A QUIET ELECTION.

The Result of the Vote so far as Heard

Yesterday was the time set for the people of this county to decide whether they are willing for the county board of supervisors to issue bonds of \$200,000 for the building of a new \$160,000 court house and \$40,000 jail. In this city there was scarcely any opposition manifested. It was generally felt that if the new court house and jail were gained Council Bluffs must stand pretty solid, and get out a very full vote, in order to offset the adverse votes which were sure to be cast in the east end of the county. At the polls in this city there was little of the usual election excitement, for there were no candidates "to set up something for the boys," no wranglings or disputes, no discussions, the only thing smattering of the usual election time being the question, "Have you voted yet?" which was pressed here pretty frequently by those anxious that a full vote be cast. No one anxious that a full vote be cast. No one was asked how he was going to vote. That seemed to be conceded. The Bavarian band went from polling-place to polling-place, trying to inspire by its sweet music some enthusiasm, but it was difficult to get anybody very much excited when their opponents were so far distant, and all who were on the grounds were on the same side. Some of the business houses closed entirely. The saloons kept open a few hours in the

saloons kept open a few hours in the morning, but then were closed up. The courts were closed, and the usual channels of news choked up.

A count of the vote in the city is as follows: First ward 607 votes for the court house and 4 against; Second ward, 799 for and 2 against. Third ward 795 739 for and 2 against; Third ward, 725 for and 2 against; Fourth ward, 1,075 for and 3 against. The vote in the city was nearly unanimous, there being 3,206 for and only 11 against.

The report from the country shows that the east end of the county will go solid against it.

The following are the returns from townships as far as heard from: Lewis 98 for and 1 against; Garner 83 for and 46 against; Knox 5 for and 666 against; Valley 275 against; Layton 3 for and 302 against; Neola 4 for and 226 against; Norwalk 16 for and 69 against.

It was estimated last night that the

county as a whole would give a majority of from 100 to 150 in favor of the court house, but some think the vote will be closer than that and possibly against it.

Horsford's Acid Phosphate As a Brain Food,

Dr. S. F. Newcomer, Greenfield, O., says: "In cases of general debility and torpor of the mind and body, it does exceedingly well."

The Omaha Glee club are expected to be at the roller skating rink this evening.

Again! and Again!

The wheels of Time turn with an exact regularity, and although this is Leap Year, every month, on the second Tuesday thereof, in the city of New Orleans, in the State of Louisiana, the Grand Monthly Drawing of The Louisiana State Lottery takes place in due form, with all guards for the integrity of the act and its surroundings that can be secured by the high moral character of Genl's G. T. Beauserard of La and Jubal A. Eavly of Beaurgard of La., and Jubal A. Early of Va. The 166th Drawing takes place on Tues-day, March 11th, 1884, when \$265,000 will be scattered broadcast, about which M. A. Dau-phin of New Orleans, La., will tell you all about on application.

POTASH.

lodide of Potassium is one of the strongest of the minerals used in medicine, and has produced much suffering in the world. Taken for a long time and in large doses, it dries up the gastric juices, impairs digestion, the stomach reulses fool, and the patient defines in health and weight. Persons with Blood or Skin Diseases should be careful how they take these mineral poisons, as in most instances the effect of them is to almost premanently impair the constitution. To take the place of these poisons we effer you a safe, sure, prompt and permanent relief from your troubles. Swift's Specific's entirely a vegetable preparation, and it is easy to convince you of its merit.

I have cured permanently Blood Taint in the third generation by the use of Swift's Specific after I had most signally failed with Mercuny and Potash. F. A. Toomer, M. D., Perry, Ga.

A young man requests me to thank you for his cure of Blood Peison by the use of your Specific after all other treatment had failed.

SUPERIOR ADVANTAGES OF THE

Peoria Rotary Drop Planter 1. Lightness of draft and ease of hand-

- 2. Combination of hand and foot levers s such that Planter can be made rigid or flexible, at will of opeerator.
- 3. Hand lever is in centre of machine hence one runner cannot go deeper than the other-a fault common to all planters with lever on side of machine.
- 4. Made of A No. 1 stock and substan tial in ever particular.
- 5. Painted with the best Oriental Vermillion, elaborately striped and varnished. making it very handsome and attractive.
- 6. Warranted to do first class work in any soil. The check rower is very simple and warranted to do first-class work if prop erly handled.

Old Reliable

Needs not one word of praise from us. I is known all over the United States, and where the very best wagon is wanted, you can always sell a Schuttler. A sample set up in your Warehouse will convince you that farmers will buy the Schuttler at Schuttler prices.

Owing to the fact that we brought the

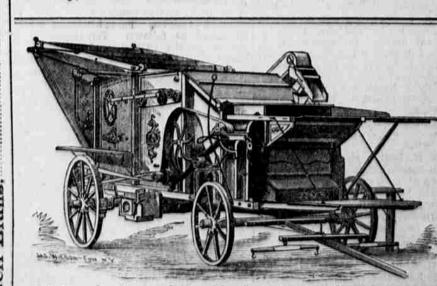

WAGON FISH

into this trade one year ago, and sold in twelve months \$100,000 worth of them, many of our competitors have been representing to the trade, because of the financial difficulties of the Fish Bros., that we would not be able to supply them, hence we wish to assure dealers that we have arranged for the sale of this celebrated wagon, and call their attention to the fact that the wagon must be nearly perfect, if that is all the fault our competitors can find with it. Favor us with an order for any number and we will convince you by a prompt shipment that we are able to supply the large and ever increasing demand.

The Bradley Rakes are first-class. We make them either hand or elf dump, for one or two horses.
