Kingston Won the Flight. SHERPSHEAD BAY, N. Y., Sept. 9 .- About 5,000 spectators this afternoon saw the celebrated Kingston win the Flight stakes from Dr. Hasbrouck and Pairy in one of the most exciting contests of the season. Kingston and Dr. Hasbrouck each carried 127 pounds, while Fairy had 107. She set a fast clip from the very start. Jockey Doggett, who rode Dr. Hasbrouck, used very bad judgment in keeping the Doctor alongside of Fairy. Taral laid back with Kingston and made his run in the home stretch, winning after a desperate struggle, by a neck. Had Dr. desperate struggle, by a neck. Had Dr. Hasbrouck been ridden in the same manner and not used up with Fairy, he would surely have won, as it took every ounce of Kingston's speed and Taral's strength to encompass his defeat. The taient, led by Plunger Michael Dwyer, were upset in the first race. They made Dagonet a 6 to 5 favorite, but the black colt was not even placed, Batsman, a 10 to 1 chance, taking the race in a drive from Fred Taral, 5 to 2.

After adopting the following resolutions the convention adjourned sine die.

Resolved, That the republican party of the state of Colorado, in convention assembled, again piedges its support to the great principle of the party as presented in the national patform adopted at Minneapoils.

We heartily endorse and commend the able, clean, patriotic and thoroughly American administration of President Harrison.

We believe that his wise conduct of affairs at home and his dignified conduct of our forcign affairs has strengthened our nation and increased respect for our flag in all countries.

We affirm our unswerving devotion to the national constitution and the indissoluble union of the states under the constitution, to the personal rights and libertles of citizens in all the states and territories of the union, and especially to the supreme and sovereign right of every lawful citizen, rich or poor, native or foreign born, white or black, to cast one free ballot in public elections and have that ballot duly counted.

We are in favor of a protective tariff.

We believe it is necessary to develop the diversited industries of the west. It is ne essary to protect the miners and mining interests, the farmer and ranching interests as well as the manufacturing interests.

We look forward to the time when, under the protection of the republican party. Colorado will become one of the greatest manufacturing states in the union.

Resolved. That every republican of Colorado is now, as he always has been, in favor of the free and unlimited colorage of silver. The republican party of Colorado calls attention to the fact that its senators and members of congress have at all times worked for and advocated free colorage.

We, as free colorage republicans, believe that we can establish true republicanism much sooner by keeping within the party, than by supporting any flat money theorists, who are in favor of demonetizing both gold and silver.

Resolved. That the republican party of Colorado believes that free colorage of silver at the present ratio would be a great benefit to all of the producing classes of this nation.

TOO STRONG TO WORK.

Frank Watson's Penchant for Writing Other Men's Names Makes Him Trouble. Yesterday afternoon the police arrested Frank Watson for being a suspicious character. A little investigation on the part of the detectives proved that Watson was a much wanted man. It is claimed by the officials that the prisoner is the man who has been passing bogus checks on business men about town for the past two or three weeks. Not long ago Watson let up on his game and went to work in a livery stable, where he stayed for a week, thus throwing the detectives off the track for the time being. As work didn't agree with his constitution Watson returned to his old tricks, and the result was his arrest. His case will be thoroughly looked into today. Granville Wade was yesterday bound over

to the district court for shooting at George Wellington in a Ninth street dive about a week ago. A water pipe near the Windsor hotel, Teath and Jackson streets, cursted last eve-ning and flooded the intersection. The stone pavement appeared to be undermined at the crossing, and the police stretched a rope across Jackson street in order to stop teams. The water works company shut off the water and will dig for the break today.

During the afternoon the city council committee spent several hours in the boiler room at the city hall examining the machinery and equipment. The pumps were run at their highest rate of speed and stood the test to the satisfaction of committeemen and contractor. This morning the plant will be turned over to Engineer Austin, who will have full charge.

This action is not intended to release Baker, Smith & Co., but merely relieves them of the expense of furnishing a man to

Very Expensive Drink.

Thomas Bennett called for a drink at a saloon at Fourteenth and Dodge streets and after disposing of the liquor declined to pay for it. The bartender, John Holmes, reached over and struck Bennett a blow on the face, causing him to fall to the floor. As Bennett fell he struck an iron railing and cut a deep gash over his right eye, which Dr. Towne was called upon to sew up. Both men were arrested, Bennett for being drunk and Holmes for assault.

Will Yote for Bonds.

Mayor Bemis has approved the ordinance passed at the last meeting of the council, anthorizing the submission at the November election the of a westion of voting \$100,000 of paving and \$100,000 of sewer bonds. It is estimated that the proceeds of the sale of \$100,000 of intersection paving bonds will pay for paying the intersections along five miles of streets.

IN THEIR NEW QUARTERS.

Members of the Omaha Press Club Enjoy an Evening.

The press gang were "at home" last night in their new rooms in the Patterson block and a number of their friends were present to enjoy the exceptionally fine musical entertainment provided by the artists of the city for their entertainment. The rooms are nicely furnished, provided with all the late magazines and newspapers, and there are just enough card tables to interest those who are inclined to a rubber of whist or high five. For several years the Press club of Omaha has been in a state of desuctude of which the fat prophet of William street spoke so eloquently, but new men came into the organization and gave it new life. As a result of this influx of newspaper men the club once more became an active factor in the social doings of the sectropolis, and last night celebrated its phœnix-like rise by giv-

ing a pleasant musicale.

The Sutorius Mandolin club, a well balanced and thoroughly well rehearsed musical organization, played a number of selections during the evening, ever ready to assist in furthering the good fellowship which pre-vailed among the ladies and gentlemen present. There is something particularly fasci-nating about the music of the mandolin and resident etchings of tropical countries are suggested by its dreamy sensuousness. The gem of their playing was the "Angels' Sere-

Mr. W. S. McCune, the baritone of Trin. ity, sang two beautiful songs, "Love's Sorrow," by Sheliy, and "Anchored," by Wilson. Mr. McCune surprised his audience by the musical quality of his voice, his tones being sweet and clear, and his method was the subject of much favorable comment by the musicians present. In addition to a fine cultured voice Mr. McCune has a pleasing personality which won him an audience from Mr. Charles McDowell, the tenor of All

Saints choir, sang Nelson G. Smith's dainty love ballad "Entreaty" in excellent style, his upper notes being particularly sweet and

From a thorough musical standpoint the distinctive event of the evening was Mr. Bert Butler's playing of Wienawski's Po-lanaise in A, a brilliant violin solo which the young violinist played in a thoroughly musicianly manner. Mr. Butler's advance ment in his profession has been won-derfully rapid, and there is decided promise of a brilliant future for the leader of Boyd's orchestra. He has fine technique and shows in every movement of his hand and finger a close study of the re quirements. Assisting Mr. Butler in his personal triumph was Mr. Martin Cahn, who played the accompaniment with a nicety that was thoroughly commendatory. To an encore Mr. Butler played Mascogni's tonal poem, the Intermezzo, from "Cavaleria Rus-ticana," and it has not been better played in Omaha, not excepting its rendition by Mr. Theodore Thomas. Mrs. Percy Ford was prevailed upon to

sing the words of the exquisite writing of the cleverest composer living, which she the cieverest composer living, which she heard but a short time ago in Berlin, Mr. Butler playing the violin obligato, Mr. Cahn accompanying. Mrs. Ford is not heard often enough in public, her voice showing the highest measure of cultivation. Later she sang a sweet love song from the appara of "Gara". sweet love song from the opera of "Gene-vieve de Brabant" by Offenbach. Mr. J. E. Butler, the organist of Tranty added not a little to the genuine pleasure of

the evening by playing the accompaniments of the vocal soloists in a manuer that left little to be desired. There was a punch and refreshments served and the guests were enthusiastic in praise of the evening and the pleasure afforded them of meeting the boys who write the news in Aside from these there were scattering en-dersement of various aspirants for offices

the papers upon a social feeting. To the Max Meyer Music company the thanks of the club are extended for the use of the piano which was sent to their rooms.
