

THE DAILY BEE COUNCIL BLUFFS.

Saturday Morning, March 28

Subscription Rates: By Carrier 20 cents per week; By Mail \$1.00 per year.

MINOR MENTION.

Ladies' "dunde" collars at Blies. See J. Reiter's new spring goods. The schools now close for a week's vacation.

Latest and finest novelties in ladies' handkerchiefs and collars at Blies. The case of Wm. Jeffers, for shooting young Wheeler, comes up in the superior court to-day.

Permit to marry was yesterday granted to A. Miller and Lizzie Winke, both of Minden township.

All walnut, Italian marble bed room suites \$30, former price \$75. A fact. Call and see A. J. Mandell, 325 Broadway.

This is my last week. Govern yourself accordingly. Call at once and secure goods cheap while you can. H. E. SEAMAN.

The water pipe at the city building has burst, causing some trouble and annoyance to the prisoners, some of whom drink water. The marshal and jailers get along well.

Portable racks are to be made for the use of the county recorder, so that the books being kept in these, can be the more easily removed to some place of safety in case of fire.

The county board will not probably have to send any missionaries east to peddle the county bonds out of a grip-sack. The indications are that the bonds will bring a good premium.

Andrew Hill now seeks to be freed from his matrimonial alliance with Anna Hill, to whom he was married in Monmouth, Ill. He claims that she was fonder of other men than of him.

The Herald man is not because THE BEE man did not take time to read his abortive sensational articles. THE BEE man is too busy gathering news, and desires to be excused from perusing such articles.

A young man was walking along Broadway last evening when his revolver fell out of his pocket, struck the sidewalk and went off, the bullet striking the savings bank building just below the window.

Mr. Filbrook, of the Iowa and Nebraska Insurance company, is here to settle up a loss, one of Ben Marks' barns having burned the other day. Some one started a fire and the grass burned up to the barn, causing that to go too.

The temperance talks of Mr. George Woodford are interesting many and have even stirred up the democratic evening supplement of the republican grand-mother. Mr. Woodford's power must be acknowledged when he can bring the dead to life.

The mayor says that he does not take much stock in the report that the gamblers are to open up to-night. He says that if they open without the consent of the council, he will put on enough police to arrest every one of the keepers and all that are playing.

In the United States court yesterday the case of James Davis vs. the Chicago & Northwestern Railway company was on trial. The plaintiff is the boy who got his legs cut off by the cars at the Northwestern depot in the city. The company claim that as he was not a passenger and had no business playing around the cars, he should not recover damages.

A MIXED CASE.

An old man who had his foot so frozen as to necessitate amputation of part, has been staying at the city jail here for two months or more, there being no hospital in which to care for him. He has not recovered so far as to be able to move on, and yesterday he left for Creston. The need of a city hospital grows more apparent every day. The city has no fit place for caring for such persons.

Yesterday County Auditor Kirkland received more samples of bonds from Omaha, sent by a house who wanted to do the printing of the bonds for the new court house and jail. Among the samples sent was one of Council Bluffs' city bonds, which, it seemed, were printed in Omaha, notwithstanding the way in which some of the city officials pretend to turn up their noses at everything that pertains in any way to the city at the other end of the big bridge.

"What is Human is Immortal." Spiritual circle to-morrow (Sunday) afternoon and evening, in spiritual hall at 2 and 7:30 o'clock. Entrance on Main and Pearl streets, via stairs two doors south of the postoffice. After the fifteen minute circle Dr. Jeffers will speak for fifteen minutes on the "Cause and Cure of Poverty and Crime."

Mayor Vaughan has been quite ill for several days past, but has managed to sit up in bed and sign city bonds and coupons. Yesterday he rode out and delivered the bonds to City Auditor Burke, who will now sign them. The mayor expects to start in a day or two for Alabama, to visit his brother, who lives near Selma, and from there proceed to New Orleans to take in the exposition. He hopes to get recreation and health by the trip.

William Brim and F. C. Gerstenberg did their best to furnish some item for the papers, but neither succeeded very well. First Gerstenberg had Brax arrested for assaulting him, but the charge was

withdrawn, and they made up over a glass of beer, when Gerstenberg plucked a silver half dollar which Brax had laid on the bar. Brax then had him arrested for larceny, and last evening a jury was being summoned to try the case as Gerstenberg said he plucked the money up just in a joke.

John Watson, who has lived here for years, died at his home Thursday night after an illness of about ten days. The remains were taken to Plattsmouth, Neb., yesterday for burial. Mr. Watson some time ago, while unloading lumber from a car, met with an accident, by which he lost one foot. Since then he has sued the company, and the case has had two trials, resulting in his favor in the lower courts but against him in the upper court. These cases have attracted considerable attention. It is said that his last illness was not caused, however, by the injury, but from catching cold, which settled on his lungs.

Dr. S. Mosher, of the Sioux City Chronic Disease Institute, will be at the Scott house in this city, Thursday, April 23. Will attend to patients and all who are afflicted will do well to give him a call. Consultation free.

A FIRE FIEND.

He Not Only Fires Buildings But Fires a Rifle.

Shot by a Constable He at Last Surrenders.

The neighborhood about six miles from Walnut has been thrown into great excitement by the acts of a man named Neville, who seems to have become almost insane over the real or imaginary wrongs to which he and his family have been subjected by the law. It appears that the Neville family consist of the old gentleman and wife, and a son, the young man, who has suddenly sprung into public notoriety. The elder Neville has had numerous law suits and they have resulted rather disastrously to him financially. The old man has been very bitter, and the young man is thought to have imbibed much of the same spirit. Some time ago one of the residents of that township, Donald Stewart, a well known and highly respected citizen, bought at sheriff's sale eighty acres of land which had belonged to Neville. Neville claimed that the foreclosure, sale purchase, etc., was fraudulent in its nature, and he was very bitter about the matter. It is said he and his son made many threats. Mr. Stewart in the meantime put up a house and a barn on the place. Thursday afternoon young Neville, armed with a Spencer rifle, went to the place and set fire to the house and to the barn, and there stood with his rifle threatening to shoot anyone who attempted to put out the fire. He fired the rifle several times but did not hit anyone, but so frightened the bystanders that they did not dare to interfere. An excited crowd collected, and after the buildings were nearly burned to the ground, an attempt was made to capture him, but he took refuge in the upper part of his father's house, and there fired on any one attempting to approach the building. He fired about thirty shots in all, but did not hit any one. In the meantime Constable Sankey and a posse occasionally fired back, until the upper part of the building was pretty well filled with lead. About the time that Neville's ammunition was exhausted a bullet struck him in the calf of the leg, and he then surrendered. Yesterday he was brought to this city and lodged in jail. It is claimed that the burning of the buildings was in accordance with an oft-repeated threat that Stewart would never be allowed to occupy the land, which he had acquired by the sheriff's sale, and having fired the building he did not propose being taken alive. The affair seems the culmination of wrath which had been nursed in the family for years.

session, and decided to go right ahead with the work of building a like jail here. They authorized the attorney and auditor to advertise for bids for the construction of the new jail, stating that full plans and specifications would be on exhibition at the auditor's office on and after April 3, and that bids would be received up to noon of April 9, each bidder to accompany his bid by a \$500 certificate check as a guarantee. The board also instructed the attorney and auditor to prepare circulars calling attention of moneyed men to the fact that \$30,000 of court house bonds and \$30,000 of jail bonds would be issued at once and offered for sale. In the afternoon the county board went over to Omaha to inspect court house and jail there, and get such "pointers" as might serve them in the erection of the proposed buildings here.

PERSONAL.

William Mass leaves to-day for Sioux City. A telegram from Oakland announces the illness of Mrs. Belle, sister of E. Huntington, of this city.

James Mathewson, the street lighter, has received the sad news of the death of his wife's mother, Mrs. W. B. Newton, of Oakland.

Mrs. Lizzie Harle, wife of T. W. Harle, a prominent attorney of St. Joe, has been visiting her father, Auditor Burke, of this city for three weeks past, and returned to her home yesterday.

NEW WHITE GRAPE Copy of a part of a photograph of a NIAGARA vine, planted 1878, as it appeared Fall of 1880 with 63 clusters weighing 26 lbs. on 48 in. bearing wood

1st.—The Niagara ripens in favorable seasons at Lockport, Aug. 20th. 2d.—It never drops from the stem if left to hang till frost comes, and improves in flavor all the time. 3d.—It is purely native, and therefore hardy. Has stood 35 degrees below zero without injury. 4th.—Bears a good crop the 3d year and often the 2d, and is a regular bearer, and no waste, as bunches are compact. Never fails to ripen its crop as the thick leathery foliage holds even to the base of the canes until frost kills it. 5th.—Vineyards are in bearing in various sections from Georgia to the Northern Lakes and Canada, and from Kansas to the Atlantic coast; there being more than 1,000 acres planted within the last five years, and over 200 acres were planted at Brocton, Chautauque Co., N. Y., last spring, (1884); Jones Martin alone having 47 acres; the largest vineyard of Niagara, being planted at Highland, Ulster Co., N. Y., by Saml Rogers, Esq., which contains 80 acres of this one variety, and he has realized from 30 to 50 cents per pound for his fruit, while Concord grown in the same locality brought from 4 to 6 cents only. 6.—All parties planting vineyards have signed a contract to return all the wood and cutting every year back to the Company up to, and including 1885; so it has been the sole owner of all the stock, and no one but the Company and its authorized agents can sell and deliver genuine Niagara vines. So all persons should examine agent's certificate of authority, and see that it has the corporate seal of the Company attached, and every vine that it has a lead seal attached, bearing the impression of the Company's registered trade mark. 7th.—We now offer for the first time, strong 2 year old vines at \$2.00 each without restrictions, to be delivered on and after March 1st, 1885.
