The pockets of several of the boarders living with Hesse & Hoppe, at the Vienna bakery, South Thirtieth street, were gone through on Saturday night and plunder to the amount of \$800 extracted from the slumberers' clothes. The cook claims to have lost \$11.75; another \$12.50, and his pants, which, however, turned up on the premises, while two or three others contributed to make up the sum total. Undoubtedly it is the work of a fellow boarder but it looks strange that the thief left untouched in the cook's pants a fine looking silver watch.

BARE KNUCKLES. The Articles Signed Between Fell and Hanley. The Fight to Take Place May 15th. Omaha has had its full share of whatever enjoyment is to be obtained from contests between experts in "the manly art" of self-defense, and seems to thirst for more.

The Hanley-McCune sparring exhibition was the first to inaugurate a series of contests which closed with the set-to between James Fell, of Rich Hill, Mo., and O. H. Smith, of Chicago, the latter fighting taking place at the Academy of Music a week ago Saturday night.

The most interesting of the many matches in this vicinity, not barring those participated in by Ryan, Elliott, Slade or Mace, was the bare knuckle fight between Miller and Smith which took place at dawn on a cold winter morning in March.

After Fell had his set-to with Smith a match was made up between Fell and Jack Hanley, the latter coming in from Colorado to test the prowess of the champion middle-weight of Lancashire, England.

Fell will go into training to-day under the charge of Mike Haley, of Colorado, their headquarters being located at Henry Ruess's place, four miles southwest of Omaha. Hanley is already in training at Sam Gardner's road house, and the day fixed for the fight gives both men ample time to get in good condition and the fight promises to be a great one.

Fritz Johansen, a farmer living about eleven miles northwest of Omaha, concluded yesterday, most against his will, that he had been made the victim of misplaced confidence. It appears that on Saturday last he sent his son, about 18 years old, and George Niebe, his hired man, into the city to sell a span of horses.

The team was worth about \$200. Niebe and young Johansen were ordered to sell them for not less than that amount. At the barracks on their way to the city, the horses were sold for \$50 each, one of them being purchased by a Mr. Engler, who lives near the fort.

their shipments shall pass; to the end that shippers may avail themselves of all rail or part rail and water routes of the country; for the prevention of such pooling arrangements and agreements to refrain from such competition as may tend to impose unreasonable burdens upon such commerce by the protection of such commerce against unjust exactions based on a classed securities, commonly denominated "watered stocks"; and for the promotion of the true interests of both the corporations employed in such transportation and the people and localities engaged in such commerce, by the enforcement of the principles hereinbefore stated, and thereby induce economy and stability in the affairs of such corporations, people and localities.

After passing a bill authorizing the secretary of war to adjust and settle the accounts for arms, accouters, and clothing the senate also passed a bill to authorize and direct the managers of the home for disabled volunteer soldiers to locate a branch home at some suitable point, in either the state of Arkansas, Colorado, Kansas, Iowa, Minnesota, Missouri or Nebraska.

Mr. Slater (dem., Ore.), according to notice given some days since on presenting the bill to forfeit the unearned land grants of the Northern Pacific Railroad company, addressed the senate on the motion to refer the bill to committee. He reviewed the history of the land policy of the government, and severely criticized the course of the land department. Referring specifically to the Northern Pacific railroad, Slater said that in the lifetime of its grant that road had earned 10,000,000 acres, and since the terms of the grant expired had earned 30,000,000 more.

Mr. Dolph (rep. Or.), asked that the bill lie on the table a few days, to which Slater assented. The consideration of the bankruptcy bill was then resumed, an amendment offered by Messrs. George, (dem. Miss.), Morgan, (dem. Ala.), Wilson, (rep. Iowa), Hoar, (rep. Mass.) and others.

Mr. Hoar and other senators were anxious to have the bill disposed of to-day, and are willing to see late to accomplish that end, but it becoming manifest that considerable discussion would ensue on some amendments, the senate adjourned. Among the amendments agreed to to-day was one proposed by George, giving debts due to laboring men and domestic servants priority over debts due to the state or the United States.

After an hour of general debate, the bill was read by paragraphs for amendments. Mr. Goff (rep. W. Va.) offered a proviso that no proof shall be required, either in pending cases or those hereafter filed, as to the physical condition of the soldier at the time he was mustered into service, and all claims heretofore rejected on account of lack of such proof shall be reheard.

Against this proviso Messrs. Randall (dem., Pa.) and Hammond (dem., Ga.) raised points of order. In the course of the discussion Mr. Reed (rep., Me.) took occasion to express his contempt for the system of rules under which the house was operating. He said there were on the calendar 1,200 committee reports, and no business was done except that presided over by the gentleman from Pennsylvania (Randall), and he, majestically situated as he was, was not equal, even with the assistance of Holman, to the whole business of the country.

Mr. Randall said he desired to legislate slowly on every appropriation bill, provided money was to be saved thereby. The United States, he might say, was legislated to death. If there was an evil in this country, it was too much legislation. After further discussion, the amendment was ruled out of order. Pending a vote on this amendment, the committee on Mr. Henderson (rep., Ia.) offered an amendment increasing from \$5 to \$12 per one hundred the vouchers allowance to pension agents for vouchers prepared and paid by them, in excess of 4,000 per annum.

Mr. Hancock (dem., Tex.), in behalf of the committee on appropriations, moved to make the amount \$10. Agreed to. Mr. Roescares (dem. Cal.) offered an amendment striking out the provision for the pay of pension agents, and transferring the duties of those officers to the pay department of the army. Pending a vote on this amendment, the committee on Mr. Henderson (rep., Ia.) offered an amendment increasing from \$5 to \$12 per one hundred the vouchers allowance to pension agents for vouchers prepared and paid by them, in excess of 4,000 per annum.
