Sioux City Captured the Game Without Much Effort-Story of the Other Ball Games

Yesterday.

Sloux City, 7; Omana 3. Kansas City-no game; rain-

Sloux City, Ia., Sept. 8 .- Special Telegram to Tun Ber. ]-So far as the playing was concerned, today's game with the Omaha visitors was the best of the series, but it was marred by some disgraceful scenes. When the game was called a violent dispute was in progress. Leadley refused to allow his men to play until the guaranty was paid. This the Sioux City manager refused to do, on the ground that Leadley intended to dispand his team then and there, without playing. Finally it was agreed to pay the guaranty at

the end of the fifth uning. When five innings had been played there was another row between the managers, and it went so far that the Omaha team went to its carriage. Then the guaranty was paid, and the team returned and played two innings, when the game was called to enable it to take a train out of town.

In the first inning the visitors began good stick work without ceremony. Wright got a single, and was sent home by Dungan's three bagger. Flanagan's sacrifice made

the other run. In the third inning Wright's three bagger and McGlone's sacrifice made a run.

McGlone made some beautiful stops and McNabb's work in the box was very effective It times but the whole game on both sides was marred by the unseemly quarreling and the crowd was not at all sorry to see the

game closed in the eight inning.

It is said that some of the men of both teams crossed to the Nebraska side last night and spread red paint on with a lavish hand.

Declares the Union Pacific to Be in

Excellent Condition. CHICAGO, Ill., Sept. S .- General Solicitor Thurston of the Union Pacific, who was in this city today, said there was no foundation for the report that Gould intends giving up control of that road, or that the property will go into the hands of a receiver. "The Union Pacific," said Mr. Thurston, "has a floating debt of \$12,000,000, created when it purchased the Oregon Railway & Navigation property. This was placed in the hands of a great many people. When somebody in Wall street wanted to make a drive on the Union Pacific, holders of these securities were induced to demand immediate payment. It did not take them long, however, to make arrangem whereby this debt has been bunched placed with Drexel, Morgan & Co., and that too at a lower rate of interest than was be-ing paid before. The Union Pacific was never in as good condition as now."

Chairman Finley is out with a letter asking the Western Passenger association lines to vote on the question of making an excursion rate of a fare and a third for the round trip, plus 25 cents for admission coupon for the Chicago exposition. Descript, Ia., Sent. 8.—Judge Ney, of the state district court today filed an important decision in the case of the Iowa railway commission against the Chicago, Milwaukee & St. Paul Railway company. The firm of Fengler & Schwaegler of this city shipped to them, some time ago, several car loads of fue oil from Lima, O. The cars came from Chicago over the Chicago, St. Paul & Kansas City line and the yards of consignees could only be reached by the Milwaukee road, the latter had to switch the cars in about three

miles in the suburus.

The Milwaukee company charged from \$1. to \$15 per car for this switching, the charge being greatly in excess of the joint switching rates fixed by the state railroad commission. On complaint of the consiguees, the commision ordered the company to switch the cars at the rate fixed. The company refused and the case went into court. Judge Ney holds that the contract between Fengler and Schwaegler and the oil company at Lina, O., is an interstate commerce contract, and that the board of railroad commissioners of Iowa has no jurisdiction to remedy grievances arising there under. The plaintiffs' potition dismissed. The case will now go to the supreme court on appeal.

Splendid Trotting at Cleveland. CLEVELAND, O., Sept. 8.-The fall meeting of the Cleveland Driving Park association began today under favorable auspices. The weather was cool and the track in fine cordition. The crowd was about up to the

average for a first day.

There were three events on the card—the 2-year-old stake race and the 2:40 and 2:10 classes for trotters. Of the eleven entries in the 2-year-old stake race only two starters Monbars and Roman. Every horse in the party but the colt Roman by Armagh seemed afraid to meet the black Kentucky wonder, and he had a walk-away for the purse. It was no trick to distance Roman, and Monburs went away from him with ease. Without urging Monbars covered the mile in :22%, making the last half in 1:00% and the last quarter in 3414. At the conclusion of the race the judges offered a special purse for Monbars if he would go a mile and bent Sunol's 2-year-old record of 2:18. There is no doubt that the horse could have gone the mile on this track in 2:16 with a mate-to urge him. Budd Doble had sent word to his brother, Charlie, who handled Monbars, however, not to urge him too hard and the effer

was refused.
Ten of the fourteen entries in the 2:40 class started. Before the race Myrtle it was a favorite at \$15 against the field for \$6. Mollio went to the front at the start and

won in straight heats with ease.

Before the 2:19 race was started Gold Leaf was a favorite at \$25, Abbie V. Prime and and New York Central selling next in the order named and the field going for \$5. Abbie V. proved that she had the best staying qualities and after many exciting brushes with the other horses she landed the race in the fifth heat. The mare was set back to tenth place in the third heat for foul driving by Turner, who held the ribbons over her and forced Prime to the fence. The foul was so palpable that the spectators gathered on the quarter stretch and demanded that the judges set the mare back.

Ferndale, a yearling by Simmotolon gave a

wonderful exhibition, trotting a quarter in 36 seconds. Following are the summaries: Two-year old stake purse, \$1,500: Monbars won, Roman d Stanced. Time: 2:224.

St. Louis Fall Meeting. Sr. Lours, Mo., Sept. 8.-The fall trotting meeting of the St. Louis Jockey club commenced at the fair grounds tracks. The weather was fine and the track good, but the attendance was very slim. The opening event, a stake affair for 4-yearolds was a pretty contest. Fred S. Wilkes, who was played quite heavily to win was very unsteady in the fore part of the battle, and King Chester took the first two heats. After that Wilkes settled down and never make a skip in the next three heats which be won handily. The second event fell to Dan Jennings who made a holy show of his fleid, landing the race in straight heats. The out by three sidewheelers. J. H. FROM CFLLAR TO GARRET. Omaha's High School Building Will be Packed with Pupils.

What shall we do with the children? was the question that confronted the Board of Education last night when the condition of affairs at the High school was taken up. Mr. Coryell offered a resolution to provide for the fitting up of three rooms in the top story of the High school building to be used

for three boy's classes, and that an extra recitation room be made in the west end of assembly room on the third floor.

Prof. Lewis was asked if this plan would furnish any relief to the crowded con-dition of the school. He said that it would afford but very little relief, for he had already made arrangements to use the upper story and the assembly room was already to-

smail. The resolution was voted down.
On resolution of Dr. Globs the course in the training school was extended to one and one half years instead of one year. Superintendent Fitzpatrick was asked t report the condition of the so as he found them the first day. He that there was an increase of 801 pupils over the first day's attendance last year. The total attendance for the first day was 10,326.

At Walnut Hill, Long, Lake and the Central or High school, the superintendent said the crush was demanding immediate attention. At a few of the schools the attendance was ess than last year. This suggested that the boundaries might be so changed as to afford some relief.

The committee on boundaries was instructed to take up the matter of recon-structing the boundaries at once, so as to relieve the crowded buildings.

Mr. Rees offered a resolution authorizing the appointment of a special committee to take up the matter of classification. The resolution was laid over for one month.

The treasurer's statemen' showing the condition of the school funds was submitted. The funds now in the treasury are as follows General fund, \$111.611.46; sinking fund, \$4,929.83; site and building fund, \$21,683.16. Long and Rather Acrimonious Debate Over a Committee Report Recommending that the Contractor be Paid in Full.

The meeting of the city council held last right was attended by fifteen members and a crowded lobby,

It was expected that Chairman Donnelly of the committee on paving, curbing and guttering would report on the appointment of a member of the Board of Public Works, but upon this subject he was as dumb as an oyster. He held the names of John H. Furay and W. A. L. Gibbon, but they were both securely pocketed.

Mayor Cushing returned, without his approval, the resolution authorizing the publication of the Australian ballot law. He said the expenditure of \$1,100 for that purpose was unnecessary, as other state laws had not been published. The veto was sustained. The mayor also vetoed the ordinance providing for the location of additional water

hydrants. Mr. Elsasser said that the hydrant rental had been paid by interested parties. The ordinance was passed over the nayor's veto. City Attorney Poppleton reported that he did not think the certificate showing funds
