THE SPECULATIVE MARKETS.

An Excited Opening in the Wheat Pit Accompanied by Strength.

CROP NEWS OF A BULLISH NATURE.

Corn Fails to Show Any New Lines of Business-Much MoresForce to Hog Products-Cattle Active-Hogs Slow.

CHICAGO April 20.- [Special Telegram to THE BEE. |-There was and excited opening in wheat today and the activity was accompanled by strength. The opening in July was at 861, 63814e, with little to be had below 8814e. The action of the market up to I o'clock was as follows: July sold at 80%c, up to 87%c, off to 87%c, up to 87%c, off to 87%%87%c, to 87%% 8714c, to 8714c. May sold early at 80146880c and June at 88@88%c, reacting later with July. Several influences conspired to make a big, strong market early. Crop news was of a bullish nature, confirming many of the worst re-ports made heretofore. Extreme dry weather with high winds continues in the northwest. An official cablegram gave 889,000 bushels decrease in wheat on ocean passage. The Farmers' Review makes. Its estimate on the condition of winter wheat 79 per cent against 81 per cent a month ago. Along with all this buil news the outside sent buying orders. Commis-sion houses were busy filling these orders at the start. No wonder there was a bound to 87%c the first half hour. Later in the day export clearances proved to be 110,000 bushels of wheat and about 40,000 barrels of flour from wheat and about 40,000 barrels of flour from Atlantic ports. Bradstreet's makes the 'decrease on available stocks east of the Bockles 1,400,000 bushels. Howe of Minneapolis wired that country millers in the northwest are buying wheat from country elevators. The signal service predicted a lower temperature for the next two days. New York and St. Louis were buying wheat in this market. On this influence July went to its high point—875.e. That it did not go le higher was parriy due to Hutchinson seiling something like 2,000,000 bushels of wheat during the day. The best strength of the day in wheat was just at the close. There was eager buying of June and July. They did not want May delivered to them, so that closed at 80c, while June went flying to 805c and July sold at 875c and elosed at 875c. On the curbone hour after the close on 'change July wheat was at 875c0 855c.

The corn market did not show any new lines.

88%c.
The corn market did not show any new lines of business. Trading was largely changing from May to June at 5@le difference. Light deliveries are anticipated and this nad the effect of helping prices a little. May sold at 31%c, to 37%c.closing at 37%c.closing at 37%c.closing at 37%c.closing at 37%c.closing at 38%c.closing at 38%c

sold at 35%, closing at 35%, 35%; June sold at 35%, closing at 35%, 35%; September closed at 35%, closing at 35%, 35%; September closed at 35%, closing at 35%, 35%; September at 34%, closing at 35%, 35%; September at 34%, closing at 35%, and at 1 had most of the session. There was a very fair advance in prices at one time, with May at 25%, June at 25%, and July at 25%, and carry at 25%, closing prices were generally 1-16c under these figures. May sold early at 25%, and the trace was much more force to business in hog products today. Fear of labor troubles at the yards seems to have subsided a little and the trade took hold in better shape. The tendency of the market for all products was upward. The clique or some other power started mess pork 10515c higher, with May at 415.00, June at 415.12% and July at 413.22%. A little change was made in these figures late in the day, when May went to \$13.25%, June to \$13.45% and July to \$13.25%. Just before the close May was offered at \$15.12% and June at \$13.40 without takers. Lard on moderate business went up to \$1.25 for June and \$4.54 for July. Ribs were nost active and advanced to \$5.50 for July. The closing prices for July were: Ribs, \$5.25%; lard, \$6.45; pork, \$13.25%. Ribs were bid up just at the close and pork was offered to make lower closing prices.

CHICAGO LIVE STOCK.

CHICAGO, April 30.-[Special Telegram to THE BEE. |- CATTLE-Business was again active, with another upturn of 10@15c, making an advance of 20%25c for the week so far or best native steers. Butchers' stock of all kinds was steady to strong. There were only thirtyseven cars of Texans in sight, all of which sold at strong prices. Stockers and feeders continue to make higher prices for the year.—Choice to extra beeves. \$4.895.50; feeders continue to make higher prices for the year. Choice to extra beeves. \$4.8965.20; medium to good steers, 1350 to 1500 lbs. \$4.9069.50; 1200 to 1550 lbs. \$4.9069.50; 950 to A200 lbs. \$1.5064.25. Stockers and feeders \$2.8064.15; cows bulls and mixed. \$1.50663.40; bulk. \$2.4062.80; slop-fed steers, \$4.3064.65. Texas corn-fed steers, \$2.2563.90; grassers, \$2.8061.30. Hoos—The general market ruled rather slow. The uncertainty of the outcome of

slow. The uncertainty of the outcome of labor matters has an enervating effect on the general provision trade, hence packers have to feet their way and go slow. Prices in mixed, unsettled and at the close buyers for packees were bidding only \$4.1004.15 for good mixed. The same sold early at \$4.15@4.2. Best heavy sold at \$4.20@4.25 and light at \$4.15@4.17.

FINANCIAL.

NEW YORK, April 30 .- (Special Telegram to THE BEE.] - STOCKS - There was much similarity with preceding days in the action of the stock market early today with the exception that the market failed to open at a material advance over last night's figures and first advance over last night's figures and first prices were either unchanged or but slight fractions different. Northern Pacific preferred was the only marked exception, with a gain of is per cent. The usual drive at values succeeded and prices yielded all over the room, with Missouri Pacific. Rock Island and some specialities leading, though concessions were confined to fractional amounts except in the received of Cleveland. Cincinnati. Chicago & St. Louis, which lost I per cent to 75. Northern Pacific preferred was the strong point in the list still and rose to 81%, against \$9. last evening. San Francisco preferred was also specially strong, rising 1% to 47% on light transactions. There was also the usual recovery toward the end of the hour, when the market became comparatively quiet. Early losses were not fully recovered and at 11 o'clock the market was fairly active and fairly firm, but still a slight fraction below the opening. As has occurred for days past, the market broadened and strengthened before moon. Sugar trusts were weak early, rallied and moved up to 75½, Big Four recovered to 75½ and Louisville & Nashville from 90½ to 91%. Northern Pacific common sold up to 34½ and preferred held strong at 81 or better. The advance extended through western stocks generally and Atchison moved up to 40 and Burlington to 105%, I per cent over last night, followed by 8t, Paul to 75%. Union Pacific and Northwestern were simply steady. The upward tendency was fully anticipated by the street. At the resorts last night it was given out that Western London at the opening today had much to do with hardening the market of the same line. Commission people have largely swung into line and lately foreign buying has become a positive buil force. Large b prices were either unchanged or but slight fractions different. Northern Pacific preferred

Cattle.

Wednesday, April 30. Estimated receipts of cattle 3.100, compared with 3,222 yesterday and 2,706 Wednesday of last week. The receipts for the first half of for the corresponding period last year, a gain of 551. The cattle market was simply on a of 551. The cattle market was simply on a boom. The market opeped early and active with nearly everything sold before midday. The steer market opened unusually early active and strong with the best grades selling readily at 5c to lie higher and all other qualities active at strong to a shade or 5c higher than yesterday. The quality was very good, or, to use the expression of a well informed old-timer at the yards, "it was the best run of eattle for a year." The number of sales at and above the \$4.00 line was oulfe large, one bunch reaching the fon sales quite large, one bunch reaching the top sales of the year, \$4.67%. About twenty-five loads of cows were on sale. The cow market opened early, active and strong with the choicest lots selling at a shade to a nickle higher, with lots selling at a shade to a nickie higher, with occasional sales reported at even better prices than 5c advance. The less desirable grades changed hands readily at from firm to strong prices. Bulls were active and firm. The feeder market continues well supplied with the range of prices a shade lower than last week's top.

Estimated receipts of hogs 5,300 compared with 5,579 yesterday and 3,769 Wednesday of last with 6.519 yesterday and 3.769 Wednesday of tast week. The receipts for the first half of the week have been 14.534, compared with 11.352 for the corresponding period last week, a gain of 3.081. The market opened slow and 5c lower. After the market was fairly opened sales were made rapidly and nearly all the pens were cleared before noontine. The average price was \$1.33½ compared with \$3.97½ yesterday and \$3.95½ Wednesday of last week, the lowest average of the prices during the month. The range of prices was \$1.85\mathcal{Q}\$1.00, the bulk selling at \$1.90\mathcal{Q}\$3.35.

Estimated receipts of sheep 434 compared with 189 yesterday and 31 Wednesday of last week. The receipts for the first half of the week have been 632 compared with 681 for the corresponding period last week. The sheep market remains unchanged.

Nebraska Corn Supply.

Edward Lancaster of Holmesville, Gage county, on the Union Pacific, says: "I think half of last year's crop of corn in Gage county has been marketed, and of the balance about one-eighth will be required for home consumption. The range of prices last year was 18@2216, while this year it has been 14@ 21c. We had trouble getting cars in December and February. The freight last year to St. Louis was 18c, and this year is 16c, and to Chicago last year was 23c and this year

W. C. Swarts of Silver City, Mills county Iowa, says: "I think one-half of last year's corn crop of Mills county has been marketed, and of the balance about two-thirds will be necessary for local uses. The range of prices last year was 15@20c, and this year it is the

Rudolph Ulrich of Tobias, Saline county, on the St. Joseph & Grand Island, and Kan sas City & Omaha roads, says: "Two-thirds of last year's corn crop of Saline county has been marketed and half of the balance will be required for home consumption. The range of prices last year on corn was 15@221.c range of prices last year on corn was tone. Tobias and this year it has been 13@21c. Tobias and this year it has been 13@21c. shippers had trouble in getting cars only dur-ing a few days."

John Hastie of Auburn, Nemaha county, on

One-half of the corn crop of Nemaha county last year has been marketed. Of the balance, about half will be needed for home consumption and the rest will be for market. The range this year has been 15@21c. D. J. F. Reed of Crete, Saline county, on the B. & M. says: "About 60 per cent of last year's crop of corn has been marketed by the producers. Of the balance about 20 per cent will be necessary for home consumption cent will be necessary for home consumption, leaving only about 20 per cent to be marketed. The range of prices last year was 15@26c. This year the range has been 14@22c. We were short of cars during the fore part of the winter and up to February 1. During most of this time we did not have more than half enough. I think about the same per centage of the crop of Lancaster, Nemaha, Otoc and Gage counties has been marketed that has been disposed of in our county. I have traveled through these counties and have been so

The Coming Wool Clip.

Our local correspondence from the woolgrowing sections of the interior, affords much valuable information to those interested in wool, regarding the prospects, prices, etc., of the coming clip, says the American Wool Reporter. 'The condition of sheep is almost everywhere reported as excellent, and the blades of steel which have thus far entered the fleece have revealed a strongly grown, light-conditioned staple.

It is needless to say that the grower's views as to values have not changed in the direction of their expressing a willingness to accept less than last year's prices for their wool; on the contrary there is every proba-bility that the season will be slow in opening, owing to the wide difference in the views of the grower and dealer. The former has the unprofitableness of lest season's business still fresh in his mind and the depressed condition of woolen manufacturing nterests which is axiomatic, staring him in the face, while the latter has been flattered by the satisfactory prices he received for his clip in 1889 and stimulated by a belief of very beneficial results accrueing in the event of the passage of a bill in congress in the direc-

While the losses in eastern Oregon, northern California, Oregon, Nevada and certain portions of Utah have been heavy, the slight impetus given to sheep husbandry, by causes ously cited, will more than offset diminm in the range districts and we have very reason to believe, will result in a very noticeable augmentation of the wool produc-

Miles' Nerve and Liver Pills.

An important discovery. They act on the liver, stomach and bowels through the nerves. A new principle. They specifly cure billiousness, bad taste, torpid liver, piles and constipation. Splendid for men, women and children. Smallest, mildest, support the support of the second specific section. surest. 30 doses for 25 cents. Samples free at Kuhn & Co.'s, 15th and Douglas.
