Oscar Wedus, F. H. Kendrick and Joseph H. Schirmer, of Chicago, are at the Metropolitan.

Charged With Being a Fire Fiend.
A telegram was received at the headquarters of the Chicago, Minneapolis, St. Paul & Omaha railway yesterday that an important arrest had been made at Emerson, one of the stations along the line. Some time ago the station house at that place was burned for the second time; yesterday morning a man named McMahon, who lived in the village, was charged with having set it on fire. He was taken before a magistrate, and after a hearing was held.

Bad Blood.
Is inclined to come to the surface in the Spring because of the effort made by good old mother nature to throw it off. If nature does not help at his time, the poison may go back to the system and produce all manner of ill; but by the aid of Swift's Specific the bad blood is all driven out through the pores of the skin, and permanently relieved the trouble. This remedy is a purely vegetable and harmless preparation, but so powerful an antidote to blood poison, that it finds its way out. Do not be deceived by Mercury and Potash mixtures, which drive in the poison, only to come out again in a worse form. I have cured many cases of Blood Taint in the third generation of the use of Swift's Specific, after I had most signally failed with Mercury and Potash.

The New U. P. Time Card.

The new time card of the Union Pacific railway which goes into effect to-day was issued and distributed yesterday. Besides that of 24 minutes resulting from the adoption of standard time, there is no marked change in the times of the departures and arrivals of trains. The greatest difference is in the departure of No. 3, the overland train. Hereafter it leaves the depot at 11:40 a. m. No. 1 departs at 8:25 p. m. No. 2 arrives at 7:50 a. m. No. 4 arrives at 4 p. m. The Lincoln passenger arrives at 12:55 p. m. and arrives at 1:20 p. m. The Missouri Pacific leaves at 7:25 a. m. and arrives at 6:55 p. m.

No Experiment.

With a majority of people it is no experiment that Dr. Ross's Cough and Lung Syrup is a cure for Coughs, Colds, Hoarseness, Soreness in the Chest, etc., but for those who doubt, ask your neighbors who may need it, to send a sample bottle of Schroter & Decht's, the druggists. Regular size 50 cents and \$1.00. Sold to the trade by C. F. Goodman.

Colored Men Arrested.

Last night officer O'Boyle arrested two colored men in Dick Curries old place on a telegram from Galazeb, Illinois. The charge of being suspicious characters was preferred against them to hold them until they are delivered to the Illinois authorities. It is thought they are the parties who robbed a jewelry store of a large amount of diamonds and valuables at that city. The wife of one of them arrived in Omaha yesterday morning. Her trunk was searched but no stolen property was found.

ARE YOU GOING TO EUROPE?

In another column will be found the announcement of Messrs. TIGER, COOK & SON, relative to the very complete arrangements they have made for tours in Europe, the coming Spring and Summer. Cook's Excursionist, containing maps and full particulars, will be mailed to any address on receipt of 10 cents.

On Their Way to the Convention.

The state convention which meets at Lincoln this morning has called a large number of politicians into the city from the north and northwest. They will nearly all leave for Lincoln this morning over the B. & M. The following are the names of some of the delegates, most of whom stopped at the Millard: C. C. McNish, A. E. Evans and R. F. Kicks, of Cummings county; W. B. Chivers and Charles Wilson, Pierce county; J. W. Rice and Oliver Jackson, Knox county; Frank Fuller, Wayne county; C. L. Lamb, Stanton county; J. E. West, John Skirvin, Col. W. H. Ketchum, Neil Braman and W. D. Mather, Holt county; Hon. Lorenzo Cronson and Hon. E. K. Valentine, who arrived in the city last night, will also leave this morning for Lincoln to be present at the convention.

A STRIKE DOUBTFUL.

A Compromise Probably Effected by General Manager Clark.

The Number of Hours Per Day Increased and the Wages Proportionately.

The reduction of the wages of the U. P. employes, which goes into effect to-day has created considerable dissatisfaction and raised among some a spirit of resistance to it. On Tuesday night several of the labor organizations held meetings to discuss this decrease of pay, but nothing definite was done, it being deemed best to leave the matter to the employes as a mass.

Yesterday noon a meeting was held in one of the blacksmith shops to determine upon a course to be pursued. Quite a number expressed their sentiments. Some were in favor of a strike, some favored a walk out, while others thought it best to stay and work under the proposed reduction. No conclusion was arrived at but a committee of ten was appointed, prominent among whom were William Anderson and Elijah Dunn, to visit General Manager Clark and by conference with him to determine some means to avoid, if possible, the threatened evil. This committee visited Mr. Clark in the afternoon. He expressed his dissatisfaction with the order but said he could not countermand it. He promised that as soon as the business of the road would improve sufficiently he would again raise the wages to their old standard. It was agreed, however, that the working hours per day should be increased from eight to ten hours. This will give the men, who in the past received \$2.40 per day, \$2.70 under the reduction, others being affected proportionately. This increased number of hours will affect only those who work by the day.

Between 5 and 6 o'clock last evening the shopmen assembled again to hear the report of the committee. A motion that no work be done to-day was lost by a small majority. A motion to go out on a strike, was lost before it came to a vote. It was then carried that the old committee be reappointed to secure a hall where a meeting of the employes will be held to-night to take final action in the matter. This morning the men will go to work in the shops upon the ten hour system. What will be the ultimate result is difficult to foretell. Some claim that the older hands and men of influence are in favor of a strike, and are only waiting to perfect an organization by which it can be made effectual. The more conservative think it for their best interest to accept the situation and continue to work under the new terms.

BOOK-BEER DAY.

Its Origin and How it is Celebrated.

To-day is what is known in America among the followers of King Gambrinus as book-beer day. In Germany it is called May festival. Among Germans especially this day is passed in drinking the stimulant which gives to it its name. By inquiry at one of the leading German saloons in this city it was learned that book beer is the real lager. The "aut-brown" beer so much loved by all Touts is called among brewers an extra strong and to a German extra good. Book beer is drunk only for a very few days about the first of May. It is esteemed among Germans a rare and excellent drink, and their great love for it often causes it to be consumed before May is at hand. This beer is made about the first of November of each year, to be drunk on this day. German saloon-keepers say that enough is never made in the city to supply the demand.

BASE BALL.

Its Death Knell Rang by the Departure from Omaha of Manager Lord.

It now looks as if base ball for the coming season in Omaha had received its death blow. The reduction of wages of the Union Pacific has, in some measure, led to it, some of the boys receiving offers from local organizations in the east which would not justify them in staying in the headquarters at their present rate of wages.

Yesterdays Afternoon Manager Lord

left for Evansville, Indiana, where he will take charge of the nine at that place. Charles Briggs started to fill his engagement with the management of the Union of Chicago. Frank Bandle, the catcher, has also several tempting offers under consideration and will probably accept some one of them. Carroll, who came here from the Port Huron was also in all probability accepted a position in

HIS LAST REPORT.

Samuel F. Donnelly, Killed at a Fire in New York City Tuesday Night.

In the associated press dispatches of this issue, is the announcement of the death of Samuel F. Donnelly, in New York city. He was injured while attending a fire in that city Tuesday and died yesterday.

THE OUT.

How the B. & M. Office Boys View the Cut of the Union Pacific.

Many of the boys in the offices of the B. & M. company are glad that the Union Pacific company has made a cut in wages. They are glad, not because it hurts the shopmen, on the contrary they are sorry for that, but are glad because it effects the pay of the employes in the Union Pacific headquarters.

A. B. & M. boy said yesterday: "Why those fellows have larded over for years. They have never missed an opportunity to throw it up to us that we were not getting as large salaries as they were, but now in a measure the tables are turned, for many of our head clerks will receive more pay than men in the same positions in the employ of the Union Pacific company."

IN THE SHOPS.

In the shops the feeling is very bitter and it is openly asserted upon the streets that a strike will take place but nothing definite is as yet known.

One of the Union Pacific employes, who is in a position to know, stated this morning that there is some talk of increasing the working hours in the shop to ten hours a day instead of eight as it is now. In case the number of hours is increased, the pay will not be. Under the ten hour system the pay for ten hours work would be just the same as it is now for eight, so that men could earn the same amount of money then as now, but would have to work ten hours a day instead of eight for it.

AT HEADQUARTERS.

At the U. P. headquarters yesterday the reduction in wages has been all the subject of conversation, and many are the howls and complaints. Among the high salaried men there is a decided bitter feeling, but no trouble is anticipated among the clerical force.

A Bad Breath.

Is insufferable. We don't like it. A person with a strong breath must not make himself very familiar with us. An impure breath is caused by an unhealthy stomach. Burdock Blood Bitters will correct this evil. They are the best stomach medicine known.

Digging Ditches.

One of the pastors of this city, a few weeks since, used as a subject for a very good sermon, "Digging Ditches." That same pastor ought out to take a walk around Omaha at the present time and he could see more ditches being dug than he had ever dreamed of. On nearly every street in the city ditches are being dug. Putting in water works, putting in gas, connecting with the sewer and a number of such things are excuses for the numerous ditches now being dug. On Dodge street workmen are digging a trench for putting in a gas main. This street is soon to be paved and it is now necessary to put in all pipes needed for some time to come.

Police Court.

In police court yesterday James O'Brien was fined \$5 and costs for disorderly conduct. John Pollock got full Tuesday and in consequence was called upon yesterday to deposit \$7.55 to help out the school board.

John Adams, an individual with a

great deal of unnecessary mouth, was called upon to contribute \$7.55 toward the schools, for being found in a drunken condition. John came down with the cash.

Dan Callahan pleaded not guilty to the

charge of disorderly conduct, and he will have a trial this afternoon.

James Luffery said that he got full

Tuesday night and rolled down hill into a swamp, but was very sorry. The Judge sympathized with him and fined him \$5 and costs. James said he had considerable money when he started rolling down that hill, but it was lost in transit. He is boarding with Sheriff Miller.

Theo. Ecklong was charged with petty

larceny. He pleaded not guilty, and will be tried this afternoon.

Army Orders.

Leave of absence for ten days on surgeon's certificate of disability, is granted Second Lieutenant Lester W. Cornish Fifth Cavalry.

Hospital Steward Thomas Griffith, U. S. A.,

having reported at these headquarters in compliance with paragraph 4, special orders No. 69, current series from the headquarters of the army, will proceed to Fort McKinney, Wyo., and report to the commanding officer thereof for duty.

Estate Transfers.

The following deeds were filed for record in the county clerk's office April 22, reported for Tax by Ames' real estate agency:

C. Lichten and wife to E. Youngman W. D. for section 23-D-9. \$702.90.

L. R. Tuttle Jr. to L. D. Thomas, W. D. lot 24, Tuttle subdivision. \$875.00.

A. M. G. McCormick and Hub to G. T. Mills, lot in Clarendon Q. C. D. \$2.

A. M. Kiebs and Hub to Trustees 1st German Presbyterian church W. D., part lot 4 block 2143. \$2,000.

C. L. Van Camp and wife to A. Pleuner W. D., part section 34-15-13. \$810.00.

W. D., part section 25-15-10. \$300.

Aug. Kountze and wife to S. S. Hasall W. D., lot 2 block 10 Kountze 4th. \$350.

A. McLinn to J. Guild W. D., part lot 28 block 2, Park place. \$1,000.

F. A. Manger and wife to W. L. McCague W. D., part block "F." Shermans addition. \$1,500.

S. E. Rogers and wife to J. Mills W. D., part 11, block 2 in Rogers addition. \$800.

E. E. R. Rockfield and Hub to G. M. Carmon W. D., part lot 1, in Tuttle subdivision. \$200.

Jno. H. Erck to E. B. Knack, W. D., lot 5, Nelsons addition. \$750.

S. K. Spalding and wife to S. Wickman W. D., lot 8, block "E." Lowes 1st addition. \$225.

THE STANDARD TIME.

Its Adoption to-day by the Union Pacific and Postoffice.

To-day at 11:36 a. m., the Union Pacific railroad company will turn their clocks ahead twenty-four minutes, or to 12 o'clock m. As the B. & M. and C. St. P. M. & O. roads are both using standard time, the change in the Union Pacific time will make all the mails arrive and leave the Omaha postoffice on standard time. Owing to this fact the clocks in the postoffice will be set ahead twenty-four minutes.

A number of the jewelry establishments in this city will also change from sun time to standard time, and it is very probable that standard time will be generally adopted throughout the entire city in a very short time.

The workmen on the Farnam street sewer were discussing standard time yesterday, and one of them remarked, "The time will be set ahead twenty-four minutes to-morrow."

"That is bully," said another.

"But why is it any better?" asked the third.

"Because," said No. 2, "it will make the working day twenty-four minutes shorter."

The appearance of the boss stopped further discussion of the subject.

The Testimony of a Physician.

James Boesher, M. D., of Seymour, Iowa, says for several years I have been using a Cough Balsam, called DR. W.M. HALL'S BALSAM FOR THE LUNGS, and in all my work every case throughout my practice, I have had entire success. I have used and prescribed hundreds of bottles ever since the days of my army practice (1863), when I was surgeon of Hospital No. 7, Louisville, Kentucky.

Henry's Carbolic Salve.

It is the Best Salve for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Tetter, Chapped Hands, Chilblains, and all kinds of Skin Eruptions, Freckles and Pimples.

DURNON'S CATARRH SNUFF cures all

affections of the mucous membrane, of the head and throat.

Red Horse Powders cure diseases in animals.

A Card of Thanks.

Mrs. Schwab and Herman Schwab wish to return thanks to all who lent their aid and sympathy in their bereavement. Especially to the following gentlemen who composed the quartette at the grave: Messrs. Harman, C. Meyer, G. H. Straatman and Gruder.

Humor in the Stomach.

Much of the distress and sickness attributed to dyspepsia, chronic diarrhoea and other causes is occasioned by humor in the stomach. Several cases, with all the characteristics of these complaints, have been cured by Hood's Sarsaparil. Other cures effected by this medicine are so wonderful that the simplest statement of them affords the best proof that it combines rare curative agents and when once secured the confidence of the people.
