REVOLT OF ARMS IN CONGO.

Whites Killed and Property Destroyed at

BRUSSELS, Aug. 12.—The independence Belgians says that twenty agents of the Katanga company have been killed or captured by Arabs on the upper Congo. The steamer Beaneau, which was taking goods up the river, was seized and the factories were burned. Whole tribes on the western bank are in insurrection. The Arabs northwest of Nyanga have gone down the Luabala river and captured the station at Itorabara, the King of the white men, who have been driven to the upper Luvua have also been destroyed. The Arabs at Stanley Falls and Itorabara, however, are shown as hostile. The Congo State authorities are sending reinforcements.

Strict Quarantine Against Cholera.

BERLIN, Aug. 12.—Three hundred and fifty Russian Jews, who have been for some weeks living in a starving condition in sheds at Moscow, in Prussia, on the Polish frontier, have been allowed to proceed direct to Hamburg. The object of the precautions taken in their case was to prevent the introduction of infection. The frontier is now strictly closed against emigrants.

St. Petersburg, Aug. 12.—The official reports in regard to the cholera epidemic say that the disease is diminishing in Saratov and Saratoff.

Extremely Gripe Situation.

LONDON, Aug. 12.—A dispatch to the Standard from Tientsin says: "The extreme gravity of the Pautin question is beginning to be recognized here. Cases of infants, and boys have been ordered to proceed from Kashgar to Rangkai in the Chinese province of Sikkim."

Manitoba's School Question.

OTTAWA, Ont., Aug. 12.—It is again reported that the dominion will over-see the Manitoba school question by asking parliament to authorize it to divide a share of the revenue from the Manitoba land sales for the support of the Catholic separate schools.

Eight Miners Dead to Death.

NO FIVE-DOLLAR RATE.

Kansas City's Big Event Has Not Yet Secured Favorable Terms.

Chicago, Ill., Aug. 12.—Chairman Caldwell has not yet decided to grant the Atchison's application for authority to make a \$5-rate to Kansas City and return on account of the Knights of Pythias encampment. A special meeting of the Western Passenger association was held at its office this morning and the matter was thoroughly discussed by the representatives of interested lines. They were not of one mind as to the advisability of making a low rate, although it was admitted that cut rates were officially announced from Cincinnati, Columbus, Indianapolis, Fort Wayne and other points east of Chicago.

No conclusion being reached, Chairman Caldwell had a hearing this afternoon for the purpose of taking the testimony of parties directly interested in the question. The evidence submitted by the Atchison representatives showed conclusively that the rates are seriously demoralized and in the minds of the shippers are a decided ground for protesting to effect the proposed rate from Chicago.

It was not clearly shown, however, that the reduced fares from eastern territory, being applied by way of Chicago, and for this reason the chairman decided to consider the matter until tomorrow before giving his answer. The Chicago & Alton specifically denies a charge made against it, having contracted to carry a Chicago commodity to the encampment at a rate of 45 per cent for the round trip.

Dressed Beef Rates Unchanged.

The Michigan Central and Lake Shore companies, after a conference with the New York Central and other eastern connections, have agreed to make no advance in the dressed beef rates on dress beef to Albany and the interior New York points. These were among the commodity rates recently revised on a higher basis to become effective August 1, but at the solicitation of shippers the Vanderbilt lines have decided to make no change at present as to this particular traffic. The other roads are expected to follow their example and Chairman Caldwell of the Central Traffic association announced today that until further notice the rates on dressed meats to the points indicated will remain unchanged.

Adjusted for Four Months.

The Western Freight association has adjourned until December. A previous meeting was adjourned to the regular meetings of the association should be held in December and so avoid midsummer sessions in the future. In the meantime the members are to retain all their rights under the agreement, and special meetings may be called if necessary.

Harvest Excursions Territory.

Additional territory to that already agreed upon by the western roads for harvest excursions has been authorized by Chairman Caldwell. The new territory embraces all points on the Queen & Crescent route and other roads in the south, except the New Orleans, and points on the Southern Pacific, Atlantic system, from Mobile to Lake Charles inclusive.

PUBLIC WORKS CONTRACTS.

Grading the Road to the Government Corral—Bids on the South Side Sewer.

The regular weekly meeting of the Board of Public Works, held yesterday afternoon, drew a large crowd of contractors, owing to the fact that there were a number of bids to be opened. Henry Hall was the man who got the contract for grading Twenty-second street from Poppleton avenue to the south line of the United States quartermaster's depot. He bid 10 7/10 cents per cubic yard.

For grading Military avenue from Hamilton to Izard street Katz & Callahan bid 16 1/2 cents per cubic yard and got the work. The same parties also bid for the sewer, grading the alley in block 3 from Twentieth to Twenty-first street in Campbell's addition. The bid was 30 cents.

There were three bids for the construction of the south side sewer on Twenty-first street from Castellar to Martha street. Frank L. Reeves & Co. got the contract. Their bid was as follows: 42-inch brick sewer, \$4.95; 30-inch brick sewer, \$4.00 per lineal foot and four-inch pipe at 41 cents.

There were a number of bids for the paving of Twenty-second street from Leavenworth to the United States quartermaster's depot, Twenty-third street from Nicholas to Michigan and Twenty-third avenue from Leavenworth to Marcy street.

A new asphalt competitor, James Ainscow, came into the field and bid \$7.70 on class "A" with a five-year warranty. Action on the award was deferred until the next meeting. The brick with a five-year warranty was awarded to J. B. Smith & Co. at \$1.50, the Sioux Falls granite to Hugh Murphy at \$2.35 per square yard. The same bidder was awarded the Colorado sandstone at \$1.30 and the brick at \$2 with a ten-year warranty.

Sidewalk Inspector Wilson sent in a communication asking that the sidewalk on the intersection of new streets in front of lots 2 and 3, block 55, on the south side of Chicago street, between Sixteenth and Seventeenth streets, lot 3, block 44, northward, corner of Seventeenth and Chicago streets; lot 2, block 50, east of the Methodist Episcopal church on the south side of Davenport street; and lot 3, block 14, northward, corner of Nineteenth and Farnam streets. These walks have been ordered by the council and the property-owners notified by the required publication in the newspapers, and the work remains to be done. Some of the walks are in a very dangerous condition and have been for several years. The board received Mr. Wilson's communication, but failed to take any action in the matter. Major Balcombe refusing to vote with Chairman Birenner in ordering the work done and the cost charged to the property-owners.

Mr. Wilson Explains.

OMAHA, Neb., Aug. 12.—To the Editor of THE BEE: Your evening's issue contains an article on sidewalks which is so unjust to the citizens, the contractors and myself that I would be pleased to have you print my answer to same. I did not have time to do so as a reporter. I did say to someone who asked the question how I found the walks, that I did not find far out one walk of brick which had been laid right and in full accordance with the city's specifications, but that every contractor whom I had yet met was willing to correct errors and lay their walks in full compliance with the city's specifications. I was in hopes that this would never be so, but the reference could be done in a quiet pleasant way and I know it can be done that way. Without an exception every citizen and every contractor I have met have expressed a willingness to aid me in the general improvement of all walks. If people who are about to lay walks will inform themselves at the Board of Public Works just what they are entitled to and how walks should be laid I will do all I can to see justice done fully to every citizen and contractor, all of whom have just rights in this matter. My aim shall be to know no person, but to get the best possible walks for Omaha. Very respectfully, JOHN M. WILSON, Public Sidewalk Inspector.
