

THE DAILY BEE.

CHAS. CURTIS, No. 514 AND 516 FARMAN ST. NEW YORK OFFICE, ROOM 65 TRINITY BUILDING.

Published every morning, except Sunday, the only morning paper published in the state.

THE BEE PUBLISHING CO., Props. R. ROBERTS, Editor.

The European war still continues, but what the Americans want is more fighting and less talk.

FORAKER expects to run with a four-in-hand over the Ohio gubernatorial race course next fall.

THE KANSAS drug stores are selling three bottles of beer for a dollar, labeled, "for medicinal purposes only."

THE Rowdy West has as yet received no attention from the Buffalo bill who is prancing around in the democratic china shop.

VANDEBILT, GOULD and FIELD are all said to be on the sick list. It is this a fact, their doctors ought to make a fortune.

We shall presently see how much reform there will be in Omaha, and how much better government we shall get than we have had.

MAY let it moving day, but whether the Western Union will on that date make any move in the matter of the demands of the operators remains to be seen.

WHAT has become of the Nebraska militia, and where is Col. Colby? In these days of war and rumors of war we should be prepared for any emergency.

MR. CLEVELAND has too much love for the mugwump to suit the straight out democrats. The mugwump is good enough when it comes to voting for a democratic president, but when it comes to holding office he is entitled to no consideration.

MR. KELLEY has exchanged the mission to Rome for that of St. Petersburg. He would rather risk himself among the hills and dynamite bombs than face King Humbert and tackle monarchism.

POSTMASTERS who have increased their sales of stamps, and consequently their salary, by using stamps to pay their grocery bills, and to purchase household goods, will have to go.

NOTWITHSTANDING the assertion that Mr. Morgan, the newly-appointed consul-general of Melbourne, "has always been a democrat, and was a supporter of Cleveland," the New York Evening Post repeats its charge that he was an offensive Blaine partisan, and did all he could for him during the campaign.

HISTORY repeats itself. Should war be declared between Russia and England within the next few days we may look for a repetition of the Alabama and Kearsage fight.

CONGRESSMAN-ELEUT HENLEY, of California, finds himself placed in rather an awkward predicament. It is charged that he is an alien, he having taken an oath of allegiance to Maximilian when emperor of Mexico.

THERE will be a vacancy in the Plattsmouth postoffice on the 1st of May. Mr. Marshall, who was appointed by Abraham Lincoln, about twenty-four years ago, has tendered his resignation, although his term does not expire until two years hence.

PLEURO-PNEUMONIA.

The reappearance of pleuro-pneumonia among cattle in any part of the country may well be viewed with alarm. It is a very contagious and fatal disease, and one which it is very difficult to check.

The recent breaking out of the disease in Calloway county, Missouri, has naturally created a great deal of excitement among the cattlemen of the west, as Missouri is one of the leading live stock states of the west, and sends out large shipments of the principal stockyards every day in the week.

The Grand Island Times tenders its compliments to the forthcoming exposition in this state. "Omaha is constantly adding to her metropolitan features and soon will be equal of any of the old cities in the way of convenience."

There is also another feature, in this connection, that is worthy of careful consideration, and that is an interstate fat-stock show. Omaha is in the center of the great stock-raising country.

Another attractive feature of the exposition would be a mineral display, embracing collections from the numerous mining regions of the west.

The last session of the territorial legislature of Dakota provided for a convention to be held in Sioux Falls on September 8th to prepare a state constitution under which to seek admission into the union.

There will be a vacancy in the Plattsmouth postoffice on the 1st of May. Mr. Marshall, who was appointed by Abraham Lincoln, about twenty-four years ago, has tendered his resignation, although his term does not expire until two years hence.

THEY HAVE STRUCK THE GREATEST LEGISLATIVE REFORM OF THE AGE; THAT IT IS ESSENTIALLY PERFECTABLE AND WILL ENTIRELY DO AWAY WITH THE PRESENT APALLING LEGISLATIVE LOGROLLING, CORRUPTION AND EXTRAVAGANCE.

This scheme is, to say the least, a revolutionary one in the manner of enacting legislative business, but whether this novel plan would accomplish all that is claimed for it is rather questionable.

Editors in the northwest carefully weigh every word before printed, especially when the subject is one so sensitive as the one mentioned. Referring to a recent raid of a gang of steer-punchers, who laid siege to the town of Chadron, the Times writes: "We do not suppose that the authorities are satisfied there is danger attached to it, and we think it better for everybody not to get drunk."

The testimony taken at Plum Creek in the case against the Brighton Ranch company for use in the United States court, shows that a large number of the cattle in the settlement of the lands fenced in by them, although they have no other title than that of usurpers.

The remains of the recent wreck on the B. & M. near Lincoln was hauled to Plattsmouth for the purpose of being sold as scrap iron. The wreck was a steam engine, and was almost a total wreck.

To show the demand for farm land in this state and the high prices it commands, the following facts are given: It is reported that the streets that John W. Barnes cleaned up last week on commissions for the sale of U. S. lands \$7,250.

There are quite a number of our business men, especially the owners of hotels, who feel reluctant about donating any money to a district fair, but who are anxious to invest liberally in a permanent exhibit.

It is self-evident that such an exposition company would be able to secure contributions on a large scale from every class of merchants and manufacturers and other business men, upon the assurance that the money is to be invested in substantial and permanent improvements.

THE ESTABLISHMENT OF A HANSON CAB LINE IN THIS CITY BY MR. JAMES STEPHENSON IS A NEW DEPARTURE WHICH WILL COME TO OUR CITIZENS.

This establishment of a Hanson cab line in this city by Mr. James Stephenson is a new departure which will commend itself to our citizens. It is a metropolitan feature and a great public convenience.

Editors in the northwest carefully weigh every word before printed, especially when the subject is one so sensitive as the one mentioned. THE SENATOR STANFORD.

The Distinguished California Statesman and Railroad King in Omaha. Interviewed by a Reporter for the "Bee"--Gen. Grant Getting Well on the Use of Clover Tea--A Passing Reference to the Administration and to Business.

Hon. Leland Stanford, president of the Central Pacific railroad and United States senator from California, was in Omaha several hours yesterday, being en route home to San Francisco from Washington and New York.

The senator left Washington about four weeks ago, since which time he has been in New York City, and while there was an almost daily visitor to the sick room of Gen. Grant.

Stanford was unable to say whether General Grant would come to California or not, as there was a great deal of opposition to his taking such a long trip, principally for the reason that it was thought he could not stand it.

Stanford was released from the Jefferson City penitentiary about three years ago, and on the day that he was released I arrested him on the old charge of the express robbery and brought him east.

"Reno was released from the Jefferson City penitentiary about three years ago, and on the day that he was released I arrested him on the old charge of the express robbery and brought him east.

THE POLICE COURT.

The Morning Business--Effect of Book Beer. The sombre effects of book beer were plainly observable in the police court yesterday morning.

For instance, the fine collected under the city ordinances will be credited to the school fund, the costs to the general fund of the city.

The fine collected under the state laws will be credited to the school fund, while the costs will go to the county fund.

For instance, there were W. J. Frances and E. J. Frances, two very nice young mortals in whose souls there are nothing but the most kindly feelings towards one another.

THE COLLAPSE OF A BUILDING.

PITTSBURGH, April 27.--By the collapse of a building during a fire on Third avenue, two men were killed, four seriously injured and a number of others slightly hurt.
