Cullingham and Battin Defeat Wahliquist and Langan in the Finals. SOME FINE TENNIS PLAY EXHIBITED

Although the weaker team, the Hastings Fair Played with surprising vigor and Compeled the Omaha Team to Earn Its Victory.

HASTINGS, Neb., July 27.—[Special Telegram to THE BEE.]—The final match of the Nebraska Lawn Tennis Association tournament for doubles was played here this afternoon between the victors of yesterday's game, Cullingham and Battin of Omaha and H. S. Dunbar of Hastings. A show job previous to the beginning of the final courted the air, and at the same time the courts all quite muddy, but in a half hour the ground was passably dry and the match was begun and the Queen City boys were clearly outmatched, but they played with a vigor that surprised everyone. They managed to secure one set out of four and secured 111 aces against 136 for their opponents in thirty-nine games. Eight games and one set were decided.

AMONG THE PUGILISTS. Partner Harrison Talks of Sully's Certainty. DUNCAN B. HARRISON, manager and proprietor of the "Little Tippeco" company, which opens up at the Farnam Street theater Sunday night, dropped in on the sporting editor yesterday afternoon for a little social chat. Colonel Harrison, it will be remembered, was associated with John L. Sullivan in the "Horseheads and John L. Sullivan" theatrical venture and is about as familiar with the big fellow's idiosyncrasies and peculiarities as the next one out as a matter of fact.

AMONG THE AMATEURS. Kearney and Holdrege Play a Very Pretty Game. KEARNEY, Neb., July 27.—[Special Telegram to THE BEE.]—A very interesting game of ball was played here today between Holdrege and Kearney, but owing to the threatening weather an unusually small crowd turned out. Kearney found the visiting pitcher for ten runs in the fourth inning, while Holdrege struck out, confined his visitors to three runs. Holdrege put up a good game of fielding, but were not in it when at bat. The features were Fowler's play at second base and the hard hitting of the home team. Score: Kearney, 10; Holdrege, 3.

Potomac Outruns Loantaka in a Sensational Final. BALTIMORE, Md., July 27.—[Special Telegram to THE BEE.]—The feature of this afternoon's racing was Potomac's defeat of Loantaka, the former covering the mile in 1:40 flat. Loantaka looked all over a winner at the end of the seven furlongs, but Lambly had a lot up his sleeve, and Potomac passed Loantaka a sixth of a mile from the finish, and was taking the inner rail. Loantaka's jockey, McBermet, pulled up just in time to prevent both himself and his horse from going over the fence into the field. A foul was claimed but not allowed.

LEMAIRS, Ia., July 27.—[Special Telegram to THE BEE.]—The game today between the home team and the Blair team was called by the end of the third inning, the score standing 7 to 0 in favor of Lemars.

TWO ANARCHISTS IMPLICATED

Mon Arrested After Being Believed to Have Been Bergman's Accessories. THEY DENY ALL KNOWLEDGE OF THE PLOT

PITTSBURGH, Pa., July 27.—The arrests of F. Molick at Long Branch and H. Bauer in Allegheny will, it is believed by the police, greatly aid them in clearing the mystery that surrounds the would-be assassin and anarchist, Bergman. Molick is the man who sent Bergman the money from Long Branch last week and Bauer is the recognized leader of the anarchists in this section. He succeeded Herr Frick upon the death of the latter two months ago, as the agent for the distribution of anarchist literature, and the police have been watching him for some months. He was arrested at his home, 70 Spring Garden avenue, Allegheny, by Detectives Shore and McLaughlin and is now in the central station.

At Bauer's home, however, the police unearthed a small size arsenal. They found a breech-loading rifle, an American bulldog revolver and a large quantity of cartridges, including in size from .22 to .44 caliber. A mysterious looking red object was also found in his room. It was the size of a large cigar and had a string of beads around it. The police believe it is some sort of an explosive. Various incendiary papers were also found, together with a book on "Anarchy," which he is believed to have written. He destroyed all papers tending to incriminate him when Frick was shot.

Upon receipt of the news that Molick had been captured, Chief Brown instructed Supt. McGee to have the papers and cartridges and await papers which were forwarded immediately. Inspector McKeivie made the new-arrived copy of "The Communist" with the warrant for Molick's arrest, was issued by Superintendent O'Mara at Long Branch. The information is in the usual form and charges that E. Molick, a resident of Long Branch, an accessory before and after the fact in the felonious shooting and stabbing of H. C. Frick. He will be brought here for trial.

ANARCHISTS TURN ON THE GAS, BUT THEIR Scheme is Discovered. PITTSBURGH, Pa., July 27.—It is just learned that an attempt was made to blow up the Carnegie Union mill in this city. During the absence of the engineer some one turned on the unlighted gas in the furnaces. The discovery of the fact was made in time to prevent an explosion. One hundred and fifty men were in the department at the time and many lives would have been lost if it should be given out.

WILL COST CANADA MILLIONS

Effect of the Retaliatory Measure as Passed by Congress. VESSELS WILL BE FORCED TO TIE UP OWNERS PRACTICALLY DRIVEN OUT OF THE TRADE UNTIL THE CANADIAN CANAL CAN BE COMPLETED, WHICH WILL BE MORE THAN A YEAR.

TORONTO, Ont., July 27.—The retaliatory bill passed by the United States Congress has aroused grave apprehension among Canadian vessel owners. Until the toll has been actually announced and the regulations have been in operation it will be impossible to say definitely what the effect will be, but there is no doubt that in these days of close competition even a slight additional burden will handicap the Canadian vessel owner, and that anything like the full toll charge by the Sault Ste. Marie will practically drive him out of the trade. The steamer Rosedale, owned by Hagarty & Co., and costing in the neighborhood of \$100,000, is too long to be brought down through the St. Lawrence canal and will have to tie up. The Algonquin Quin, owned by Thomas Maris of Port Arthur, and costing about the same, will be in a similar predicament. The imposition of the toll would also probably lead to litigation, because most of the charters have already been made under the impression that the toll would remain the same as before. These are only a few of the valuable vessels which would practically be compelled to tie up. The aggregate loss to Canadian vessel owners, if the full toll be imposed, would undoubtedly be up in the millions.

It is understood that the contractors of the proposed canal are proposed to complete it for traffic within a year on the payment of \$250,000 extra. If this could be accomplished Canadian vessel owners would not suffer more than a year of enforced idleness, but even at its best the retaliatory bill is a very serious matter for them.

W. W. Ogilvie, the bill manufacturer, who not so long ago was the operator of the Montreal or indeed that of the Dominion, was not seriously affected by the bill. He is a Canadian vessel owner and has a fleet of Canadian vessels, but if we are to allow them to go and discharge in Ogdensburg it will vitiate the bill. THE ATTACK ON CARTER

An Old-Time Notion Plain Statement of Facts Concerning the Charges. In a recent issue of the Omaha World-Herald appeared an article the intention of which was to injure the character of Hon. Thomas Carter, chairman of the republican national committee. It recounted business transactions in this county more than twelve years ago in which Mr. Carter was said to have been the principal.

The World-Herald few days ago propagated a sensational and entirely untrue article, "Footprints of Time" in its Burlington edition, and very feebly attempts to connect the chairman of the national republican committee, Hon. Thomas Carter, with the same parties. World-Herald footprints give such evidence of both web-and-spiders-footedness that it is hardly worth while to notice the article, but as a few residents of Nebraska may want to know the facts, they are here given from most reliable sources. As to Mr. Carter's business transactions in Burlington, Ia., among other things, it is stated that he was the principal in the Burlington county transactions alleged in the World-Herald to be fraudulent.

The simple plain facts are that a publishing house in Burlington, Ia., among other things, it is stated that he was the principal in the Burlington county transactions alleged in the World-Herald to be fraudulent.
