#### MUST SATISFY THE BOARD.

Nebraska Physicians with Questionable Credentials Having Trouble.

SEVERAL OMAHA CITIZENS INVOLVED.

Medical Profession of the State Being Materially Benefited by the Present Method-Lincoln News Notes.

Lincols, Neb., Oct. 23.- | Special to The BEE, |-The members of the State Board of Health are now engaged on the hardest part of their work-that of considering the credentials of physicians whose diplomas or other certificates are goubtful in any way.

Today certificates were granted to the following: Steven Newman, Henderson; C. L. Smith, Omaha; J. C. Riis, Omaha; Jacob Simmons, North Bend; E. W. Schirmer, Johnson; K. M. Krecorion, Sumner; Arthur H. Jago, Omaha; Edwin L. Yarbot, Lodge Pole; Mary E. Cox, Omaha; Mary H. Upjohn, William C. Upjohn, Papillion; A. O. Allen, South Sloux City; Kasper Wegmann, Blue Hill; A. J. Sanders, Grand Island; H. F. McCoy, • Omaha; R. C. Elvin, Nebraska City; Thomas F. Britt, Libcoln; W. H. C. Stevenson (colored), Omaha. Mr. Stevenson is a graduate of Reform college, Providence, R. I. No such school was ever in existence as a chartered medical college. However, this auplicant furnished sufficient evidence to entitle him to register as a licentiate, which is registration under the old law of 1881 and 1883, by virtue of having practiced ten years previous to 1881, inst two years in this state.

Dr. Peter Von Lackum of Omaha appeared john, William C. Upjohn, Papillion; A. O.

Dr. Peter Von Lackum of Omaha appeared before the board and made a reapplication. He was rejected last week on the grounds that the college from which be graduated was not an institution in good standing. He will be granted a new hoaring at a future date.
Dr. G. W. Williamson of Omaha, formerly with Betts & Betts, wrote and telegraphed from Denver to the bourd, withdrawing his application, and ordered his credentials sent to Denver.

Dr. S. Canter, an itinerant eye doctor, who recently made his headquarters at Crete, appeared before the board and withdrew his application, stating that he was going to California, where he said he "could practice without interference."

Dr. J. J. Solomon of Omaha, who was rejected last week on the grounds that his

per J. J. Solomon of Omana, who was rejected last week on the grounds that his diploma was not from a medical codege, appeared before the board, made a reapplication and asked for a rehearing. The request was granted. Time will be given the doctor to get testimony from Mexico.

The work of the board is now slow and the control of the board is now slow and the control of the control of the board is now slow and the control of the control

tedious and consists in sifting cases in which the credentials are mixed or considered. In many cases applicants appeared before the board and gave evidence as to length of time

of practice, not being graduates.
Certificates were refused the following:
Rosa Pleyte, Grand Island, midwife only;
Hardin I. Redmond, Henderson, illegal registration; Robert A. Hawthorne, Lawrence,
illegal registration; John W. McConnaha,
Elgit Mile Grove, Otoe county, illegal registration

stration.
The board adjourned to meet Thursday, November 5, at 2 p. m. It is believed that by that time a report can be made in the Omaha

ODD PELLOWS GRAND LODGE. The grand state lodge of Oad Fellows ended this afternoon. The great question decided was the place for holding the next annual grand lodge. Omaha captured the plum. The Daughters of Rebekah held a spiendid reception at the state bouse.

At the session of the grand lodge today the following officers were installed for the commit year:

mg year:
Grand master, George L. Loomis, Centennial lodge No. 59. Fremont; deputy grand master, A. H. Weir, Capital lodge No. 11, Lincoln; grand warden, E. J. O'Neill, Interior lodge No. 9, Pawnee City; grand secretary, J. P. Gage, Centennial lodge No. 59, Fremont; grand treasurer, Samuel McClay, Capital lodge No. 11, Lincoln; grand representatives, J. S. Hoagland, Walla Walla lodge No. 56, North Platte; G. H. Cutting, Kearney; P. C. Johnson, grand chapiain, Indianola, No. 125, L. 3; Johnson, grand mardianola, No. 125; J. is. Johnson, grand chaptain, in-dianola, No. 125; J. is. Johnson, grand mar-shal, No. 87; A. J. Beals, grand conductor, No. 65; H. Sunshine, grand guardian, No. 53; A. D. Moseley, grand herald, No. 130.

A beautiful past grand master's badge was presented to the retiring grand master, W. H. Barger, for faithful and efficient services.

HE REMEMBERED THE CHURCHES. Elder J. G. Miller, who lived for many years in this city, died recently in California. He was a very devout and benevolent man and he has left \$165,000 to various churches and benevolent enterprises. He was worth \$500,000 and it is reported would have given this to the churches had not the laws of California set forth the edict that a resident of that state can will away only one-thiad of his property from his relatives. The elder gave \$20,000 to his relatives and left \$315,000 for his widow, reminding her that if the statutes did not prevent it he would have devised it for church and charitable pur-

PORGER HAMMOND CAPTURED. A telegram from Denver to Chief of Police Dinges reveals the fact that Detective Al Pound of this city has caught Fred Ham-mond, the forger. Hammond is wanted here for signing the name of Mr. J. D. Parish, his employer, to checks aggregating \$100. At the time the crimes were committed Hammond was the confidential clerk of Mr. Parrish. CAN'T VOTE IN THE CITY.

Justice Maxwell has handed down an opin ion in the important case from Norfolk in which Mr. Eble, a farmer living in the procinct of Norfolk, but outside of any ward, demanded that he have the right to vote in the city despite the refusal of Registrar

the city despite the refusal of Registrar Leavitt. The following is Maxwell's opinion: State ex rel. Eble vs Leavitt, original; writ denied and action dismissed. Opinion by Mr. Justice Maxwell.

The city of N is a city of the second-class, having more than 2,500 inhabitants, and is divided into four wards. The city is within N precinct, which is six miles square and contains outside of the city about 300 voters.

First. The county board has organized the territory above described into a voting precinct the votes to be east in the city of N. Held, that the powers of a board of registration of the city of N did not authorize such board to register an voter outside of the city limits.

Second. That every legal voter of this pre-

limits.

Second. That every legal voter of this preeinct is entitled to vote at the place provided
for that purpose by the county board, although such place may be within the limits of
a city of the second class; and where there is
more than one voting place in such city, he
may vote at any one of them.

Third, It is the duty of the county board to
provide a suitable number of polling places
to accommodate the voters of the county, and
no doubt the board may be compelled in a
proper proceeding to provide proper facilities.

Howe scales, trucks, coffee mills, car-starters, Harrison conveyor. Catalogues of Borden & Selleck Co., agents, Chicago Ili

No true American should fail to hear Gilmore's band play the great Republic march. It is everywhere received with thunders of applause.

DUN'S REVIEW OF THE WEEK.

Business Remarkably Active and Increasing in Volume in the West.

New York, Oct. 23 .- R. G. Dun & Co.'s Weekly Review off Trade says: General busiiess is remarkably active and increasing in volume at the west, improving at the south and distinctly less dull than it was a week ago at eastern cities. Collections are improving in nearly all directions, as the liberal movement of crops enables the farmers to settle their accounts and to make purchases for the coming season. The money markets here are not stringent, at nearly all important points being quiet and easy, though with a noticeable improvement in the demand. These signs plainly promise a strong trade, fall and winter, unless disturbances which cannot now be foreseen should

The reports from other cities are on the whole more favorable. At Boston the improvement in trade is slow. At Philadelphia groceries are active with a decline in phia groceries are active with a decline in sugar. At Cincinnati retail trade is brisk and clothing active. At Cleveland business is good and the tone confident, though iron is leactive. At Detroit trade and manufacturers are fully up to last year's mark. At Chicago increase appears of a third in receipts of hides, dressed neef, flour and corn, though new corn moves slowly, and receipts of rea are three times, last, year's but some though new corn moves slowly, and receipts of rye are three times last year's, but some decrease appears in oats, bariev, cured meats, lard, cheese, butter and wool. The dry goods trade is much larger than a year ago, the receipts of cattle larger by 15,000 head for the week; the shoe and clothing trade large, and business gradually increasing in all lines. At Minneapolis the lumber trade is year good prices, rising and suipments for very good, prices rising and shipments for the week 2,000,000 feet more than last year; the flour mills again beat the record with 195,000 barrels, and general trade is good there and at St. Paul. At Omaha and Kansas City business is satisfactory, grain and cattle receipts being above the average and trade in agricultural implements active. At St. Louis trade shows encouraging strength, grain coming in faster, and at Memphis business is very fair. At New Orieans a better feeling is seen with large receipts of cotton and fair of rice and sugar, and money in active demand.
At Savannah trade holds well, cotton receipts reaching 23,000 bales in one day, and at Jacksonville trade is steady with bright prospects.

Wheat has fallen 4% cents with receipts at the next of 200 000 by bots in four days and

the west of 500,000 bushels in four days and exports of 1,250,000 bushels. Corn is scarce and 3% cents higher for spot and oats 1%

cents higher.

Cotton receipts even surpass those of the same week last year by 53,000 bales, and the price fails a sixteenth, with sales of 914,000 Coffee is one-eighth of a cent lower; oll 1

cent lower; lard, one-eighth of a cent lower, and hogs have fallen 30 cents per 100 pounds, with no change in pork.

Sugar, both raw and granulated, is somewhat lower with quite an active market. In general the speculative movement appears to tend toward lower prices for products, the

supplies being unusually large.
The iron industry looks strong. Bar, plate and structural mills are fairly em-

plate and structural mills are lairly em-ployed, but prices are low.

The boot and shoe manufacture shows a sign of more active demand and the ship-ments are close to last year's.

The wool manufacture shows more demand

for dress goods and stocks of these are relatively low, while for men's spring goods the orders of clothiers are far behind. The merchandise exports for the past two weeks have exceeded those of the corresponding weeks last year, while imports fall far below those of a yearago, so that the balance of trade in products strongly favors con-

tinued imports of gold.

The business failures occurring throughout the country during the last seven days umber 249 as compared with totals of 259 last week. For the corresponding week of last year the figures were 225.

LAST WEEK'S CLEARINGS.

Gross Exchanges of the Country as Re-

ported by the Banks. New York, Oct. 23 .- The following, furnished by Bradstreet, gives the clearing house returns for the week ending October 22, 1891, with the percentage of increase or decrease as compared with the corresponding week

REPAIRING COAST DEFENSES.

Heavy Ordnance to Be Made by an Im-

proved Method.

BIG GUNS COMPLETED IN THREE MONTHS.

An Industry Which May Make the

United States the Euperior of All Other Nations

to War.

"If the new method of gun making to be

tried at the works to be established at

Marion, Ind., should prove successful, it will

revolutionize the manufacture of heavy or-

dance," said Governor George W. Steele of

Oklahoma at the Grand Pacific yesterday.

'Instead of having to wait eight years for a

big gun to be turned out by the building-up

process, we will be able to deliver them in

three months. This process was devised by

Dr. Gatling, the inventor of the Gatling gun. In Dr. Gatling's method the entire gun is

made in one operation. A gun made in this

way can be fired many more times without

becoming soft on the inside than

can be done with guns made in

the present way. The process has been repeatedly tested on an experimental scale and always with good results. The great Krupp gun works at Essen employ 2,300 men, and there is no reason why our

works should not surpass them, because we have every advantage over them. The world's armies must either buy our guns be-

cause they are the best or else use our pro-cess to make gons. For much less than the sum at present estimated, the United States

can fortify every seaport of importance with our ordnance so that the destruction of such cities by foreign ironclads would be impossi-

ble. I may be too sanguine, but I expect wonderful results from this enterprise."

CHARACTERISTIC MODESTY.

Vera Ava called upon Major J. C. Bundy, editor of the Religio Philosophical Journal, this afternoon and expressed a wish to kiss nim. When the major declined the honor she at once attacked him and scratched his

face and would have done him worse damage had she not been overpowered and ejected

street, called out the fire department at 6:10 last evening.
The flames spread rapidly in the frame building but a moment's play with the hose had the fire entirely out. Lagrace keeps a fruit stand in front of his house and has had small fires before. The building is owned by

CALIFORNIA DIVORCE CASE.

Separated. OAKLAND, Cal., Oct. 23.-Judge Ellsworth

has granted a divorce to Mrs. George F. Pratt on the ground of crueity. This is the case in which Pratt charged his wife with adultery, naming L. L. Bromwell, president of the Catifornia Insurance company and one of Oakland's most prominent citizens, as corespondent. Nearly two years ago Pratt, who was in Bromwell's employ, shot and severely wounded him for alleged adultery with Mrs. Pratt. Pratt was acquitted of the charge of shooting and some time after commenced suit against his wife for divorce. Mrs. Pratt instituted a counter suit, charging cruelty. The case has been on trial for several weeks and attracted wide attention on the Pratting of the Pratting o on the Pacific coast on account of the promi-nence of the people implicated. Judge Ells-worth in his decision says he thinks Mrs. Pratt guilty of adultery as charged by her husband, but that as he condoned the of-fense and lived with her again, he could not grant a divorce on that ground. The judge also found that Pratt had treated his wife cruelly and on that ground granted her a

Building Permits. The following permits were issued by the superintendent of buildings yesterday: H. A. Proctor, one and one-half-story frame dwelling, 2716 Bristol street. \$ 1,500 Barker Bres, three-story brick store, Eleventh and Farnam streets 7,000 Two minor permits 150
