Corn Was the Leader and Scored a Fair Advance.

FEAR OF FROST WAS A STRONG FACTOR

Provisions Were, on the Whole, Weak, More Particularly as Regards October Contracts-Vessel Room Was in Good Demand.

Cuicago, Ill., Sept. 7-Corn was the leader today and as a result wheat, in the face of news which con a not be considered as favor-ing higher prices, was very firm and made a gain for the day of %e per bu. Corn has dis-t.net rencouragement from various sources and scored a net advance of 1%e per bu. Provisions were on the whole weak, more part cu-

larly as regards October contracts.

In corn. the fear of frost was the principal strengthening factor at the start, but the ad-Vance was assisted later on by the Kansas state report showing a decrease of nine points within the last month, and placin; the condi-tion at 68 per cent. The advance brought out considerable long property, and developed more or less excitement. The temperature was cool throughout the corn belt, ranging 50° to 56°, and the indications were for lower temperature in lowa and Nebraska Thursday. Vessel room was in 200d demand and rates firm at 214c for wheat and 2c for corn to Buf-

from at 214e for wheat and 2c for corn falo.

Estimated receipts for tomorrow: Wheat, 520 cars; corn, 40 cars; oats, 205 cars; hogs, 25,000 head.

New York Dry Goods Market, New York, Sept. 7.—Trade in dry goods was fairly netive at first as well as second hands. There was more confidence and a large demand.

A severe break in October rios and pork, following the sharp deel ne yestering in lard, shows the holders of each and October property are not anxious to carry it longer.

Calcago, Ill., Sept. 7.—F. G. Loran & Co. to Dunean. Hollinger & Co.: Wheat has been ruled mainly by local trading. The strength is attributed to higher corn and oat marekt, coupled with liberal New York clearances, 35,000 wheat and 48,000 nackages of flour. The cash demand was satisfactory. Some of the off grades are in botter demand. Though New York does not report liberal charters for exports, we notice the clearances are fairly liberal. Braistreet's visible report, giving an increase of 3,000,000 for the time being, weakened the market. We would call the general undertone healthy and firm with more buying by the better class than selling. Corn was strong, due mainly to the Kansas state report reducing the condition from 75 to 88c. On this outsiders as well as local traders were buyers. The cash demand was brisk. We look to see the May option as the full proceeds lose a part of its present premium over October and November. With state reports cutting down the condition sike todays, and with the crop late we believe the long side should be favored. Onts were very active and attracting outside speculation. With the small cop raised and speculation taking a hand in the market we feel this adds one more argument to the strong ones already on the built side. Provisions opened weak owing to fwithdrawal of the usual support to ribs. At the decline shorts began to buy and the market ruled rather strong. A portion of the decline was regained. Germany bought a liberal amount of lard for shipment.

More Animation Was Shown by the Market

Yesterday. NEW YORK, Sept. 7.—The stock market today showed rather more animation in the general list, but the comparative quietude of the inquatrials prevented any more business being done. The temper of the trading, however. showed a marked change for the better. There was but little new business. The market, therefore, even while more active in rali-road shares, was no wider than usual of late, and as a rule the important fluctuations were confined to a few stocks. The coalers were naturally the most prominent group of the trading, but only Reading displayed any real activity. The gains in some specialties like Minneapolis & St. Louis preferred reaches 3 per cent, but the improvement in

the general list was confined to small fractions. The close, while affected by the realization to secure profits on the day's rise, was suil fractional gains for the day. Lead, however, was up 2½; Western Union, 2½; Manhattan, 1½; Cotton Oil, 1%, and Missouri Pacific 1 per cent.

Government bonds dull and easier. State bonds duil and steady.

London Financial Review. [Copyrighted 1892 by James Gordon Bennett.].

LONDON, Sept 7.—INew York Herald Cubic — Special to The Bee.]—Business on the Stock exchange his been almost at a standstill. The markets closed somewhat irredular. Consols are \$\frac{1}{2}\$ lower for the money account. Indian runce paper, after being fractionally higher, closed unchanged. Foreign government securities close tolerably firm in spite of little doing. Home rallways have been more or less dull and heavy all day, the weekly traffic returns of leding lines being less favorable than was expected. Finally Brighton deferred and Great Northern deferred show a fail of \$\frac{1}{2}\$. Caledonian, and Southeastern deferred \$\frac{1}{2}\$ and several others \$\frac{1}{2}\$ to \$\frac{1}{2}\$ lower. American rallways have been extremely inactive, although the New York market was reported firm several descriptions leave off at slightly lower values, including Erie, lake Shore. Norfolk & Western preference, and Philadelphia & Reading. On the other hand Chicago & Milwankes. Louisville & Nashville, Northern Pacific preference and Oblo & Mississippi close firm with a moderate improvement. Very little demand for money has been experienced. Ow ng to the plethora of floating capital short loans have been freely offered at \$\frac{1}{2}\$ per cent. In the discount market few blits have been brought forward; those of two and three months being quoted at \$\frac{1}{2}\$ to 2 per cent. [Copyrighted 1892 by James Gordon Rennett.]

The general cattle market was in pretty bad shape. An increase in three days or 5,000

The general cattle market was in pretty bad shape. An increase in three days of 5,000 cattle unaccompanied by any corresponding improvement in the demand necessarily meant a duil trade with lower prices. In general there was a decline of 10c on air but the best ripe beef steers. These, on account of their scarcity, show little change from day to day. There were very few cattle of this class here; in fact, decent native cattle of all kinds were hard to find. A load of 1,124-1b, beeves brought \$1.50, Good westerns sold around \$1.50 and \$2.5. Medium and common stuff was hard to move at any price, and the market was duil and dragging throughout. The bunk of the trading was done in the afternoon and the close found several loads of very decent cattle still waiting a purchaser.

Cows and mixed stock sold 10c to 15c lower than Tuesday, a decline so far this week of from fact of the trade was demoralized, in fact. Fair to good cows and helfers seldom sell lower than they sold today. There was nothing in the situation to encourage sellers to hold on and the movement was reasonably free at the decline. The big bulk of the fair to good stock changed hands at prices ranging from \$1.50 to \$1.5. Poor stuff sold as low as \$1.00 and one or two prime helfers brought \$110. Bulks and stags were duil and lower at from \$1.25 to \$2.6. Caives were slow but about steady at from \$1.50 to \$1.60 for common yearlings to choice veals.

In the stocker and feeder line there was

In the stocker and feeder line there was little change, if any. A fair country demand made a firm market for the more desirable grades, but the under grades were, as usual, slow-sale at indifferent prices. Representa-

During a conversation with a BEE reporter last night a well known wholesale dry goods man said:

"Since the New York health officials have declared a strict quarantine on all passengers and subjected imported goods to a long delay prices have risen rapidly. Ribbons and all silk goods have gone up 10 per cent and fancy goods from 10 to 25 per cent. The stock in Omaha is very low and merchants will be put to considerable annoyance on account of the holding at quarantine of their goods for the fall trade. If the hales and goods for the fall trade. If the bales and boxes containing fine silks and laces are fumigated it will rum them, but I hardly think this will be done. Jobbers are pre-pared to ruise prices again if the quarantine continues much longer."
