

DEMOCRACY'S SCHOOL TICKET.

The Convention Endorses the Outgoing Members for Its Candidates.

Claiming Them to be "A Democrat, a Republican and a Workingman" Party Committees, Etc.

The democratic city convention to put in nomination three candidates for the board of education was held last evening in the council chamber.

The meeting was called to order by Charles Conroy, chairman of the city central committee. Charles Kaufman was elected temporary chairman and Truman Buck temporary secretary.

It was moved and carried that a committee of five on credentials be appointed. J. J. O'Connor, R. O'Keefe, P. Desmond, W. H. Jams, and George E. Stratman were appointed by the chair.

It was ordered on motion that the several delegations be required to hand in the result of votes cast for councilmen in the various wards.

The committee on credentials reported the following gentlemen entitled to seats in the convention:

First ward—Chas. Kaufman, Thomas Casey, David Guild, Chas. Conroy and Patrick Desmond.

Second ward—R. O'Keefe, Wm. H. Jams, V. Burkley, Ed. Moriarity and Gustave Henke.

Third ward—Julius Meyer, John Wuehrich, Henry Patton, Henry Hornberger, Michael Donovan.

Fourth ward—J. J. O'Connor, Jerome Pentz, W. A. L. Gibbon, Peter Goss, Truman Buck.

Fifth ward—A. N. Ferguson, James Bolan by A. N. Ferguson, proxy, H. B. Brown, W. T. Whitehouse and Tim Moriarity.

Sixth ward—Andrew Smith, George E. Stratman, Lewis Shields, John Morris and James Powell.

The committee on credentials further reported the following named gentlemen as nominated for councilmen in the following wards:

First ward—George W. Duncan. Second ward—James Mahoney. Third ward—Patrick Ford. Fourth ward—J. H. Whalen. Sixth ward—J. H. Winspar.

The report was adopted. The temporary organization was then made permanent, and the convention then proceeded to the nomination of three candidates for the board of education.

The following resolution was offered by W. A. L. Gibbon:

Recognizing the fitness of the three members of the board of education, whose terms of office expire this spring, and desiring to keep our schools as much as possible out of party politics:

Resolved, That we nominate as our candidates for the board of education the outgoing members, Charles Conroy, E. K. Long and J. J. Points, one democrat, one republican and one workingman.

Andrew Smith moved to lay the resolution on the table. An amendment was proposed to the motion by Patrick Desmond, that the resolution be adopted.

A spirited debate then took place, Messrs. O'Connor, Ferguson, Buck and Gibbon speaking in favor of the amendment and Messrs. Stratman, Moriarity and Smith against.

The resolution was adopted almost unanimously. It was moved and carried that the delegations from each ward select two members for the city central committee.

The following are the names of those selected: First ward—P. Desmond and Thos. Casey. Second ward—E. F. Moriarity and V. Burkley. Third ward—Julius Meyer and Pat. Ford. Fourth ward—Charles Brown and Charles Redick. Fifth ward—H. B. Brown and T. Moriarity. Sixth ward—Lewis Shields and Andrew Smith.

The following resolution of T. Moriarity was adopted:

That the school board be and they are hereby requested to furnish all school children the necessary articles to be used in said school free of charge.

Several other resolutions of instructions to the school board were read. They were laid on the table.

The convention then adjourned. A meeting of the new central committee was then held. Charles Conroy was elected chairman. An adjournment was then taken to this evening.

Thousands Say So. Mr. T. W. Atkins, Girard, Kan., writes: "I never hesitate to recommend your Electric Bitters to my customers, they give entire satisfaction and are rapid sellers."

Electric Bitters are the purest and best medicine known and will positively cure Kidney and Liver complaints. Purify the blood and regulate the bowels. No family can afford to be without them. They will save hundreds of dollars in doctor's bills every year. Sold at 50 cents a bottle by C. F. Goodman.

KING CAUCUS. Three Wards Attempt to Prepare for This Evening.

In three of the wards last evening caucuses were held. The following are the results:

FIRST WARD. In this ward the republicans held a caucus in Turner hall. It was thought Thane, the present incumbent, would be nominated without opposition. About sixty voters were present. Part of them, it is said, were democrats. Ernest Stuhst was nominated by those present for councilman from that ward. The caucus adjourned without nominating delegates to the city convention.

THIRD WARD. Here a meeting was held in McCracken's saloon. After a conference between the republican aspirants for the council, it was mutually agreed to adjourn without taking any action. The contest will be settled at the polls this evening.

FOURTH WARD. In this ward a caucus numbering about 150, was held in the board of trade rooms. The meeting was presided over by W. J. Broach. F. M. Mullen acted as secretary. Here there were three candidates for the council, W. F. Bechel, G. M. Hitchcock and Edward Teat. Three ballots were taken. The third re-

sulted in the nomination of W. F. Bechel. A committee of three was appointed to select seven republicans from the ward to be voted for at the primary this evening as delegates to the city convention. The committee reported the names of Geo. B. Lake, Dr. Parker, John Lichtberger, Gustave Anderson, R. W. Breckenridge and J. H. Midland.

The sense of the meeting was that the outgoing members of the board of education should be re-elected.

"ROUGH ON RATS." Clears out rats, mice, roaches, flies, ants, bedbugs, skunks, chipmunks, gophers, etc. Druce's.

DRUNK AND DISORDERLY. A Most Disgraceful Affair on Farnam Street Last Night.

A most disgraceful scene was witnessed by a crowd of men on Farnam street last night about 12 o'clock. Officer Ruane met Maggie Lindley, a disorderly woman, near Higgins' restaurant. She was considerably intoxicated. He ordered her to go home, telling her he would take her to jail if she did not. She began to abuse the officer. Ruane started with her for the jail. She refused to go. Soon Jack Galligan came along and attempted to assist him. The woman lay down upon the sidewalk, screamed and swore. She was being dragged and carried by these two officers as best they could.

At this juncture Charles Townsend, the woman's "friend," who works at Higgins' restaurant, came up. He began to interfere with the officers. He also was arrested and taken to jail. The woman by her screams and cries, heard at a distance of several blocks, attracted a large crowd of men. Finally with the united help of four policemen, the woman was placed in jail, being carried nearly four blocks.

This sight in daytime would have put to shame all good citizens. This instance showed the great necessity of some means by which refractory persons can easily be taken to the station.

YESTERDAY'S FRACAS. Mr. J. J. Cummings Gives His Side of the Story.

The row which occurred yesterday over an abstract of this city, which was being prepared for Ames' real estate agency by one Bowman, a full account of which was given in yesterday's BEE, has developed into a suit against Mr. Cummings by Mr. Ames, in which the latter sues for \$5,000 damages. Mr. Cummings gives his side of the matter as follows:

MR. CUMMINGS' STATEMENT. Long before Mr. Ames had employed Mr. Bowman to write him up a set of abstract books, I had negotiated with him (Mr. Bowman) to complete a set for me under a system the patent of which Mr. Bowman controlled the right of this state, to sell and make. I had my books manufactured and ready for the work before the order for Mr. Ames' books was given to the Republican office. And further when Mr. Ames' order for books was received by The Republican office, I was absent from the city and did not return until some time their delivery of his books. The arrangements I had made with Mr. Bowman were that I should furnish all the paper and material necessary for the transcription of the Douglas county records and that the same should be my property. I have furnished the material as agreed and think I have a right to possession of the notes. I have also paid all demands as per agreement for work done upon my books and transcripts. Learning that Mr. Ames had sued out a writ of replevin to recover possession of the manuscripts yesterday morning, I at once proceeded to the office where the same were and upon entering the office was met by Mr. Pratt, Deputy Sheriff Crowell and Mr. Bowman. I demanded the manuscripts, papers, etc., belonging to me which Mr. Bowman delivered to me, and which I carried away with me. Upon returning to duty at The Republican office I met on the street by Messrs. Ames and Pratt and Deputy Sheriff Crowell, near the office, and was first encountered by Mr. Pratt calling me vile names, etc., and afterwards by Mr. Ames, who pursued the same course, and stepping to one side, I advanced to The Republican office. Both ran at my heels. I turned around and both shook their fists in my face all calling names, and being excited and enraged, I pulled my revolver out of my pocket. I did not point it at any one, but drew it to protect myself. My knowledge of the whole matter has been all along, and now, that Mr. Bowman's agreement with them does not prohibit him from making one under or fifty of them at the same time under the same system if such is his desire. J. J. CUMMINGS, State.

In Use 150 Years. Impurity of Blood, however generated, is always present in the body when pain is felt; it spreads and ferments wherever a weak spot or low vitality exists. BROWN'S PILLS are the one great and unfailing remedy, because they take hold and expel what is hurtful; when sick, have pain, dizziness, rheumatism, colds or costiveness, take from three to five, and if they do not operate in four hours or so, take three or four more. They cleanse the bowels and circulation from all impurities of the blood, and often save life. BROWN'S PILLS preserve the vigor of youth, and for a long period keep of the debility of age.

Sold in every drug and medicine store, with plain printed directions for use.

Amusements. The concert of Madame Carreno and Miss Emma Howe, in Minneapolis, on Monday evening, created a remarkable sensation.

Both artists took the audience instantaneously captive, and according to the papers a concert of the rarest character ensued. Madame Carreno is the most brilliant living female pianist, and Miss Howe a second (senior), with all her trills, and shakers, and staccatos, and a voice of perfect purity and sweetness. Both ladies are pictures upon the stage, and they so charmed the Minneapolis audience that they were made to do double and triple duty. There is a treat in view in the Philharmonic concert to-night which our citizens are hardly aware of. The house should be crowded to the roof.

DETWILER'S CARPET SALE. PITTSBURG, March 25.—Three thousand

and coal miners, in a mass meeting at Elizabeth, Pa., this afternoon, to consider the proposed reduction of a quarter of a cent in the price of the mining river pools, decided to accept the operators' terms.

CRAIN GRABBING. Some Million Bushels of Wheat Change Hands in Chicago Yesterday.

Accelerated by the Large Offerings and Lower Prices.

Close Proximity to a Panic, but the Storm is Weathered.

The Lively Flurry Now Thought to be Somewhat Beneficial.

Corn Holds a Firm Middle Ground Between Wheat and Oats.

The Cattle Market Devoid of Life—Lower Prices Prevailing.

CHICAGO'S MARKETS. Special Dispatch to THE BEE.

CHICAGO, March 26.—There was little or no change to note in the condition of the market as compared with yesterday. There is no particular life in the general market. Exporters are almost idle. A few loads of fair to good cattle are sent on to New York and Boston each day, the tops of which are selected for the English markets. There is a steady demand for canners and butchers' stock, but low grades of bulls and cows are selling considerably lower than last week. There has been only a light business so far this week in stockers and feeders: 1,450 to 1,500 hogs, \$6.10 to \$6.70; good to choice shipping, 1,200 to 1,350 lbs, \$5.70 to \$6; common to medium, 1,000 to 1,200 lbs, \$5 to \$5.50.

THE EXCITEMENT OF CHANGE. The day was one of nervous excitement on change, and at times the tendency was panicky, but despite the extraordinary break in wheat, operators appeared to weather the storm in good shape, and up to the close of change no features of any character were reported. The great decline is ascribed to unloading by some of the heaviest of the "Long" operators, who have been holding up against a drop to 90 cents for May, but when that came an avalanche of "Long" property was thrown on the market, which forced down the figures at a very rapid pace. May wheat opened at 91c, but fell off to 90c, it rallied 9c and then fell off steadily, with only slight rallies to 88c. It rose from there to 89c, fell off again to 88c, and so closed on change. On call board an additional 4,200,000 bushels was thrown on the market, which broke off prices irregularly 1/2 to 3/4. The closing prices on change were 89c March; 89c April; 87c May; 86c June; 80c July; 80c August. The closing quotations are all lower than ever previously known for this season of the year. Sales during the day were enormously large, but it is thought this all tended to a general settlement of the pending deals, and that the atmosphere is clearer to-night than at any time since the downward turn in prices began. Closing prices to-day, both for cash and futures, are about 25c under the closing prices for the same day in 1883.

COHN. partook of the activity shown in wheat, but as compared to the decline in prices shown in wheat, could be quoted as very steady. The decline for the day on change was 1/2 to 3/4, but this was added to on call board, where an additional decline of 1/2 to 3/4 occurred. March corn closed at 49c; April at 49c; May at 47c; June at 50c; July at 57c. On call board 1,125,000 bushels sold at a decline of 1/2 to 3/4. May closing at 54c.

OATS. There was a speculative market for oats, it being unsettled and depressed by the decline in wheat and occasionally stimulated by the firmness in corn. The leading futures ranged 3/4 to 1/2 under yesterday. May closed at 33c; June at 33c; the year at 27c. On call board 19,000 bushels sold at a decline of 1/2 to 3/4.

PROVISIONS. Lard was fairly active and easier. May closed \$9.32 1/2 to \$9.35; June, \$9.40 to \$9.42; July, \$9.47 to \$9.50. On call the sales were 4,250 tons, July declining 2 1/2 cents.

Sold on a positive guarantee. Trial bottles free. Regular size \$1.

Opening of the Upper Mississippi. ST. PAUL, March 26.—At two o'clock the ice moved out of the river in front of the city and for the first time in years the river has been clear at this date. No damage done.

DEQUEB, March 26.—The river is clear and the boats will resume trips tomorrow.

DEQUEB, March 26.—The ice finally broke up to-day in the river in front of the city and passed off without doing any damage. The river is now clear of ice, except a little floating, as can be seen above and below.

Connecticut Against Woman Suffrage. HARTFORD, March 26.—In the house today the bill giving women the right to vote on the license question was overwhelmingly defeated by a margin of 65 to 45. On the bill giving women the right to vote in school meetings was a full discussion, and the bill was rejected—95 to 83.
