

THE DAILY BEE. OMAHA. Wednesday Morning, March 12.

THE FAST MAIL TRAIN. A Saving of 24 Hours' Time Between New York and Omaha.

LOCAL BREVITIES.

New crop clover and timothy seed for sale, Sturgat, Waite & Wiles, Council Bluffs, Iowa. 68-1m.

The funeral of James Nugent, who was killed in the Comique, Sunday night, will occur this morning at 10 o'clock.

A rise in the river in front of Omaha was observable yesterday, the ice being broken thereby at various places along the banks.

The body of Bishop Clarkson is lying in his study and we understand it will be agreeable to the family to have his friends and parishioners see him at any time to-day.

Two disturbers of the peace were before Judge Benke yesterday. One was fined \$3 and costs, while the other was assessed the customary \$5 and costs. Each paid and was released.

Two men are under obligations to J. B. Twiford, of Gravel, Iowa, J. C. Lawton, of the Omaha postoffice, and S. S. Beebe, of the railway mail service, for copies of the Chicago papers of yesterday morning, which they delivered to last evening.

The second weekly concert at the roller rink by the Fourth Infantry band took place Monday. Notwithstanding the unfavorable weather a good sized audience was present, and all were splendidly repaid by some really excellent music.

Ed A. Church, manager of the Lincoln opera house, will in this city yesterday on his way to Chicago, purchase new furniture. This spring he will tear down the old house at that place and will erect a new one with the same seating capacity of Boyd's.

It is learned that the minister referred to a few days since in this city, as having indulged in apnea in this city, is not a resident of this state, nor has he ever performed clerical duties in any church or denomination in this state, for which all Nebraskans are duly thankful.

In mentioning the relatives of the late Bishop Clarkson, in a recent issue of this Bee, the name of Mrs. P. C. Hall was unintentionally omitted. Mrs. Hall was, for a number of years, matron of Brownell Hall and for excellent judgment and untiring efforts the success of that institution is largely due.

In the district court yesterday before Judge Wakley, the evidence in the case of Morse against Heggerton was concluded and the arguments to the jury will be made this morning. Before Judge Neville the case of Nathburn against Wyman was tried and submitted to the jury, which returned a sealed verdict.

It is to be said to the credit of the German saloon keepers of this city that their places of business on Sundays, since the new order of the authorities, appear and are closed in reality, the inside blinds being thrown open during the day to show their rooms deserted and no mysterious light being observable through the transoms after dark.

John J. Haller, charged with forging an endorsement to a money postoffice order, at North Platte, was examined before United States Commissioner Cassava Anderson yesterday and will be discharged. The commissioner holds there is no statute under which he could be held, even if he were proven guilty. He is held now to await the action of the authorities in Lawrence, Kansas, to whom Marshal Bierberow has telegraphed.

The funeral of Miss Alice Lickentree, who died in this city on Tuesday last week, took place at Glenwood, Iowa, last Thursday. Miss Lickentree was born in Nebraska City. She lived for some time at Glenwood, and was 21 years of age at the time of her death. For some time past she had been living in this city with her sister, Mrs. L. S. Lathrop. Her body was met at the Glenwood depot by a large number of friends and her obsequies were largely attended.

Invitations have been issued to the second lecture by Rev. A. A. Lambert, S. J., vice president of Creighton college, on Thursday evening, March 13th, in the college hall. The subject chosen is "The formation of the earth." A few weeks since Mr. Lambert delivered a lecture at the same place on the subject of "C-imbustion." It was highly entertaining and instructive and no doubt the second one will prove equally so. No admission will be charged, although specific invitations to scientists, parents and students have been issued.

Sunday night about 12:30 p. m., a horse was stolen from in front of Dr. Search's residence, Twenty fifth street and St. Mary's avenue. It was owned by Richard Carpenter, residing at 912 North Sixteenth street. His brother rode to the office to get him to come down to see his dying brother, who owned the horse, and while talking to the doctor the horse was taken. It is a dark roan, right hind leg swollen from knee down, about 11 or 12 years old, very heavy mane, short neck, left hind foot white near the hoof, trace marks (his rubbed off), in the stable acts as if afraid of his head, lays his ears back when approached while eating, had a leather halter with rope attached and common riding bridle. Is very high spirited.

OTHER MATTERS. The secretary was instructed to pay all unpaid premiums of 1882 and 1883. A notice, received from F. O. Schaffer, secretary of the board of agriculture of Iowa, stating that a contest had been added to the northwestern circuit for speed, was read by Mr. Furnas.

A motion made and carried requires all exhibitors of thoroughbred stock of every kind to file a pedigree with the secretary at the time of entry.

Secretary Furnas stated that a contract had been entered into providing for one solo chariot race per day for five days. O. M. Druse, of The Nebraska Farmer, offered a special premium of a \$50 silver pitcher for the best cow, steer or heifer over one year old, of any age or breed. The award is to be made by a committee of three butchers appointed by the board.

O. M. Druse was appointed transportation agent, whose duty it will be to overlook the receipt of stock from the railways, &c. State Fair Superintendent W. R. Bowen notified the board that he had appointed H. B. Nicodemus, of Dodge county, as transportation agent.

The agreement to the Union Pacific and Burlington & Missouri railway companies, giving the same rates on freight and live stock as last year, which was free transportation both ways, was read by the secretary.

A purse of \$300 was voted for the grand stock sweepstakes, open to the world, and \$100 for the best herd of cattle, any breed, consisting of one bull and four cows, or heifers one year old or over; \$50 for the best bull of any age or breed, and \$50 for the best female of the cattle kind of any herd or breed.

A resolution by Mr. McIntyre was introduced that Mr. Mueller be given two pages in the advertising list, provided he submitted the following program: Best essay on music; best exhibition of sewing, plain and fancy knitting, and give a bond of indemnity. Adopted.

Secretary Furnas stated to the board that he had written to Governor Coleman, of St. Louis, to be present at the fair and attend the annual address.

The meeting then adjourned. President Barker and Secretary Furnas will remain in the city to-day to finish any business of minor importance that may not have been transacted.

NEBRASKA'S SHOW. 'Buffalo Bill' Returns to Georgetown the Wild West Show.

The Chicago, Rock Island & Pacific train brought to this city yesterday "Buffalo Bill," (Hon W. F. Cody), and wife, from an extended theatrical tour through the east. The trip has been a successful one, as Bill, like a mustard plaster, he always draws.

They will remain several days in this city, during which time Mr. Cody will be engaged in perfecting arrangements for the opening of his "Wild West" show for the coming season on an extensive scale. Last season's work was chiefly experimental, but it proved such a wonderful success that Mr. Cody will make strenuous efforts the coming season for still greater honors. In fitting out his show for 1884 Mr. Cody will spend a large amount of money in this city for trappings, among which will be a large number of harnesses, saddles and other horse equipments, which will be furnished by Collins.

SUPPOSED ELOPEMENT. Henry Coops, a Restaurant Keeper, Flees the City.

He is Supposed to Have Joined a Servant Girl Who Left a Few Days Previous.

On Sunday night last Henry Coops, who has been keeping a restaurant at 215 South Twelfth street, mysteriously disappeared, and has not been seen or heard of since. He was around attending to business all day Sunday, and was seen as late as half past seven Sunday evening.

MY OMAHA. A Sermon in Song.

FOR "THE BEE" BY D. C. O. The gamblers' heel is on thy neck, Omaha, my Omaha! Thy officers are at his beck-- Omaha, my Omaha! Thy libertine is at thy throat-- Thy brightest sons with sin are blent-- Thy ship of state's a rotten boat-- Omaha, my Omaha!

Thou Sampson of the Great Northwest-- Omaha, my Omaha! Dallah lingers on thy breast-- Omaha, my Omaha! Beware the fate of cities dead-- By harlots to their death-couch led-- By ringsters, thieves, and lawless led-- Omaha, my Omaha!

Fair city by the river's side-- Omaha, my Omaha! Awake! Arise! Put on thy pride! Omaha, my Omaha! Strike down the Vice that stalks each street! Wipe out the blots on thy fair sheet! And thenceforth, "Thee, God, we greet!" Omaha, my Omaha!

Upraised thy vocal notes now-- Omaha, my Omaha! Cast off Sin's crown from thy fair brow! And stand as a tower of strength and power! And crush Corruption in its bloom, Ere thy Bright Promises fade to gloom With Sodom and Gomorrah's doom-- Omaha, my Omaha!

A Lawyer's Opinion of Interest to All. J. H. Tawney, Esq., a leading attorney of Wilson, Minn., writes: "After using it for more than three years, I take great pleasure in stating that the King's New Discovery for Consumption, as the best remedy in the world for Coughs and Colds. It has never failed to cure the most obstinate cases, and invariably relieves the pain in the chest."

Trill Bottles for this cure for all Throat and Lung Diseases, with Cold, Hoarseness, and all other ailments of the Throat and Lungs. Large size, \$1.00.

STILL AT IT. The Marshal Still Bringing the Saloon Keepers to Account.

Monday evening complaints were filed against four saloon keepers, viz., Tom Callan, C. S. Higgins, J. G. Nugent and Fred and Minna Wirth, for violating the law by keeping open their places of business on Sunday last.

Yesterday morning the parties appeared in police court and made affidavits to the effect that they were not ready for trial and asked for a continuance of their several cases, which was granted by the judge.

Mr. Wirth was greatly exercised over the matter and paced back and forth in the court room, and said repeatedly that "our mayor has gone back on us." He was asked what was meant by "our mayor?" "Why," he said, "we, the saloon keepers elected him, and I worked awful hard for him and now he has gone back on us, and now," said Mr. Wirth, "if the saloons have got to close up on Sunday so have the barber shops, cigar stores and drug stores, and the street railway company will have to stop running their cars. If the Sunday law is enforced all classes must be made to observe it."

WESTWARD BOUND. The Enormous Travel West and the Light Passenger Business Eastward.

One who daily visits the depot and witnesses the arrival and departure of the trains, both eastward and westward, cannot but notice the enormous passenger business the western bound trains are doing, while the trains going east are almost destitute of passengers.

Yesterday noon the overland train west on the Union Pacific had two extra passenger coaches attached, and even these did not furnish seating capacity for the large number of passengers. The overland train from the west yesterday, on the same road, had very few passengers and one quarter of the number of cars would have accommodated them easily.
