MOST IMPRESSIVE FUNERAL SERVICE

All Indianapolis Shows Its Sympathy With the President in His Great Afflietion and Sorrow is Manifested on Every Hand.

INDIANAPOLIS, Ind., Oct. 28.-The funeral train bearing the remains of Mrs. Harrison arrived here this morning at 9:30. All along the route after daylight at the stations paople gathered to see the train go by. They seemed actuated not so much by curiosity as by a desire to testify their sympathy with the president in his sorrow, and nearly all stood with bowed, uncovered heads as the train passed. The same was true, only to a greater degree, on the arrival here, where the deceased and her distinguished busband are so wel known. A mass of people gathered about the station when the train came to a stop, and all stood reverently with bowed heads as the solemn cortege .emerged from the station and the mourners took places in

the waiting carriages. The Presbyterian church in which the funeral services were held was boautifully dec-orated, chiefly in festoons and rosettes of black and white, relieved here and there with and potted plants were placed on each side of the pulpit and floral offerings were laid upon the choir rail. The president's pew was draped in black and was not used during the service:

After the services at the church the remains were laid at rest in Crown Hill ceme-

tery. When the cortege arrived at the church a throng of 5,000 people filled the sidewalks and adjacent streets and stood respectfully silent while the coffin was borne into the church.

The services were extremely simple. the coffin was carried up the aisie and de posited in front of the chancel the organ played softly. Then the choir sang "Lead' Kindly Light." Dr. Haines then offered a short invocation and read a section from the scriptures.

The funeral sermon was from the text, "Wherefore, comfort ye one another with these words," and was preached by Dr. Haines. "God's ways are not our ways," said the preacher. "We cannot understand them; perhaps we could not understand them if explanations were given. Human intelligence is yet too immature to take in the reach and scope of God's plans. We are shut up to faith, and in faith is the greatest exercise of the spirit of man to believe his are not judgments, but that they are chastenings, permitted in wisdom and kindness. The Lord rejoiceth over death as well as life. The duty of the hour is resignation: but a Christian resignation, not the mere enforcement of submission to the inevitable: it is the looking up into the face of a wise and loving God and saying: "Thy will be done, for Thy will is our well-being.' A ponstant follower of God has been called to her reward. Think not of her as dead. Death to God's children is not a wall, but a gateway, an entrance upon a larger, sweeter life, in a higher roaim. To die is a gain."

The speaker then dwelt at length upon the beauty and sweetness which characterized the life of the departed in every relation of life, from that of a quiet, Christian home-keeper, full of charity and loving kindness. to that of the courteous, kindly, thoughtful mistress of the white house, and, turning to the bcreaved members of the sorrowing family, spoke words of consolation and comfort, with the assurance of the sympathy of the entire nation, exhorting them to "trust

In the Lord and wait patiently for flim." At the conclusion of the sermon the venera ble Dr. Hyne prayed, commending the mourners, especially the chief magistrate, to the tender mercles of a devine and loving Father, that he might be strengthened in the hour of trial to bear his burdens and finish the work given him to do. The choir then sang a hymn and the

Preliminaries have been arranged, and with fair weather the biggest demonstration of the campaiga is confidently promised. The rally has been designed particularly

for the laboring men, who are especially in-vited to participate, as there will be a full discussion of the tariff and its relation to the discussion of the tariff and its relation to the wage question. Mr. Edward Rosewater will be one of the speakers of the evening. He will discuss free coinage, paper currency, the relations of labor to the wage question, Pinkertonism and the Homestead strike, Bellamy and Henry George land and money scheme, etc. Populists are especially in-vited to be present and to ask any questions negations to the lawney under discussion. NATIONAL W. C. T. U.

First Day's Proceedings of Its Annual

Session of Unusual Interest. DENVER, Colo., Oct. 29 .- The National Women's Christian Temperance union met bere today in annual session. Miss Frances E. Willard delivered her annual address, covering the work of the union for the past year, speaking of the work to come and making sundry suggestions for the furtherance of the association.

The speaker congratulated Kansas republicans on having endorsed woman suffrage, and said her honest fealty had been given

General Bidwell and Rev. Cranfield, prohibition candidates for president and vice president. She still rejoiced in the strong help given to civil service reform by the uemocratic candidate, though was sorry for his subservience to the Tammany tiger. She remembered proudly the personal record of President Harrison, though sorry he used wine and that he could not return to power without the liquor vote. She then expressed sympathy with him in his bereavement.

As an argument in favor of woman suffrage, in view of the threatened danger from for-eign votes, she quoted figures from the superintendent of the census, showing the propor-tion of native born to foreign born women in the country to be six to one. The speaker devoted considerable space to

the World's fair, favoring closing it on Sunday, and calling on local unions to work with the state legislators toward closing the She said Chicago would be a salcon battle

ground next year and the union must be pre-pared to make a fight against it. She said a polyglot temperance petition had been signed this year by 1,112,735 persons, and it was probable that the patition would be twelve mites long, being names from all parts of the world. The peculiar thing about it was the fact that the portion from the United States was the smallest of all.

was the smallest of all. On the completion by Miss Willard of the reading of her address, Lady Somerset moved the acceptance of it, which was en-thusiastically done. Several bouquets of beautiful flowers were presented Miss Willard by ber friends.

Miss Elizabeth Greenwood, evangelistic superintendent, commended the way in which the members of the Woman's Christian Temperance union promptly at the noon hour turn from business and praise the Lord and on her motion (it being 12 o'clock) devotional exercises were proceeded with.

At the afternoon session the report of the corresponding secretary, Mrs. Caroline B. Buell, was read, showing the following gen-

There were no ther changes in the p reconcel of the party. A large crowd assembled at the station to pay a parting tribute to the president, but made no demonstration beyond an uncover-ering of heads on the part of the men and a waving of hundkerchiels on the part of the women and children. The train is scheduled to reach Washington tomorrow evening.

Just before his departure the president gave the press a note to the public, of which the following is a copy.

PARK MATTERS.

Commissioners Reach an Understanding with Mayor Bemis on Bemis Park. At a meeting of the park commissioners yesterday afternoon Mr. Lininger, from the committee appointed to confer with Mayor Beinis with regard to the improvement of Bemis pars, reported that the committee and the mayor had reached an understanding

and the work was progressing. The board decided to polify Dr. S. D. Mercer that the pirk commissioners would accept the three lots he had offered to donate to the city if he would deed them without

The commissioners took up the question of securing more and for the extension of the north boulevard so as to make a connect tion between the Parker tract northeast of Fort Omata and the Distin tract corth of the institute for the deaf and dumb. It seemed to be the prevailing sentiment among members of the board that steps should be taken at once to secure the land needed for the extension of the boulevard.

On account of the fact that the available funds are growing low the board decided to discontinue all work on parks excepting that being done at Bemis.

Big Strike of Oil.

WILKESBARRE, Pa., Oct. 28.-Great excitement prevails at Catwaissa, a small town forty miles from here along the line of the Delaware, Luckawanna & Western road. It had been made known that oil had been found on the land of William John, a farmer, and hundrads flocked to the scene and found the report true. Several buckets-ful were pumped out from a depth of 200 feet and it was pronounced to be an A No. 1 product. The price of land is going up rapidly.

Bradstreet's Review of Trade and Wall Street-Clearances. NEW YORK, Oct. 28 .- R. G. Dun's weekly review of trade says: There is a car famine from Pittsburg to the Rocky mountains. This single fact shows the best and the worst of business. The west is marketing enormous crops, probably exceeding in quantity all official or unofficial estimates, but Europe is buying but moderately. The demands of the east are not greater than usual, and all the elevators, both east and west, are crammed with grain, and all the the yards full of loaded cars. Wheat is seil-Pittaburg ing at the lowest price ever known in New York. Many years ago it touched 76 cents in one day, but the quotation is now 75% cents for October delivery. Receipts at all western points have been 6,300,000 bushels in four days and more than 36,000,000 bushels Providence Denver Cleveland. in four weeks, while the exports from Atiantic ports in four days have been 1,300,000 St. Paul bushets. The price here has declined 190 cents and the opinion steadily gains ground that all estimates of the crop have been below the truth. Corn has advanced 1% cents and oats 1 ceat. Belief is that the yield of corn, though larger than was recently expected, will not equal the year's demands. Oats has declined three quarters of 1 cent, while coffee has risen one eighth of

I cent, but the price of cotton is the same as a week ago. Reports from Cities. At Boston money is firm and collections satisfactory. Wooien manufacturers are busy with prices unchanged, and the shoe manufacturers are pressed with orders. At Philagelphia the iron trade improves. The demand for worsteds is satisfactory and carpet and knitting works fairly well employed. There has been a jump in prices of soft

steel at Pittsburg, but the glass trade is not in good condition. At Checinnati whisky is strong, the de-mand increasing, and, modium or lower grades of topacco are strong. General trade is good at Cleveland, with

rolier iron in active demand. At Indianapolis trade is unusually good. At Detroit trade is good, with money in

fair demand. The celebration at Chicago has reduced trade in some lines, and yet receipts of corn facroased largely, of wheat 46 par cent, of flour and cheese 20 per cent and of butter 75 per cent in comparison with last year, but decrease in oats, rye, barley, dressed beel

cattle and hogs. At St. Paul trade is good, though collec-tions are only fair, but at Minneapolis wheat receipts are 2,600,000 bushels and the lumber Business at St. Louis is strong, the grain

receipts being remarkably heavy. Business Brisk at Omaha.

At Omaha trade is heavy in groceries, in dry goods and hardware. At Little Rock the outlook is gloomy, but at Louisville trade is satisfactory and at Memphis steady, though below normal. Business is fair at Nashville, but some-what quiet at New Orieans, owing to the isbor troubles.

isbor troubles. Though it is not the season for special activity in boats and shoes, it is stated that not for years has there been such a demand. The demand for paper is so large that prices of fine quality have risen 1 cent and book paper from $\frac{1}{2}$ to $\frac{1}{2}$ cent. Textule manufac-tures are busy as usual.
