THE GREAT AUCTION SALE.

An Enormous Stock to be Sold Commencing Monday.

The People's Mammoth Installation House Stock to be Closed Out to the Highest Bidder, Beginning with Tomorrow, Monday.

The great fire sale which began at the Peoples' Mammoth Installation Co. several weeks ago has proved to be a blessing to the thousands of housekeepers in this city, as goods were actually sold at half the cost of manufacture.

As the firm is anxious to resume business as soon as possible, they have decided to close out the remainder of their stock for whatever it might bring, beginning tomorrow, Monday morning at 10 o'clock. The greatest auction sale ever held in this city, or any other city, will begin at the Peoples' Mammoth Installation House, 618, 615, 617, 619, 621 North Sixteenth street, at 10 a. m., continuing daily until all is sold. Nothing shall be reserved. Every dollar's worth of goods, consisting of all grades, from the lowest quality to the highest, of furniture, carpets, stoves, parlor, suit, ranges, springs and mattresses, rockers of every description, fine couches, plush rockers, cradles, bureau, center tables, 15 miscut car, pets, plush divans, leather couches, another rocker, office desks, bookcases, secretaries, folding beds, chamber suit-comodes, hall racks, hanging lamps, dinner and tea sets, cook stoves and ranges, kitchen utensils, carpets, rugs, draperies, lace curtains, portiere mirrors, bed-ding, pictures, toilet sets, in fact everything essential to housekeeping, will be closed out, piece by piece, to the highest bidder.

The Peoples' Mammoth Installation house stock have profited far better financially by accepting the offers of several Chicago parties several days after the fire for their entire stock, but they declined same for they saw an opportunity to benefit their friends, and they knew that the fire sale would enable their customers to purchase goods at a fraction of the former selling price, and thereby prove a lasting advantage to that which would be worth several dollars to them when they resumed business again. Remember the great auction sale begins Monday morning at 10 a. m., to continue until 12, and in the afternoon from 2 until 5. Terms cash. R. Wells, auctioneer.

FATAL RESULT OF A BLOW. Michael Foley's Death to be Investigated by the Authorities.

Another case that will receive the attention of the coroner is the death of Michael Foley, which occurred at 2 o'clock yesterday morning. Foley was an old man sixty years of age, and a few days ago he was taken to the police station in the patrol wagon and the city physician was called to attend to a cut in his scalp, the result of a fall on the sidewalk near Krug's grocery. It was reported that Foley was drunk and fell down. After washing the wound the doctor sent him home, the patient stating that he felt much better, but for some unknown reason failed to get well and died as above stated.

Dr. Gagen was called in again to see the man, but could find no wound for him. He stated that he did not think that the old man's skull was fractured.

On the elevated stage we will offer 100 thirteen-foot hammocks, with combination pillow and stretcher, at 50c each; worth \$1.25.

IN OUR ELECTRIC AMPHIPHETHEATON. The only complete assortment of men's and boys' straw hats on earth. The greatest attraction on earth tomorrow will be THE BOSTON STORE.

FRONTIER CUSTOMS.

A Realistic Ghost-Dance and the Messiah Craze Illustrated in Forepaugh's Wild West.

While men and women are often led into a state of religious enthusiasm at times done extravagant things—as witness the "Millionaire craze," of nearly half a century ago, at which the world jested and laughed. Some satanic agencies sought in raising up false Messiahs and false Christs. The "Pluto Indian" who started this wild theory among the frontier Indians, is reported to have walked a thousand miles to carry it from tribe to tribe. He encouraged the wild dances, grew wilder and wilder under his inspiration. In a few months nearly all the Indians were infatuated with this delusion. They danced and prayed and pleaded with such earnestness as could be seen by a heathen. But their god had no power. He saw not their gifts thrust into the matting about the sacred tree. He regarded no song or appeal for aid. He heeded not the tears nor the sobs of anguish for sin.

A vividly realistic representation of this fanatical dance is presented in the great Forepaugh and Wild West exhibition which is to exhibit here on Friday, July 24, also an accurate illustration of the now famous ghost dances which was so extensively indulged in by the Indians preceding their recent uprising is presented. The participants are genuine Sioux Indians, and the dance is given precisely as it was done during the prevalence of the "Messiah craze" among our frontier Indians during the past winter. All these are in connection with the presentation of the triple circus—menagerie, hippodrome, etc., consisting of a variety of animals, and will prove highly instructive and entertaining features when the great shows pitch their tents in this city July 24.

CLEMENTS IS ALL RIGHT. He Ends Worry Over His Mysterious Disappearance.

While the friends of W. G. Clements have been worrying themselves over the supposed mysterious disappearance of that gentleman he has been quietly working away at his desk in the office of Swift's packing house in Kansas City where he has been for the past two months.

Mr. Clements was chief clerk in the general freight office of the Union Pacific and left that position rather suddenly. His whereabouts was unknown to many of his friends and much anxiety was felt over his departure. The suicide theory obtained in the minds of many people and efforts to get trace of him were apparently abandoned. It was not until yesterday that Mr. Clements had not succeeded but was pursuing the even tenor of his way in Kansas City.

A DARING BURGLARY.

All Kinds of Goods Stolen. The new and elegant quarters of the Omaha Rubber Co., 1520 Farnam street, in Paxton block, next to Max Meyer & Bro., were entered a few nights since, and a great variety of goods stolen, such as rubbers, lawn tennis shoes, rubber coats, rubber gloves, combs, tooth-brushes, etc., etc. Many of our readers, especially the ladies, will be surprised on reading the above to learn that the Omaha Rubber Co. sells at retail the finest line of rubbers made, both in the variety of toy shapes and highest grade of quality, but such is the fact, for they carry a large stock of the India Rubber Glove Co.'s goods, which are the only "glove fitting" rubbers made. The robbers while in the store were evidently in a great hurry for they secured several goods of various kinds on the floor and completely littered up the fine velvet carpet which is provided for the ease and comfort of the lady customers who visit the store. The settee also was filled with rubber coats, etc. Many of the ladies' line wraps, mackintoshes, etc., were taken down and scattered about. It seems a shame to thus abuse the elegant woolen coats, which are rarely made any of the very latest noble styles and finest materials. What was so attractive to the burglars we assure our readers will prove fully as attractive to them, and we advise anyone wishing to buy a rubber coat or a mackintosh to be sure and see the stock of the Omaha Rubber Co., for they are decidedly headquarters. We call attention to their ad on page 13.

THE LATEST. Improved sleepers, as well as elegant free parlor cars on the Chicago & North-western railway vestibuled trains, leaving direct from the Union Pacific depot, Omaha, at 4:30 p. m. and 9:10 p. m. for the east daily. City office 1401 Farnam street.

OMAHA'S HEALTH. Some Interesting Things Discussed at the Board's Meeting Yesterday.

The board of health held a meeting yesterday afternoon in the mayor's office. There was present Acting Mayor Lowry, City Physician Gagen and Councilman Bunker and Burdick.

Acting Mayor Lowry stated that a dairy was in operation between Pierce street and Poppleton avenue and between Third and Fourth streets, which smelled to heaven and in a horrible state. There is also a slaughter house in the same vicinity which is in the city limits.

Dr. Gagen will look after these nuisances and have them abated.

Dr. Gagen stated that the time of two inspectors of the board of health, who had been appointed for thirty days, had expired, and it was referred to the board to say whether these men should be retained. There were four inspectors, two of whom were regularly employed and the others were the two mentioned. The time of these two men was extended thirty days.

Dr. Gagen reported that there had been no cases of cholera under the new garbage law which gives anyone who takes out a license the right to haul garbage. The license cost \$25 per annum. The garbage is not collected at all and with the hot weather approaching, things were assuming an alarming aspect.

Dr. Gagen suggested that the license system might be all wrong and suggested that the city should be divided into districts and assigned to each district. The garbage is not collected at all and with the hot weather approaching, things were assuming an alarming aspect.
