THE PHARMACISTS' ADJOURN. Proceedings of Yesterday's Session of the State Convention.

There were no absentees from yesterday's session of the state pharmaceutical association and a large number of new faces were seen. Mr. D. L. Haigh of St. Louis was present as a delegate of the Missouri state association of pharmacists. He was introduced by President Goodman and made an interesting talk.

Mr. D. L. Haigh of St. Louis was present as a delegate of the Missouri state association of pharmacists. He was introduced by President Goodman and made an interesting talk. He presented the greetings of the Missouri association and urged that the Nebraska association send a delegation to the meeting of that of Missouri to be held at Excelsior Springs, Mo., June 3 to 8.

At this meeting it was proposed, he said, to consider the advisability of holding a biennial session of representative druggists of Missouri, Kansas and Nebraska. He discussed the discussion and adoption of plans calculated to benefit the order and to take special action looking to the abolishing of the present systematic adulteration of drugs.

Mr. Haigh's proposition was warmly approved and a resolution was adopted instructing the president of the association to appoint delegates to the Missouri meeting in June. Prof. Loomis of Omaha read a well-prepared paper on "Progressive Pharmacy and the Relation of Employer and Employee."

His advice to the latter, the drug clerks and aspiring pharmacists, was received with marked evidences of appreciation by the association. Mr. M. E. Schultz of Beatrice, from the committee on legislative and school of pharmacy, presented a resolution, which was adopted that no attempt be made to amend the pharmacy act, and that the inauguration of the school of pharmacy be deferred for further consideration.

It was discovered that when selecting Beatrice as a place for the holding of the next meeting the association had neglected to fix a date for the holding of the meeting. Several suggestions were made in favor of holding the session later in the season. Mr. Schultz of Beatrice favored June. He stated that there are not as well supplied with hotel accommodations as Omaha and as some of the druggists might have to camp out they would find it more comfortable later in the season.

He said also that they were rigging up a steamer at Beatrice and would have it ready by June 1. Others favored holding the session about the middle of July and some one called for the Beatrice steamer would be ready by that time. In regard of Beatrice he replied that if the steamer was not ready by that date there would be plenty of "schooners" that would be placed at the disposition of the delegates.

Then Mr. D. W. Saxe arose and with all solemnity asked: "Mr. President, can you tell me what day of the month the 25th of May comes on?" "The 25th, I think, but I am not positive," and in the rear that followed Mr. Saxe explained that he desired to know what day of the week would be the 25th of May next year. It was finally decided to hold the next session on Tuesday, Wednesday, Thursday, Friday, May 20, 21, and 22, next year, at Beatrice.

This completed the preliminary business of the session and the election of officers was declared in order. N. H. Schaefer of Lincoln, who has done "more work for this association than any other man in the state." The nomination was seconded from several parts of the house. A gentleman on a back seat nominated J. H. Smith of Omaha, his opponent having been the nomination and Mr. Daubach was elected by acclamation.

THE PHARMACISTS' ADJOURN. PARDONED IMMEDIATELY AFTER SENTENCE.

KANSAS CITY, Mo., May 15.—(Special Telegram to The Bee.)—At Lawrence, Kan., today B. Conn, the wealthy proprietor of the Eldridge hotel, was tried for violating the liquor law and sentenced to imprisonment and at once pardoned by the governor. The affair was planned yesterday by Conn's attorneys and is the quickest of the kind on record.

Conn's pardon was read in open court, after which he was taken to his home at Grandview, Mo. This is a fair example of the present feeling in Kansas toward the prohibition law, occasioned by the original package decision. A HILTED LOVER SUICIDES. Life Was Worthless to Arentid Arentids With-out Pretty Mary Van Hoe.

THAYER'S LETTER TO SCHWENCK. Bankers Ignoring the Law—The State Ministerial Convention Arrayed for Prohibition—City Items. LINCOLN, Neb., May 15.—(Special to The Bee.)—A wealthy bachelor farmer named Arentid Arentids, who lives five miles this side of Cortland, was found hanging dead in his own barn yesterday and it was evident that death was intentional.

The cause of the suicide was an unfortunate love affair. Arentids was a passably good looking fellow of about thirty, and is of German parentage. He had proved a very successful farmer and had a fine stock farm all paid for and a splendid lot of cattle. He fell in love with a pretty girl named Mary Van Hoe, and as she was willing to accept a ride at any time behind his spanking team of buggy horses, he supposed that she reciprocated his affection.

About a week ago he offered his hand and heart to her, but was dumfounded when she refused to become his wife. Since then he has been acting strangely and it is believed he is suffering from a certain form of melancholy and imagined that somebody was following him constantly to murder him. Sunday night, after a long ride over the country for several hours, he stopped at the house of a relative named Carsten and begged that gentleman to save him from his imaginary pursuers. On Tuesday evening, G. Schwanger called on him and found him in a deep fit of despondency. At Arentids' request, Schwanger stepped up a wall for him. He gave all his property to a cousin named Gasiena Carsten. Schwanger thought at the time that this was a mere temporary whim. This was the last seen of Arentids alive.

The neighbors were horror-stricken and did not send for the coroner until late last morning that official repaired to the scene and engaged a jury consisting of Jacob Bond, L. A. Simmons, H. H. Sprague, F. G. Lasalle, G. H. Ribnik and C. E. Astell. John T. Powell, general solicitor for the state, rendered a verdict to the effect that the death was the result of hanging, with suicidal intent. The body of the deceased was temporarily interred at the Lincoln hospital.

THE GOVERNOR'S LETTER TO SCHWENCK. Governor Thayer expressed himself as considerably surprised over the personal remarks directed toward him in this morning's Bee by Dr. Schwenger, of Norfolk. His excellency asks that the following, which is a copy of the letter sent to Schwenger, be published, and says that this is all the reply he cares to make in regard to its being disrespectful.

STATE OF NEBRASKA, EXECUTIVE DEPARTMENT, LINCOLN, Neb., May 15. Dr. Schwenger, Norfolk, Neb.—Dear Sir: In reply to yours of a few days ago I have to say that the state board of equalization is in session since the 28th day of April and will continue open until the 15th of this month. It is constructed in the interest of the public, for the purpose of hearing the evidence of the witnesses to the case. It is known every year that this board is in session. At this time all county officials appear here without any special notice who appear to do so and we are glad to have them come.

When you say after referring to the meeting here of the representatives of various railroad companies equalizing the year 1910-1911, that you set a day when the people can be heard before your board and we will see that a delegation from your county will appear. It is not seemly to imply that the people might not have an opportunity. I am sure the people will appear and you will see that the board will hear them. I am sure the people will appear and you will see that the board will hear them.

The only property which the state board of equalization has in the state is the land owned by the state. We cannot assess any other property. If that is unequal, the only remedy is to petition the state board of equalization and that is what the law provides. It is justifiable and thus equalize as far as possible. In assessing railroads the law provides that the board shall divide the whole valuation by the number of miles of road, and the result shall be the assessed value per mile. The assessment in each county is determined by multiplying the assessed value per mile by the number of miles of road in that county. The same line of road must, under the law, be assessed the same.

I hope hereafter you will keep better posted. Very Truly Yours, JOHN M. THAYER. BANKERS IGNORING THE LAW. The state banking board held a meeting yesterday, but the members were so quiet about it that nothing was learned concerning its transactions until this morning, and the paper gleamed at very meager. A very startling rumor was brought in concerning the condition of a prominent banking establishment in the city. The members of the board refuse to divulge facts, figures or the name at present.
