Up Again.

The Erck building on the southeast corner of Sixteenth and Webster streets that was destroyed by fire last May has been rebuilt and will be ready for occupancy about October 5. The building has been remodeled with all modern conveniences and handsomely decorated; it has five beautiful stores and basements fronting on Sixteenth street and one fronting on Webster street that are suitable for any business.

The second floor is fitted up in forty well lighted and well ventilated rooms, formerly occupied by the New York hotel, but now more suitable than ever for hotel purposes, having been supplied with all conveniences necessary; hre escapes, etc. The owner is very anxious to have his building occupied before winter sets in, and any person desiring to change locations or go into business can make very reasonable terms for any part of this building for a first class business. Apply to

FLOURY TALK

On a Question of Vital Interest to All Housekeepers.

Don't be discouraged, lady. It's not your fault that you've not been able to make good bread lately. It's the fault of the flour. It's made from new wheat. Do you know the difference between flour made from old wheat and that made from new? Old housekeepers will you that it's always best about the first of September to buy enough four to last you until the new wheat has gone through a sweat and is fit to use. Cheap flour is made by many millers at this time of the year, of new wheat which is very undesirable. ooks just as good as old wheat flour, but when you mix it, you'll find that it will either raise and raise till it will take three pans to hold what was put into one, or the bread will be wet or Do you want old or new wheat We have both, for before the new wheat was cut so that there was no chance to mix the berries, we put in several car loads of our best brands and can guarantee to supply you with strictly old wheat flour. We have flour at all prices from one dollar per sack un.

We're the coffee kings of this community. We handle twenty-threedif-ferent varieties of the berry and have them freshly roasted right here in Omaha daily. At the head of the list is ou "Imperal Java," which we're making a leader of at three pounds for \$1.00. For pungency and true aroma you can't beat it anywhere on this continent, pay what you will. One customer who always buys this coffee is a prominent physician. He says, come two blocks out of my way to buy my coffee here because it's always uniform-I'm never disappointed.

You've heard of Bradley's Jamova, haven't you? Have you ever tried it? Come in and get a hot cup. How much do you pay for Mocha and Java? We sell Jamova at 28c a pound and everyone says it's just as good as M. & J. You'll say so too.

Coffee from 15c lb. up.

This "ten question" is a tenser for some folks. They seem to have had a hard time in finding just what they want. We have forty-two different varieties for you to select from, the prices ranging from 20c a pound up. Surely we can suit you. You know, don't you, that we're the biggest retail grocery house in the west? Our stock is complete all the way through and our prices always the lowest—just the same Tuesday as they are Monday. No baits or fish hooks thrown out to catch "suckers." Fair, square dealing with everybody and no trade completed till customer is satisfied. That's the policy we've always pursued. That's why we have the biggest trade.

VERY, VERY FULL. That's the condition of the egg market at present, with regard to seconds. Do you know what a "second egg" is? It's one that's not absolutely decayed, but is so near it that it's only a matter of a day or two when it collapses. Men who make a business of handling eggs can tell one of this variety the moment they put it before the candle. They're seperated from the fresh eggs and sold at a reduced price. Some dealers sell these eggs because they don't know the difference, others sell them cause there is a larger profit in them. We don't sell them at all. We can't afford to. Our butter and egg department is our greatest advertisement. It brings us more customers than any other advertising scheme we've ever tried. We find that when we can once get people to using our butter and eggs we can always sell them other goods. Why? Because we've got their confidence. They know that they always get the best goods at the very

lowest price. W. R. BENNETT CO., 1508 to 1514 Capitol avenue.

The recent improvements in Wegman planes is unsettling the standard makes of instruments and revolutionizing the whole principle in the construction of stringing, pin-holding and accoustics in The absence of the wrest plank is decidedly advantageous in that it unloads the liability of breaking in the iron frame from expanding wood or ratting from the contraction under furnace or artificial heat. These obstacles heretofore have enriched the tuners at the purchasers, expense in the Steinway, Chickering, Weber and other makes, but the ingenious methods of electric metal in perfecting vibration is an achievement hitherto unattained by other inventors. Havden Brothers have secured the state agency and ask the public to call and investigate the Wegman piano before buying, or send for

VERY LIBERAL. Donglas County's Generous Contribution to the Advertising Train. The meeting of the county commissioners held yesterday was attended by all of the

members, Commissioner Corrigan arriving

an hour late. As soon as the reading of the minutes was completed, Cadet Taylor from the Real Estate Owners' association, Louis Heimrod of the State Business Men's association and James Walsh of the Board of Trade appeared before the board and asked that Douglas county contribute \$1,500 to defray the expenses of sending the advertising train through the eastern states. Commissioner Timme moved that the request be granted. The motion was seconded by Commissioner Van Camp. Commissioner Berlin moved to amend and make the amount \$1,000, Berlin's amendment failed to receive a sec ond. The original motion prevailed, Com missioner Berlin voting no.

For constructing the wagon bridge over the Belt Line railroad, on the line f Woolworth avenue, there were six bids, all of which were referred to the committee on bridges. I'he bid of H. B. Mays, \$1,446.50, was the lowest. The bond and contract of Gus Andreen for the construction of election booths was presented and approved. The bond was in the sum of \$5,000. Mrs. T. Kinger and two children asked for

transportation to Bluefield, W. Va. The matter was referred to the committee on charity with instructions to report next Wednesday afternoon.
W. Alstadt asked for transportation to Milwaukee for an aged widow. This appli-cation went to the committee on charity. Frank Shannon asked to be appointed jusice of the peace for West Omaha precinct

vice George W. Robbins, resigned.
John T. Cathers of the Real Estate Own ers' association asked to be allowed to in-spect vouchers, books, and receipts, in order to further investigate the condition of the road and bridge fund.

The city council of South Omaha filed a petition demanding \$5,000, South Omaha's share of the county road fund. The petition

was referred.

Conwell, in a lengthy communica tion, asked the board to extend the street through Douglas addition and Douglas Place He stated that the delay showed extreme negligence upon the part of the county com-missioners. Commissioner O Keeffe said there was not enough money in the road fund to pay the expense of opening such streets. Commissioner Timme stated that the property was in the city and that the counce cation was finally referred to the committee

The final estimate of William Car, amount ing to \$4,651.04, for grading South Thir-teenth street, was allowed. Commissioner

Berlin voting "no."

Commissioner Berlin stated that he would report upon the saloons found within the two mile limit, but no members of the comtwo mile limit, but no members of the committee would sign with him. Omaha Manufacturers Start Their Organization with a Constitution.

RULES THAT WILL GOVERN THE BODY.

Mr. Henry Estabrook Makes a Practical Talk to the Meeting-Directors Chosen-Work of the Session. About fifty loading manufacturers of

Omaha met at the Builders' and Traders' Exchange rooms in the New York Life uilding yesterday afternoon and proceeded o adopt a constitution and by-laws, Mr. Samuel Rees occupied the chair, and

he secretary, Mr. L. M. Rheem, read the reort of the committee appointed at a previous eeting to prepare a constitution, which was adopted as follows:

Your committee appointed to prepare arti-les of organization for the Manufacturers' association, begs leave to report the follow-ng articles of organization: Constitution Adopted. Article i. The name of this association shall the Manufacturers and Consumers Asso-

atton of Nebraska.

Art. II. The object of the association shall c to promote home industry by encouraging the purchase of Nebraska products and maube to promote home industry by encouraging the purchase of Nebraska products and manufacturers.

Art. III. The management of the association shall be vested in a board of directors, to consist of twenty-one manufacturers to be rejected by the active members of the association; seven of said directors shall be elected for one year, seven for two years and seven for three years. The officers of the association shall be president, vice-president, secretary and treasurer, who shall be elected by the board of directors. They shall hold their offices for one year or until their successors are elected and qualified. The duties of the officers shall be such as are usual in any organization and as the board of directors may prescribe. The officers shall furnish such bond for the faithful performance of their duties and receive such salary as may be determined by the board of directors. The directors shall have full power to fill vacancies in the board and to remove or suspend any officer at their discretion by a two-thirds vote. Art. iv. The membership of this association shall consist of two classes. (I) The nective membership shall be confined to such manufacturers of Nebraska as shall pay these articles. (2) The general membership shall consist of such citizens of the state as shall sign an agreement to give a preference to goods manufactured in the state.

Art. V. The active members shall pay an Inlitation fee of \$1 and monthly dues of \$2,

to goods manufactured in the state.

Art v The active members shall pay an initiation fee of \$3 and monthly dues of \$2, payable in advance. The general members shall sign an agreement to give a preference to Nebraska manufacurers and products, prices and qualities being equal.

Art, vi. The directors shall not incur indebtedness of a greater amount than the amount of money in the treasury at the time such indebtedness is created.

Art, vii. The annual meeting of the association shall be held on the second Monday of September, and the monthly meeting on the third Wednesday of each month at 3 o'clock p. III.

Art, vill. The directors may adopt such bylaws as they may deem necessary.

Art. ix, These articles may be amended by a two-thirds vote of the active members present at any regular meeting, notice having been given at the preceding regular meeting. After the articles had been adopted Mr. Henry Estabrook was asked to address the

Mr. Estabrook's Address.

Mr. Estabrook made a very practical and pointed talk of ten minutes, in which he said that nearly everything from a baby buggy to a coffin, from the alpha to the omega of existence, was manufactured in Omaha and that if the people of Omaha would patronize home industries the manufactories of the city would prosper and increase, He thought that it would be unnecessary to offer gratuities to manufacturers to locate in Omana if the people would simply give them patronage. Everybody should be a protectionist in Omaha to the extent of patronizing home manufactories. The motto of the people of Omaha should be: "Omaha first, last and

all the time; Omaha goods at a price that would build up the home industries," Mr. Estabrook was heartily applauded. A large number of the gentlemen then signed the articles adopted and then

the association proceeded to elect officers. Direct rs Flerted. The following directors were elected and the other two will be elected at the next regular meeting; Charles Metz, brewing Richard Smith, brick making; W. R. Drum-mond, carriages; S. J. Trostler, eigar maker; Murphy, furniture; A. J. Vierling, iron manufacturer; J. T. Robinson, overalls; J. K. Barrett, vinegar; J. H. Brockway, the Would-Ee Suicide, Disappears, Leaving no Trace.

A. S. Brockway, an uncle of the would be suicide, lives at Wellsville, Kan, and a few days ago received a copy of Tim Bris containing an account of his nephew's attempts at self-destruction. He at once telegraphed Dr. Gapen inquiring of the young man's contition. The answer, received Friday, both surprised and shocked Mr. Brockway, It was to the effect that young Brockway had escaped from the county hespital last Monday.

Mr. H. N. Brockway immediately took the

turn, referred him to J. J. Mahoney, superintendent of the county hospital.

"I was very badly surprised and greatly alarmed at Mr. Mahoney's report," said Mr. Brockway. "He told me that my nephew had escaped from the hospital and that he had no idea where he had gone. I asked if any search had been made for him and received the reply from Mr. Mahoney that he had so it as man out. The searcher had been did son't man out. had sent a man out. He sore the wire netting from the window and leaped to the ground. Once outside he ran like a deer for a clump of trees. Before our men could eateh up Brockway was lost in the woods. It was reported that he got into a farmer's wagon near Ruser's. I sent a man there who fol-lowed the trail to Springfield, where all trace was lost. The county hospital is not a jail and we have no regular guard there to detain patients. I hardly think it is of any use to look for him around here. It is more than probable that Rockway, with his mania for suicide has managed to kill himself before this time?

ALL WERE PLEASED. Temperance Union Convention.

The general officers of the organization were the recipients of the very highest com-mendation at the hands of the delegates by being elected unanimously to fill their respective offices another year. Mrs. Fitch, having removed from the state, was the only exception to the rule. The work performed by Mrs. Hitchcock, the president; Mrs. C. M. Woodward, vice president at large and state organizer: Miss Elia M. Watson, recording secretary, and Mrs. M. M. Lantry, treasurer, was highly satisfactory to the ladies of the union. Mrs. Fitch was a very efficient corresponding secretary, and the organization was loth to part with ber, but her work was admirably performed by Mrs. Octavia H. Jones in her absence, and this fact suggested Mrs. Jones' fitness for the office, and she was elected for
