LATER THE WEAKNESS WAS OVERCOME

Rains and Cooler Weather in the Northwest and Lower Cables Affected Wheat Materially-Corn Rather Payored the Bears,

CHICAGO, Ill., July 28.-The markets on chance all started this morning with a tendency toward lower prices, but the weakness was overcome later in the day by the prospect of an early adjournment of congress and a report that there is a strong probability of Importing countries placing an embargo upon trade with Russia, with a view to preventing the spread of choora from that country. Wheat's nee yesterday is 14c higher, corn 14c lower, oats 14c lower and provisions a trifle

higher. The rains and cooler weather in the northwest and lower cables and liberal receipts at primary markets created a weak feeling in the wheat market at the opening. September opened at 77%c, sold at from 784c to 78%c, then eased off to 77c, Improved to 774c, and at noon was 774c. The decline in corn was a so rather in favor of the bears. Holders showed a disposition to get rid of long stuff and there was some dis-position to crowd short sales. The Cincinnati Price Current's crop summary indicated that the threshing returns left little doubt of the yield of winter wheat proving below expect-

the threshing returns left little doubt of the yield of winter wheat proving below expectations. The movement from the principal wheat shipping countries is growing light and the indications are that importing countries may soon have to depend largely upon America for their current supplies. There was some trilk of frost in the far northwest, the thermometer being at 329 in Manitoba and this was followed by the report that the house had voted to adjoin on Saturday, which was accepted as settling the anti-option bit. A report came from New York, too, indicating that choicra is spreading in Russia. Under these strengthening influences the market turned strong during the last hour and September iold at from 77%c to 77%c. closing at the latter figure.

Corn was moderately netive but lower, influenced mainly by the report of generous gains in Konsts. Nebraska, lowa and Missouri, which were said to have releved all present danger. The Cincinnati Price Current also said that the crop had made favorable progress during the past week. Longs were liberal sellers from the start, and while there were a few sales of September at from 48%c to 49c about the first general was 8%c and went gradually to 48%c. Then on covering by shorts it reacted to 48%c, but soon cased off to 8%c. The market showed some strength during the closing hour and September sold from 48%c to 48%c, resting at the latter figure.

Outs were weak early. September decilining from 30%c to 30%c, later the market strenithened and held steady, 30%c to 30%c with only moderate trading.

Hog products were irregular, opening weak and lower on the drop in corn, but then recovered. September pork penend at \$12.05, so d up to \$12.25%, fell to \$12.12% unit closed at \$1.35% and 47.37% and 47.32% and closed at \$7.35% and 47.32% butwere offered at \$7.60 at the close.

Lake freights steady at 1%c for corn to Buffalo.

Estimated receipts for tomorrom: Wheat, \$75 ears; corn, 500 ears; outs 210 ears; hore.

Estimated receipts for tomorrom: Wheat,

275 cars; corn, 560 cars; oats, 210 cars; hogs The leading futures ranged as follows:

Minneapolis Flour Output.

Minneapolis, Minn., July 28.—The Northwestern Miller says: The mills again improved on their output inst week, making more flour than they have made since the middle of inst month. The week's production was 198,070 bbls., averaging 33,011 bbls., against 188,870 bbls, the previous week and 195,15 bbls. for the corresponding time in 1891. There is less interest shown in flour than there was a week ago. From Thursday to Saturday the demand was quite cood, but since trading has fallen off and the market is again pretty quiet. Some logal firms made heavy sales for the week ended Saturday, largely for July and August shipment, but in many cases old prices had to be accepted. In the foreign trade patents continue in the best demand, bakers coming next, while low grades are neglected. The direct exports last week were 7,160 bbls., against 75,115 bbls, the preceding week. Minneapolis Flour Output.

New York Dry Goods Market. NEW Y. RK. July 28.—Business in dry goods was fair. The general trend of trade is in the lirection of further developments at the hands of both agents and jobuers.

CHICAGO, Ill., July 28.-F. G. Logan & Co to Duncan, Hollinger & Co.: The general wheat condition is unchanged. Septem ber opened at 77%c, sold as low as 77c, as high as 78% 2978%c, and closed at 17%c. The speculative demand for the distant futures is still wanting and for the immediate shipment there does not appear to be any export demand. About all that can be said is that the price is low and should there be any serious damage to the growing spring crop an advance would follow. Without damage we anticipate iower prices. Charters: Wheat, 145,000; corn, 102,000; oats, 155,030, Corn under the influence of a break in the hot dry spell by the general rains opened lower with the enthusiastic bul's of the past few days anxious sellers. Values are 2 cents under the highest price of the late advance but we do not think yet low enough to attract heavy purchases by our large traders. Receipts and stocks are on the increase. Oats are holding fairly firm. They are che ip compared to corn but on their own merits the large hay crop and not many bad reports are against the probability of an advance. The business in hog product light but offerings were not liberal and prices keep firm. The general sentiment is in favor of higher prices. Chicago, Id., Ju y 28.—Kennett. Hopkins & Co. to S. A. McWhorter: Wheat opened easy and the local trade thought the time had come to raid and sinke out the weak holders. They so of freely with this object, but the opening prices were at about the bottom, and their offerings were absorbed by good parties. The short interest has been increasing for some days, and something will probably turn up soon to alarm it, causing a good raily. Conditions are getting more builtish. The price is low, and we advise purchases on all soft spots. Corn and oats were strong, Efforts were made to stampede corn ho ders. The weather conditions were extremely favorable, with rains where most needed, but the saies seemed to go into good hands, and at the close the market looked as if the bears had exhausted themselves and the next thing in order would be a raily. Crop reports on oats are bad and justify a better lusiness. Provisions were business in hog product light but offerings

themselves and the next thing in order would be a raily. Crop reports on oats are bad and justify a better lusiness. Provisions were duil, but strong. They exhibit no little strength and encourage a hope of better prices by and by

Chicago, Ili., July 28.—Counselman & Day to Cockreil Bros. Commission company: Wheat showed decided weakness today until the impression rot around that the anti-option till was not likely to mass another was a possibility of frost in the northwest tonight, which might reach parts of the spring wheat country. Foreign markets were weak and which might reach parts of the spring wheat country. Foreign markets were weak and lower in every instance except Antwerp. The crop movement which is still considerably under last year continues about the same. Loth as recards bulk his well as proportion. The market closed rather firm at about the best prices of the day. Corn has been active and lower on rains in Kansas, where it was budly needed, and in other portions of the corn belt, where it was we come. The intense heat of the past few days is now much modified, so that reports from the crop are not so gloomy. The Unclineinnati Price Current gives a good account of the corn crop generally speaking, and the desire today has been more to self. The close was steady. Provisions opened off with lower grain markets. Local scalping had been some of the larger traders strongthened the market up, and closed it firm at some improvement over yesterday's close.

\*bid.

The total sales of stock today were 263,823 shares, includin:: Atchison, 23,278; Calcago Gas, 8,598; Delaware, Luckawanua & Western, 11,413; Eric, 8,630; Louisville & Nashville, 5,520; Missouri Pacific, 5,882; Northern Pacific, 2,055; Northern Pacific, preferred, 10,830; Reading, 9,621; St. Paul, 11,351; Omaha, 4,750, Union Pacific, 6,047; Western Union, 3,900.

London Financial Review.

[Copyrighted 189? by James Gordon Bennett, 1 LONDON, July 28 .- | New York Herald Cable Special to THE BEE]-No changes occurred in the bank rate, which remains at 2 per cent. No difficulties have been reported in connection with the settlement, which was concluded in the Stock exchange today. Business for the new account has been quiet. Still more has been done than might have been expected, considering that so many members are preparing to leave for their summer holidays. Consols are unchanged, while Indian rupee paper is 1/2 per cent lower, owing to the Walkness in silver. Foreign government securities showed some actree of duliness during the after-noon, few sales having been made in view of the Paris settlement being near. noon, few sales having been made in view of the Paris settlement being near. Spanish bonds have given way ½ per cent. Home rails close firm, there having been some quiet buying for the new account, while the stock has apparently been still scarce. Midland marks an advance of I per cent. Northeastern ½ per cent, Great Eastern ½ per cent and several others ½ to ½ per cent in cluding I's per cent in Avance is established, including I's per cent in Northern Pac fie preferred. ½ per cent in Union Facific. ¾ per cent in Louisville & Nashville and Wabash debenture and ½ to ½ per cent in all others. There was only a quiet demand for money requirements in connection with the Stock exchange settlement producing that effect. Short loans have been easily obtained at ½ per cent. In the discount market bills continued scarce at 13-16 to 15 per cent. ontinued scarce at 1 3-16 to ( per cent.

New York Money Market. New York, July 28.—Money on call easy at 14 to 2 per cent: last loan 114, close offered Prime mercantile paper, 34@6. Steriln: exchange quiet but steady at \$4.87

PARIS. July 28.—The weekly statement of the Bunk of France shows an increase of 8.471.0 of gold and 2.038.0 of sliver. Three per cent rentes, 087 35c for the account. Losdon, July 28.—3 p. m.—The buillon in the Bank of England increased £1,000 during the past week. The proportion of the Bank of En land's reserve to inbility, which last week was 41.72 per cent. is now 44.56 per cent.

LIVE STOCK MARKETS. Cattle Trade Still in Bad Shape-Hogs

Dull and Lower, OMAHA, July 28.—There was a big falling off in receipts compared with Wednesday. The supplies for the past four days have been 8.219 cattle, 22,787 hogs and 3,147 sheep against 8.829 cattle, 23,990 hogs and 626 sheep the same a good account of the corn crop generally speaking, and the desire today has been more to sell. The close was steady. Provisions opened off with lower grain markets. Local scalping ho days were scared out of their holdings, and then some of the larger traders strongthened the market up, and closed it firm at some improvement over yesterday's close.

STOCKS AND BONDS.

Liquidation by the Sugar Pool Was the Feature Yesterday.

New York, July 28.—The feature of the day was the liquidation by the pool in Sugar, and while the pressurate sell was maintained the downward movement was very sharp and it took some shapport to raily the stock after the decline was checked. The movement put a damper upon the advances in the other industrials, and while Cotton Oil was forced off

either left unso'd in the pens or went on through to Chicaco.

Offerings of butchers' and canners' stock were quite liberal as' the fresh receipts included noarly twenty to do of cows and mixed stock. Trade wis duit and prices ruled weak to a dime liberon all grades. Sales were largely at from \$1.25 to \$2.25 with extreme sales at from \$1.25 to \$2.25 with extreme sales at from \$1.50 to \$3.00. But's and stars were nominally unchaned at from \$1.75 to \$3.00. The's supply of calves was indifferent and prices nominally steady on the basis of \$2.00 to \$4.50 for poor to very good veals. A fair clearaine of about everything in this line was effected.

The big built of the offerings of steer cattle were western feeders, some of them very good. Regular dealers were inore disposed to buy, and trade was moderately brisk at fully steady prices mostly from \$2.40 to \$4.00. Country dealers were only limited buyers, but it is expected that with the recent general rains ousiness in this line will pick up considerably. Representative sales: either left unso'd In the pens or went on

Hogs—The supply was about 1.500 short of Wednesday's run, but very little different from last Thursday. If there was any difference in the quality of the offerings they were hardly up to the average. Business was rather slow from start to finish, and on the basis of a 10c decline. There was a fair shipping demand, and good to choice butener and neavy hogs brought from \$5.00 to \$5.80. Local buyers got light and mixed loads at from \$5.30 to \$5.60. The range was wider than usual, and the market very uneven, sales being from \$6.50 to be lower than Wednesday. About everything was finally disposed of, the built at from \$5.50 to \$5.60, against \$5.50 to \$5.75 Wednesday. The general average of prices pally was \$5.20; against \$5.603 Wednesday and \$5.543 flast Thursday. Representative sales; No. Av. Sh. Pr.

Tota: ..... 1,685 6,901 Chicago Live Stock Market.

Chicago Lil., July 28.—(Special Telegram to The Bee |—Sales of cattle were generally at a deciline from yesterday's pricas of from 10c to 15c, making a reduction since Tuesday of from 3 c to 50c per 100 lbs. The deciline has fallen most heavily upon the common and medium grades, as it is of those descriptions the current receipts principally consist. There were few prime cattle here today and while that grade is quoted as high as \$5.25, only a small number of sales were effected at better than \$1.75. It had to be a good bunch of steers for which buyers would pay as much as that; indeed, very good cattle changed hands at from \$1.40 to \$4.50. Of natives there were about 11.000, and they sold principally at from \$1.50 to \$4.25. for steers, and from \$1.55 to \$4.25 for steers, and from \$1.55 to \$4.25. Western rangers were salable at from \$1.50 to \$4.25. Keeeipts were 18.0.

The hog market presented no new features. It was fairly active during the opening hours and showed considerable strength, sales making at as high figures as have yet been reached. But, as is very frequently the case, the close was less satisfactory, both with regard to the demand and the tenor of prices, A soon as shippers had filled their orders packers jumned on the market and bore it down from \$6.00 to \$6.05 for very common to strictly choice grades. There were sales at from \$5.00 to \$4.75. The finish was bud. Receipts, 17.00.

In a general way the sheep market was unchanged. Good stull sold about as well as 1 of 5.75 and iambs at from \$5.00 to \$4.75. The finish was bud. Receipts, 17.00.

ANNOUNCEMENTS.

Despite the excitement created by the heralded advent of rival circuses the opening of the Farnam Street theater by Harrison & Beil's comedians on Sunday, matinee, next, for six performances, promises to be one of the most auspicious in the history of the old theater, "Little Tippett," or as it is called in French, "La Jole de la Paternitie," is from the pen of Alexander Bisson, the greatest writer of farce since the death of the lamented La Bieche. Bisson is the author of over ninety successful plays for the French stage, but is hetter. ful plays for the Freach stage, but is better known in America through the medium of his latest successes, "Wilkinson's Widows," his latest successes, "Wilkinson's Widows,"
"The Lottery of Love," "The Nominee" and
"Little Tippett." The English version or
adaptation of "Little Tippett" is from the
facile pens of the Paultons, Harry and
Edward, the authors of "Erminie," the
greatest of all comic operas, also "Paolo,"
"Cleopatra," "The Queen's Mate," and
"Niobe," Therefore, it is safe to anticipate
a rare treat of comedy in this presentation.

The Genuine Merit

Of Hood's Sarsaparilla wins friends whereever it is fairly and hones by tried. Its pro-prietors are highly graiffed at the letters which come entirely unsolicited from men and women in the learned professious warmly commending Hood's Sarsaparilla for what it has done for them.

Hood's pills cure liver ills, jaundice biliousness, sick headache, constipation. Damages in Lieu of Posts.

The Blue Vailey Lumber company has brought suit against Thomas Masterson to recover \$2,000 damages. The plaintiff alleges that during January, 1892, the defendant entered into a contract to Turnish the plaintiff with cedar posts in such quantities as might be needed to supply the trade. Relying upon the terms of the contract, plaintiff sold 150 carloads of posts to various dealers, but as the defendant failed to comply with the terms of the contract, cone of the posts were delivered by the plaintiff.

This is to testify that 1 have tested the medical properties of Dr. J. B. Moore's Tree of Life remedy to my entire satisfaction, and can most heartily recommend it to the suffering and afflicted everywhere, to be all claimed for it in the above statement. Last spring I was suffering from loss of appetite, constipation, etc., originating from kidney and liver trouble, and I had not used one bottle of this great life remedy until I was greatly relieved. My wife, also, being at a very critical stage in life, was suffering much at times, and by the use of this remedy has been saved from much suffering and pos-sibly from premature death. Our youngest son's health for several years has been very delicate. He contracted some lung trouble by taking cold with measles, which produced great nervous debility and occasional bleed-ing of the lungs; he has used some four bot-tles of Tree of Life, and feels and looks as though new life had been given him. If you

areafflicted, try it.

Geo. Millen, Pres. Eller. Box 64, Carlisle, Iowa. For sale by all druggists.

Charged With Nearly Everything. Harding, the Cuming street junk man, appeared in the police court yesterday and put up a bond of \$1,100 for his appearance in the district court to answer a multiplicity of charges among them larceny, concealing stolen property, violating the junk ordinance, etc. He is being prosecuted by the Union Pa-

the Northwestern and it is claimed that a principal part of his traffic is in property stolen from the railways.

Mrs. L. R. Patton, Rockford, Itt., writes: From personal experience I can recommend DeWitt's Sarsaparilla, a cure for impure blood and general debility.

To Beautify School Grounds. Mr. Powell of the Board of Education sent the outlines and descriptions of the grounds of five school buildings to Mr. Cleveland, the landscape gardener at Minneapolis yesterday. From these outlines Mr. Cleveland will draw plans for the improvement of the grounds. The roadways are being cut and the bottom of the deep ravine is being filled.

It's a strong stomach that can stand the ordinary pills, with their griping and vio-lence. What kind of a man or woman can it be who buys them !

It's some one who doesn't know about Dr. Pierce's Pleasant Pellets—that's certain. They're better—they're the best, in every trouble of the liver, stomach, and bowels. They do more good, do it easily and naturally, and do it so that it lasts—cleansing and regulating the whole system. Sick and Billous Headache, Constipation, Indigestion, Billious Attacks, Discipation and Silver, prevented Attacks, Dizziness, are surely prevented, quickly relieved, and permanently cured.

They're the cheapest pill you can buy, too, for they're guaranteed to give satisfaction.
