

THE CITY.

John T. Bell is arranging to build a business block on his lots at the southwest corner of Leavenworth and Park streets.

Jack Lee, who died at Lincoln from the effects of a dose of carbolic acid taken by mistake, was a brother of George Lee, a garage hauler of this city.

In the case of Blinghoff et al vs Mack, Judge Dundy ordered the receiver to sell the balance of the property held by him and to turn the proceeds into the court.

E. A. Ishman, fifteenth and Douglas, complains the Omaha car to his residence flourishing a revolver and threatening to shoot. The man is supposed to be crazy.

County Attorney Mahoney said that arguments for a new trial in the case of Ed Neal, convicted of murder in the first degree, would be heard either on Saturday or Monday next.

John Jones will spend his fourth of July behind the bars at the city jail. Yesterday John stole a pair of clippers from Charles Pasot, a barber at 311 South Eleventh street.

A gasoline stove exploded at 7 o'clock in a small frame house on Third street and damaged the building to the extent of about \$10. The house belonged to P. E. Her and was occupied by B. S. Gleason.

Mrs. Wallace, aged forty-five years, the wife of John Wallace, who formerly lived in this city and still resides here, died in the poorhouse yesterday, where she had been for three or four weeks past. Her death was the result of a cancer.

The sisters of St. Catherine's academy who have been visiting the county jail inside the Omaha penitentiary to pick up the summer clothes of Ed Neal, convicted of the murder of the Jones people, Neal's effects are attached by Davis, the man to whom the stock was sold, and the request could not be complied with.

William Hatch his wife, sister-in-law and all the relations went to the station trying to have their domestic troubles straightened out. Hatch says that his wife will not live with him and that there is a conspiracy to alienate her affections. She says that he is crazy and will not support her. They agreed to try life together for another week.

Mary Jones, carrying a baby six months old, appeared at the police station soliciting help from the chief. She had come from Milwaukee and had recently lost her husband. She said she had worked hard to earn enough to take her to Salt Lake City, where her husband's friends lived, just before she reached Omaha she was robbed of her hand-satchel containing her ticket and the check for her trunk. She was sent to the county commissioners.

PERSONAL PARAGRAPHS. Mr. Isaac B. Andrews and family leave today for Devil's Lake, Wis., where they will spend July and August.

Mrs. P. C. Shafer has gone to Penn, Ind., to spend the summer. Her mother has returned to her home in London, Canada.

George M. Griffin and C. S. Crayser, implicated in the Dan Carlos Lewis company business, came up from Kansas City yesterday morning.

Look Here. The seventh of July convalescents will meet Saturday evening at 8 o'clock at 132 Park avenue. There is a bon on and all the boys will be there.

Apollas Against the St. Joes. Will Pickley, Louis Flescher and King Demmer, the Apollo club members, left for St. Joe yesterday to compete against a crack team of that city in a twenty-five mile race today.

Entitled to the Best. All are entitled to the best that their money will buy, so every family should have at least one bottle of the best family remedy, Strup of Pills, to cleanse the system when cold or bilious. For sale in 50c and \$1.00 bottles by all leading druggists.

Special Trains for the Fourth. Today a special train will run over the Elkhorn from Wakefield to Hartington at 9:30 a. m. and return at 10:30 p. m.

Tonight the Hancock passenger will run through to Pender. All freight business will probably be suspended today.

Still Increasing. Tom Cook, superintendent of the census, was interviewed yesterday. He says that the figures published as representing the population of Omaha, 194,738, were made up of the totals turned in by different enumerators, but his experience had been that the enumerators felt short in their counts and he thinks there is no doubt but that Omaha's actual population will reach 195,000. He will have positive information next week.

An Explanation Given. The Burlington people say they are not trying to force any road out of the union depot. It would be crowding matters too much, they claim, for the Milwaukee and Rock Island to have track room, yard and platform privileges, whose work is soon to be discontinued on a large depot and street viaduct.

Hay Rates. At its meeting in Kansas City Wednesday the trans-Missouri freight association decided to revise the rate on hay from Nebraska and Kansas common points to the Missouri river markets. Shipments of this commodity have become quite voluminous, and, inasmuch as the new crop will soon be ready, farmers sent in a vigorous protest against the exorbitant rates that prevailed. They were heard and heeded to the extent of an agreement on the part of the association to make a 10 or 15-cent reduction.

Great Demand for Cars. Both the Union Pacific and Burlington roads report demands for passenger cars for today exceeding their supply. Large extensions of their car lines are being made up and it is expected that the cars will be ready in a few days. The largest crowds are going to Denver and Ogden. Nearly all of Wyoming from far east as Cheyenne, Utah and Idaho will celebrate at the latter place, where Rex II. is holding high carnival.

Pushing the Work. Sub-contracts for grading the Missouri Pacific's Plattsmouth line through Cass county for seventeen miles have been let to John Adcock, John Fleming, Riley Brothers, Patrick Egan, Harry & Co., Leach & Francis and T. J. Murphy. The latter contract includes a large amount of side-tracks in Plattsmouth. There are 300 teams and about

THE GREAT DEBATE.

It Will Open at Beatrice Next Saturday Morning.

The announcement of the Prohibition-High License debate, which opens at the Beatrice Coliseum next Saturday at 8 a. m., is attracting wide-spread attention. The four gentlemen who have been invited to participate in the discussion are prominent before the public, and it is expected on all hands that better arguments than have yet been presented will be made at Beatrice.

Mr. Green, the secretary, has arranged a programme which will meet the approval of all. Samuel Bieck, chairman of the prohibition national committee will open the contest with an ability-impairment in behalf of prohibition. He will be followed for thirty minutes by Hon. Edward Rosewater, who will argue in behalf of high license regulation.

The third speaker will be Rev. Samuel, who for thirty minutes will endeavor to show his auditors that constitutional prohibition is the only means of bringing about true temperance.

The former's debate will close with an argument by Hon. John L. Webster, who will demonstrate the failure of statutory prohibition and show that high license is the only way by which the liquor traffic can be regulated.

There will be a cessation of hostilities until 7 p. m. Saturday, when his arguments will proceed, the speakers alternating with thirty minutes each.

This order will prevail also during Monday, except that the high license speakers will lead. The Bee will print a full stenographic report of all the arguments and as much space as practicable will be given them from day to day. The second day will contain the closing arguments.

The Bee will print a true and reliable report of this important event. Readers in sympathy with either side of the question will be able to read in The Bee precisely what each speaker says, and form their own conclusion as to the value or weight of each argument.

These debates will furnish the freshest and most comprehensive campaign literature that has heretofore been produced in any station the question now agitating the people of this state, viz: Shall the local-option high license law prevail or shall constitutional prohibition be voted?

What it Does. Head's Sarsaparilla. 1. Purifies the blood. 2. Creates an appetite. 3. Strengthens the nerves. 4. Makes the weak strong. 5. Overcomes that hell feeling. 6. Removes scurf, skin eruptions, etc. 7. Invigorates the kidneys and liver. 8. Relieves headaches, indigestion, dyspepsia.

Why the Pythians May Have a Small Representation at Milwaukee. The railroad agents and the Knights of Pythias in this state are having a controversy on the question of rates to Milwaukee which may cause some trouble. A vigorous denial is made of the charges preferred against a Northwestern agent of selling round trip tickets at \$14.75 with an order for a rebate of \$4.00.

When the knights appointed a committee, some six weeks ago, to arrange for transportation, a meeting was held at Lincoln at which representatives of the Northwestern, Milwaukee, Rock Island and Burlington roads were present. The committee asked these representatives to submit a rate. The Northwestern offered one fare for the round trip, \$20.00. John Prange, Fred Nash and some of the others inclined in considerable talk but refused to commit themselves. Finally the committee suggested that they submit bids later and the meeting adjourned.

Some weeks ago the matter was brought to the attention of the railway people by a reporter for The Bee. They seemed to have forgotten that they had an interest in the case, but asserted that they would look into the matter as soon as possible.

The contact entered into on the part of the Milwaukee people was with the Omaha motor company, which is the only one of the street railway people to comply with the terms of the agreement.

one thousand men employed on the work in that county and it is proposed to commence laying iron within the next sixty days.

A Full Holiday. All the railroad offices and shops will be closed today. Officials, clerks and mechanics will be given a full holiday to take in the circus and drink red-headed.

BURNING GARBAGE. Revival of the Old Question of Doing Away With the Business.

The question of disposing of garbage by cremation is again attracting attention in this city.

Two years ago the matter was investigated by a committee of the council but no action was taken, although many of the members felt that the old style of disposing of garbage should be dispensed with as being unsightly, troublesome and unwholesome.

Mr. Moroney, sanitary commissioner, was his opinion as regards the disposal of refuse and replied as follows:

"I have always been an advocate of the cremation of garbage, and I believe that Omaha will afford to turn official attention to it. When a committee of the city council went on a tour of investigation two or three years ago I was editing the Herald, and devoted considerable attention to the subject, arguing not only a public crematory, but also advising householders to burn in their kitchen fires the garbage of the kitchen as a sanitary, as well as an economical expedient."

At a meeting in St. Paul, Minn., about a month ago, coincident with the visit of a delegation of St. Louis councilmen bent upon inspecting the St. Paul crematory, Mr. Moroney, sanitary commissioner, was his opinion as regards the disposal of refuse and replied as follows:

"I have always been an advocate of the cremation of garbage, and I believe that Omaha will afford to turn official attention to it. When a committee of the city council went on a tour of investigation two or three years ago I was editing the Herald, and devoted considerable attention to the subject, arguing not only a public crematory, but also advising householders to burn in their kitchen fires the garbage of the kitchen as a sanitary, as well as an economical expedient."

Constipation.

If not remedied in season, is liable to become habitual and chronic. Drastic purgatives, by weakening the bowels, confirm, rather than cure, the evil.

Ayer's Pills, being mild, effective, and strengthening in their action, are generally recommended by the faculty as the best of purgatives.

"Having been subject, for years, to constipation, without being able to find much relief, I at last tried Ayer's Pills. I deem it both a duty and a pleasure to testify that I have derived great benefit from their use. For over two years past I have taken one of these pills every night before retiring. I would not willingly be without them."—G. W. Bowman, 25 East Main st., Carlisle, Pa.

"I have been taking Ayer's Pills and using them in my family since 1872, and cheerfully recommend them to all in need of a safe but effective cathartic."—John M. Boggs, Louisville, Ky.

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action, so that now I am in excellent health."—S. L. Loughbridge, Bryan, Texas.

"Having used Ayer's Pills, with good results, I fully recommend them for the purpose for which they are recommended."—T. Conners, M. D., Centre Bridge, Pa.

"THIS IS AN AGE OF APOLLINARIS WATER." Water-Bead.

Apollinaris "THE QUEEN OF TABLE WATERS."

AMERICAN PUBLIC HEALTH ASSOCIATION.

Extract from the Report on the Pollution of Water Supplies.

"Typhoid fever in our cities is in a great part due to the sewage in the water supply."

"We cannot shut our eyes to the relation which exists between sewage and our streams and the fact that the disease is carried by them."

"The purity of Apollinaris Water offers the best security against the danger which is common to most of the ordinary drinking waters."—MEDICAL RECORD.

APOLLINARIS.—The annual consumption of this favorite beverage affords a striking proof of the widespread demand which exists for table water of this quality.

NOTICE.—The well-known Yellow Labels of the Apollinaris Water, Limited, are protected by Imperial Legislation of the Supreme Court.

BEWARE OF IMITATIONS.

"There goes my corset-lace again! And it generally happens at an inconvenient time. Do you know why it breaks? The eyelet cuts it."

Eyelets are going to cut no more; for the two best corsets are eyeleted with loops of corset lace, which neither cut nor show through a thin dress.

The Ball is the easy corset that has soft eyelets; the Kabo may be called the corset that stays where you put it.

Wear them two or three weeks; and then, if not satisfactory, take them back and get your money.

Extraordinary Attractions.

Will be offered this week in our Boys' Department, we are determined to close out our entire stock of Boys' light weight Clothing, and will have a grand unloading sale which it will pay you to attend.

Boys' blue flannel Sailor Suits, with nicely embroidered collar, at 60c; sold everywhere at \$1.25, sizes from 4 to 10.

Knee Pant Suits of good all wool cassimere, in neat checks, plated coat and nicely made up, at \$2.25; worth \$3.50.

One lot excellent Cheviot Suits of a nice light plaid, is marked \$2.50; the suit is worth fully \$4.50.

The grandest bargain we offer is a lot of very fine all wool Cheviot Suits, very stylish and well made, which we have marked down to \$2.90. The suit is cheap at \$5.

In long pant suits we have also several large lots, which have been marked down very low to insure quick clearance.

One lot Boys' Suits, sizes 14 to 18, of strictly all wool cassimere, in two different patterns, both very neat, these we offer at \$4.50. It is a good working as well as a good wearing suit, and no young man need be ashamed to wear one. You have many times paid \$10 for a suit of the same quality of goods.

Another lot of fine Silk Mixed Cassimere Suits for Boys, sizes 14 to 18, is offered at \$6. The suit is worth fully double.

We are headquarters on Knee Pants. Every mother knows that she can buy Knee Pants of us for less money than she will have to pay for the cloth in the garment, and she don't have to spend time to sew them over or mend them. We select for our
