American Furniture Gazette: "I paid a bill the otherday," said a large man-ufacturer to me, "without a murmer, simply because of the way it was worded. My engineer found his hot water pump would not work, and after puttering at it for an hour sent for a machinist. He bothered with it half a day and concluded it must come apart. I was much amneved, for that meant the stoppage of my factory for a long time. Before I gave the order to take it to pieces some suggested that a neighboring engineer be sent for, as he was a sort of genius in the matter of machinery. He came, and after studying the pump a while he took a hammer and gave three sharp raps over the valve. 'I reckon she'll go now, 'he quietly said, and put-ting on steam 'she' did go. The next day I received a bill from him for \$25.50. The price amazed me, but when I had examined the items I drew a check at once. The bill read this way: 'Messes, Blank & Co., Dr., to John Smith. For fixing pump, 50 cents. For knowing how, \$25.' Had he charged me \$25.50 for fixing the pump, I should have con-sidered it exorbitant. But 50 cents was reasonable, and I recognized the value of

knowledge, so I paid and said nothing. DIED.

Reminiscence of the Johnstown Flood Soon after the great flood in the Conemaugh Valley, Pa., last summer, the press dispatches heralded the news of an epidemic of diarrhea at Johnstown. The Bill to Pension Freedmen Was Sired by a Local Editor.

A Washington correspondent of the Cleveland Leader sent the following interesting dispatch to that paper:

A curious freak in the was of proposed legislation is house bill No. 11, 119, introduced "by request" last week by Mr. Connell of Nebraska. When a member has a bill placed in his hands which he does not care to "father," he disclaims all responsibility by putting on it the endorsement "by request." This bill is entitled, "To provide pensions for freedmen, and so forth." It provides that call persons released from involuntary servi-tude, commonly called slaves, in pursuance of the proclamation of President Abraham of the proclamation of President Abraham Lincoln, dated respectively September 22, 1863, and January 1, 1866, * * * shall be and hereby are, made pensioners upon the bounty of the United States, and also such persons as may be charged by the laws of consumuni-ity with the maintenance and support of freedmen who are unable by reason of age or disease to maintain themselves." The second section provides that "any person who may have been held as a slave or involuntary servant under and by reason of any law of the United States, or of either of the states of the United States, or in consequence of any device or custom prevailing within such state of the United States (except for the commission of crime whereof the party shall have been duly convicted), and who shall have been released from such servitude in manner before stated, and who shall at the date of before stated, and who shall at the date of the passage of this act have reached the age of seventy years, shall be entitled to and re-ceive the sum of \$500 from the treas-ury of the United States, and the sum of \$15 per month during the residue of their natural lives. This provision shall apply to male and female freedmen allke; and all persons so released from servitude who shall be less than seventy years of age and of the age of sixty years or over shall be enti-tled to and receive the sum of \$500 and also \$12 per month until they shall reach the age 512 per month until they shall reach the age of seventy years, when they shall be entitled to and receive the greater sum hereinbefore stated as a monthly payment; and all persons released from servitude as before stated who shall be less than sixty years old and at the age of fifty years or over shall be entitled to and receive the sun of \$100 and also \$ per menth, until sixty years old, when they shall receive \$12; and all persons released from scrvitude, as before stated, who shall be less than fifty years of age, shall be entitled to receive #4 per month until fifty years old,

when they shall receive \$8; all moneys herein authorized to be paid shall be dispensed from the general funds of the treasury not other-wise appropriated."

The remaining sections provide for relatives orothers charged with the mainten-ances of aged or infirm persons "released from involuntary servitude in manner aforesaid," and prescribe regulations governing the secretary of the interior in carrying the bill into effect, and the compensation of agents for prosecuting claims thereunder; the law to go into effect June 1, 1891.

I asked Mr. Connell about this singular bill and he told me that it was drafted and

sent to him by a democratic editor in Omaha named Vaughn. I "Is Vaughn a crank?" I asked. "No," replied Mr. Conneil, "I don't think I would class him as such, and I knew him pretty weil. I have no doubt that he sent this bill to me for introduction in perfect

"Have you any idea how much money it would cost the government to carry out its provisions ("

Just to gratify my own curiosity I indulged in a little mathematics. Assuming that only half of the persons freed from slavery are now living, and estimating upon a very moderate average of life, I find that it would take not less than \$2,00,000,000,000 within the next thirty years, with a strong procability that it would exceed that amount by one-half. Including the lump sum to be paid down to all who are fifty years old or over it would take \$500,000,000 the first year, provided the claims were proved up within that time. All this does not include the cost of additional pension bureau, the work of which would be fully as large as that of the present one. Mr. Connell says Vaughn is a democrat of the strictest sect. If he—the editor—is not clean daft I cannot conceive of his object in presenting such a bill unless it be a scheme to alienate the colored people from the republi-Just to gratify my own curiosity I indulged

Some evidence that Mr. Vaughn is afflicted Some evidence that Mr. Vaughn is afflicted with mental strabismus is presented in the language of the bill as drawn by him. In the first section it reads: "All persons released from involuntary servitude in pursuance of the proclamations of expresident Abraham Lincoln." In quoting this at the outset I struck off the "ex." Lincoln never was an "ex-president;" he died while president. Nor would a proclamation issued by an "ex-president" have any more authority than one set forth by an Omaha authority than one set forth by an Omaha editor himself. It was "President Abraham Lincoln" that proclaimed freedom to the slaves and gave Mr. Vaughn the opportu-nity to introduce this bill.
