EXONERATED BY THE BOARD

Charges Against the Hastings Asylum Management Not Eustained.

ONE CASE IN WHICH A PATIENT WAS HURT

When the Attention of Dr. Johnson Was Called to the Affair the Attendant Was Instantly Discharged-Proceedings at Lincoln.

HASTINGS, Neb., Sept. 20 .- [Special Telegram to Tits Bgs. |-When the statement was made in this city this morning that a former employe of the Asylum for the Insanc had preferred charges against the superintendent and stoward, Dr. Johnson and A. S. Campbell, something of a sensation was caused here. Hollnaworth, who made the complaint, was seen, but refused to make any statement concerning his charges, saying that when the proper time came he would give his side of the case.

Stewart Campbell was seen by THE BEE correspondent and seemed to be both amused and indignant. He said that Hollingsworth was discharged a while ago on account of incompetency, as he had previously been at the Clarinda, St. Joseph and Lincola asylums. Hollingsworth was a republican, but no distinction was made on account of politics. Mr. Campbell did not know what the charges were but one of them he understood was that the girls employed at the asylum were in the habit of coming to the city and drinking beer in variety saloons. This he genied. One female attendant had left to go to the Norfolk asylum and while not in the employ of the state had drank a glass of beer in a suloon, and apother charge was

that an attendant had choked a patient. This was true, and as soon as the fact had been made known to Dr. Johnson the attendant was instantly discharged. The patient was not injured. Dr. Johnson went down to Lincoln today and urged upon the Board of Public Lands and Buildings that an investiga-tion had better be made or the charges be publicly branded as unworthy of investigation. "This town has a tough enough reputation any way," said Mr. Campbell, "with its murder mystery and tragedies and treasury deficits, without having any charges made which cannot be substantiated. Every citizen has a right to see this matter sifted to the bottom, and it will be done."

Exonerated the Superintendent.

LINCOLN, Nob., Sept. 20, -[Special Tele-grain to THE BRE, -The State Board of Public Lands and Buildings held a meeting at the office of Attorney General Hastings at 5 o'clock for the purpose of investigating some alleged irregularities in the manage-ment of the state hospital for the incurable insane at Hastings. It seems that some time since Superintendent Johnson discharged an employe for cause. The employe was not entirely satisfied with the arrangement which left him out in the cold, and endeav-orad to gain satisfaction by filing charges with the state board.

On September 12 the board received a communication from Hastings charging the asylum management with several irregularities. Among other things it was alleged that the clething furnished the inmates was unfit for wear and that on one occasion one of the inguates was burshly treated by the the attendants. The members of the board have been quictly investigating the charges and inished this afternoon. They found that on one occasion an inmate had been treated with undue barshness by an attendant, with undue baranness by an attendant, but the attendant had been promptly discharged by Superintendent Johnson as soon as the facts in the case were reported to him. The board also found that the clothing provided is of good quality and kept clean and in good repair; that good discipline is maintained among officers and employee, and that the institu-tion is being conducted in a businesslike tion is being conducted in a businesslike manner. The conclusion of the board at its meeting this afternoon was that Superintendent Johnson's management of the institution is in every way satisfactory.

Fatal Work of Lightning. HARMSBURG, Neb., Sept. 23.-[Special Telegram to THE BEE.] - A severe elec, ric storm courred a few miles west of this place yesterday accompanied with a slight rainfall. A 1-cear-old son of I. T. Warner was struck by lightning and instantly killed together with the team he was driving. Several farm-ors in the vicinity lost stock by lightning. It was the worst storm of the kind over known in the vicinity and the kind over known in the country, but fortunately covered only small territory

Fatally Injured by a Horse. BROKEN BOW, Neb., Sept. 20.- Special o THE BEE, |-A young man by the name of Bud Keen was seriously injured Sunday night by his horse falling on him. He was riding in a lope down Main street when the animal fell over a rope with which a boy was leading a cow. It was dark and the rope was not seen by either man or horse. Keen fell under the horse and was rendered unconscious. There is but little hope of his mayor: recovery.

Justa Plain Fake.

Marshal Brad D. Staughter was surprised o see in an alleged newspaper of Omaha the statement that he had ouit business and practically shut up shop until the United States government would settle up with him and pay the balance due him for arresting criminals. "That is another fake," said Mr. Slaugh-

ter, when his attention was called to the article. "I have tota some of my deputies in the country that they need not make any special effort for a few weeks to work up cases, if they wanted to take a vacation, beause matters were rather quiet anyway, and in addition to this the government is behind on my account about \$10,000, and I am not anxious to have it run any higher. But the idea of our going out of the business of making arrests and letting criminals run riot as they please is utterly absurd. If the re-porter who wrote that article thinks that is the case let him commit an offense against the government in this district and see how quick one of our deputies will snake him in. The United States marshal has not goue out

of business, but there is no court in session and it is the quiet season of the year." Special sale on linens at Hayden Bros. tomorrow.

The Lacrosse Club. The newly organized Omaha Lacrosse

clau held an important meeting in the Paxton hotel cafe. In the absence of President George H. Leslie, Dr. R. S. Anglin occupled the chair. About twenty-five members vere in attendance. A constitution and bylaws were adopted and regular practices to be held at the circus grounds, Twentieth and Paul, were ordered for Wednesday mornings from 6 to half past

7 and Saturday afternoons from 4 to 6. The Kearney, Neb., club is apxious to arrange a match for Taanksgiving day and, so far as can be judged from the rapid-ity with which the membership is growing, the Omaha boys will have no dificulty in presenting a creditable team on that day. The club's prospects at present are very bright,

ome Very Important Changes Made in the

Amending some of the rules was all that was done at yesterday afternoon's meeting of the Board of Health. Rule 5, referring to the duties of conductors on railway trains entering Omaha, was changed so as to read that the official in charge of the train shall notify the health officers by telegraph of any cases or suspected cases of smallpox, cholera or any contageous or infectious discases among the passengers. When such notice cannot be sent, the conductor must leave the patient outside of the city limits. Rule 62, regarding puisances, was changed so that it now includes weeds on vacant property, in the alleys and in the streets. When the property owner refuses to cut the weeds or can-not be found, the commissioner of health may order it done and have the same charged

that a wrong description had been tiven. I am informed that this statement contained in my message was denied by the councilman in-troducing the resolution, and his statement was accepted by a majority of the members of the council as being correct. It may seem the proper thing for the council to recklessly pass ordinances and resolutions over my vetoes without reference to whether they are right or wrong, but in this case, as in some other cases, unless the wrong done by such action is rectilied the rensury of the elty will suffer. I am advised by the city attorney that no tax can be en-forced to ever the cost of the sidewalk pro-posed to be constructed by the resolution referred to. In view of this fact i deem it but proper to call your attention to your ae-tion at the last meeting, and to suggest and recommend that a resolution properly de-scribing the properly opposite which it is pro-duced, and that the Board of Public Works be instructed not to authorize the construction of any sidewalk under the resolution which was passed over my veto. There he was met by some unknown party, who without a word of warning struck Wilon in the face with a beavy cane and knocked him down, cutting a deep gash in his face. A moment later several of the councilmen were gathered about Wilson and assisted him to his test. A hurried search was made for the assailant, but he had fled.

Excitement held the boards for a short time, but the councilmen soon repaired to the council, where they at once got down to business and listened to the reading of the following pointed communication from the Mayor: OMAHA, Sept. 20. — To the Honorabic the City Council of the City of Omnha: I desire to call your attention to the action of your honora-ble body in passing over my verif resolution No 25, of September 2, authorizing the con-struction of a wooden sidewalk on the east side of Twenty-eighth street adjoining the no th 125 feet of block "C," Shinn's third ad-ultion.
