MADE IN THE UNITED STATES OF AMERICA.

INTOLERANCE REBUKED.

The outcome of the stupid and malicious prosecution of the editor of THE BEE by the Tekamah fanatics is timely and merited rebuke to intolerance. Free speech is embodied among the foundation rocks upon which the whole superstructure of this republic is supported.

NO ORGANIZATION OR SOCIETY THAT SEEKS TO PROMOTE POLITICAL REFORMS CAN ENTER THE DOMAIN OF PUBLIC DISCUSSION HEDGED IN BY THE LAWS THAT ARE FRAMED FOR THE PROTECTION OF RELIGIOUS WORSHIP FROM INTRUSION OR DISTURBANCE.

Helen Gougar was hired by the state prohibition committee to deliver a number of temperance lectures in Nebraska. The object of these lectures was political. She addressed herself alike to men of all creeds and no creed. Her lectures were simply campaign speeches, and were so advertised. Attention was called by posters and papers to her effective work as a political agitator in the woman's suffrage campaign.

UNDER SUCH CONDITIONS THE LECTURER, BE IT MAN OR WOMAN, WAS AMENABLE TO ORDINARY POLITICAL USAGES.

If a campaign speaker anywhere singles out any individual, however obscure or prominent, and charges him with disreputable or criminal conduct, that person is always privileged to demand that the speaker produce his authority for such charges. Helen Gougar went out of her way to publicly retail and repeat a vile slander for which she had no proof or justification. And it was the guilty consciousness of this fact that made her shout: "Rosewater can't speak in this meeting!"

IN THIS OUTRAGEOUS CONDUCT SHE WAS SUPPORTED BY THE MISGUIDED PROHIBITIONISTS OF TEKAMAH.

Not only did they create a most disgraceful disturbance but as was testified by their most active swashbuckler, Dr. Pierce, several of their most zealous crusaders, notably Judge Wade Gillis, had actually used profane epithets in an assembly which they all claimed to have been a religious meeting.

IT WAS OF COURSE THE PRIVILEGE OF THIS BAND OF FANATICS TO PASS A VOTE OF CENSURE UPON THE EDITOR OF THE BEE, JUST AS THEY HAVE CENSURED THE DISTRICT JUDGE.

But they did not stop with resolutions of censure. They took it into their heads to make an example of the editor of THE BEE by a criminal prosecution. They had his name prominently inserted in the criminal docket of Burt county and sought to cast a stigma upon him by associating his name with forgers, burglars and common thieves. With the assistance of a sap-headed county attorney they sought to carry to its full length their scheme of "hogback" of old Omaha will soon be a reminiscence.

DEMOCRATS ARE UNDESIRABLY ATTRACTION TO THE FATE OF THE NATIONAL SENATE.

Republicans made a surplus possible, and they can be depended on to disburse it to the best advantage of the country.

DEFENDING A FEW MONTHS' CAMPAIGN OF MORAL SUNDAY IN IOWA.

Francis Murphy brought about more genuine temperance reform than prohibition has in five years. Twenty thousand persons signed the total abstinence pledge.

THE CONCLUSION OF A RECIPROCAL TREATY BETWEEN OMAHA AND CONNELL HUNTS FOR THE BENEFIT OF TENSORS SHOULD BE SUPPLEMENTED WITH A SCHEDULE OF RATES WHICH WILL SAVE THEIR PATRONS FROM INVOLUNTARY BANKRUPTCY.

COMPARATIVE MEAT-PICKING STATISTICS ARE SLIGHTLY FAVORABLE TO OMAHA'S RECORD, BUT THE INCREASE IS NOT AS GREAT AS THE EXTENT OF THE TERRITORY TRIBUTARY TO THE MARKET WOULD WARRANT IF THE BUSINESS WAS ENERGETICALLY AND PERSISTENTLY WORKED.

THE STATE BANKING BOARD APPEARS TO HAVE SUFFERED ANOTHER RELAPSE IN THE ENFORCEMENT OF THE LAW.

If there are any state banks complying with the law in publishing their quarterly reports, the fact should not be conveniently hidden in an obscure corner of the press.

THE SPLIT IN THE GENTLE RAINS IN SALT LAKE CITY IS NOT SURPRISING.

The alliance of the democrats with the progressive elements was so unnatural that permanency was out of the question. Affiliation with their old allies, the Mormons, is only a question of time.

THE ATTEMPTS OF THE SOUTH OMAHA BUILDERS TO WORK UP PUBLIC SENTIMENT AGAINST ANNEXATION HAS NOT BEEN A HOWLING SUCCESS.

The intelligent voters know that their immediate and future prosperity depends on a union of all interests for the common good.

AN INVESTIGATION COMMITTEE SHOULD BE APPOINTED TO INVESTIGATE THE CHARGE OF COUNSELLOR WHEELER THAT SOME OF HIS COLLEAGUES CANNOT READ OR WRITE.

This is a vile and unbecoming assault on our reform administration, which should be officially refuted. Send for persons and papers.

PROHIBITION GOES INTO EFFECT IN SOUTH DAKOTA ON THE FIRST OF MAY.

The success of the law may be inferred from the fact that the Omaha revenue office, which embraces Nebraska and Dakota, laid in an extra stock of stamps to supply the increased demand for liquor dealers which invariably follows prohibition.

WHILE OUR LOCAL LAWMAKERS ARE TIGHTENING THE COILS AROUND THE PAWNBROKERS, THEY MIGHT PROFITABLY EXTEND POLICE SUPERVISION OVER THE CHATTEL MORTGAGE SHARPS.

The revelations recently made in the courts show that the pawnbrokers are honorable compared with the leeches who ply their unscrupulous trade amid respectable surroundings.

THERE SHOULD BE ANY LEGISLATION TO PROTECT AMERICAN ROADS AGAINST THE COMPETITION OF THE CANADIAN CORPORATIONS.

The expediency of requiring the alien roads doing business in this country to conform to the provisions of the interstate commerce law so far as that can be made applicable was admitted, but there was strenuous opposition to the proposal of any new legislation intended to cut off Canadian competition.

THERE IS NO REASON TO SUPPOSE THAT THIS SENTIMENT HAS UNDERGONE ANY CHANGE, AND IF THE SENATE COMMITTEE SHALL RECOMMEND LEGISLATION OF THE CHARACTER TO BE EXPECTED FROM THE TONE OF ITS REPORT SO FAR AS MADE PUBLIC, IT WILL FAIRLY FAIL TO ENCOUNTER THE VIGOROUS HOSTILITY OF NEW ENGLAND AND NORTHWESTERN INTERESTS.

The people of those sections are confirmed in the belief that they cannot without suffering great loss have their business placed wholly at the mercy of the American railroads, and no considerations of patriotism are likely to dissuade them from this practical view of the situation. Nevertheless, some legislation in restraint of Canadian competition is highly probable. The matter is one of very great importance in its bearing upon the interests and welfare of millions of our people, as well as upon the prosperity of important railroad interests, and also in the influence it may have upon our future commercial relations with Canada.

AN AGREEMENT REACHED.

The silver question appears to be at last in a fair way of settlement. The joint committee of the senate and house have reached an agreement which it is probable will be approved by a majority of both houses, and in that case very likely by the administration. This was brought about by a concession to the senate demand regarding the redemption of the notes to be issued against silver bullion. The issue between the committees of the two houses was whether the notes should be redeemed in silver, either bullion or coined dollars, or at the option of the government in gold, as provided for in the house bill, or redeemed in lawful money, either gold, silver or legal tender notes, as contemplated in the senate bill.

THE AGREEMENT REACHED IS THAT THE SILVER BULLION NOTES SHALL BE REDEEMABLE ON DEMAND IN LAWFUL MONEY, AND WHEN SO REDEEMED MAY BE REISSUED, "BUT NO GREATER OR LESS AMOUNT OF SUCH NOTES SHALL BE OUTSTANDING AT ANY TIME THAN THE COST OF THE SILVER BULLION THEN HELD IN THE TREASURY PURCHASED BY SUCH NOTES."

AS MIGHT HAVE BEEN EXPECTED.

The Canadians are exceedingly prompt with their retaliatory tariff measure.

A POLITICAL ELIXIR.

Every Iowa governor since 1879 is alive and hearty. The Iowa gubernatorial chair would seem to have distanced Dr. Brown-Sopard.

HOW LONG, O LORD, HOW LONG.

While Mr. McKinley has been predicting that the session of congress would close by the beginning of June, Senator Hoar puts that event in September. There is a wide margin of time between these dates, but the chances are that the senator's guess will be far nearer the mark than the representative's.

THE HASTINGS PATRIOTS.

The Hastings, Neb., adherents in a burst of public spirit have adopted a resolution to donate their services to the city. Their patriotism has gone to even greater lengths and they have cut down the salary of every city official to 25 per cent. This latter exhibition of public spirit, however, is akin to that of the man who would sacrifice his wife's relations on the altar of his country.

Vernie Mayne, a ten-year-old Clinton urethra, has been bound over to the district court by the charge of carrying a knife to the store. His love for cigarettes was the chief cause of his downfall.

The largest sawmill in the world is located at Clinton. It cost \$300,000 and is capable of cutting 100,000 feet of lumber in eight hours. It has seven band and three gang saws and two batteries of ten boilers each.

Rev. Mr. White, pastor of the Congregational church at May Center, has tendered his resignation to accept a missionary appointment to Japan. He will start for his new field of labor about the middle of June.

James M. Johnson of Creston has brought suit for \$5,000 damages in each case against four subcontractors of that city. The complaint alleges that the defendants are subcontractors in erecting a building in which liquor is sold, and cites that her husband was discharged from the employ of a railroad company on account of drunkenness caused by the building.

An ardent well near Belle Plaine is the cause of considerable anxiety to the people in the vicinity. A rock had become fixed in the well, and to get the rock out the casing was sunk and the water to go where it pleased. The water did not rise to the top of the well, but spread out through a layer of quicksand, saturating the ground for a considerable distance. The water of the well has affected a number of wells in Belle Plaine and the country adjoining and it is feared that unless the water is shut off at the well, the well system in the vicinity will be destroyed.

PRESBYTERIAN BOARD OF MISSIONS.

Close of the Women's Convention—Clark Succeeds Davis in the Lincoln Land Office—A Hitch in Teeter's Confirmation.

LAND OFFICE CHANGE.

W. H. Clark succeeded Tom B. Davis as register of the United States land office today. Mr. Clark received his commission yesterday from Washington and was formally turned over to him this morning.

It seems that there is some hitch in the appointment of Joe Teeter as receiver, and he is not a candidate for congress, and never has been and the relations between himself and Mr. Nettleton of Clay county, who is understood to be after Laws' brigades. The special also states that Nettleton, who is one of the prime movers in the May convention, now desires to have anything to do with it and that he proposes to wait for the "regulation republican convention" and go in for the congressional nomination as an old-time republican.

"Say for me," said the attorney general, "that there is not a syllable of truth in it. I am not a candidate for congress, and never have been and the relations between myself and Mr. Nettleton are of the most friendly character. We are both working for the good of the state, and I have no objection that our anticipations will be fully realized. In this connection I desire to say that the convention called for May 23 will consider principles and not men."
