A Positive Cure for Every Form Skin and Blood Diseases, from

Pimples to Scrofula, Pimples to Scrofula,

Thousands of Letters in our possesion repeat this story: I have been a terrible sufferer for years with Blood and Skin Humors; have been obliged to shun public places by reason of my disfiguring humors; have had the best physicians; have spent hundreds of dollars and got no real relief until I used the Cuticura Resolvent, the new Blood Purifier, internally, and Cuticura and Cuticura Scap, the Great Skin Cures and Skin Beautifiers, externally, which have cured me, and left my skin and blood as pure as a child's.

Almost Incredible,

James E. Richardson, Custom House, New Orleans, on eath, says: In 1870 Scrofulous Ulcers broke out on my body until I was amass of corruption. Everything known to the medical faculty was tried in vain. I became a more wreck. At times I could not lift my hands to my head, could not turn in bed; was in constant pain, and looked upon life as a curse. No relief or cure in ten years. In 1880 I heard of the Cuticura Remedies, used them and was perfectly cured.

Sworn to before U. S. Com. J. D. CRAWFORD.

Still More So.

Will McDonald, 2542 Dearborn Street, Chicago, gratefully acknowledgess cure of Eczems, or Salt sheum, on head face neck, arms and legs for seventeen years not able to move, except hands and knees for one year; not able to help myself for eight years; tried hundreds of remedies; doctors pronounced his case hopeless, permanently cured by the Cuticura Remedies.

Still More So.

More Wonderful Yet, H. E. Carpenter, Henderson, N. Y., cured of Paoriasis or Leprosy, of twenty years' standing, by Cuticura Remedies. The most wonderni cure on record, A dustpan full of scales fell from him daily. Physicians and his friends thought he must die. Cure sworn to before a justice of the peace and Henderson's most prominent citizens.

Durham is historic. It was neutral ground during the armistice between Sherman and Johnson. Soldiers of both armies filled their ponches with the tobacco storedthere, and, after the surrender, marched homeward. Soon orders came from East, West, North and South, for "more of that elegant tobacco." Then, ten men ran an unknown factory. Now it employs 800 men, uses the pink and pick of the Golden Belt, and the purham Bull is the trade-mark of this, the best tobacco in the world. Blackwell's Bull Durham Smoking Tobacco has the largest sale of any smoking tobacco in the world. Why? Simply because it is the best, All dealers have it. Trade-mark of the Bull.
