After the close of business it became known that rates had been restored and matters were working harmoniously. The change in the temper of speculation is steadity bringing in outside orders to buy stocks, Commission brokers to-day report the largest business on the list for a long time past. Just previous to the close Louisville & Nashville, Kansas & Texas, Texas Pacific and Pacific Mail were in active demand at rapidly advancing quotations. As compared with the close last night, prices are 1@2 per cent big-

DRY GOODS MARKET.

New York, January 29.—The arrival of many buyers for the past throe days, and their promptness in giving attention to the various offerings, has developed a very pronounced inquiry that will take a great many goods within the week. For brown and colored cottons request has been followed by large sales in the aggregate, and of many styles. Prices are dearer than those at which sales have been effected. Bleached cottons are quiet; prints, ginghams, other wash fabrics and dress goods are doing well. Woolen goods are dull.
