

THE CITY.

Judge Shields will call the docket this morning for the August term. There are 187 cases on the docket. Frank Heller has sued Marcus J. Rosenstock and William L. Fisher in the county court for \$175.50 on notes. George D. Bordett of D.M. Steele & Co., has been lying quite ill at his home in this city for some days. He hopes to be able to go out on his usual run to-day.

Six boys will be arraigned before Judge Clarkson Saturday morning, charged with incorrigibility. They are John Grayson, Joseph Colville, John Rogner, Louis Knieks and Herman Bjorklund. All are out on bail except the latter, who is in jail.

A meeting of the publishers of "Exponent" was held at the Paxton hotel yesterday afternoon. Among the representatives in attendance were N. B. Baker, manager of the Kansan newspaper union, Topeka, and John C. Kelley of the Sioux City Tribune. These gentlemen visited and inspected the Bee building.

They Are Indignant.

Saturday night a number of prominent citizens called at the council chamber in quest of committee meetings. No one could be found. Members of the council have not of late met in committee Saturday as was the custom.

The citizens were very indignant and declared that they could not be expected to hunt through private offices of councilmen every time they had business to transact.

Complexion powder is an absolute necessity of the refined toilet in this climate. Pizzoni's contains every element of beauty and purity.

Techener's Appointment.

Customs Collector Alexander has received a circular from the treasury department, stating that the late assistant secretary of the treasury George C. Techener, has been given charge of the board of general appraisers stationed at New York.

Collectors at other ports will advise the departments of the appeals to reappraisement at their respective posts, when a general appraiser will be assigned to the duty of reappraisement.

Reappraisement districts will heretofore be established as the need of the service requires.

Frank Stewart, suit, Rock Island dining car service, is continuing his fight at California Springs to the satisfaction of all visitors.

Resolved Liquor.

Mrs. Rhody Hoffman was brought to the city from Cherry court, charged with selling liquor to the public on Rockwell reservation. She gave bonds for her appearance at the next term of court. Her husband was brought down on the same charge last week and bound over. Both are honest looking people and it is the opinion of the people from that part of the state that their arrest is spite work on the part of a certain individual who has himself been supplying the Indians in that neighborhood with large quantities of firewater and then getting them to testify against their own people. The individual in question is a man about whom dark hints are thrown out respecting his past life and who is considered a dangerous character.

The only complexion powder in the world that is without vulgarity, without injury to the user, and without doubt beautiful, is Pizzoni's.

Affairs in Hanscom Park.

OMAHA, August 1, 1890.—To the Editor of The Bee: I have been working in Hanscom park and feel perfectly ashamed of the manner in which this work is being carried on. I think it my duty to make it known that I may be remedied. There are men who are doing work they know nothing about, and as a matter of course it takes so much longer to do it. For instance: Laborers are doing gardening while the gardeners are doing laborers' work. There are men who are not doing an honest hour's work a day nearly, but nothing is said about it, while some are working hard all day without appreciation. On Sunday there was a fight in the park between the laborers and nothing has been done about it.

AD OMAHA GARDENER.

Much has been said about European champagne parties. Once they had the market, but could not maintain it.

His Girl's Away.

Dan Dailey has been visiting Melia Killean for many weeks. He thought she returned his affection. Sunday they took a day's outing and visited several places of amusement and attended an entertainment that night together. Dan was happy until the time came to make known that he was not in love with her. He told her that he was not in love with her. He told her that he was not in love with her. He told her that he was not in love with her.

Hot Weather and Accidents.

Take no notice of headache, or sunstroke, or fever, but if you will take a few of Krause's Headache Capsules each day you will find the temperature will be reduced and the head cool and comfortable as of old.

The Solid South.

It sold on the great "German Remedy." Telegrams and letters are received every day during this season of fever and sunstroke. The people from that section say they reduce the temperature and prevent sunstroke and headaches. For sale by all druggists.

Sun Stroke.

Now is the time to accept time, to prevent sunstroke, headache, etc., by reducing the temperature all these distressing evils will be prevented. Krause's Headache Capsules are the thing.

One or two Krause's Headache Capsules taken during the day will prevent any headache, also attacks of sunstroke. All druggists.

J. E. BOYD IS WILLING.

If tendered the nomination for Governor the Ex-Mayor Will Accept It. The demerits of Douglas county do not seem to know whom they will support in the convention for the nomination of governor. There has been much talk among them as to who would be the probable candidate. It has been rumored that Hon. James E. Boyd might possibly refuse to allow his name to be used. Some of his friends say he would accept the nomination, others that he does not believe that he would.

Mr. Boyd was told about these rumors by a his reporter, and asked whether, if nominated by the democratic convention, he would accept the nomination for governor.

Mr. Boyd replied that, if the democrats say it is nomina-tion, he would accept. He also said that at the time the county convention met he was absent from the city, and it was only a few days after it had accepted its delegates that his friends advised him to run, and he finally made up his mind to accept the nomination if tendered him.

The Sacred Heart academy for day pupils, situated on St. Mary's avenue and 27th st., is an institution devoted to the moral and intellectual education of young girls. The course includes everything from an elementary department to a finished classical education. Besides the ordinary academic course, music, painting, drawing and the languages are taught. French is included in the ordinary course. Difference of religion is no obstacle to the receiving of pupils, provided they conform to the general regulations of the school. The school term commences the first Tuesday in September. Classes begin at 9 a. m., and pupils are dismissed at 3:30 p. m.

DOUGLAS AND OMAHA FAIRS.

Those Which Have Been and Are to be Held.

The Douglas county fair association has issued an announcement of its fair, which is to be held in Omaha the first week of September, but no announcement has been made of the grounds on which the entertainment will be given. This point has not been finally decided upon, but the probabilities are that it will be held upon the old grounds in the northern part of the city. The lease of these grounds expired in July, and Mr. Brown offered the grounds to the association for \$1000 a year.

There is a possibility that the fair may be held on the grounds of the Omaha dining parlors association, which lie in the southwestern part of the city, directly south of the new Elmwood park on West Eleventh street.

The fair is progressing rapidly. The grading of the mile track is nearly completed and may be completed if necessary. The track is to be 100 feet wide and will be the only mile track in the state. Forty teams are working on it, and it is expected to have a grand seventy-five foot wide grandstand in the center of the track and within this, at some future date, is to be constructed an artificial lake.

The lumber is on the ground for the construction of the grand stand, the stables and the fence around the grounds. The latter is to be built in the most substantial manner, with iron posts, and is to be eight feet high. The grand stand, stables and fence will be erected during the next year, a magnificent dirt house and other substantial buildings will be constructed and the grounds fully completed.

The directors have concluded that it will be best to complete the track and allow it to be used through the fall and winter for driving, in order to put it in proper condition for racing purposes and for that reason are not particularly anxious to secure the fair this fall.

The directors of the association are W. H. S. Hughes, president; R. S. Berlin, secretary; W. S. Rector, treasurer.

The Omaha fair and exposition association is in various despatches. It is settling up its affairs, but will make no effort to hold a fair this fall. The Douglas county association has secured the position of the Omaha fair in the racing circuit with Omaha, La. Minn., Topeka and Kansas City, and some good racing is expected. The directors of the association are: D. H. Wheeler, president; H. S. Bauer, secretary; Henry Solih, treasurer; Elijah Allen, H. C. Avery, Omar Whitner, E. Emerson and Julius Trolldenier. The dates of the fair are September 2 to 9, inclusive.

What It Does.

- 1. Purifies the blood.
- 2. Creates an appetite.
- 3. Strengthens the nerves.
- 4. Makes the weak strong.
- 5. Overcomes that tired feeling.
- 6. Cures scrofula, salt rheum, etc.
- 7. Invigorates the kidneys and liver.
- 8. Relieves headaches, indigestion, dyspepsia, etc.

Who Is This Wheeler?

The board of health met at the mayor's office yesterday morning. Councilman Chaffee, Secary, Morrissey, sanitary officer, Dennis, inspector of plumbing, and Dr. Gapon, present. Mayor Cushing occupied the chair.

After the reading of the minutes the resolution requesting the council for financial aid to enable the board of health to do its work was vigorously discussed. The request was denied upon an adverse report of the finance committee.

The chair suggested the advisability of the board discontinuing its meetings, as they were useless unless the laws and regulations could be enforced.

Dr. Gapon observed that the council could mandamus the board and compel it to meet. "That would suit us except," explained Chaffee; "that would give us an opportunity to show up the condition of things."

Dr. Gapon reported that he had conferred with Chairman Wheeler of the health committee of the council, who said that the board should go ahead, make up its bills, and if they were not paid, let the matter go. Mr. Wheeler added that he thought the work of the board worse than child's play, in his opinion.

Chief Sanitary Officer Wheeler submitted before the board and requested to define the word "popcock."

The secretary was instructed to refer the infectious diseases were made up, but he was powerless to do anything because of want of funds.

A long discussion ensued as to the advisability of repeating the request for money, and how the council could be harmonized with the board, and the necessity of the request.

Dr. Gapon stated that \$30000 per month was appropriated by Deaver for sanitary work, but Omaha had not appropriated as many pounds.

He considered a proper sanitary condition one of the most urgent necessities at the hands of the council.

The secretary was instructed to notify Mr. Segar to abate the nuisance forthwith.

Mrs. A. Coffey reported a nuisance against Assistant Sanitary Commissioner O'Toole. She was advised to take her case into the courts, as it was developed that the complaint arose out of a neighbor's quarrel.

O. E. Combs complained of lot 17, being second addition on Twentieth street as being a foul condition because of an adjoining property.

The board ordered the nuisance abated. Herman Schaffner complained of vaults in the rear of Paxton street near Fourteenth and the plumbing inspector was instructed to make a proper connection with the sewer.

The inspector of stamens water was reported at Nineteenth and Cuming, which was ordered abated.

Dr. Gapon stated that he had explained a matter to make a record of births and deaths, but Mayor Wheeler had refused to pay him.

The board then proceeded to read the major to turn, and authorized the secretary to investigate the matter in the courts.

The plumbing inspector's report showed \$16.84 worth of work done.

Adjusted.

Miles' Nerve and Liver Pills.

An important discovery. They act on the liver, stomach and bowels through the nerves. A new principle. They speedily cure biliousness, bad taste, torpid liver, sleep and constipation. Suffered by men, women and children. Small size, mild, sweet, 30 doses for 25 cents. Samples free at Kuhn & Co's 13th and Douglas.

FURNISHING AND PAINTING. The Commissioners to Have Another Whirl With the Hospital.

mineral paint, \$10.000, or with lead \$1.545.55. Voss Brothers send in lengthy lettered bill.

These paintings bids will also be decided upon next Friday.

Fits, spasms, St. Vitus dance, nervousness and hysteria are soon cured by Dr. Miles' Nervine. Free samples at Kuhn & Co's, 13th and Douglas.

BOUGING HIS EMPLOYEES.

How the Proprietor of the Old Republican Made a Hit with a Hit.

The office of Justice Shaw, at the corner of Sixteenth and Cass streets, was crowded with the 100 plaintiffs in the 101 suits commenced against the Republican Newspaper company. The defendant was represented by Sherman Wilcox, the juvenile business manager of the defunct sheet.

A handful in each of the 100 cases, signed by J. C. Wilcox, were introduced, asking for a continuance for thirty days on the ground that "new and material evidence" was wanted. The affidavit set forth that the defendant, J. C. Wilcox, at a meeting of the directors of the company, had been delegated to take entire charge of the business of settling up the affairs and that he wished further time to prepare his case.

On the showing of the cases were continued for thirty days and the action of Wilcox departed, jubilated at the thought that the defense had scored the first point.

An indignation meeting was at once held in which those editors who were made against the senior Wilcox by the expiration of time, some of whom had not received any pay for four weeks, and nearly all of whom had been told by the directors that they would be paid for six weeks before that time.

The standing committee which had been appointed to manage the affairs of the newspaper, held a short session to determine the best course to pursue.

W. M. Smith, who was managing editor, and J. M. Gilliam, attorney at law, were members of the board of directors of the company, stated that no meeting of the directors had been called and that, consequently, J. C. Wilcox had not been appointed to take charge of the affairs of the company, as stated in his affidavit. It was also stated that all the editors bearing in mind the fact that the employees of the company were contained in the books of the latter, which were in the possession of the defendant, and all the testimony which could be produced, the board of directors, who made up the accounts of the printers; the managing editor, who made up the accounts of the printer; the foreman, who had made up the accounts of the printer, who had made up the accounts of the printer.

The foreman and managing editor are plaintiffs in the suits, were ready to testify, as was the bookkeeper. The committee considered all these points carefully and decided to bring charges of perjury against J. C. Wilcox in each of the 101 suits.

In accordance with the decision of the committee the plaintiffs required in a body to the office of County Attorney Mahoney, where 100 informations, charging J. C. Wilcox with perjury, were made out and given to an officer to serve.

It was removed on the street yesterday that arrangements had been made to import a lot of non-union printers and attempt to get out the Republican in the morning.

Nervous debility, poor memory, diffidence, sexual weakness, impures, etc. by Dr. Miles' Nervine. Free samples at Kuhn & Co's, 13th and Douglas.

The Opportunity of a Life Time.

Sam W. Gregory, president of the Slide Mining Co., Chisago, Colo., is at the Paxton, room 13. If you have little spare cash you wish to put into a safe and profitable investment, call on him at once. As to his reliability and character he refers without permission to the wholesale grocers of this city.

MAILS ON THE MOTORS. The New Method Introduced—Extension to South Omaha.

The local mail service between this city and Council Bluffs was increased yesterday by transferring the mail route between the two cities from the Union Pacific railway to the motor railway.

The new service was tried for the first time yesterday, and mails will further notice, be carried according to the following schedule:

WEST-BOUND. Leave Omaha. Arrive Council Bluffs. 6:25 a. m. 7:20 a. m. 7:50 a. m. 8:15 a. m. 9:15 a. m. 10:15 a. m. 11:15 a. m. 12:15 p. m. 1:15 p. m. 2:15 p. m. 3:15 p. m. 4:15 p. m. 5:15 p. m. 6:15 p. m.

EAST-BOUND. Leave Omaha. Arrive Council Bluffs. 6:25 a. m. 7:20 a. m. 7:50 a. m. 8:15 a. m. 9:15 a. m. 10:15 a. m. 11:15 a. m. 12:15 p. m. 1:15 p. m. 2:15 p. m. 3:15 p. m. 4:15 p. m. 5:15 p. m. 6:15 p. m.

WEST-BOUND. Leave Omaha. Arrive Council Bluffs. 6:25 a. m. 7:20 a. m. 7:50 a. m. 8:15 a. m. 9:15 a. m. 10:15 a. m. 11:15 a. m. 12:15 p. m. 1:15 p. m. 2:15 p. m. 3:15 p. m. 4:15 p. m. 5:15 p. m. 6:15 p. m.

EAST-BOUND. Leave Omaha. Arrive Council Bluffs. 6:25 a. m. 7:20 a. m. 7:50 a. m. 8:15 a. m. 9:15 a. m. 10:15 a. m. 11:15 a. m. 12:15 p. m. 1:15 p. m. 2:15 p. m. 3:15 p. m. 4:15 p. m. 5:15 p. m. 6:15 p. m.

The motor company has expected a man to act as mail agent in the absence of the mail between the two offices. He will take it from one office and deliver it at the other, so that the postoffice employees will have nothing to do with it.

The advisability of extending this service to Washington office and it is probable this will soon be done. The service on the Union Pacific dummy is very poor. There are no trains from South Omaha in the morning, the first one arriving in Omaha at 12:35 p. m.

From that time until 6:15 p. m. the service is good, but from the latter time until noon the next day there is no train so that a letter mailed in South Omaha after 6 p. m. would not be received in Omaha until eighteen hours afterward. There are three trains out of this city to South Omaha, at 5 a. m., 10 a. m. and 5:30 p. m.

The postoffice people say that the conduct of the Union Pacific company in reducing the mail service without consulting them of its intention, was reprehensible. The chief clerk of the Omaha office had of the change was through the postmaster at Council Bluffs, who saw notice posted at the railroad company's office at the Bluffs, announcing that certain trains would be discontinued. He at once took this city to see if any arrangements had been made to correspond to this change. This was the first intimation the Omaha office had of the matter and the trains were taken off the next day.

The postoffice officials at once took steps to have the mails transported by the motor with the result as above stated.

The service has proved highly satisfactory so far and with a few changes it is thought will excel all previous services.

LAST WEEK

We had the crowds among the odd suit pants and they almost cleaned the tables—only very few of these pants are left. This week we propose to have just as many customers in our Shoe department. We are closing out all our summer shoes and must be rid of them in a few days.

Men's Russet Goat Oxford Ties, \$1.40. Men's Russet Goat Lace Shoes, \$1.75. Men's Coffee Brown Goat Lace Shoes, Goodyear welt, \$2.25.

Of the last lot there is only a small quantity. These shoes are not of the common trashy colored stuff of which, nowadays, so many are in the market. Ours come from reputable makers, are of good, honest stock, well made, and we can recommend them. The shoes are extraordinary bargains, and you should avail yourself of this opportunity.

In black summer shoes we offer a lot of very fine Kangaroo hand welt Southern Ties, which were delayed by the manufacturer and only received last week, too late in the season to sell with a profit. It is a shoe which we would ordinarily mark \$4.75, but for above reason we offer them at \$3.90.

We still have a small quantity of the Patent Leather Shoes at \$2.50. We shall not get in any more of them this season, so if you want a pair better come soon.

TO MECHANICS AND LABORERS. We have again a full line of our celebrated all solid leather \$1.25 shoe. This is by all odds the best low priced shoe ever offered.

Nebraska Clothing Co. Corner Fourteenth and Douglas Streets. Our store closes at 6:30 P. M. Saturday at 10 P. M.

THE ONLY LOTTERY PROTECTED BY THE MEXICAN NATIONAL GOVERNMENT. LOTTERY OF THE BENEFICENCIA PUBLICA, (PUBLIC CHARITY) ESTABLISHED IN 1878.

THE NEXT MONTHLY DRAWING WILL BE HELD IN THE MEXICAN PAVILION IN THE CITY OF MEXICO AUGUST 7th, 1890. THE CAPITAL PRIZE BEING \$60,000.00
