### RATE QUESTIONS DECIDED.

Decisions Given Out by the Western Tr. ffic Association.

AFFAIRS OF PASSENGER DEPARTMENTS.

Trans-Missouri Tourist Rates to Be Advanged-Slashing West Bound Tariff - A General Fight Very Probable.

CHICAGO, June 19.- In view of the differences between the chairman of the Western Passenger association and the Chicago & Alton a meeting of the managers of the western roads will probably be held next week to discuss the situation. A meeting was held at Chairman Finley's office this afternoon to consider a proposition to use the reduced rates between Kansas City and Chicago as pasing rates in ticketing tourist business from points beyond the Missouri river. The question was finally left to the chairman for a ruling.

The board of commissioners of the Western Traffic association has given out a batch of decisions. One of these authorizes the Chicago & Northwestern read to make such rates on iron ore from the mines on its Mich-Igan line to Escanaba, Mitwaukee and Chicigo as may be necessary to reduce the differential now existing in favor of Marquette by reason of the competition of the Duluth, South Shore & Atlantic. The differential is now 25 cents and the Northwestern is authorized to insist upon a reduction to 20 cents. Another decision directs the Atchison, To Another decision directs the Atchison, lo-poka & Santa Fe to withdrew on or before June 30 its differential tariff issued in connection with the Mallory steamstup line via Galveston, as this tariff establishes rates from the Atlantic seaboard to Kansas points that are materially lower than the rates open to other association lines. The third decision gives authority to the Trans-Missouri lines to advance the present round trip tourist rate of \$47.50 between the Missouri river and Utan points to \$55, taking effect July 1, and the fourth denies the application of the Chicago, Burlington & Northern for permission to establish a commodity rate on potatoes in car lots from St. Paul to Chicago and St. Louis. A tariff of water and rail issued by the A tariff of water and rail issued by the Richmond Terminal and which went into ef-fect today, reduces the basis to 48 cents for first class from New York to the Mississippi river on business destined to Missouri river points. The Kanawha Dispatch, which oper-ates over the Big Four road, retaliated by is-suing a tariff on the basis of 45 cents via New-ter of the tariff of ta port News, taking effect June 20. This brings the rates down to little more than half the former figures and it is not probable that the bottom has been reached as yet. Other roads can hardly escape being drawn into the fight. M. G. Veasy and William R. Morrison of the interstate commerce commission arrived here today on their return from the west.

Meeting of s tockholders. HAMILTON, O., June 19 .- A meeting of the Columbus, Hamilton & Indianapolis road was held here today and the stockholders reelected all the old board of directors except Mr. Joyce of Marysville, O., who was suc-ceeded by John Howard Taylor of New York. Owing to the small attendance of directors, the organization was postponed to a future

They will proceed at once to Washington without stopping to hear any cases in Chi-

Request for Protection. LOUISVILLE, Ky., June 19.-The East Tennessee, Virginia & Georgia railroad company today applied to the federal authorities for protection against seventeen brakemen who have struck for higher wages. The company claims that the strikers have interfered seriously with their

The best and cheapest Car-Starter is sold by the Bordon's Selleck Co., Chicage, Ill. With it one man can move a loaded cur.

Indianapolis, Ind., June 19.—The claim of General Sherman Sturm, an ex-official of the Mexican government, for money paid for munitions of war which the general pur chased in this country and transported to Mexico, has been settled. General Sturm received \$259,351.03, but he alleges that in order to obtain this concession he had to expend the sum of \$100,000 among Mexican of ficials and congressmen to secure their influence to insure the payment of his claim. It oppears from recent disclosures that the gen-eral was indebted rather heavily to Mr. William Henderson and also to Horace Scott and had been promising to pay them when his Mexican claim was allowed. These debts Sturm failed to pay. Mr. Henderson intends to lay these facts before the department at Washington, and it is not unlikely that complications of a serious nature may arise between Mexico and the United States.

ELEVENTH ANNUAL

Nebraska Universalists in Conference

in Omaha at Present. The eleventh annual session of the Nebraska Universalist state conference began yesterday afternoon in the First Universalist church at the corner of Nineteenth and Lathrop streets.

Rev. E. H. Chapin of Lincoln, president of the conference, Rev. Q. H. Shinn, Rev. Mary Girard Andrews, and several earnest work-ers from the laity were present at the opening meeting. The afternoon session was de-voted entirely to business and the indications seemed to point to substantial progress all The Universalist church in Nebraska has

grown rapidly during the past year and the

vorkers feel highly encouraged. Rev. J. H. Palmer of Cedar Rapids, Ia. preached an excellent sermon last night upon "Unity of Religion." He pointed out the fact that in nearly every branch of the Christian church there have been many grand and noble characters whose lives and labors have been heartily commended by all denominations. There had been boets and philanthropists and statesmen connected with various branches of the church, and who seemed to belong to all of them, so wide and generous and divine their fives seemed. The speaker held that this only went to show that the Christian people the world over were trying to worship the same loving God. The creeds might be necessary as lamps for individual feet, but the true re-ligion of God had really no sections or di-

visions. The creeds were simply the imag-inary lines drawn for the convenience of the worshipers. Today the conference will facet at 10:30 and continue the business meeting. At 11 a. m. Rev. E. H. Chapin of Lincoln will preach.

At 3 p. m. Rev. Mary Girard Andrews and At 3 p. m. Rev. Mary Grand Andrews and Hon, C. A. Holmes will address the confer-ence upon "How Can We Best Advance the Interests of Universalism in the State," There will be a sermon in the evening by Rev. J. S. Cantwell, D.D., of Chicago. Tomorrow forenoon the handsome new church will be dedicated. Rev. M. D. Shut-ter, D.D., of Chicago and other distinguished

speakers will be present.

Forty-Seven Candidates for the High School Graduated.

Yesterday afternoon was one long to be remembered in the annals of the Lake street school. The afternoon school hours were devoted to the graduating exercises of the eighth grade class. An interesting programme had been prepared, consisting of recitations, music and readings. A large audience of the parents and friends of the

class gathered in the large assembly hall of the school to witness the exercises. At the conclusion of the indoor programme the school drum corps beat the time for the march to the grounds. Near the base of the Arbor tree a class box was planted with all the usual ceremonies. When the box of pa-pers had been safely buried it develoyed upon Miss Beatrice Ball to lose the key. This

upon Miss Beatrice Ball to lose the key. This was done in rather a unique manner. The young lady attached the key to the neck of a wild dove, and after reciting a few lines of poetry, gave the bird its liberty.

There were forty-seven members of the graduating class. Miss Whitmore, the principal of the school, and Miss Valentiae, the teacher of the eighth grade class, deserve great credit for the management of the exercises, which were as nearly perfect as could be.

At the Park

The Park school graduation exercises were held in the large assembly room of the school yesterday afternoon. Miss Faunie Standish made the class prophecy and Leon Boyd read the class history. Music and recitations were also on the programme and the exer-cises attracted a large number of friends.

posing there was no one at home, Kelly attempted to assault the young girl. A prother was in the house, however, and hearing screams rushed in just in time to prevent Kelly accomplishing his purpose.

The next day a warrant was sworn out for Kelly, and the police and detectives looked everywhere for him, but he could not be found. He had skipped the town, but returned yesterday only to fall into the hands of the police. Two medals were awarded for drawing, one was given to William Manchester and the other to Clara Gibson. Think He is a Thief. A lady whose name could not be learned

had her pocket picked at the Salvation army meeting last night. W. H. Reede is supposed to be the guilty man, and consequently was arrested by Officer Pools. searched at the station Reede had \$7.10 in cash and a fine skeleten key in his pocket. He is charged with being a suspicious character and an effort will be made today to nave him identified as the guilty man,
