DEMOCRATS BOOMING PALMER

He Begins to Think He Can Defeat Cleveland or Hill.

COOK COUNTY COMBINATION FOR HIM

Though the Illinois Senator Has Refused to Declare Himself a Candidate for the Presidency He Will Be Forced Into the Race.

WASHINGTON BUREAU OF THE BEE, 513 FOURTEENTH STREET, WASHINGTON, D. C., March 5.—The presidential boom of Senator Palmer of Illinois is now a recognized reality here, the Cook county democrats, the most powerful combination in the senator's home state, having endorsed him. His friends in Washington say he cannot get away for the race. The senator is beginning to believe that neither Cleveland nor Hill will be the nominee, and he now believes that it is not among the improbable things that he will be his party's choice at Chicago in June. The senator has steadily refused to be an open candidate, but it is believed that he will soon be forced to say that he "is in the hands of his friends."

Home Interests Ignored. When the committee on appropriations in the house today called on the agricultural deficiency appropriation bill appropriating \$150,000 to carry forward the work of the bureau of animal industry, inspecting meats and suppressing cattle diseases and making an appropriation of \$10,000 to continue the experiments in sugar-making till the regular appropriations for these purposes are available, the question of consideration of the bill was postponed. The bill was introduced by Mr. Holman and some of his worthies were opposed to the appropriation and attempted to defeat consideration. When the question of consideration was finally presented it was observed that Bryan of Nebraska, who has behind him immense beef, sugar, cattle and slaughter house industries, also Holman and Bynum of Indiana stood up and voted "no" in direct opposition to their agricultural constituents.

Miscellaneous. Today Senator Paddock went to the commissioner of patents and made an appeal for a patent on a device of Fred Fletcher, son of J. C. Fletcher of Beatrice, for which an application had been made some time ago. Objection was made because a part of it seemed to be covered by another patent and the question whether the part relating to the numerals is patentable at all. Senator Paddock secured a reopening of the case and is hopeful that a way may be pointed by the patent commissioner which will result in success and the issuance of a patent. The invention indicates automatically the excess of baggage which is to be weighed at railroad depots and for which an extra charge is made. He also presented a communication from Frank Hartley of Beatrice relating to a patent smoke consumer. The object of this patent is to consume all smoke which may issue from chimneys. It is said to be one of the best inventions known.

The second assistant postmaster general has granted the request of Senator Maudslayi for a tri-weekly mail service from Gearing, Scott's Bluffs county, Neb., to Tarrington, Wyo. He states, however, that while the amount of business between Gearing and Tarrington would warrant a tri-weekly service, the service between Gearing and Tarrington will not warrant it. So the service will be extended to Tarrington weekly from Gearing and tri-weekly to Gearing, but it is believed the business will increase under the extension so as to soon warrant the tri-weekly service to Tarrington from Gearing.

Mr. Dodge, a lawyer of Davenport, Ia., said he has been here some days, left for his home last evening. John F. Stewart of Council Bluffs is here on business connected with the interior department. Representative Bowman today introduced a bill to pension Jerry Harris of Sidney, Ia., also a pension for the Freebirds, which

at Valisca against the opening of the World's fair on Sunday and the sale of spirituous liquors within the exhibition grounds.

Mr. Hull today filed the petition of Arthur Taylor and thirty others, citizens of Des Moines, asking restrictions on pauper immigration and a constitutional amendment on aliens, also the resolutions of Capital Council, No. 4, Order of American Mechanics, of Des Moines, in effect the same as above.

Representative Doherty has presented a petition from P. J. O'Donoghue and 100 others of the tenth congressional district of Iowa in favor of the total exclusion of Chinese immigration into the United States. In the senate Mr. Paddock has presented the petition of J. E. Miller and seven other citizens of Lincoln protesting against the removal of the Ute Indians from Colorado and urging increased appropriations for Indian education as the cheapest and most honest and humane solution of the Indian problem; also petition of Captain A. E. Wood of the Fourth cavalry, United States army, San Francisco, Cal., protesting against the passage of the bill providing that promotions in the army shall be by seniority in the next lower grade according to the original entry into the regular service as a commissioned officer; petition of the Nebraska City Board of Trade urging the passage of the bill providing for a reclassification of the railway mail service and an increase in the salary of the railway postal clerks; petition of E. F. Nichols of Dewees, Neb., urging the passage of the Washburn bill defining "optical" and "futures" petition of B. P. Zuever of Adams, Neb., urging congress to pass an act to reclassify the railway mail service.

Senator Paddock recommended Mrs. Anna Dorgan for postmaster at Lancaster, Lancaster county, Neb. The lease of the room at present occupied by the postoffice at Hastings was renewed by the purchase of the recommendation of the inspector who was sent by the department to investigate the same, personally endorsed by Senator Paddock.

Gustave Ayres of Nebraska was today appointed fourth assistant examiner in the patent office. Mr. D. Hocum was today appointed postmaster at Grand Island in New York. He returns here for a few days next week.

Assistant Secretary Chandler today affirmed the decision of the commissioner in the timber culture contest of F. J. Kelly against A. S. Merrin from Rapid City, S. D., dismissing contest. NEWS FOR THE ARMY. Complete List of Changes in the Regular Army. WASHINGTON, D. C., March 5.—[Special Telegram to The Bee.]—The following assignments to regiments of officers recently promoted and transfers of officers are ordered: Lieutenant Colonel George H. Weeks will proceed from this city to Pittsburg, Pa., on public business connected with the quartermaster department and will, on the completion thereof, return to his proper station. The leaves of absence on surgeon's certificate of disability granted Second Lieutenant Ambrose I. Moriarty, Ninth Infantry, Nebraska, 1891, is extended three months on surgeon's certificate of disability. First Lieutenant Rowland G. Hill, Twentieth Infantry, is detailed for duty under the International Railway contract for the purpose of making a preliminary survey for information in respect of a continental railway recommended by the international American conference. He is relieved from duty at Davids Island, N. Y., and will report in person to the commission in this city accordingly to relieve Second Lieutenant Charles A. Hodkin, Third cavalry, from duty upon the survey. Leave of absence for three months on surgeon's certificate of disability is granted Major William H. Eckels, paymaster, First Lieutenant John A. Dapray, Twenty-third infantry, will report in person without delay at the headquarters of the army of this city.

Western Promotions. WASHINGTON, D. C., March 5.—[Special Telegram to The Bee.]—The following list of promotions granted is reported by The Bee and Examiner Bureau of Claims: Nebraska: Original—John L. Sanders, George G. Morrison, Thomas Reed, D. W. Clemmer, Henry V. Hoeselmann, John D. W.

HIS POWER IS NOW BROKEN

Mr. Hatch Gets the Better of Mr. Holman in a Parliamentary Tilt.

PREROGATIVES AGAINST PRECEDENTS

Appropriations for the Agricultural Bureau Will Not Be Referred to the Appropriations Committee—A Lively Passage at Arms—Congressional Dialogues.

WASHINGTON, D. C., March 5.—The magic power of Chairman Holman of the appropriations committee was broken in the house today for the first time this session, and all the barriers and traditions which precedents and practice have thrown around the committee were borne down under the impetus of the champions of agriculture. It was the old conflict of prerogatives against precedents, of the committee on agriculture against the committee on appropriations, and, as usual, Chairman Hatch and his colleagues carried the day, and Mr. Holman was unable to check the decree of sentiment which swept over the house and awarded to the agricultural committee jurisdiction over its own appropriations. The effect of today's action of the house is a matter which affects the strength of the bulwark that surrounds the committee on appropriations. It is far reaching in its results and may break entirely the force of the appropriations committee in its assumption and desire to scrutinize and revise all appropriations to be passed upon by the fifty-second congress.

Government Exhibit at the Fair. A letter from the acting secretary of the treasury was received and filed this morning, stating that \$500,000 would be required during the fiscal year ending June 30, 1893, for the purpose of collecting and preparing the government exhibit for the World's Columbian exposition. A resolution was adopted directing the committee on private claims to make inquiry into the Maxwell land grant in New Mexico. A joint resolution was reported from the committee on private claims, providing for the extension of terms of congressmen; changing the time on which the annual sessions of congress shall begin and date of the commencement of the term of president and vice president.

The urgent deficiency bill passed without amendment and appropriated as a deficiency \$150,000 for carrying on the work of the bureau of animal industry, and \$10,000 for experiments in the production of sugar was taken up. Mr. Holman Preempted Discussion. The exciting incident of the day occurred when Mr. Holman opposed the bill on the ground that the committee on agriculture had no jurisdiction over the pension, and that it is properly under the jurisdiction of the committee on appropriations. He had further objection that the committee had not properly investigated the question of appropriation and propounded several inquiries bearing upon this point. Mr. Hatch declined to be cajoled by the gentleman from Indiana. Mr. White of Iowa (member of the committee on agriculture) asserted emphatically that proper inquiry had been made.

When Mr. Holman had finished speaking Mr. Hatch took the floor, prefacing his remarks with an expression of regret that his colleague in the committee on agriculture (Mr. White) had been caught in the trap set by the gentleman from Indiana. "I set no trap," said Mr. Holman. "If the gentleman set a trap," said Mr. White, "I did not apprehend it. I thought that the gentleman asked a legitimate question whether or not witnesses were before the committee on agriculture. I replied that we relied upon the gentleman who do the work and we came into the house and demanded the appropriation because it is absolutely necessary."

None of the Great Officer's Business. Mr. Hatch said he regarded Mr. Holman's objection as resting upon a foundation that

IN TOUCH WITH THE WEATHER

Fifth Ward Kickers Find Themselves in a Very Pessimistic Mood.

THEY VIEW EVERYTHING WITH ALARM

Resolutions Adopted at Last Night's Session Which Express the Sentiments of the Club in Words Plain and Forceful.

The members of the Fifth Ward Tax payer's club braved last night's storm and in goodly numbers attended the regular weekly meeting. The members of the club have kicked times without number but they never kicked any harder than they did last night. After some effective short arm work had been put in upon the tax shirkers the Postal Telegraph company was denounced for placing its poles upon Farnam street without first obtaining permission to do from some city official in authority.

Then Joseph Redman introduced a resolution demanding a viaduct over the railroad tracks on the line of Locust street. The resolution was discussed at length and laid over for one week. The members here got their second wind, after which a perfect flood of resolutions were introduced, all of which were adopted. The first was by A. R. Sauer and was as follows: Resolved, That the city council be requested to appoint a committee to confer with a like committee appointed by the Real Estate Owners association and the Board of Trade for the purpose of devising some better plan than now exists for an equitable assessment of the property in the city, said committee to hear property owners and committees from ward organizations, and that the finding of the committee be reported to the attention of the next assembly of the state legislature.

Mr. Sauer felt encouraged and again got to the front with this resolution: Whereas, Under our present jury system, it is possible for one juror to force a disagreement or compromise against the judgment of the other eleven, no matter whether the one is dishonest, incompetent or stubborn, the result is the same; therefore, be it Resolved, That we recommend such change in our present jury system as will enable a majority to bring in a verdict, let this matter be referred to the attention of the legislature. This will insure more speedy and satisfactory results and prevent one man from interfering with justice.

Gus Hoekner felt like doing something and getting permission offered this: Resolved, That it is the sense of this club that the city of Omaha should refuse to purchase any public park, as it has already been given to the public. Resolved, That it is not business for Omaha to spend her money in buying parks within the limits of some other city which would receive at least nine-tenths of the benefits of such parks and at the same time pay nothing towards its purchase.

Resolved, That if the owners of any existing park must have pay for their property, let John J. Jenkins, who has been a silent partner in the city, be the one to pay, for he offered this resolution, which was dedicated to the members of the Park commission: Resolved, That the action of the Park commission in farming out the pavilion at Hancock park, free of rent is condemned by this club and is necessarily looked upon with suspicion.

Mr. Sauer wanted another chance and a resolution which was accompanied by a goodly list of names: Resolved, That we commend the action of Councilmen Monroe and Prince and all other members of the council who aided them in their efforts to give the people viaducts and in the regulation of the switching charges of the railroad companies. Resolved, That we condemn the action of Councilmen Chase and Davis and their duped followers in their efforts to betray the city's interest into the hands of the railway corporations.

Resolved, That a committee be appointed to make and keep a list of the traitors and traffickers in their city council, and that said list be published in each of the newspapers at least twenty days before each election during the lifetime of each of the traitors. There was a round of applause and then

As to Mr. Darrell's Shortage. OMAHA, March 5.—To the Editor of THE BEE: In your article concerning H. J. Darrell there were several inaccurate statements. In the first place, Mr. Darrell had no opportunity whatever to "juggle" or to change our books. He was simply credit clerk. The total amount of our loss is not over \$450, the most of which was for money advanced on account of illness some two years ago. The amount appropriated in his settlement with the Elks club was \$125.50. Very respectfully, McCORMACK & CO.

FOR THE CONVENTIONS.

Omaha Citizens Getting Ready to Entertain the Thousands Coming Here.

FOR THE CONVENTIONS.

Omaha Citizens Getting Ready to Entertain the Thousands Coming Here.

A meeting of representatives of the Board of Trade, Real Estate Owners association, railroads, Manufacturers and Consumers association and the Commercial club met at the Board of Trade room yesterday afternoon to discuss arrangements for the entertainment and accommodation of the thousands who will come in July next to attend the national convention of the people's independent party. Thomas S'vobe presided and R. F. Hodgins was elected secretary.

Architect Shields presented a rough sketch of plans for a wigwam to seat about 15,000 people, that would cost from \$15,000 to \$20,000. Prospective sites were staked to be Ninth and Tenth streets, and Tenth and Twelfth and Twelfth and St. Mary's avenue. A committee on building, consisting of J. A. Wakefield, E. P. Davis, J. O. Philippi, V. O. A. W. Head, formerly commander of the National association and try to secure the same rate on all roads.

Another meeting will be held not later than Thursday of this week, as it is the intention not to allow the preparations to drag.

SALVATION ARMY.

Promise of Another Gala Time During the Week.

This will be a jubilee week in Omaha for the Salvation Army.

Colonel Thomas McKie of London, international commissioner for the Salvation Army, will be in Omaha Tuesday and Wednesday nights, and the occasion will be made one of special interest to Salvation Army people in and around Omaha. Ensign A. W. Head, formerly commander of the forces in Omaha, is in the city and will assist in the meetings.

The Tuesday night meeting will be held at the Exposition hall and the Wednesday night meeting will be at the First Methodist church.

Colonel McKie will be the guest of Rev. P. S. Merrill while in the city. It is said that Colonel McKie has been chiefly instrumental in the conversion of over 20,000 people to the Christian life as advocated by Salvation Army leaders. There has been a marked increase recently in the attendance at the meetings in the army headquarters. The old building is fairly packed from night to night and the army officials are thinking quite seriously of securing a larger building. Captain J. J. Lindsay is now the local commander in Omaha and is doing excellent work.

Mr. Senzack remarked that it was proper to say a word about assessments. With his remarks came the following resolution: Resolved, That fair warning is hereby given beforehand to the assessors of Douglas county that each and every one of them will be prosecuted to the full extent of the law if it shall be ascertained by their reports that they have disregarded the stipulated ratio of assessment or if it shall be ascertained that they have shown discrimination for or against any person or persons.

Resolved, That we demand that separate assessments shall be made upon real property and the improvements thereon, according to the plain provision of the revenue laws of the state. Resolved, That a committee of three members of this association shall be appointed and requested to attend the meeting of the assessors of Douglas county, to be held on the third Tuesday in March, and lay our demands before the said assessors.

This ended the resolutions and the members decided they had transacted enough business for one night.
