Cables Were Lower, But It Was Claimed That England Was Bidding for Autumn Shipments of Wheat at San Francisco.

CHICAGO, Ill., April 22.—The Chicago elevator men are said to be making a fight to retain wheat here. It is reported that they have been working the market in an endeavor to buy back what they had previously sold for May delivery.

In what the opening was from 1/2 to 1/4 higher than yesterday's close, prices receded here, then became strong and advanced 1/2, ending off later with minor fluctuations to the close, which was steady. Cables were lower, but it was claimed that England was bidding for autumn shipments of wheat at San Francisco.

After two days of fair activity by which prices for most products showed some improvement, the provision market has again subsided. A drop in the price of pork early, some of which was recovered on the buying in of about 5,000 hogs of short stuff by Frank Smith, the market rallied 1/2 and 3/4 lower than yesterday, with lard and ribs unchanged.

ANNOUNCEMENTS. Today Miss Gale and her company will close their engagement at Boyd's new theater by giving two performances—a matinee at 2:30 this afternoon at which Shakespeare's tragedy "Romeo and Juliet" will be given.

"Blue Jeans," one of the great successes of last season, comes to the Boyd the last three evenings of the season. "Devil's Mine" which comes to the Farmington theater next week, opening with the usual Sunday matinee, has in all probability caused more comment by its odd title than any attraction traveling unless, indeed, it be some of Hoy's eccentric handouts.

A Woman Burns Her Husband and Child and is Killed by a Bull. BURTON, Tenn., April 22.—News has been received of a terrible double tragedy which occurred across the border in the mountains of Kentucky. Sy Harvell was a well-to-do farmer of that section. He had been married about three years and had a comparatively happy life with his wife. A few days ago, however, he made the startling discovery that his wife was intimate with a young man named Alex Brady and they were only abusing her for her fidelity. Monday night Mrs. Harvell thoroughly saturated with kerosene the bed on which her husband and child were sleeping and threw a brand thereon and fastened the door. The building was soon wrapped in flames. Among those attracted to the scene of the fire was Brady. A fire coming on a few minutes later and Mrs. Harvell started across a field and was attacked by a savage bull and zored to death. Mrs. Harvell lived a few hours and acknowledged the facts as above stated.

GOOD ADVICE. "My boy, I am going to buy you something which the doctor advised me to get. It is for the best of you and is always delicate; nobody worries about a lump one. I will give you Johann Hoff's Malt Extract to build you up. I know it will do it, and then only if I buy you the stone blocks to build houses with. You need strength first to become a man before you build houses." Dr. Frick, a well-known practitioner of Philadelphia, writes: "I have tried Johann Hoff's Malt Extract not only on myself but also on a great number of my patients with marked success in cases of convalescence, impaired digestion, for mothers while nursing, for children, and in general debility, and have found it to be an excellent remedy for building up the system. In my own case of impaired digestion it has benefited me more than all other remedial agents which I have used." Be sure to obtain the "Genuine" which must have the signature of Johann Hoff on the neck of every bottle. MALIGNANT ABSCESS. My little girl suffered for three years from a large Abscess on her hip, the result of a fall and dislocation. The Abscess was large, with six openings, all of which discharged pus. I was induced by friends to give her S. S.
