The announcement that the Milwaukee and St. Paul had given formal notice of its withdrawal from the Iowa pool exerted an unfavorable influence on the stock market today. Manitoba declined 38 per cent to 97 3/4. This stock was also affected by the reports that parties interested in the St. Paul road that was building in its territory and that the Manitoba had notified the company in question if the building did not cease it would retaliate by extending their lines into the St. Paul territory. In the final sales the improvement was lost. As compared with last night the closing prices are down 1/16 per cent for the general list and 2 1/2 per cent for Manitoba. The bears made but little impression on the Union Pacific today, which closed 1/4 per cent lower at 87 1/4. The specialties, the New York and Northeastern, advanced from 32 to 37 1/4 on the appointment of a committee of capitalists, including Jay Gould, for the purpose of selecting a new board of directors for the company. The Cleveland, Columbus, Cincinnati and Indianapolis, after declining 1/4 per cent to 69 1/4, rose to 68 1/4. The net earnings of the Union Pacific company for the ten months of this year are about \$450,000 less than the corresponding period of the previous year. The earnings of the Denver and Rio Grande railway for the second week of November were \$82,000, an increase over the same week of 1882. The earnings of the Milwaukee and St. Paul road for the second week of November were \$848,000, an increase of \$70,519, the Northwestern \$338,400, an increase of \$91,890, St. Paul and Omaha \$134,100, an increase of \$8,400.
