Status of Lands in the School Section—Some Allotments Have Been Made—Important Homestead Entry Case Decided—Washington Gossip.

WASHINGTON BUREAU OF THE BEE. (Special Telegram to The Bee.)

WASHINGTON, D. C., April 12.—Today Senator Paddock received a letter from Land Commissioner Carter concerning the Sao and Fox reservation in Nebraska.

Commissioner Carter says that allotments have been made on the reservation under the fifth section of the act of February 24, 1887, but have not yet proceeded.

In a letter from the Indian office accompanying the schedule of allotments that 1,650 acres remain vacant.

Until a treaty has been made and ratified by congress, as provided in section 5 of the act named, the vacant lands will not be subject to disposal.

Just what will be the status of lands in the school section in the reservation remaining vacant, if any there be, cannot be said.

The state may have selected land in lieu for such tracts. The commissioner says further that if any correspondence should be made with respect to a particular tract a letter addressed to him describing the land by section, township and range will secure it.

Missellaneous.—Secretary Noble today decided an important homestead case with Lincoln.

The case was the Central Branch of the Union Pacific Railroad company and Arnold Parli against John B. Stewart, Matthew H. Wynore and the St. Joseph & Denver City Railway company.

An application to purchase a homestead entry under section 5, act of March 3, 1877, was presented to the commissioner, holding that at the time of Parli's application to purchase the government did not own the tract.

It is held that the tract is a public reservation and that it is in the hands of the government.
