The Great Chinese Panaceist

Wishes to give a few reasons why he is work-ing such wonderful cures where other doctors fail.

China has about half the population of the globe. They have been practicing and perfecting medicine over 4,000 YEARS. Chung Nung (see Ency. Brit.) discovered seventy-two poisons and their antidotes 2,454 years before Christ, and Marco Pola, who brought the compass.

Campini, one of the first Europeans who en-tered China, says: "Their physicians have a thorough knowledge of the nature of herbs and an admirable skill in diagnosing by the pulse." (See Willard's Middle Empire.) It is well known that gunpowder, steam and electricity are old in China, and that the Chi-nese were printing their delicate books 900 years before Guttenberg was born.

But it was to medicine the Chinese gave their attention, and when the emperor Chin Wong ordered all the books to be burned he excepted the medical works, and it was only by the merest accident that the great works of Confucius himself were saved, he having placed a set of his works in the corner-stone of his residence, which was found 2,000 years after.

The celebrated Dr. Hobson states that one of the Chinese dispensatories gives 1442 HERBAL REMEDIES along. Can you wonder The celebrated Dr. Hobson states that one of the Chinese dispensatories gives 1442 HERBAL REMEDIES along. Can you wonder then at the doctor's success?

The Caucasian physicians all use the very same Remedies and when you change doctors, in your disappointment and disgust, you merely change faces and assertions but not medicines. When an American doctor discovers a new remedy all the other doctors know about it immediately. Now, you know the Chinese boctor comes from an almost unknown country, containing pearly half of the people of the world, where all the medicines are entirely different, and Dr. C. Gee Wooffers a reward of \$500.00 to any one who can duplicate any one of his Chinese Medicines. Do you now comprehend that after giving up all hope of being cured by your doctors, that in taking the Chinese Doctor's Remedies, 4,000 in number and absolutely unknown outside of China, that he has a wonderful advantage over all other physicians. His new remedies have never before entered your blood and act on it as if by magic, curing the disease and rendering the complexion clear as a child's.

A MOTHER'S STORY.

I am 62 years of age and have suffered indescribable agony from asthma for many years. I could not sleep and had to sit up all night in a chair. I tried doctor after doctor but without help, and thought some night I would choke to death. As a last liope I tried Dr. C. Gee Wo, the Chinese doctor, and was relieved instantly. In a short time I was evered and have never since been troubled. I have reason to bless Dr. C. Gee Wo.—MRS. P. O. HIRSH. 24th St., bet. J. & R. South Omaha.

In order to convince the public that Dr. C. Gee Wo can cure any disease, he makes the following offer: A GUARANTEE to return the money if after a fair trial the patient is nany way disastisfied with treatment. DR. C. Some of the councilmen who voted to award the contract for the city hall furniture to the Ketcham company Tuesday night feel a trifle shaky this morning and wish they had kept their hands off. They have just awoke to the realization that the courts have enjoined them from doing snything of the kind and are now busily figuring now they will escape being fined for contempt if the case is When the vote was taken there were but

when the vote was taken there were but ten members present. Nine voted for the award with Mr. Bechel voting "No."

There was no demand for the call of the roll and as the vote was vice voce the presi-dent declared it carried.

Attorney E. W. Simeral in discussing the matter vesterday said that he had no doubt but that the members had placed themselves in contempt, but in his opinion that would not count. For two years they had been in contempt of the courts, the public and themselves. They might claim that they had not been served with the a notice enjoining the

awarding of the contract, but that was a poor excuse, as the order reached the mayor, the agents and all officers of the city. Our local politician are making active arrangements for the next campaign. They or-dered a box of Dr. Bull's Cough Syrup, and feel confident and happy. Price for a bottle, only 25 cents.

The New York Herald will on next Sunday print one of the most remarkable newspaper articles over published by an American daily. It will add another brilliant page to the history of Libby prison, the everlasting shame of the confederacy. It will detail the escape of Colonel Rose and comrades with particulars of thrilling interest of the assistance rendered by a confederate sentinel who signs his confession. This act has never before been made public, and the

Herald's information is exclusive. THE BEE expects to succeed in purchasing the right to publish this distinctive feature next Sunday.
