COST OF CAMP SHERIDAN

What Grand Island is Doing for the State Reunion.

DETAILS OF THE WORK IN PROGRESS

Every Convenience Arranged for the Nebraska Veterans-Prospects for the Approaching Encampment-How Omaha Will Figure in the Program,

GRAND ISLAND, Neb., Aug. 16 .- | Special to THE BEE. |-Comparatively few people, if any outside of the managers, have anything ike an adequate conception of the amount of abor and expense snocessary for the proper sutertainment of a state reunion of the Brand Army of the Republic such as will be held in this city the latter part of the month. For weeks past the various committees have been hard at work on preliminaries and a large force of men are now actively engaged on the grounds with compass and chain laying out the camp and erecting buildings, stands for speakers and seats for the people.

THE BEE correspondent visited the grounds today through the courtesy of Secretary Caldwell of the reunion committee and was given a bistory of the undertaking from the first by Quariermaster Harry Harrison, who is also one of the committee on grounds. The city of Grand Island entered juto a

contract three years ago with the State de-partment, whereby this city was to entertain the annual state reunion for five consecutive the annual state reunion for hve consecutive years. The coming meeting will be the third of the series. The reunion committee proper consists of Seth P. Mobley, chairman; Judge George H. Caldwell, secretary; George P. Dean, I. R. Altar, Brad P. Cook, C. F. Bertley, Harry Harrison, George F. Ryan, A. Al-lee, J. R. Meagher, Victor Vifquain and C. J. Dilworth.

Terms of the Contract.

The citizens' committee is composed of twenty-one memoers, with James Cleary actang as president, A. H. Baker, vice presi-dent, S. N. Welbach, secretary, and consti-tutes the guarantee committee. The terms of the contract require that the committee shall pay \$100 cash bonus to the State department, fernish 50,000 tents, fifty tons of hay, fifty tons of straw, fifty cords of wood, erect stands for speakers and seats for hearers (two stands and conplement of seats for 1,800 persons are now in course of con-struction), furnish transportation for bands, the necessary tables and chairs for depart ment and staff officers headquarters, news paper headquarters, and for each state do partment, which is also to be provided with The department commander 12x14 tent. and staff are supplied with from twelve to twenty horses free during the week. The committee pays \$1.50 for each tent be-

sides freight both ways to and from Chicago. The grounds contain section of land, as level as a floor. addition to the camp proper there is a cor-rail, for the care of horses, hay, straw, etc., guarded by twenty-four men under command of a sergeant, where from 300 to 500 teams are kept.

Good Water for Man and Beast.

The corrall has six wells each forty-three feet deep, for watering stock. The camp proper is provided with the best of water from twenty-one wells each forty-three feet deep and will be lighted by seven electric arc lights. Up to date Quartermaster Harrison has received applications from 106 posts for assignments to quarters, and nearly all in-clude Sons of Veterans, Daughters of Vete-

rans and Relief Corps. The Omaha Guards will be here and on Friday of reunion week will give a forenoon exhibition drill, and an afternoon Gatling gun fusilade. The state militia will not be present as an

organization this year, as they only go into camp once in two years and there is no appropriation for that purpose this year. The city council has already graded the streets lead ing to the camp and will keep them sprinkled at the city's expense during the reunion week.

Other Interesting Features.

The fact that Camp Sheridan is less than a mile distant from, and in plain sight of the soldiers' home, adds interest to to the com-ing meeting. Nearly all old soldiers have a desire to see for selves how the

Thought He Had Been Swindled. SEWARD, Neb., Aug. 16,-[Special to THE BRE, |-F. M. Jones, a cloth peddler from Lincoln, and two women were arrested here Sunday evening on the Elkhorn freight going north on a telegram from Geneva. Jones has

several men and women in his employ, and it seems that an old German farmer near Geneva had purchased a bill of goods amounting to \$65, and afterwards, concluding that he had been swindled, had the parties arrested. Jones consulted with County Attorney Biggs, who left Seward Sunday night for Geneva by team to settle the matter for Jones, re-turning yesterday evening accompanied by the deputy sheriff of Fillmore county, who had warrants for the man and two women on a similar charge, but by some arrangement they were allowed to make their escape, after Jones had settled the first case, which must him excaption cost him over \$100.

Result of a Quarrel at Scribner. FREMONT, Neb., Aug. 16 .- [Special Telegram to THE BEE. |- The preliminary examination of James Golder, charged with assaniting John Lund with intent to do great bodily injury, took place today before Judge Hunter. This incident took place at Scribnor in June and the complaining witness is only just now able to appear against Golder. The testimony showed that the two quar-reled and that during the row Golder Golder

slashed Lund with a knife, cutting his arm open from the shoulder almost to the elbow. Golder was held to the district court under \$800 bonds. He is a wealthy and prominent farmer.

Died at a Jag Cure Establishment. GRAND ISLAND, Neb., Aug. 16, -|Special Telegram to Tug Bug, |-- Charles Lutzen arrived at a well known bichloride of gold institute Saturday last and died this evening at 7 o'clock. He had been employed by J.

L. Meserault of Doniphan and had been treatment, it is said, had been given by the doctors in charge. Sheriff Costello sum-moneo a jury, which, after viewing the body, aujourned until morning. A post mortem will probably on held.

Bancroft's Water Works.

BANCROFT, Neb., Aug. 16 .- |Special to THE BEE.]-The special election in this place yesterday to decide the question of issuing bonds for the construction of a system of water works passed off quietly. A pretty full vote was cast, which resulted favorably for the water works by 67 to 12. Steps will immediately be taken for the erection of the plant, so us to have the same completed be-fore cold weather.

Killed a Constable.

SPRINGVIEW, Neb., Aug. 16 .-- [Special Telegram to THE BEL |-James Henselig, a constable of McGuire precinct, Keya Paha county, was shot and killed at Norden yesterday by A. Lively, A coroner's jury was summoned and Lively was found guilty of criminal carelessness and put under arrest. The dead man was buried, and the parties selling the liquor which caused the accuent put under arrest.

Greenwood's Camp Meeting.

GREENWOOD, Neb. Aug. 16.- [Special Telegram to THE BRE. |-A camp meeting is going on in the beautiful grove half a mile from town, conducted by Rev. Mr. Powers of Omaha. At 10 a. m. today there was preaching by the minister; at 1:30 p. m., a child-ren's meeting, led by Mrs. Roberts of Lin-coln; at 3 p. m., sermon by Rev. Mr. Guild of Crete, and at 7 p. m., preaching.

Valley County's Teachers,

ORD, Neb., Aug. 16.-[Special to THE BEE. |- The Valley County Teachers institute opened here today for a session of two weeks. Prof. J. H. Jennings, county superintendept, is conductor, assisted by Profs. Emma Gillespie, J. K. Campbell, J. F. Kate and J. F. Nicholson. There is a large attendance of teachers and students.

Fatally Injured at Cozad.

Cozan, Neb., Aug. 16.- [Special Telegram to THE BEE.]-This afternoon about 2 o'clock A. C. Clark, a prominent citizen of this place, was thrown from his buggy, sustain-ing fatal injuries. His collar bone was broken in two places and his head badly bruised. He is still in a semi-conscious con-

Work on Omaha's Public Building May

Be Further Delayed.

THE RESULT OF RECENT LEGISLATION Expenses Likely to Be Largely Increased by the Eight Hour Measure-New Plans May be Necessary for the Local Postoffice.

WASHINGTON BUREAU OF THE BEE, 513 FOURTERNTH STREET, WASHINGTON, D. C., Aug. 16. Before his departure for the west tonight Supervising Architect Edbrooke told THE

BEE correspondent that the operation of the new eight-hour law might make a serious difference in the plans for the Omaha building. When the law went into effect a number of bids for building contracts were pending in the office and Mr. Edbrooke sent them with a copy of the new law so that they might be raised to conform with it. They came back increased by 10, 12 and 15 per cent.

Basing his estimates on these increases Mr. Edbrooke says that he believes the new law will make the government pay 12 per cent more than it has been paying for its building work. The government for its building work. The government spends about \$25,000,000 a year on public buildings.

So the economic democratic congress which would not spend a cent for new buildings this year has passed a law which will make them hereafter cost the government \$3,000,000 more than formerly. The new bill will work a hardship in places where an appropriation has been made unless congress does some-thing to change the conditions. Under Mr. E. brookes's estimate the Omaha building as planned will cost nearly \$150,000 less than the estimates. Unless the congress will appro priate this additional amount the plans will be changed and the building will be made much less ornamental.

Mr. Edbrooke will recommend that con-Mr. Eddrooks will recommend that con-eress make the additional appropriation. Mr. Edbrooke says that he is going to Omaha by way of Chicago on a general tour of inspection. He says that his reports from Omaha are that the work on the building there is progressing favorably.

Chairman Carter Actively at Work.

Chairman Carter of the republican national committee spent the day in Washington. He talked politics, was presented with a gold watch and chain by the employes of the general land office and saw a num-ber of men who are more or less interesting in the campaign. One interview of considerable significance was that with General W. W. Dudley, who was treasurer of the campaign committee in 1888 There have been dark bints that Mr. Dudley would not help with his political knowledge in the coming campaign, because he was not satisfied with the way in which President Harrison had treated him. After his talk with Dudley, Mr. Carter said that it could be safely stated that Dudley would do all he could be the completeness there. could for the republican ticket. He was

His appearance belies those state-ments and his conversation shows that he is managing the campaign very much as he has conducted the general land office and other public positions which he has occupied, and that he is running the campaign upon a suc-

cessful basis. He says that the details are being rapidly arranged and that within a week or ten days all the work will be par-celed out to the mcn who have been desig-nated to take charge of different divisions and sections.

Miscellaneous.

Although no definite word has been re-ceived from the president on the subject it is understood that his letter of acceptance will be ready about August 25. It will be given to the press at Washington. It will be rather long, for in it the president will have his only opportunity to approach political is-sues as a candidate. The dignity of his office makes it impossible that he should make any political speeches during the campaign. THEY HAD NO UNION JACK.

Irish and American Fiags Only Displayed by Hibernians in Canada.

HAMILTON, Ont., Aug. 16.-The Ancient Order of Hibernians of Hamilton and Toronto, with representatives from Buffalo, Rochester, N. Y., and other places, held a big demonstration and parade yesterday. The most notable feature of the procession and one that caused much comment on the streets was the fact that no British or Canadian flags were displayed, the proces-sion being headed by the Irish flag, with several more of the same kind and about a dozen American flags scattered through the procession. It was explained that the omission of the British or Canadian flag was purely accidental, but it at least created a very unfavorable impression and might have precipitated a riot. Near the corner of John avd King streets a bystander asked one of the marshals: "Where is your union jack?" and the reply was : "To hell with it."

Bratal Outrage by Hoodlums. BLOOMFIELD, Ind., Aug. 16.-Word has been received of a most brutal outrage upon the family of Levi Owen, near Switz City. Six or eight hoodlums went to his house Sunday night, forced an entrance and dragged his wife and 12-year-old daughter outside, where the females were shockingly assaulted in spite of all the efforts of Owen to protect them. A man named Brown has been arrested and officers are in pursuit of others.
