Frank Walters or Pat Hawes can deliver the workingmen's vote in Omaha for M. B. Reese.

MR. REESE'S judicial record—but on second thoughts Mr. Reese has none except as a poor railroad lawyer and a prosecuting attorney.

MR. COLBY'S neighbors in Gage county will bury him under such a mountain of votes next Tuesday that he will hardly know he was running.

THE paving bond proposition must not be forgotten. Every vote for the bonds means a vote for the rapid prosecution of public improvements when spring opens.

JAMES W. SAVAGE will emerge triumphantly from a campaign in which slander has been the only argument of his enemies and personal abuse the chief weapon.

In an editorial published in the Omaha News in September, 1878, the present editor of the Republican savagely denounced Judge Robertson as the murderer of Frank Welch. Mr. Crawford's friends think he has a walkaway in his district.

THE workingmen of Omaha are not fools. They have sense enough to understand that the men who inspired the so-called Omaha riots are working with all their might for M. B. Reese. They are not so blind as not to see that the very attorneys who argued for the railroads before the grand jury are conducting the Reese campaign in Douglas county and attempting to stir up workingmen against Judge Savage. The Thurston and Greenes and Hawes' and Walters will probably find out that Omaha workingmen can remember at least a year back.

THE rumor that Mr. MacDonagh is to take the place of Mr. Annin on THE BEE has some logic for its support.—Republican.

No one knows better than the Republican who the successor of Mr. Annin is to be on THE BEE and no one knows better than the editor of the Republican that that successor is not to be Mr. MacDonagh. We suppose the intention of the above paragraph was to weaken Mr. MacDonagh's lively affidavit regarding M. B. Reese as a bill by intimating that it was purchased by the promise of employment on this paper. If this was the object of the Republican it shot was a blank cartridge.

PRIMARIES for the Douglas County Anti-Monopoly convention, which will be held in this city on Saturday, have been called for to-morrow (Friday) afternoon.

The late so-called Farmers' and Workingmen's convention was a fraud in which the farmers of Douglas county took no part. Only one farmer was present. The convention was run in the interest of a pack of slysters and bilks who were trading on their supposed influence with the laboring classes.

It is to give the honest Anti-Monopolists of Douglas county an opportunity to voice their sentiments and to keep up their organization that the Anti-Monopoly convention has been called. No candidates will be bled and no assessments made on anybody beyond the amount necessary to print tickets. It is to be hoped that the primaries will be well attended. This is not to be a packed convention, because the primaries will be open and free.

GEN. SHERMAN'S RETIREMENT.

The retirement of General Sherman from the command of the army, which event took place yesterday, will long remain memorable in the military annals of the country. By it the second of the great figures of the war voluntarily leaves the stage of action and gives way to the third and last. The history of every war is more or less the history of the achievements of a few great commanders. Long after the details of the gigantic struggles of twenty years ago fade into misty recollection, the names of Grant and Sherman and Sheridan will be remembered as the moving spirits in the conflict. Of the three, General Sherman, or "Uncle Billy," as his soldiers preferred to call him, was doubtless, personally the most popular. Bluff, hearty, direct and penetrating in style, with a strong individuality and great force of character, he made many and strong friendships in all ranks and conditions. His unassuming manners, the absence of anything like artificiality and his common sense and direct manner of putting things in his conversation and speeches were the chief charms of General Sherman's personality which added to his popularity. He was the ranking officer of the entire army with none of the disagreeable peculiarities which so often attend high rank and act as a barrier between the civilian and the military.

General Sherman's retirement is noteworthy on another account. He was the first officer to be promoted to the rank of general of the army. The office was created for General Grant in 1865 as an honorary rank. It was transferred to General Sherman in 1869 in recognition of his great services to the country, and has expired with his tenure of office. For fourteen years he has filled it with credit to himself and to the satisfaction of the people of the country, and he lays it aside to make room for another commander scarcely less distinguished.

SWINDLING SOLDIERS.

The wholesale disarming of pension agents in Washington by the Secretary of the Interior will meet with general approval. The crowd of pension slysters which infests the national capital have been perpetrating enormous frauds upon private citizens as well as upon the government. Mr. Teller has been on an investigating tour and has unearthed several of their peculiar devices with the names of a score or so of attorneys who have been preying upon soldiers' widows. The result is that the names of the swindlers have been stricken from the roll of practicing attorneys.

A very common form of cheating has been the "collection delivery" trick. Having learned the address of a soldier's widow or daughter, a swindling pension agent sends to her a circular saying that she is entitled to a pension. He sends also a blank form for her signature, empowering him to prosecute her claim for a pension before the department. After further correspondence, intended to raise the would-be pensioner's hopes, the swindler sends her a large sealed envelope by express, marked "Collect on delivery, ten dollars." Overjoyed at the thought of receiving a pension, and believing the important looking document to be the pension certificate, the victim pays the money and gets the package, only to find in it the words: "Received our fees, \$10. (Signed) Thievesherald & Co." Another form of the same swindle is to ask for remittances of small sums from the applicant at moderate intervals apart and get a considerable amount out of ignorant people as long as they can be deluded into sending money in return for fine promises.

The gang of pension sharks at Washington have cost the government millions of dollars. Thousands of fraudulent pensions have no doubt been procured through their efforts. People make application for pensions on the assurance of agents that they are entitled to them. While they know no claim to a pension can be maintained by them, they accept the plausible agent's statement of their rights because they have seen equally worthless cases successful. It is notorious that the lack of publicity of the pension lists makes fraud far easier than it would be if the names of all pensioners were freely advertised.

DURING the present campaign the railroad organs have been filled with "advice to Anti-Monopolists." The producers of this state who last year rolled up 17,000 votes for Anti-Monopoly candidates have been urged to come once more within the Republican ranks and to trust to the pledges of the railroad managers that the Republican party is at last a thorough convert to Anti-Monopoly principles. Some of the most notorious editorial capers of the brass-collared brigade have even ventured, with railroad approval, to print occasional Anti-Monopoly articles in their columns as proof of their change of heart and in the hope of securing enough votes from the producers of this State to secure the election of the railroad candidates.

The Anti-Monopolists of Nebraska will not be deceived by this pretended friendship. They will not forget that the men who now address them as "friends," last year denounced them as "cranks and idiots." They know enough to know that all propositions of Anti-Monopoly from a party which is under the control of the railroads are nothing more than flouting lies. They need no direction to see that every railroad attorney in the State is supporting the candidacy of M. B. Reese, and that every railroad organ is working tooth and nail for his election. Where are the men who have made railroad Republicanism a stench in the nostrils of every honest voter in Nebraska? Are they found sup-

THE STATE CAMPAIGN.

Important Letters to the Voters of Nebraska.

The Bar Almost Solid For Williams. Special Correspondence of THE BEE.
FREMONT, Oct. 29.—The Republican candidate for Judge in this district was here last week and sent Col. Marshall, (who is unfortunately running on the same ticket for District attorney), out into the Western part of the district to repair some of the badly broken fences and hammer Hada out of some of the local engineers of the political machine.

Col. Marshall is a fine gentleman, and were he not cruelly loaded down with this railroad iron from Columbus, who will sell out his best friend on earth to "get there," he would be elected without doubt. Marshall knows, however, what to expect from this wily politician, who used every underground wire to beat him last spring when the friends of Marshall were urging his claims to the Governor for appointment. Marshall will get a good vote here at home, but Dodge county will down Post hard. Post's wily-washy attitude in the Congressional campaign last fall has injured him seriously.

The Anti-Monopoly combination is a strong one, as Williams and Patterson are both very popular with the bar here and with all else who take an interest in this part of the political programme. A strong majority of the lawyers are in favor of ousting the present ring of which Geo. M. Post is the most dangerous member. One of the leading Republican lawyers and many of the Republican politicians are supporting the opposition this year to express their dissatisfaction with the shameful manner in which the politics of the district is mixed up with the judicial business in this and other county seats.
REPUBLICAN LAWYER.

AS TO QUALIFICATIONS.

DAVID CITY, Neb., October 30, 1885.—A couple of lawyers who never had a case in court in their lives have raised, in their consummate boobyism and jackassical idiocy, the weighty question as to Judge Williams' ability as compared with the distinguished abilities of the invincible and infallible railroad shark.

Judge Williams is in every sense of the word the peer of A. M. Post. Just where the last mentioned gentleman acquired his highly lauded character as a Judge, is not definitely known. He has only been on the bench a few months, and none of his decisions have yet been passed on by the Supreme Court. The fact of the matter is that these qualification squawlers are dealing in the thinnest kind of wind. The loudest brayers are the check-jowl jobbers whose personal and pecuniary interests are linked with those of Post and the royal Post family.

The people of this county are almost unanimous for their home candidate. Only four out of the seventeen members of the Republican Central Committee can be induced by threat and thunder to even endorse to regular Republican nominees on the judicial ticket.

As a last and desperate resort, the souped and maddened supporters of an office-crazed want-to-be judge are swearing vengeance on the local ticket here in Butler county, but it won't work.

When the people are aroused as they are on this vital question as to whether the voters or a political ring shall choose their officers. The people will sustain their sovereignty. Can the voters of the Fourth judicial district afford to place this corporation tool on the bench by their suffrages. The political affiliations of Post in this county are enough to damn any man in the eyes of an honest and observing public. One of his main supporters is that servile corporation capper, Arthur J. Evans, who, in connection with E. C. Carnes, killed the three-cent passenger in the Senate of 1881. The next most anxious man for the election of A. M. Post is a notorious character by the name of R. M. Sibbett, who says, "Post must be elected." This man Sibbett has an illegal claim of \$3,025 pending in the District court, taken up on appeal from the commissioner's court. Sibbett opposed, abused and threatened Post until the gentleman from Columbus spent a day of fasting with him, when Sibbett went forth as a warrior bold to battle for the "benefactor" whom he suddenly discovered it unprofitable to curse.

If there can be any devise of slander, any malicious or false report trumped up against the candidates, Patterson or Williams, it will be done. They need to watch carefully for anything desperate. A secret plot is being planned by the Post ring to slaughter any man who stands in their way.
GRANGER.

O'Day and Tiffany.

Thos. O'Day is well known in this county as a straightforward, honest and capable lawyer, and one who, if honored by a seat on the constituency who elected him. Every vote cast for O'Day and against Tiffany is a vote against the giant corporations which are sucking the life-blood of the nation, and a vote in favor of the judiciary being independent of any party organization.

BROADY vs. COLBY.

Fresh Republican Testimony.

NORTH AUBURN, Neb., October 23.—The falsehoods published by irresponsible papers about Mr. Broady's professional and private character have no effect in Nebraska county but to increase his majority. We who have seen his character made in these respects know it to be above reproach; and such malicious, brazen and untruthful attacks, designed to drift the issue into a personal one must have a tendency to give Mr. Broady the votes of all honest, unprejudiced voters who know him well.
