Joyce Millinery removed to 1009 Douglas street. A N W Enterprise. On Monday Messrs. McCarthy & Conroy will open their new undertaking establishment at 424 S. 15th street, corner of Howard.

Both these gentlemen are well fitted for the successful carrying on of their business as they are both young men of undoubted business ability and unblemished character.

Mr. McCarthy is an old resident of Omaha, who has by his genial manner and kindly disposition, unswerving fidelity to duty and an indomitable pluck gained for himself the esteem and good will of everybody with whom he has come in contact.

Mr. Conroy carries with him to his new business venture a store of business knowledge edged gleaned after many years of careful and patient toil. He has been connected for years with the largest and most popular firm of undertakers in St. Paul, where under able tutelage he has learned the details of the business. There is no duty which requires a more careful and studied knowledge of the finer feelings than that which sorrowing humanity imposes on those whom they select to perform the last and toilsome duty to their departed ones.

Messrs. McCarthy & Conroy are unquestionably by nature and education, fitted for the decorous performance of their duties. Their store is divided into two departments. The rear part facing on 15th street will be devoted to church goods, books, pictures and religious articles of all kinds; in the rear fronting on Howard will be found the most commodious and best appointed undertaking establishment in the northwest. Their gentlemen have neither a dime of money in making their place as attractive as the decorum of the business would permit. In order to compete successfully with eastern houses they had the greater part of their church goods in Europe, and owing to the delay in importing they will not be fully prepared for business in their church goods department for a few weeks to come.
