

TWENTIETH YEAR.

DIXON CONQUERS WALLACE.

The African Wonder Stretches the English On ampu Senseless at His Feet.

FORTUNES CHANGE HANDS ON THE RESULT

The Largest Throng Ever Packed Within the Walls of the Pelican Club Witnesses the English Pet's Defeat.

Copyright, 1890, by James Gordon Bennett. London, June 28.—[Special Telegram to The Bee.]—During the early hours this morning at the Pelican club, before a Corinthian gathering unparalleled either in numbers or enthusiasm at the swager resort, George Dixon, bantam weight champion of America, boxed Nunc Wallace of Birmingham, for a purse of £500, offered by the Pelican club.

There was wonderful contrast between the competitors. The Englishman looked much stronger, with his building visage, conventionally typical of our best style of brawler. The colored gentleman, who, save gloves, black pants and narrow breech cloth, was in puris naturalibus, seemed the beau ideal of a wary, sniveling athlete.

There was a hush as the men shook hands, each as patient as the other, but Wallace was first to begin, and amid subdued excitement the Englishman led throughout the first round.

There were yells and counter yells, and the whole throng arose, for at this point it looked as if the contest was about to be closed. The call of time mercifully gave breathing space, but that round virtually determined the match, for from this moment there was little hope for Wallace.

THE WORLD'S FAIR PRESIDENT.

Ex-Senator Palmer of Michigan Unanimously Elected.

CHICAGO, June 27.—Ex-Senator Palmer of Michigan was unanimously elected president of the world's Columbian exposition at today's meeting of the national commission and J. S. Dickinson of Texas was chosen secretary.

The committee on permanent organization recommended that the officers of the commission consist of a president, five vice presidents, treasurer and secretary, the first vice president to be of opposite politics of the president, and the other four to be equally divided between the parties.

The matter of vice presidents was referred back to the committee to report recommendations. The executive committee of the National Live Stock Show, called on President Palmer this afternoon. He told them that his heart was with them in their desires regarding the live stock exhibit and promised the exhibitors that he would really look after their interests and advised them to present their petition at once, insisting strongly upon space being allotted and on a rough estimate of the same time being secretary of several other state boards, serving under three successive governors of Texas.

DELIRIOUS WITH JOY. The Passage of the Wyoming Bill by the Senate Intoxicates the People. CHEYENNE, Wyo., June 27.—[Special Telegram to The Bee.]—Never before in its history has this city seen such a day as this has been. For three days the feelings of the people have been worked up to the highest tension. The Wyoming bill has been up before the senate and there were the most positive assurances that it would pass. It had hung fire so long that nothing short of its absolute passage would have satisfied the people.

There was a hush as the men shook hands, each as patient as the other, but Wallace was first to begin, and amid subdued excitement the Englishman led throughout the first round.

There were yells and counter yells, and the whole throng arose, for at this point it looked as if the contest was about to be closed. The call of time mercifully gave breathing space, but that round virtually determined the match, for from this moment there was little hope for Wallace.

She is a Wife and Not a Maid. SCHUYLER, Neb., June 27.—[Special Telegram to The Bee.]—The case of Lydia Belle Woods vs George W. Poole was decided by Judge Post last night, the verdict being for the defendant. This is a case with an interesting history. George W. Poole, a well-to-do bachelor, thirty-two years of age, living on a farm near this city, had for many years been paying his addresses to Miss Woods. In fact, they had courted since they were in their swaying clothes, and the girl was not averse to receiving the attentions of the man who was ten years her senior, but her father objected to the match, and for this reason the time when the two should be united in the bonds of matrimony was never consummated.

On December 26, 1889, Miss Ward was invited to the Poole residence, as she supposed, to witness the marriage of Miss Nellie Poole, but when she left the residence she discovered she was a wife instead of a maid. It all appeared like this. Miss Poole and her intended husband, near Peterson were betrothed to each other, and she had suggested that a bridesmaid and a bride groom. George took advantage of the opportunity and taking Lydia by the hand, led her out before the altar, and there, in the presence of Hon. H. Thomas performed the ceremony, marrying both couples.

IN THE SLOUGH OF DESPOND.

Central Traffic Lines Forced to Drag Their Rates in the Mire.

RELIEF AT THE RESULT OF THE STRIKE.

Railroad Officials Congratulate Themselves That the Illinois Central Won on the Principle Involved.

CHICAGO, June 27.—[Special Telegram to The Bee.]—The slough of despond was reached today by central traffic lines when they met the Washash-Canadian Pacific rate of 30 cents on dressed beef, Chicago to Boston. This reduction was accompanied with a reduction to 18 cents on live cattle. The fall has now verily gone with the hide, for both these rates are non-paying.

The 33-cent rate on dressed beef and 19 cents on cattle marked the line where the traffic could be made to yield expenses. Should the rates go lower the efforts of all lines will be to shove the traffic upon their neighbors. The Washash-Canadian Pacific line has been the most successful in making contracts with a number of shippers whereby they get their business at 30 cents whether rates go lower or not.

A Preliminary Meeting. CHICAGO, June 27.—[Special Telegram to The Bee.]—A preliminary meeting of the western lines was held in the morning to consider the steps necessary to carrying out the advance in rates to be reported at general meeting next Wednesday by Messrs. Newman, Bird and Sage. The plan has been so amended as to include an advance to the old basis of every western freight rate except the east-bound rates on grain from Kansas and Nebraska and the proportion of the through rate from Chicago to St. Paul on business from the seaboard.

Relief at the End of the Strike. CHICAGO, June 25.—[Special Telegram to The Bee.]—But one opinion was expressed among Chicago railroad men on the termination of the Illinois Central strike. All felt a personal relief as there was no knowing to what hour the strike might extend, but the main feeling was one of congratulation that the road had won on the principle involved. The men demanded the discharge of Superintendent Russell, an official distasteful to the strikers, but against whom the Illinois Central has a corporate record of several faults. Had the road yielded it would have set a precedent which railroad men would work to undo. The various unions and employees had nothing to do with the beginning, continuance or end of the strike.

Fixing Up Rates. NEW YORK, June 27.—A meeting of the trunk line presidents was held today to devise means for putting an end to rate cutting and fix upon a scale for east-bound rates. At 1 o'clock they took a recess and announced that the matter was settled so far as they were concerned. It is understood that the traffic association and that body was instructed to call a meeting at the earliest possible date and dispose of the matter.
