THE BEST. WHY?

ecause we have profited by the shortcomings of the old typewriters, and have overcome many defects and, between oursieves, we have added miny improvements of which their inventors nover dreamed. All type cleaned in ten seconds without soll-ing the hands.

NOTHING IS BETTER than the best; it is what you pay for, and expect to have. Take railways, for instance; the best line to Chicago and the East is the Burlington Route; it has the best sleeping cars, the best reclining chair cars, the best dining cars, the best road-bed, and the metropolitan system of checking baggage direct from one's residence or hotel, which was inaugurated three years ago, is the best. Everything in connection with the Burlington Route is of the best, than which nothing can be better. Trains leave the Union Depot, Omaha, at 9:50 a.m., 4:30 p.m (The Vestibuled Flyer) and 9:20 p.m. (The Omaha and Chicago Limited), and run through solid.
