

THE DAILY BEE.

BOARD OF TRADE.

OMAHA.

Tuesday Morning, Jan. 15.

The Weather. For the Missouri valley: Partly cloudy weather, light local snows, north to east winds, rising barometer, followed in the northern part Tuesday night by a slight fall, colder in the southern portions and slightly warmer in the northern.

LOCAL BREVITIES.

The Paxton hotel opened a brand new register yesterday morning. The Metropolitan club will give a social hop at Masonic hall this Tuesday evening, January 15th.

A woman of the town died at the corner of Eleventh and Harney streets Sunday night from a too free use of opium and beer.

One of the paid firemen of the city was suspended, Sunday night, for two weeks, for a too free use of the "flowing bowl."

A free fight took place at the railroad crossing on Tenth street Sunday night, in which one man received an ugly wound in his cheek. No arrests were made.

The installation of officers of the Odd Fellow lodge Saturday night was a very pleasant affair. The grand master was present and performed the ceremonies.

Isaac Rothbald, a c'othier on Tenth street, made an assignment to Sheriff Miller, yesterday, in favor of his creditors. The papers were filed in the office of the county clerk at 8:30.

There will be revival meetings in the German Methodist church this week every night, corner Twelfth and Jackson streets. A cordial invitation is given to German friends of Omaha. Strangers are welcome.

In police court yesterday morning there were six cases for disturbance of the peace. Two were fined \$3 each and costs, and the other four received \$5 each and costs. One case for discharging fire-arms within the city limits, was fined \$5 and costs.

A very pleasant little party was given at Mr. Foley's on Saturday evening. Dancing was indulged in until a late hour. The music was furnished by the Italian band. During the evening the inner man was refreshed with good cake and wine. Everybody present had an elegant time.

A young woman from one of Nebraska's interior towns writes to THE BEE and desires an advertisement for a husband inserted, but at the same time failed to send the cash with the order. If a husband is not worth paying for he is certainly not worth having, hence the advertisement will be held until the cash is forthcoming.

A man who claims to know, stated yesterday that the right name of the girl who was shot at Croft's, Saturday night, is Jessie Troup. That her parents are respectable people and live near Columbus. That she ran away from home with a saloon keeper by the name of Wright and went to live with him at Hastings, and she thus came by the name of Wright.

There were two spirited runaways Saturday afternoon. One occurred on Capitol avenue hill and the other on Cass street hill, and both teams were struck car horses attached to cars. The team on Capitol avenue hill dashed down the street, throwing the car from the track and dragging it for some distance upon the ground. The whiff-trees were broken, and the team, released from the car, dashed on madly down the street. The runaway on Cass street hill was not so serious, and nobody was hurt in either rumper.

On Thursday last a gentleman called at the office of the county treasurer and gave his check for \$96 in payment for taxes and received a receipt for the same. On Saturday the bank on which the check was drawn returned the same telling that the drawer had no funds in the bank and had made no deposit for several days. Mr. Rush, the treasurer, at once swore out a warrant for the drawer of the check for obtaining a tax receipt under false pretenses. The drawer explained that he had some difficulty with that bank and had changed his deposits to another institution, and that by mistake he had gotten hold of the wrong blank check. The explanation was satisfactory and the man was released. They can't "monkey" with John Rush, for he won't have it.

Eruptions and malignant fevers are conquered and cured by *Sanatrin Nervine*. \$1.50.

"Dr. Richmond's *Samaritan Nervine* permanently cured me of epileptic fits. J. S. Sade, Madison, Florida. Get at your Druggists.

SHOOTING SORAPES.

Two of them reported to have taken place in this city Sunday night.

Two shooting matinees are reported as having taken place in this city Sunday evening between 5 and 6 o'clock Sunday evening a man came running into the undertaking establishment of Drexel & Maul, and all out of breath, asked for the corner. He stated that a Jew, living on Capitol avenue, had shot at his wife, and that the woman was badly wounded.

We have endeavored to look the matter up but have been unable to find anybody that knows anything of the matinee, and we are inclined to believe that the informant must have been somewhat troubled with wind on his stomach.

TENTH STREET RACKET.

At a late hour Sunday night a man was "fired out" of a dive at the corner of Tenth and Harney streets, and his anger was aroused. He drew his "Texas Jack" gun and let two bullets fly into the house. He then ran into the alley and waited a few minutes. Everything was quiet and he returned and captured the remaining loads into the door, after which he "closed."

Another shooter. A young German who had bought a gun of a party Sunday, stepped into an alley at night to try it. He whanged away at the air, but shortly came to grief, for he was "collared" by a "cop" and run into jail. Yesterday morning the judge taxed him \$5 and costs.

An End to Bone Scraping. Edward Shepherd, of Harleburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. I have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and my leg is now sound and well."

Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arnica Salve at 25c per box by C. F. Goodman.

A Special Meeting at the Board Rooms Last Night.

The Meeting of the Board of Directors—Appointing of Committees—A Communication from George Francis Train.

A special meeting of the board of trade was held last evening, President Falconer in the chair.

After roll call the proceedings of the directors' meeting in the afternoon were read, being in substance as follows:

The board of directors met at 3 p. m. Present, C. F. Goodman, chairman; John Evans, C. Specht, G. C. Ames, C. F. Driscoll, J. A. Wakefield, and W. W. Bingham.

On motion, the following members were elected as committeemen for the ensuing year:

Transportation—W. J. Broatch, W. H. McCord, S. R. Johnson, H. G. Clark and Max Meyer.

Manufactures—Clark Woodman, F. E. Baily, C. Specht, W. W. Marshall, and R. N. Withnell.

Live Stock—Joseph F. Sheely, Jno. A. McShane, W. A. Paxton, John L. Hill and G. W. Homan.

Douglas County Lands—George C. Ames, George P. Bemis, Thos. Gibson, George H. Boggs and O. F. Davis.

Memorials—John C. Cowen, Champion S. Chase, E. Rosewater, Geo. L. Miller, and Fred Nye.

Arbitration—Milton Rogers, P. Windheim, G. W. Lininger, N. Merriam, J. B. French.

Meteorology—Thos. Gibson, C. F. Goodman, G. W. Ames.

Elections—C. F. Driscoll, Jno. Evans and J. A. Wakefield.

A communication from Mayor Chase asking the board to call on him at his residence (he being confined by sickness) in regard to appointing delegates to attend convention of improvements of the Mississippi river and its navigable tributaries to be held in Washington, Feb. 5, 1884, was read.

C. R. Schaller, through Thos. Gibson, asked to be authorized to issue a circular describing the live stock, railroad, real estate and manufacturing interests of Omaha, as being compiled by C. R. Schaller, under the direction of the Omaha board of trade, circular for distribution abroad, and in consideration of this being granted would allow the board to have printed as many of the circulars as they wished at \$16 per 1000 for use of the board.

This proposition, after discussion, was referred to a committee consisting of Thos. Gibson, J. A. Wakefield, and J. C. Adams, with power to act.

The petition of J. A. Hascall for membership, was acted on favorably and elected.

It was moved and carried by Mr. C. Specht that a committee of three, including the chairman of this board, be appointed to confer with the county commissioners to try and get them to release any right or claim that Douglas county has or claims in the property now occupied by them for county offices, etc., to the city. C. F. Goodman, C. Specht and Thos. Gibson were appointed.

The minutes of the board of directors were approved.

The proceedings of the last meeting and annual election were read and approved.

The secretary read a communication from the chairman of the convention for the improvement of the Mississippi river and its navigable tributaries, to be held in Washington City, February 5th, 1884.

At this official call entitled the board to five delegates, the president, on motion, was instructed to appoint that number of delegates from the board.

The following gentlemen were suggested: Max Meyer, Wm. A. Paxton, J. H. McShane, C. S. Chase and Gen. Manderson, but the appointments were left discretionary with the president and were kept open for a few days.

A communication was read from Geo. Francis Train, as follows: Citizens of the Board of Trade: Two decades ago you invited me to an ovation, banquet. (I did not accept.) I have mailed Bemis (in reply to Rosewater's telegram) History of Omaha, Credit Mobilier, Union Pacific. Omaha should subscribe for 100,000 copies to send through Cosmos.

GEO. FRANCIS TRAIN. The subject of sending a delegate to attend the meeting of the state board of agriculture, to be held at Lincoln to-day, was taken up and discussed, and Mr. C. F. Driscoll and Thos. Gibson were appointed to attend said meeting.

Gen. Estabrook was also added to the committee.

There was a general and informal discussion of the matter of a site for the new board of trade building, and the board adjourned without any definite action.

A Starting Discovery. Mr. Wm. Johnson of Huron, Dak., writes that his wife had been troubled with acute Bronchitis for many years, and that all remedies tried gave no permanent relief, until he procured a bottle of Dr. King's New Discovery for Consumption, Coughs, and Colds, which had a magical effect, and produced a permanent cure. It is guaranteed to cure all Diseases of Throat, Lungs, or Bronchial Tubes.

Trial bottles Free at C. F. Goodman's Drug Store. Large size \$1.00.

SNELL'S PREDICAMENT. The Coroner's Jury Hold Him to the Grand Jury in the sum of \$2,500.

The coroner's jury in the case of Jessie Snell, continued their investigation yesterday afternoon at 2 o'clock in the council chamber. Three or four witnesses were examined, and the evidence adduced was about the same as that of Sunday. Ghanon's testimony differed somewhat from the rest, but as near as could be ascertained he was so drunk on the night of the shooting that he cannot tell what occurred at all.

held before Justice Anderson, Wednesday morning, at 9 o'clock. Counsel for Snell attempted to explain to the jury that the girl had pulled the trigger of a revolver herself, but there was no evidence that could be made to look that way.

As was stated before, the death of Jessie Snell was caused by an accident and while the deceased and Snell were engaged in a drunken scuffle. Mr. Reddick, state's attorney, stated to the jury that if they found that the deceased came to her death by the pistol shot wound, and that Snell was committing an unlawful act at the time, it was their duty to hold him. He then explained that Snell was committing an unlawful act in carrying a pistol, and it was upon these grounds that he was held.

Bucklen's Arnica Salve. The greatest medical wonder of the world. Warranted to speedily cure Burns, Cuts, Ulcers, Salt Rheum, Fever Sores, Cancers, Piles, Chilblains, Corns, and all other eruptions, guaranteed to cure in every instance, or money refunded. 25 cents per box.

THE NEW GLIMMER. The Stockholders of the Sperry Electric Light and Motor Company

Held a Meeting Last Night and Elected a Board of Seven Directors—A Few Minor Points Discussed.

An adjourned meeting of the stockholders of the Sperry Electric Light and Motor company was held last evening at Ames' real estate office on Farnam street.

The meeting was called to order by Mr. Gibbon in the chair. The object of the meeting was the election of a board of directors, which was proceeded to at once.

All of the stock was represented except nine shares, and the question arose as to whether a majority of the full amount of the stock was necessary for the election of an officer, or whether simply a majority of the stock represented at the meeting at which the voting took place would be sufficient. It was decided that the majority of the stock present, provided more than one-half of the entire stock represented, was sufficient to elect an officer or transact any business.

Quite a number of the stockholders were absent and their votes were cast by proxy.

After the ballots had been cast and counted it was found that six of the seven directors had been elected, viz: J. E. Boyd, J. H. McShane, Thos. Swobe, A. J. Simpson, Guy C. Barton and Churchill Parker.

Motion was then made by Mr. Hall that the chair be instructed to cast the ballot of the stockholders for the election of the highest number of votes. After considerable argument the motion was finally passed, and as C. V. Gallagher was the gentleman answering that description, he was declared unanimously elected as director.

A motion was then made that the directors, with the exception of the secretary, treasurer and general manager, render their services without money compensation for the first year. Another argument then followed, but the motion was finally carried.

A proposition was then received from the gentlemen who own the franchise of the Sperry patent for the state of Nebraska, to dispose of said franchise to the company for \$350,000. They agreed to take \$125,000 of the purchase money in stock of the company at par and the remaining \$225,000 to be in cash. Long explanations were then in order, and some of the stockholders were unable, even then, to comprehend the meaning of the proposition.

A motion was made that the proposition be accepted, and the same was carried.

Upon motion the meeting then adjourned, subject to a call from the board of directors.

The Sperry Electric Light and Motor company is now thoroughly organized, and we were informed by one of the stockholders that they would have a "plant" in working order inside of sixty days.

These Are Solid Facts. The best blood purifier and system regulating ever placed within the reach of suffering humanity, truly is Electric Bitters. Inactivity of the Liver, Biliousness, Jaundice, Constipation, Weak Kidneys, or any disease of the urinary organs, or whoever requires an appetizer, tonic or mild stimulant, will always find Electric Bitters the best and only certain cure known. They act surely and quickly, every bottle guaranteed to give entire satisfaction or money refunded. Sold at fifty cents a bottle by C. F. Goodman.

SARATOGA NEWS. Rev. J. E. Hall, of the Southwest Presbyterian church, addressed the Union Sunday school Sunday.

The meeting of the literary and debating society Saturday was quite interesting. The society paper by Mr. Butler was an able production and well received.

The debate was the most interesting of the season, participated in by Hon. John I. and C. H. Redick of your city.

The Fair of our Sunday school opens Wednesday evening to continue three evenings. A gold headed cane donated by Edholm & Erickson, will be voted to the most popular gentleman in Saratoga and a basket of flowers to the most popular lady.

Crucio. ANOTHER FAILURE. The Western Steam Heating Company in Deep Financial Trouble.

The Western Steam Heating company, of this city, have virtually failed. They are now trying to effect a satisfactory settlement with their creditors.

An attempt is being made to have the Haxton Steam Heating Company, of Kewanee, Illinois, take hold of the business and run it for the benefit of the creditors.

The liabilities of the Western Steam Heating company are \$25,000. Assets, \$22,000, mainly in book accounts.

Whether a satisfactory settlement will be effected is not yet known.

Grins. Pleasant, healthy grins are seen only on the faces of healthy persons. The dyspeptic and debilitated can smile only in a half-hearted way. Purify the blood, tone the stomach, and strengthen the tissues with *Burdock Blood Purifier*, if you wish to laugh well and often.

IOWA ELOPERS. An Iowa Banker and a Milliner Skips Ont Together Without Consulting the Banker's Wife.

The Old Lady "Tumbles to the Rack" and Follows them to this City—The Party All Return Home Together.

Iowa is a great state for romancers of all kinds and, the latest one which has come to light occurred the latter part of last week.

In a lively little town in that state lived a banker, who is one of the most prominent citizens of the place. He has been favored by fortune and has amassed a snug little sum of this world's goods. He is a man who has reached the shady side of life, as may be seen by the gray hairs which cover his head. He has a wife and several children, all of whom have attained the years of maturity. His home is a most pleasant one in every respect. All that money could buy or loving hands prepare, has been done to make his life pleasant and happy. Yet, notwithstanding all this, the old miser deserted all to cast his lot with a milliner of the place.

The milliner had beautiful brown eyes, her nut brown hair hung in beautiful ringlets, and her slyish look form was most entrancing to the eye, particularly so to the banker's eye. To add to all this she was a widow, and one of those winning, dashing, handsome widows, and she succeeded in completely fascinating the old "money bags."

The pair finally determined to elope, so one day, the latter part of last week they skipped and came to this city and registered at one of our principal hotels as man and wife.

Now a certain travelling man, whose former home was in this Iowa town from which these lovers came, had been advised of their sudden departure. On Saturday he happened to be in this city and dropped into the hotel where the eloping pair were registered. The first man he met in the office was the banker and approaching him he extended his hand, but the banker feigned ignorance, but the traveling man wouldn't have it, and finally convinced the banker that he knew him. He also saw the milliner in the dining room.

He determined to lay low and watch proceedings.

On Saturday evening there arrived in this city the banker's wife and daughter, and they were slow to discover where the happy but guilty pair were staying. They repaired to the place, and when they both appeared before the old man, to say that he willed would be putting it exceedingly mild.

There were angry words; there were tears; there were threats, but in a very short time a reconciliation was effected, and on Sunday the whole party left in company for home. The old man will devote his time to shaving notes in the future, while the milliner will attend strictly to trimming hats.

It is quite evident that there is something in the atmosphere in Iowa which breeds this kind of devilry, for certain it is that there is lots of it going on there. Is another thing about the business is that nearly all of them fly to Omaha, where they are nearly always caught.

Will It Really Cure Rheumatism? We answer, both bright, it will cure rheumatism, and the severest cases too. Dr. Thomas' Electric Oil was specially prepared for the rheumatic and lame. Notice letters from the people relative to its merits in nearly every paper in the country.

RAILROAD NEWS. The St. Joseph & Western Passes From the Hands of the Receiver and Becomes an Independent Line.

St. Joseph, 15th. Thomas L. Kimball, general manager of the Union Pacific railroad company, and A. J. Poppleton, attorney for that road, arrived in the city Friday night from Omaha in a special car and were engaged all day yesterday arranging and settling the affairs of the St. Joseph & Western railroad with the receiver. The receiver, Geo. B. Smyth, was removed by agreement of all the parties interested in the matter and he and his bondsmen were released. The order of Judge McGary for his removal was made some days ago, and filed in the United States court at Topeka on the 10th inst. The plaintiffs in the suit were represented yesterday by Judson & Motter, the Farmers' Loan and Trust company, and the interests of the St. Joseph & Western by Doniphan & Reed, and the receiver by Ex-Governor Silas Woodson. The papers were all signed, agreed to, and forwarded to Judge McGary for his final approval.

The St. Joseph & Western railroad company was fully organized on the 10th inst., in Boston, with Sidney Dillon, president, with thirteen directors, five of whom are in the interests of the plaintiffs of the suit. Winslow Judson, of this city, is one of the directors, and a member of the executive committee. The road now passes into the management of L. D. Tullih, who has power to make any contracts for passenger and freight transportation on such terms as he may think proper, unless the same should be rejected by the board of directors. Col. A. M. Saxton, it is understood, will be appointed treasurer, Mr. Motter consulting attorney, and Messrs. Doniphan & Reed, who have had the management of the legal affairs of the road for ten or twelve years, will be the attorneys. Old employees will probably be retained, Mr. Tullih having power to appoint. The road is expected to be run in the interest of St. Joseph. It is understood that the receiver received \$5,000 for his services and that Woodson, Green & Burnes were allowed \$1,000 as attorneys.

The Combination of Ingredients used in making Burdock's Blood Purifier, is such as to give the best possible effect with safety. They are the best remedy in use for Coughs, Colds, and Throat Diseases.

The Truth. In Saturday's issue of THE BEE I am represented in an editorial as a liar and bribe-giver. The following plain statement of facts will, I hope, show that neither of the charges is a just one. On Saturday afternoon I called on the private office of the editor of THE BEE, and handing him a hurriedly written article, asked him if he would please correct it

and insert it in that evening's Bee. The following is the squib:

"Would it not be well for the property owners that expect to have paving done to wait a while before signing for asphalt, as the late cold weather has demonstrated that it is not the right material for this climate."

I went directly to Mr. Rosewater because I was told that THE BEE being lately very cold on the paving question, anything in any way favoring granite would not be kindly received. For that reason I stated that I would pay advertising rates for a communication really a news item. Mr. Rosewater read the item, said he was very busy, that a similar article was in type, that its repetition would be useless, and that I had better call in a day or two. The sum of two hundred dollars was not mentioned by me at that or any other time.

J. H. BALDWIN.

Horstford's Acid Phosphate. In Nervous Diseases. Dr. HENRY, New York, says: "In nervous diseases, I know of no preparation to equal it."

PERSONAL. Mrs. Effie Hall returned yesterday from the west, after an absence of about eleven months, much improved in health.

Miss Hope Glenn, the charming contralto who assists at the Glee club concert tonight, arrived in the city yesterday morning and is staying at the Millard.

Mr. A. B. Davenport, the popular room clerk of the Millard, left yesterday, with his family, for a visit to St. Joe and Kansas City. They will be gone several days.

H. W. Campbell, member of the Supreme council of the Royal Arcanum of Boston, is at the Paxton. He is here to exemplify new work of the order tomorrow evening. Delegates from the various councils throughout the state will be present.

J. G. Goodman, of Tekamah, is a Metropolitan guest.
