Each Season

Has its own peculiar malady; but with the blood maintained in a state of uniform vigor and purity, by the use of Ayer's Sarsaparilla, the system readily adapts itself to changed conditions.

"For some years, at the return of spring, I had serious trouble with my kidneys. I was unable to sleep nights, and suffered greatly with pains in the small of my back.

I was also afflicted with headache, loss of appetite, and indigestion. These symptoms were much worse last spring, especially the troubles with my back. A friend advised me to use Ayer's Sarsaparilla. I began taking it, and my troubles all disappeared."

OVERCOATS

Are already a necessity. In the medium weights we never had such a variety as we are showing this season. There is not a store in Omaha or anywhere else in the west that occupies the floor space or has anywhere near the room that we have.

One glance at our prices and at the quality and make of the garments, will convince you that you would be doing an injustice to yourself if you buy an overcoat outside of our house. Our variety is immense; we have all grades and can suit the rich and the poor.

To judge from the way our Men's Suits are selling, they must be very attractive, and people must find them cheap. We have never done a heavier business in our suit department than we did so far this season.
