in the Ballon Matter. The Ballou ordinance continues to be the theme of conversation with a number of ceuncilmen, especially with those who were its friends. They all insist that the guilty party shall

be discovered and punished, though they re-

fuse to state where they will look to discover

They are willing, however, to excuse City Clerk Groves or his deputy from blame, as they have about arrived at the conclusion that the cover of the original ordinance dis-appeared before it reached his office. The Mayor's Opinion.

Mayor Cushing has not yet decided what he will do with the Ballou electric light ordi-In speaking upon the subject he said: "I

say what I shall do."
"The loss of the title page I don't think is fatal, but the wording of the ordinance is striking. In one section Mr. Ballou evidently intends to convey the intention of furnishg cheaper light, but he falls to say so.
"He says. 'April 1, I will be ready enter into a contract, but he fails blank regarding the height of wires. If this is left as it is, the wires may be on the "I don't want to be too exacting, but the passage of the ordinance is questionable, at least as far as legality is concerned. It is a known fact that the original ordinance was read a first

and second time, after which a copy of the original was passed.

This all shows a great deal of carelessness, and an afraid that to make matters pinding between Mr. Ballon and the city it will re-

some other preparation instead. Clerks may claim that "ours is as good as Hood's" and

all that, but the peculiar merit of Hood's Sar-saparilla cannot be equalled. Therefore have nothing to do with substitutes and insistupon having Hood's Sarsaparilla, the best blood purifier and building up medicine. Decision in Favor of the Chicago, Milwaukee & St. Paul Ry.
