FINANCE AND COMMERCE.

FINANCIAL

NEW YORK, March 27.—Money—Easy at 1 per cent.

Prime mercantile paper—4@5c.

Sterling Exchange Bills—Quiet at 4 84½; demand, 4 86½.

Governments — Unchanged, except advanced ½ per cent in coupon 4s.

Stocks—Market very sensitive under European war news all day. The general impression seems to be that the war reports are a good thing to buy stock on, but some conservatives express the opinion that the first effect of actual war would be to depress prices. Stimulated by news from abroad the market began to advance about midday, and although irregular and feverish, many of the stocks made decided gains. During the afternoon and the final sales were in most cases very near the highest prices reached. Leading commission houses continue to complain of the dull condition of the market.
