Excitement Among Chicago Traders Centered on Provisions Yesterday.

THERE WAS LITTLE BUSINESS IN WHEAT

Transactions Were Limited and There Were No Important Changes - Corn Shows Decreasing Activity with Fluctnations Confined to a Narrow Limit.

CHICAGO, Ill., May 26.—Excitement centered In provisions. Pork opened from 7½ to 10c higher and then advanced 20c on liberal buying by the short interest. As soon as the demand subsided there was a reaction of ic and then a reaction of 15c, then another buige of 10c on buying orders coming in from the country. The market fell off 5c later on, and then, under the influence of the strength in grain and literal buying by a prominent packing institution, advanced about 15c, the highest point of the day. This was followed by a de-cilne of from Sc to 75c, a reaction to a like ex-tent and a similar falling off, the market closing 22% chigher than at the same time yesterday. Lard gained 7%c and closed strong, seemingly independent of other hog products, and in more request than for some

Ribs opened at the final figures of yesterday and then advanced 22% in response to the strength in pork and free buying, reacted Inter about 75c, and closed weak 15c higher than yesterday. The run of hogs at the yards was less than expected and the fact helped the advance. John Cudahy was said to be long a line of ribs and seemed to be the leading built. A tip that pork was a purchase for \$2 a barrel profit had temporarily something to do with the builty. leading bull. A tip that pork was a purchase for \$\frac{2}{2}\$ a barrel profit had temporarly something to do with the buige.

In wheat only a light business was transacted and there remains no important changes in prices. The opening was about the same as yesterday's closing, and cased off a trifle, then advanced %c. again eased and prices declined %c. ruled irregular and the costing was about \$\frac{1}{2}\$c again eased and prices declined %c. audi irregular and the costing was about \$\frac{1}{2}\$c higher than yesterday. It was claimed the northwest sold some wheat early in the day and that St. Louis and New York parties bought. Late advices were received stating that it was raining in the west and this caused an advance to the highest prices of the day. The fact that French stocks had decreased \$1,60.000 bu, seemed to induce some buying, as an increase had been expected in view of the duies soon to go into effect.

Corn showed decreasing activity with fluctuations confined within %c to \$\frac{1}{2}\$c range. The price was helped by reports of rains in this state and Indiana. Business was local, the trade buying on soft spots and falling on any advance. July closed lightly figher than yesterday. There were little changes.

The proportion of contract corn in the daily receipts is heavily increasing, \$5\$ car loads of \$7\$ received today being up to the requirements.

Outs were not traded in with as much free-

Oats were not traded in with as much free-

dats were not traded in with as much free-dom as of late. The close was easy at from \$6 to \$6 decline from yesterday. Freights were easier and \$6 lower at 1%6 for wheat and 1c for corn to Buffalo. Estimated receipts for tomorrow: Wheat, 90 cars; corn, 450 cars; oats, 150 cars; hogs, 26,000 head. The leading futures ranged as follows:

Traders' Talk.

Chicago, Ill., May 25.—Counselman & Day to Cockrell Bros.: Wheat, corn and outs were strong and weak by torns and a fairy jurge business was done in July contracts. with a 5c rance for wheat and corn and \(\) to two the atom of the total outsiness was done in July contracts. With a 5c rance for wheat and corn and \(\) to two to trade. English markets being lifeless and continental exchanges adjourned for the regal golden weading holiday. The undertone of steadiness was furnished by covering of shorts on a slightly unsettled barometer in the northwest. Pork was active and leading packers bought heavily up to \$10.50. Lard was steady but somewhat neglected to trade in the other products. Ribs were strong on the demand from shippers, and after the market advanced shorts became excited buyers. Packers were inclined to seli ribs and buy pork at present prices. Ribs are on a basis of \$5.00 for live hogs and \$15.00 for pork at the close today.

Cricago, Ill., May 26.—F. G. Logan & Co., to Duncan. Hollinger & Co.: We have had today just such a market as we had yesterday. July wheat opened at \$2\frac{1}{2}\$c, sold up to \$8\frac{1}{2}\$c and closed at \$2\frac{1}{2}\$c. Our opinion as to the future is unchanged. The weather is unsettled. The condition of the winter plant, according to our natices, is critical, and we think the spring plant is in the same condition. Practically, we favor buying on all declines. The market may not be ripe for a big advance, but all we know or learn is in favor of some advance. Cables for the last few weeks have been like the blank leaf between the old and new, neither one thing nor the other. We look on wheat as cheap, and safe to buy. Corn is safe to buy on all weak spots for June, July and August. Oatsshould follow corn, but low-priced goods generally are neglected. They look high enough. All hog products should, we think will, sell higher, especially ribs and lard.

Chicago, Ill. May 26.—Kennett, Hopkins & Co. to S. A. McWhorter: Today has been a holiday on the contine

Less Activity Was Presented in the Lead-ers Yesterday. New York, May 24.-The stock market to-day was less active, but presented about the same feature as that of yesterday, though the

movements were on a reduced scale and considerable irregularity existed at times. Covering movements was checked in the early dealings by apparent selling by London, but as the last selling by the foreigners falled to produce any effect upon the exchange market, this was proposity of the same character. The feeling in the street remains the same, but the importance of prospects in the coal trade, with the general expectation that there will be an advance in the price of coal at the meeting today, made the coal stocks again the leaders in the market for a time, and the usual great activity was accompanied by an upward movement, though today it was on a limited scale. Richmond & West Point was also a feature and the upward movement was in response to the buyin', caused by the impression that the rorganization muddle will be solved by placing it in the hands of Drexel, Morgan & Co.

The one weak point on the list was New England, which was subjected to one of its sudden and mysterious movements. The industrials were not so prominent in the market and the movement in Cordaze came to a halt though all others were advanced fractionally. Among the grangers Rock Island was the only one in which the movements were of special importance and, while it was subjected to considerable pressure in the foremoon, a full rally occurred later. The speciaties, which have of late received so much attention, were held quiet and sugnant today, and the transactions which gave character to the market were in railroad stocks entirely an it hose the usual leaders. The market closed heavy, but generally at about the level of the opening figures.

Government bonds have been dull but firm.

The Post says: The real owners of railroad securities have all along shown great absence of concern over the predictions of diminished crops. The most appailing stories of ran and flood failed to call for the stop orders and to that extent the campailners for lower prices reckoned without their nost. Cattle Rather Easy and Unsettled-Hogs Active and Higher. OMAHA, May 26.—Receipts for four days foot up 10,225 cattle, 22,077 hogs and 2,004 sheep, arainst 8,000 cattle, 18,512 hogs and 1,114 sheep the same four days last week. The general cattle market was slow and easier on all but the bost handy light beeves

suitable for the dressed beef trade. As usual, on Thursday the slipping and export demand was merely nominal and in consequence there was a very poor demand for medium or heavy cattle. Anything weighing over 1.300 lbs., especially if a little off in flesh, quality or finish, was hard to hove even at a decline. Tidy fat 1.000 to 1.500 lb. steers on the other hand were in fairly sactive demand and firm at from \$4.50 to \$4.00. Good cattle, weighing 1.50 to 1.500 lbs., sold at from \$3.70 to \$4.00. There was little life and smap to the trade, and a few loads were still unsold at the close. There were too few hows and helfers here to make much of a showing, but the demand was good and prices fully steady. The buik of the desirable stuff sold at \$3.00 or better, some prime 765-lb, helfers bringing \$4.50, Old, thin cows, sold as low as \$4.25, but sales below \$4.25 were rather scarce. Bulls, oxen and stags were in very moderate supply and firm at from \$2.60 to \$3.24. Offerings of veal caives were decidedly limited and there was no quotable change in prices. The demand was good and wates of fair to good years were at from \$4.50 to \$4.50.

Farmers are too busy just now to pay any attention to stockers and feeders, and in consequence there was a very light country demand. The bulk of the offerinss were in the hands of regular dealers and they reported trade slow, with the bettef grades firmly held and the commoner stuff slow and lower. Sales were largely at from \$4.10 to \$3.40. Representative sales:

Hogs-Offerings were lighter than Wednesday, but nearly twice the number received last Thursday, an increase in supplies so far this week compared with last of close to 5,000 head. There were several loads of very good hogs here and the general quality was improved.

The market did not open up very lively, although the feeling was one of firmness. As it became apparent that receipts would not be overly large and favorable advices began to arrive from Caicago the feeling strengthened and the buige in provisions still further improved the situation. After the first round the general market was all of 5c to 16c higher than Wednesday, and active. Good heavy and butcher weight hogs sold largely at \$4.60, and a few of the best at \$4.62\(\) and \$4.60. It ht and light mixed loads sold at \$4.50 to \$4.60. The buying was largely local, shippers being either unable or unwilling to keep up with the procession. Everything changed hands in good season, the buik at \$4.50 to \$4.60, ngalnst \$4.45 to \$4.50 Wednesday. The general average of prices hald was \$4.55\(\), against \$4.45\(\). CHICAGO, Ill., May 26.—[Special Telegram to
THE BEZ.]—There was more life in the cattle
trade today than characterized it yesterday
and a steadler feeling obtained. Receipts did trade today than characterized it yesterday and a steadier feeling obtained. Receipts did not reach expectations, and buyers took hold with more show of confidence. Holders, therefore, generally asked an advance, but they failed to get it, the general market being no more than steady. Sales were on a bas so from \$1.50 th \$1.50 for poor to choice cows, helfers and bulls, and from \$1.40 to \$1.85 for Jressed beef fift shipping steers. Not much was done instockers and feeders and they were nominally steady at from \$2.25 to \$1.55. Texas cattle were firm at from \$1.50 to \$1.55. Texas cattle were firm at from \$1.50 to \$1.55. Recording to guality.

Hogs continued to show strength, In spite of the continued for show strength, In spite of the continued lattle receipts buyers did not hesitate to pay as advance on Wednesday's prices. They took everything offered, and a comparison of the sales with those reported yesterday shows an advance of \$5. Few of the offerings fetched mose than \$1.90, but the bulk sold above \$4.75, from \$1.80 to \$4.90 being the popular figures. Little pigs and culls went at from \$2.50 to \$1.55 and a few assorted heavy and medium weights made \$1.95. Good to choice muttons were again in rather limited sumply and sold well. They were wanted both by local and eastern buyers at fully former prices. Those who had "off grades" on sale were not so well plaased with the market. There was no decimal prices but it was hard work to make sales even at the low figures previously ruling. Quotations were from \$1.50 to \$5.75 for fair to extra. The runge of prices for yearlings was from \$5.90 to \$7.00.
