AMERICAN TIN. There has been incorporated under the laws of the state of Pennsylvania a company with a capital of \$1,000,000 for the purpose of manufacturing tin and...

PHILADELPHIA. The Philadelphia Press says that the promoters of the tin enterprise are among the largest business men of that city...

THE BEE always has been in favor of making the city hall a creditable structure, and every change deemed essential will be approved...

THE weekly bank statement continues to show an apparent decrease for Omaha. THE BEE has already explained that this is due to the withdrawal of one or two banks from the local clearing house...

TO APPEAL TO THE POWERS. The report that the Italian government contemplates submitting to the European powers, for their judgment, the conduct of the government of the United States in the New Orleans affair, is not improbable...

THE treasury department is having a larger demand than was expected for the new fractional silver, mostly from banks in the New England and middle states. The coinage at present is confined to dimes, and these are in greatest demand...

AFTER an absence of six years Mr. Cleveland will this week visit Buffalo, his old home and the scene of his first political triumphs. He will find many changes, for the city has realized a considerable growth since he was last there...

NO stronger argument for additional parks could be offered than the fact that on every pleasant Sunday Hanscom park is crowded to overflowing, and with the increasing attractions of that central "breathing space" it will be found unequal to the comfortable accommodation of visitors on Sundays and holidays...

THE death of Mrs. Blavatsky is causing a great deal of comment among that class of credulous persons who believed in the veiled prophet of theosophy. For years this eminent adventuress has been the subject of comment and curiosity in the great capitals of Europe and many well-informed people have puzzled their brains as to the object of her mission...

THE general government for giving protection under treaties to foreign subjects, and there is a strong sentiment in the country in favor of such legislation. But it will not be secured by any attempts to compel it.

KEEP DOWN THE EXTRAS. The council has been impetuous to make numerous changes in the construction of the city hall building. Some of these changes are matters of absolute necessity. A public building should not only be absolutely fire-proof but its superstructure from the foundation to the roof should be of material that will endure for two or three generations at least...

LITTLE SMILES. Chicago News: That hardy perennial, the flannel shirt, is again sprouting upon the many bosom of the dude. It will bloom in a variety of colors.

OMAHA should be made brilliantly attractive on Wednesday, as an evidence of both the patriotism and the public spirit of her people. The distinguished visitors who will be our guests on that day have grown familiar with decorations, but nevertheless they will hardly fail to measure the warmth and sincerity of our welcome by the liberality with which we employ the symbols of greeting...

MINNEAPOLIS wants the republican national convention next year, if the Tribune of that city voices the sentiment of the people. That paper is manifesting great earnestness and zeal in the task of showing that Minneapolis is abundantly able to take care of the convention and the throng it will attract...

THE president of the Ohio farmers' alliance says that organization will not put an independent ticket in the field this year. He says the object of the alliance in Ohio is to effect the reforms demanded by the farmers through the existing leading parties. This is good sense, as can be shown by our whole political history...

THE railroad should make every practicable provision for encouraging the people to reach Omaha before noon of Wednesday, and it is to be supposed that as a matter of business they will aim to do this. The occasion assures returns which will amply repay a little extra effort to provide the public with additional accommodations.

THE BEE has printed a synopsis of Judge Maxwell's dissenting opinion in the Thayer-Boyd contest case. Requests have been made that THE BEE print the full text of the opinion. This has been impossible owing to lack of space. The full text of the opinion will, however, appear next Saturday in our 12 page edition.

TO BE PASSED BACK. St. Louis Globe-Democrat: A correspondent writes from Sicily: "The Mafia passed away from this land long ago. There is no such thing now." And he might have added, in the words of an Italian-American, that it passed away only after the Italian government had shot down whole...

What Might Have Been. St. Louis Globe-Democrat: The deficit of \$17,000,000 in the Argentine treasury is small compared with what the shortage in Uncle Sam's till would have been if Hochman and the democracy thirty years ago had had another year of power.

By the Meter. New York Sun: Lord Tennyson has gone into the dairy business. Now we shall have not only the "poetry of silence" and the "poetry of motion" but also the "poetry of milk." It is presumed that Lord Tennyson sells his milk by the meter, rather than the quart.

Policy to Keep Quiet. Chicago Tribune: The cost of living was never before so cheap in this country as it is today, and this pleasant condition is largely due to the tariff reductions of a republican congress. It is hardly necessary to add that the democratic papers have good reasons for keeping so quiet upon a subject that is particularly interesting to the American people.

Life Reporter: To prisoner who has just received a life sentence—Are you willing to go to jail for life? Yes, I'm willing to go anywhere to get out of the way of newspaper men.

Washington News: The miner's prospect is never "beyond the prospect of belief."

She was a pretty widow, and Chicago was her home. But I loved her and to gain her I had to leave my home. And wisdom led me to be mine she looked so shy and sweet. And dropped her head, and blushed, and whispered: "With Both Feet!"

AN UNJUST ASSASSINATION. Mrs. W. A. Bolan, the well known traveling representative for the firm of Simons & Co. of Chicago, will remove her family from Lincoln to the Windy city tomorrow.

THE BARNES DIVORCE CASE. Judge Tibbets heard arguments this morning on the writ of habeas corpus application for the release of Mrs. Gail L. Barnes, who was held in the county jail, when she was sent to the reform school to defend herself or have counsel. The girl's parents immediately applied for another writ of habeas corpus, but they received little satisfaction. The girl's attorneys were appointed guardians, and he is probably out of the reach of a writ by this time.

THE BARNES DIVORCE CASE. Mrs. G. L. Barnes, who was held in the county jail, when she was sent to the reform school to defend herself or have counsel. The girl's parents immediately applied for another writ of habeas corpus, but they received little satisfaction.

TO RECEIVE THE PRESIDENT. The Programs to Be Observed at Lincoln Tomorrow. WILL NOT GO TO THE REFORM SCHOOL. Viola Mills Gains Her Liberty—The Barnes Divorce Case—Hutchinson's Trial Postponed—Odds and Ends.

Lincoln, Neb., May 11.—(Special to The Bee.)—The committee on the reception of President Harrison met at the council chamber this morning on a call of Mayor Weir, chairman, and the following programme was mapped out by the committee: The train will arrive about 9 o'clock, Wednesday, May 13, the president's car to stop on O street. The president and party are to take carriages on O and drive to Fifteenth street, thence south to the capital grounds, the president's carriage to drive up to the curb line on the south side of K street, and be welcomed to the state by the governor in a five minute speech. Mayor Weir will deliver an address of welcome on behalf of the citizens of Lincoln. Response by the president. The different organizations and citizens at large are to line the streets from the capital grounds to the starting point. All school children are to be under the supervision of Prof. H. S. Jones, to be placed on the sides of the street around the capital. After the presentation of the traveling men's offering, carriages are to move east from Fifteenth and K streets around Capitol square to J street, thence west to Eleventh, north on Eleventh to P street, west on P to the depot. The procession will be headed by the Cadet band and university cadets, who will fire the salute.

J. H. McClary is to be chief marshal, and parties wishing location will notify him and receive assignments. All persons willing to adorn buildings with bunting, flags, etc., can put up all they desire, in order to make the reception as bright as can be. A general invitation is extended to all persons in the state of Nebraska to attend the reception on that date. A large turnout is expected and excursion trains will probably be run from towns along the lines of railroads to Lincoln and return.

Judge Tibbets heard arguments this morning on the writ of habeas corpus application for the release of Mrs. Gail L. Barnes, who was held in the county jail, when she was sent to the reform school to defend herself or have counsel. The girl's parents immediately applied for another writ of habeas corpus, but they received little satisfaction. The girl's attorneys were appointed guardians, and he is probably out of the reach of a writ by this time.

Mr. W. A. Bolan, the well known traveling representative for the firm of Simons & Co. of Chicago, will remove her family from Lincoln to the Windy city tomorrow. Justice Brown has recovered sufficiently from his illness to return to the bench. Laue Meyer of the state relief commission will participate in the celebration at Omaha Wednesday in honor of President Harrison. The cantata given by the choir of the Holy Trinity church a few weeks ago is to be repeated by the choir on Wednesday evening, when the choir will sing a new cantata. Mr. W. A. Bolan, the well known traveling representative for the firm of Simons & Co. of Chicago, will remove her family from Lincoln to the Windy city tomorrow.

HE IS RELEASED FROM THE HOSPITAL AND STARTS WEST. NEW YORK, May 11.—John F. Wentworth, the Washington lawyer, who was committed to Bellevue hospital Saturday as insane, has proved that he is not insane. He left the hospital today and will go with his parents to Milwaukee. Dr. Leonard Wood, who is the young lawyer called at the hospital yesterday, they talked with Wentworth who was calm and reserved in manner, and seemingly did not intend to murder anyone as he talked with his parents.

FIXING FOR LABOR DAY. Programme to Be Prepared Early—Other Chicago News. CHICAGO OFFICE OF THE BEE, CHICAGO, May 11.

The central council of the Knights of Labor is holding a meeting at which the matter of labor day celebration next September was taken up and the date of a special meeting was fixed for May 24, when delegates will be present and prepare a programme. Resolutions were adopted censuring the world's fair directors for refusing to fix the minimum rate of wages and requesting them to reconsider their "clabby" action and reopen negotiations with the representatives of the labor organizations.

Andrew Shornack shot August Bierge, his son-in-law, while trying to force him to leave the house. Mrs. Bierge had been living at her father's house acting as nurse for her mother, who died a few days ago. After the mother's death, Mrs. Bierge returned to her father's home to get some of her clothes. Shornack, who dislikes Bierge, ordered him to get out of the house. Bierge shot him when he tried to explain. Bierge wrested the revolver from his assailant and knocked him senseless. He then fled from the house and both were unconscious when the police arrived. Bierge was taken to the hospital, and it is believed he will recover. Shornack was locked up.

Z. H. Whitman, of the Belmont homeing club of Philadelphia, who is here on business, suggests as an interesting feature of the fair a grand carrier pigeon race between the fair and Philadelphia. His plan is to have the pigeons placed on exhibition here for several days and then liberated. If there is a possibility of a fair being held in the city of the flock being liberated and getting a bearing would be quite a novelty.

George Strong of Denver, who challenged the winner of the World's Fair, called at the Tribune office last night and stated that he would be glad to meet either of the principal contestants and discuss the matter. The time and place to be determined when the forfeit money is paid.

YOUTHFUL. An European fair requires a purely continental look like spring water, no load of domestic ingredients, warranted the best in America. It is a fair of the old and new, and a receipt of price of C. O. D. Goodman Drug Co., Omaha.
