The Stenographers.

The Omaha stenographers' association held its regular meeting Toesday evening in the rooms of the Standard shorthand school, there being a large attendance. After the disposal of the usual routine business, Miss M. E. Fields gave a recitation in a very offective manner, which was followed by a well-written essay on "Solf Help," by Miss Lulu Tabor. Mr. Haisey V. Fitch read from a work on "Suggestions to Students," which was well received. Mr. Thomas P. Wilson official court stenographer, gave an exhibi-tion of rapid writing on the black board at an almost incredible rate of speed, and then read back his notes with great fluency. The association offers a prize, to be competed for at the next regular meeting, Tuesday, March as the next regular meeting, luceday, starch is, to the most rapid writer of any system of shorthand who has not held a position over a year. In addition to the prize the association will also give to the successful competitor a certificate, duly signed by its officers, stating the result of the competition.

THE CUT EXTENDING.

The Passenger Rate War Threatens to Become General,

The rate war is assuming some very

threatening aspects, and promises to become

more general than was at first anticipated. Managers and agents of western lines no longer hope to be able to check the downward tendency of rates and prevent the cut crossing the river. Tuesday, in a meeting of the Trans-Missouri passenger association at Kansas City, the Missouri Pacific gave notice of its intention to immediately put into effect the rate of \$15 on first class business to Pueblo. If this is done then away go the established tariffs everywhere. Whatever reduction the Missouri Pacific makes to Fueblo will be met by the Union Pacific at Denver, Colorado Springs and Choyenne. The price of tickets now from Missouri river points to met by the Union Pacific at Denver, Colorado Springs and Cheyenne. The price of tickets now from Missouri river points to Denver, Colorado Springs and Pueblo is \$18.15, and to Cheyenne \$16.15. It was reported that the Missouri Pacific proposed to quote a clean cut of \$8.15, and thus bring the rate down to \$10, but General Agent Philippi received a message vastarday in lippi received a message vesterday in which it is stated that the reduction will be only \$3.15. If the Union Pacific is forced into this fight and compelled to make a \$10 rate for Denver and Cheyenne, it will necessarily have to lower its Ogden and Salt Lake tariffs

The rate cutting on all east bound roads is going on at a lively pace. Last evening the Northwestern knocked off 25 cents on each Northwestern knocked off 25 cents on each ticket, the bridge toil, and quoted first class fares, Omaha to Chicago, at \$5, and second class \$5. The Missouri Pacific also stepped in and made a similar rate to St. Louis. It is thought now that before Saturday night first class tickets will be offered at \$5 and second class as low as \$2.50. Since the Missouri Pacific broke loose there is no death, that it will extend the way to Colorado. doubt that it will extend the war to Colorado common points.

The Standard. "I regard Hood's Sarsaparilla as having passed above the grade of what are commonly called patent or proprietary medicines," sail a well known physician recently. "It is fully entitled to be considered a standard medicine, and has won this position by its undoubted merit and by the many remarkable cures it has effected. For an alterative and tonic it has never been equalled."

BISHOP SCANLAN.

Clergy of Omaha Suggest Him as Bishop O'Connor's Coadjator.

Tuesday there was a successful meeting of the Catholic clergy of the diocese of Omaha held in this city for the purpose of suggesting some cleric to act as coadjutor to Bishop O'Connor, The meeting was held with closed doors, but at its conclusion it was announced that the choice of the assemblage had fallen upon Bisnop Scanlan of Salt

Rt. Rev. Lawrence Scanlan, D.D., candidate, was born in Ireland about fifty years ago. He was educated and ordained priest at the missionary college of All Hal-

ows near Dublin. He was immediately sent to the archdiocese of San Francisco. Utah was designated as the field of his future usefulness, and there he has labored with remarkable success for twenty years. Though there was only a handful of Catholies in Salt Lake City at the time of his advent, and though even now the members of his faith are very few, he has succeeded in erecting a fine church, a hospital and a college. He is praised as being a man of great shrewdurss and prudence, entirely void of affectation or pomposity, and possessed of the faculty of gaining and retaining the good will of his fellow-citizens of all denominations.

It is the conviction of those who are ac-quainted with the prelate that if the choice of the priests should be confirmed by Rome, a good, hard working bishop will receive a deserved promotion and the diocese of Omaha will long have reason to bless the wisdom and good sense of the priests who made the selection.

drowning aim.
On the river bank at the foot of Jones street Pulaski has built his pound. He has four stalls for the canines caught. The first day they are placed in stall No. 1, the second day in stall No. 2, the third day in No. 3, and on the fourth day, if not claimed, will be placed in a wire crate and dipped in the river until dead. Mr. Pulaski will have a separate space for blooded or pet dogs which he will perhaps keep a few days longer than he will the curs.

The apparatus used for catching the dogs

is a wire slip noose which works similar to a lariat. It closes tightly about the dog's throat, but can be instantly released by loosening the hold. Pulaski will start out early with a wagon, driver and two men and first clear Third ward of errant curs. fore tonight the pound will be a place of much interest.

WITHDREW THE CHARGES.

It is Admitted South Omaha Was Not Discriminated Against.

The meeting held at William A. Paxton's office Tuesday night between live stock ship pers, packing house managers and railroad officials to patch up existing differences, resulted in an agreement, whereby the shippers will withdraw the complaints filed by them with the state board of transportation. General Manager Heldrege of the B. & M. acted as spokesman for the railroads, and when asked to give a statement of the proceedings, said: "I am satisfied the shippers were laboring under a false impression when they conceived the idea that we were discriminating against the South Omana stock yards and market. After we gave them an explanation of our tar-iffs they seemed to be satisfied and agreed to withdraw their charges."

A.B. & M. Promotion. Arthur B. Smith, for a long time chief clerk to General Passenger and Ticket Agent Francis of the B. & M., has been promoted. On his return from Boston he found an official notice on his desk appointing him assistant general passenger and ticket agent.

C. R. Davidson, chief rate clerk, will probably become Mr. Smith's successor.

Weight of Railway Mails.

On April 1 commences the quadrennial weighing of mail matter in the railway mail service. The weighing tests continue for thirty-five days. It is supposed to last a month, but as the Sunday mails are added to the Monday reports, the work will actually be longer than a month. The weighing is done in order to furnish an estimate for charges for services.

Representative Darsey has recommended the appointment of the following mail weighers, and they will report for duty at the beginning of next month: Alex Peterson of Kearney, to run on the Union Pacific to Ogden; E. S. Nesbitt of Crawford, from Lincola to Crawford; Fred Brown of Ful-lerton, B. & M., between Grand Island and Ora; E. Hunter of Wayne, from Omaha to Sioux City; Edward Benton of Fremont, from Fremont to Norfolk; Simpson Bever-idge of Fremont and E. M. TO VISIT BEATRICE.

The Board of Trade Takes a Hand in the Rock Island Extension.

Arrangements are being made for a specia car to carry the Omaha delegation to the railroad meeting to be held at Beatrice tonight in the interest of the proposed Rock Island extension from Omaha to southern Nebraska. The real estate exchange will send a committee of at least twenty members and the board of trade will send a delegation equally as large. The following official circular, announcing the trip, has been issued by the board of trade:

To the Members of the Omaha Board of Trade—Gentlemen: Believing that Omaha is interested respecting the route which the Rock Island railroad line through Nebraska may be constructed on, the board of direct ors have decided to send a delegation to at-tend the meeting at Beatrice tomorrow, and all members of the board are hereby apcointed and asked to become members of this committee.
