Mr. John D. Howe returned Sunday from Connecticut, where he has been visiting the scenes of his boykood for about three weeks. "Have you been informed as to the meeting of the council committee and some of the Union Pacific officials to talk about agreeing

upon some basis by which the depot injunc-tion suit could be dismissed and work upon

the new depot resumed?" was the query THE BEE reporter submitted to Mr. Howe. "I read THE BEE occasionally while I was away," said Mr. Howe, "and noticed that such a meeting as you speak of took place. I wonder if those fellows realize that they are not running that law suit! I would like to know when the members of the council were authorized to have anything to do with the case!"

Do you expect to dismiss the case soon! "I have never contemplated anything of the kind so long as the depot company is not disposed to keep faith with the people. believe the sentiment of the property owners of this city is in favor of holding the Union Pacific to some of the contracts its officers have agreed to, if we can. The city of Omaha has been deceived time and time again by the unkept promises of the Union Pacific. There is no sense in being deceived again by promises."

The John Holiday Remedy company, of surlington, Ia., guarantees to cure the drink habit and dypsomania. Home treatment. Remedy sure. Ingredients harmless. The Great Chinese Panaceist

Wishes to give a few reasons why he is work-ing such wonderful cures where other doctors fall.

China has about half the population of the globe. They have been practicing and perfecting medicine over 4.000 YEARS. Ching Nung (see Ency. Brit.) discovered seventy-two poisons and their antidotes 2,455 years before Christ, and Marco Pola, who brought the compass.

Campint, one of the first Europeans who entered China, says: "Their physicians have a thorough knowledge of the nature of norbs and an admirable skill in diagnosing by the pulse." (See Willard's Middle Empire.) It is well known that gunpowder, steam and electricity are old in China, and that the Chi-nese were printing their delicate books 900 years before Guttenberg was born.

But it was to medicine the Chinese gave their attention, and when the emperor Chin Wong ordered all the books to be burned he excepted the medical works, and it was only by the merest accident that the great works of Confucius himself were saved, he having placed a set of his works in the corner-stone of his residence, which was found 2,000 years after.

of his residence, which was found 2,000 years after.

The celebrated Dr. Hobson states that one of the Chinese dispensatories gives 142 HERBAL REMEDIES alone. Can you wonder then at the doctor's success?

The Caucasian physicians all use the very same Remedies and when you change doctors, in your disappointment and disgust, you morely change faces and assertions but not medicines. When an American doctor discovers a new remedy all the other doctors know about it immediately. Now, you know the Chinese Doctor comes from an almost unknown country, containing nearly half of the people of the world, where all the medicines are entirely different, and Dr. C. Gee Wooffers a reward of \$50.90 to any one who can duplicate any one of his Chinese Medicines. Do you now comprehend that after giving up all hope of being cured by your doctors, that in taking the Chinese Doctor's Remedies, 4,000 in number and absolutely unknown outside of China, that he has a wonderful advantage over all other physicians. His new remedies have never before entered your blood and set on it as if by magic, curing the disease and rendering the complexion clear as a child's.

A MOTHER'S STORY.

I am 62 years of age and have suffered indescribable agony from asthma for many years. I could not sleep and had to sit up all night in a chair. I tried doctor after dector but without help, and thought some night I would choke to death. As a last hope I tried Dr. C. Gee Wo, the Chinese doctor, and was relieved instantly. In a short time I was cured and have never since been troubled. I have reason to bless Dr. C. Gee Wo, MRS. P. O. HIRSH, 24th St., bet. J & R. South Omaha. In order to convince the public that Dr. C. DEATH OF A VETERAN.

One of Omaha's Pioneers Passes to His Final Reward. Colonel Harry Brownson, one of the best

known men in Omaha, a pioneer, who spent nearly a quarter of a century of a busy life in this city, died yesterday morning at his home, 2632 Davenport street. Few men in Omaha have lived a life so full of events as that just laid down by Colonel Brownson. He was a native of Vermont, having been born at Richmond, in that state, March 10, 1829. He entered the army, as a lieutenant and regimental quartermaster of the Twelfth

Vermont volunteers, August 21, 1861, and served as such until May 1, 1863 when he was taken ill with typhoid fever, nearly lost his life, and was finally mustered out, August again, however, as soon as his health would permit and was appointed captain and quar-termaster February 29, 1864 and assigned to duty in charge of railroad transportation in New York city. On December 22, 1864 he was sent to the front in charge of the Secand brigade, Third division, Ninth corps of the Army of the Potomac. He was stationed for nine months at Fairfax, Va., acting most of the time as brigade and quartermaster general under Generals Stoughton, Blunt, Stannard, and General Heintzelman in command of the de-After serving in various positions

GOULD'S SHORT LINE.

The Union Cut-Off Finally Opened for The much-talked-of Union cut-off of the Missouri Pacific has at last been opened to traffic, or partly so. Commencing yesterday morning, a mixed train will be run over the tine between Plattsmouth and Union, making one trip each way. The train will leave Plattsmouth at 10:55 a.m., and arrive at Union in one hour. Returning it will leave Union at 3 p. m. and reach Plattsmouth at 4 o'clock.

The distance between these stations is 14.1

A new station will be opened at Murray, 7.5 miles from Plattsmouth, with Mrs. Frank E. Drake as agent. Superintendent Rathburn was in the city yesterday and stated that he had come over the new road from Union to Gilmore, the full length of the new portion, and had found it in excellent shape. That part of the road between Plattsmouth and Gilmore is still in the hands of the construction department and Mr. Rathburn expressed the most profound ignorance as to when it was to be put

in operation, but he had a faint suspicion that the road would be turned over to him be fore very long.

It has been generally understood from the first that, when the cut-off was completed, passenger trains would run over it from Union to Gilmore, and thence over the Union to Gilmore, and the Gilmore over the Union to Gilmore, and the Gilmore over the Union to Gilmor Pacific tracks into the union depot. This would shorten the distance between Union and Omaha by about twenty miles. General man ager Clark about two months ago expressed grave doubts as to the advisability of making such a change on account of the compileations involved and no official statement confirming the general impression has been announced
