THE OMAHA DAILY BEE: FRIDAY, JULY 24, 1891.

The numerical indices in the office of the

Register Megeath asked to have the bonds

rewritten. He was granted power, but the

board reserved the might to name the men

for the work. The parties hired were ob-

jectionable to the register, and but little good

resulted, as Megeath refused them the use

of the books. At a subsequent meeting the commissioners reconsidered their action and decided to have the books rebound. A reso-

lution was introduced by Commissioner Timme, to give the job to the Festior printing company and \$30 is the price agreed upon. Hight here is where the trouble is coming in. Last January the county board

made a contract with the Republican print-ing company to do all of the book binding, black work and printing for the county for

the period of one year. If Festner attempts to do this work before the expiration of the

contract an injunction will issue against him.

DeWitt's Little Early Risers; only pill to

WANTS A CORNER ON HEALTH. The Alleged Object of Mr. Jay Gould's Western Trip.

HE KNOWS NOTHING OF RAILWAY MATTERS

Visit of the Magnate and a Party of Friends to Omaha - Will Inspect the Entire Union Pacific System.

Mr. Jay Gould and party arrived in Omaha at 11:50 o'clock yesterday morning in the wizard's special car Atlanta, and proceeded west on the main line of the Union Pacific at 2 p. m., in a special train.

The party consisted of Mr. Gould, Mr. S. H. H. Clark, Dr. Munn, Mr. Gould's medical adviser, and the younger members of Mr. Gould's family, namely, the Misses Helen and Annie Gould, Mr. Howard and Master Frank. Mr. Boyd of New Yorz, a friend of

Howard Gould, was also with the party. A representative of The Bar mot the party at the Rock Island depot in Council Bluffs. At the Rock Island depot in Control Burn Mr. Gould's car being attached to the regular Rock Island train which reached Council Bluffs at 10.30 a.m. Mr. Gould was in the observation room of his car and looked some-what careworn. To Tue Bas man he stated that he had come west in search of cool weather and a change of air and scene. He said he had not been feeling as well as usual of late and his present trip was in the nature of a pleasure jaunt, although he should de-vote some time to inspecting the Union Pa-cific system. Mr. Gouid stated that he had not decided just where he should go or how long he should remain in this section, but for the present he was going to a cool place in the mountains and seck to be reinvigorated.

An effort is being made to elicit informa-tion from Mr. Gould concerning matters in the railroad world but, with his customary wariness, ne cluded all attempts in that direction and returned only evasive answers. The subject of joint agencies, a pet project Mr. Gould, was broached and he was of Mr. asked if it was still the intention to push the establishment of such agencies in the larger

cities. "There is no use pushing that matter as long as all the roads are not in the association." replied Mr. Gould, "when the proper time comes the matter will be pushed as far as it is deemed expedient." cities.

"Is it a fact that the action of the Western Passenger association towards the Alton is for the purpose of whipping that road in the Western Traffic association?" was the next question.

'I don't know anything about that," replied Mr. Gould shortly. "Is it true that several of the roads in the

Western Traffic association will ask that ex-Traffic Manager Leeds of the Missouri Pacific be reinstated ("

"I don't know anything about what the other roads intend to do."

"Is Mr. Leeds going to be reinstated " "I don't know." "How long is the freight rate war in the

southern territory to be continued?" "How are your crops in Nebraska?" re-plied Mr. Gould blandly.

He was laformed of the excellent condition of the crops and was then asked if it was true, as reported, that the Vanderbilts had

bought the Delaware & Hudson. "Did the heavy rains injure the corn to any considerable extent?" was all the in-formation obtained in that direction.

When the train reached the transfer grounds in the Bluffs Mr. Gould alighted from the car, accompanied by Mr. Clark, and

walked down the platform. They were met by P. J. Nichols, superintendent of the Ne-braska division of the Union Pacific, and the three at once entered into consultation on the general condition of the road in this section and the result of the recent heavy rains.

in the meantime the other members of the party had also alighted and amused thembelves by strolling about the depot while their car was switched about to the bridge track.

The entire party were the objects of great interest on the part of the employes about the depot and sojourning travelers. When the young ladies patronized an itinerant phonograph man the crowd stood about in ope outhed wonder to see how the machine affected them. When the car had been put in position the party was whisked rapidly across the bridge to the beautiful new union depot that doesn't stand as a monument to the enterprise and generosity of the Union Pacific company. Traffic Manager Mellen and Mr. Tom Orr, chief clerk of Assistant General Manager Dickinson, met the party on this side and Mr. Gould entered at once into conversation Mr. Mellen on the subject of traffic. Mr. Mellen's report on the prospect was very couraging and expressed gratification at the situation. A carriage was summoned which the Misses Gould, Messrs. Howard and Frank Gould and Mr. Boyd entered and were driven direct to THE BEE building, from the roof of which they enjoyed an excellent bird's eye view of the city, after which they made a tour of the quarters of THE BEE and manifested a great interes in the various operations necessary in the issuing of a newspaper They were then driven to the various points of interest about the city, returning to their car in time for lunch. In the meantime Mr. Gould and Mr. Clark passed the time in Mr. Clark's private car, which was standing on a sidetrack. After Mr. Gould's car had been arranged a special train was made up, consisting of a baggage car, Mr. Gould's car and Mr. Clark's car, and at 2 o'clock the train started on its way west over the Union Pacific main line. At Grand Island the party will be met by Assistant General Manager Dickinson, who left Cheyenne Wednesday for that purpose. A trip will then be made over the lines of the Unior Pacific for the purpose of inspecting the system. The ex been decided upon. The extent of the trip has not To the young face Pozzoni's Complexion Powder gives fresher charms, to the old renewed youth. Try it.

REFORM AT HEADQUARTERS. Acting General Stanton Lops Off i Few Official Heads. General John R. Brooke, commander of the department of the Platte, accompanied by Lieutenant Truitt, aide-de-camp, left yesterday for a three week's tour of inspection around the posts in Colorado, Wyoming, Utah and western Nebraska.

Colonel Stanton, paymaster of the departnent, at once assumed command and issued

ment, at once assumed command and issued the following general order: Headquarters of the Department of the Platte, general order No. 1—The undersigned having assumed command of the Department of the Platte during the temporary absonce of the general officer heretofore exercising that command, all orders and parts of orders at unsample force are hereby revoked at present in force are hereby revoked.

The assistant adjutant general of this de-partment having important business at the Omaha club which requires his attention the greater part of the working hours of each night, he is hereby relieved from duty in this office, and Captain Frank E. Moores is assigned to duty as assistant adjutant gen-

THE BEE'S GREAT BUREAU OF CLAIMS.

it Befriends Settlers, Patentees, Widows, Orphans and Soldiers and is Commended by the Highest Authority.

Men who have had claims against the gov ernment and employed professional agents to represent them before the departments in Washington, tell strange stories of tricks and rascality to which they were subjected at the hands of these merciless creatures. There are of course, some honest men among these agents; but there are so many that are notoriously corrupt, that it is almost impossible for a claimant, unless he be directed by a well-informed individual, to find one

MOVED BY JEALOUSY.

One Colored Person Uses a Razor on Another.

Albert Brown, a young colored man just arrived from Lincoin, was badly cut in the back with a razor yesterday afternoon by Will Eider, also colored.

Brown was out on Lake street and was standing talking to Olla James, who is Elder's vest girl. This riled the jealous lover and he drew his razor and salled in. He cut a gash about ten inches long and from one to one and a half deep across the back of Brown. The injured man made his way to the police station where his wound was dressed by Officer Dibborn, who found it necessary to The wound is not serious but is quite pain

ful. The police are looking for Elder. DeWitt's Little Early Risers; best little

pills for dyspepsia, sour stomach, bad breath. ANNOU.C. MENTS.

The eyes of the theatrical world will be

fixed on Omaha, Saturday evening, when 'Tuxedo'' will have its premior presentation at the Grand opera house. Such an important new departure as the alliance of a minstrel company with a farce comedy company, never before attempted, could not fail to attract the attention of all people every prominent in theatrical affairs all the more noticeable when where the minstrel company is George 'Thatcher's and the farce comedy company is Rich & Harris'. Both branches of the organization mean perfection in each, and the best that money can secure for both. The effect of the performance in Lincoln last evening and in Sioux City this ovening will be that of securing two public rehearsals of the programme, which, following the private dress rehearsal here on Tuesday evening, will roveal the weak points and cause their removal before the piece is presented in Omaha on Saturday and Sunday evenings. Great local in-terest attaches to the opening on Saturday evening. The advance sale began yesterday and the demand was steady and continuous all day. It will no doubt be the same for today and tomorrow, and it is almost certain

that the house will be entirely sold out before the curtain rises on "Tuxedo." There will be no matinee perfomrance either on Satur day or Sunday. Only the evening performances will be given.

Constipation poisons the blood; DeWitt's Little Early Risers cure constipation. The cause removed, the disease is gone.

William McFarland's Funeral. The funeral of William McFarland, the

hack driver who was killed by a kick from his horse, took place at 2 o'clock yesterday from M. O. Maul's undertaking establishment, The service was conducted by Rev. J. W. Harris and was attended by a large number or where unusual work had to be done, when of friends of the deceased. A handsome wreath of white roses rested on top of the

SOUTH OMAHA.

A Gratifying Comparison. Of all stock marts in the United States South Omaha makes the best showing for the year up to the present time. From Janu-

ary 1, 1890, to July 22, the receipts of cattle were 274,914, as compared with 342,451 during the corresponding period of last year; a loss of 67,537. The receipts of hogs were 830,985, as compared with 738,583; a gain of 152,402. The receipts of sheep were 76,195, as com-pared with 65,700; a gain of 495. And the receipts of horses and mules were 2,300, as compared with 2,033, a gain of 267. The total receipts at the yards of stock were 1,344,456, as compared with 1,158,837, a gain of 85,629, or 7.39 per cent. In the hog packing industry the Magic City

does not make quite as favorable a showing as it does in receipts of stock; nevertheless its percentage is not only above the average, but is much better than any of the other great packing centers. The total slaughtering of hogs for the season has been 4,200,000 as compared with 5,440,000 for the corresponding season last year, a falling of 1,240,-000 or 22.79 per cent. Chicago declined from 1,800,000 to 1,465,000, a falling off of 355,000 or 18.61 per cent. Kansas City decined from 834,000 to 550,000, a falling off of 284,-000 or 34.05 per cent. South Omaha decined from 502,000 to 443,000, a falling off of 59,000 or 11.75 per cent. South Omaha's percentage of decline is little more than half that of Chicago and less than one-third that of Kansas City. The cause of the falling off in packing is

advanced money when so desired and who waited for years and yet failed to receive any information as regards what the sharks had lone with either money or claim. THE BEE has also been requested to recommend reliable agents and has, in this way,

served to protect the people from fraud and robbery. But that did no good to the people who had fallen into the hands of sharks. As rapidly as the latter were shown up, new ones with new tricks and rascality took their places. There was but one means left and that was

to establish a great bureau of claims. This idea was suggested to a number of people but was put into practice first by the San Fran-

cisco Examiner. With the Examiner, THE BEE has co-operated in the great work of affording relief to

worthy claimants. The Washington correspondent of the Ex-

aminer, Mr. John Wedderburn, who has also acted as private secretary to Senator Hearst, was detailed to organize and take charge of the ourcau. His long service in Washington in both these capacities had given him a large acquaintance with government officials and government methods. Knowing the men and the proper procedure to follow, he was chosen as well qualified to push claims through in the shortest time if they were

ustly due. The best lawyers to be had were then em-gaged and a full clerical force put into the bureau. bureau. In every instance the men were chosen for their knowledge of the work to be

Congress was not less anxious to protect claimants from robbery. The same kind of complaints had come to The Ber and gone to the members of congress as well. The com-mittees that had the Indian depredations bill

mittees that had the indian depredations bill under consideration investigated the opera-tions of the claim agents and attorneys in connection with the Indian depredations claims. They found that the claim agents had demanded 33% to 50 per cent from the men holding the claims, and in hundreds of cases held contracts at these figures. While the bill was still in concress with little apthe bill was still in congress, with little ap-parent chance of passage, they were able, by methods dangerously near the line of false

pretenses, to induce the claimants to sign the exorbitant demands. There appeared to be only one way to protect the claimants. That was to cancel all contracts by law and limit the fees that attorneys might collect. The claimants would thus be enabled to choose another agent if the one they had first engaged had attempted

' Want to Enforce the Law

About three dozen Omaha physicians of the regular school met at the Young Men's Christian association rooms yesterday afterpoon and spent several hours in a discussion of the work that must be done in connection with the enforcement of the new medical law, which goes into effect August 1.

Dr. Gibbs presided at the meeting and Dr. George P. Wilkinson did the secretary's work. The matter of enforcing the new law was considered from various standpoints. Drs. Jonas, Leisenring and Jensen were appointed as a committee to prepare data show-ing the state board what physicians are and what are not entitled to practice in the state. Drs. Gifford, Spalaing and Ross were ap-pointed a committee to consider and report upon the advisability of organizing a society to aid in the enforcement of the law. Another meeting will be held soon at the

call of the chairman of the meeting.

The evils resulting from habitual costive ness are many and serious; but the use of barsh, drastic purgatives is quite as dangerous. In Aver's Pills, however, the patient has a mild but effective aperient, superior to all others, especially for family use.

Where to get Binder Twine.

The Fremont Hemp and Twine Co. at Fremont, Neb., have a full supply and are still manufacturing twine. Can fill orders for car loads or less and ship twine same day orders are received. Address FREMONT HEMP & TWINE CO. July 20, 1891. Fremont, Neb.

THE DOUGLAS HOGBACK.

Its Removal is Not Interfered with by Injunctions.

Notwithstanding the numerous reports there is no injunction restraining the contractor from going on with the grading of Douglas from Sixteenth to Twentieth streets. The other day an injunction was issued restraining John Rush, the city treasurer, from collecting certain taxes that have been derived from benefits, but this in nowise interferes with the grading. The preliminary work, such as taking up the curb and sidewalks, cutting down trees

and removing houses is moving along at a rapid rate. The large house owned by A. J. Hanscom

and situated at Nineleenth and Douglas streets, has been moved out and now stands in the street. All of this work was necessary before grading, and it is now so far along that early next Monday morning, if not be-fore. Contractor O'Keefe will be at work cutting down the hogback.

yrup of Figs,

Politicians Galore.

There have been politicians enough floatng about the hotels of Omaha during the past two or three days to run a pretty goodsized campaign. They appear to have no very definite plan or purpose. They all seem to be watching for somebody to do something. Jack MacColl of Lexington, J. C. McBride of Lincoln, Wait M Sceley of Ben-nett, T. C. Calahan of Friend, Captain Payne of Lincoln, and naif a score of lesser lights are in Omaha. Hon. Thomas Majors is ex-pected to arrive tought. Hon. John C. Watson has gone home.

DeWitt's Little Early Risers for the liver.

Off for Florida.

Dr. V. H. Coffman and son left Sunday for utheriand, Fia., where the doctor goes to ook after his two tine new hotels-the San Marino and the Gulf View-both lately completed and in readiness for the pleasure season of 1891. Dr. Conkling accompanied them. He goes to build a cottage, where he expecta to spend every winter. They make a stop at St. _ouia, Nashville and Mobile, taking the Steamer at the latter place and going on the Gulf of Mexico to Tampa, thence to Sutherland.

diately after the opening of the bureau is a proof of the confidence in which the people hold it and of the distrust which the ordinary claim agent has aroused. weeks, from April 1 to May 15, In the six claims to the amount of \$1,905,341,6535 were filed with the bureau on account of Indian depredation claims alone. All these go to the court of claims under the act and are in various stages of preparation and prosecution. Be-sides the claims under the Indian depredation act there had been filed at that date treasury claims to the amount of \$233,694; French spoilation claims to the amount of \$285,883; land claims, \$289,350; and patent and other claims to a large amount. Since

that date some \$2,000,000 of claims have been filed with the bureau, and it is now attending over \$5,000,000 of claims. The need for the bureau may well be seen by the fact that it now has on hand more

laims than all of the claim attorneys of Washington combined. The efforts of congress and the establish-

ment of the bureau was not appreciated by the claim agents. They wanted to continue to thrive in their business of fleecing the needy claimant. They accordingly deno the government and the bureau. They They held that the former could not cancel the contracts they had made with their victims. But the cancellation was made in the interest and name of the people. And it need not be doubted that the eminent constitutional law-years who framed the act in question did not do so without knowing what they were doing. The threats of the sharks undoubtedly had an effect upon some men who desired to make new contracts and secure, the services of some other attorney, but this effect will soon be destroyed and the emancipation of the claimant from the tyranny of the shark

will be complete. The amount of money that will be saved to the people by this work of THE BEE BUREAU F CLAIMS, may not be calculated. It will certainly be very great. The work will be done as near actual cost as possible. Some of it will not cost more than 5 per cent, while much of it can be done within the 15 and 20 per cent allowed by law. In some cases the) per cent may be required. It is the inten-on, however, to give the claimant the benefit of the lowest charges that will cover the

expenses of the service. THE BEE BUREAU will prosecute claims in the supreme court of the United States, the court of claims, the several courts of the Dis-trict of Columbia, before the committees of congress and the executive departments. I will secure the payment of just Indian depre-uation claims, land claims, pension claims, mining pre-emption and homestead cases and obtain patents at minimum cost and the greatest despatch.

There are thousands yet who are entitled to pensions. These should write immedi-ately to the bureau. There are thousands of heirs, widows, minor children, dependent mothera, fathers and minor dependents, brothers and sisters who are entitled to pen

sions and should write to The Bee bureau concerning them. Under recent legislation a iberal increase in pensions has been allowed and those who are entitled to this should write to THE BEE Bureau Claim association.

All letters will be promptly answered and all information concerning form of applica-tions for claims, terms, etc., will be given withas little Jeiay as practicable. No letter will be answered unless the sender encloses requisite stamps for reply. No information concerning any particular claim will be im-

concerning any particular claim will be im-parted until the applicant has become a memper of THE BEE Bureau association. Parties desiring information should address-Tuz BEEBureau of Claims.610 B to building, Omaha, Neb., the manager of which is Edward P. Roggen.
