PAYING FOR ELECTRIC LIGHT

Mayor Bemis Says the City Does Not Get What It is Charged For.

HIS SHORT MESSAGE ON THE SUBJECT

Are Lights Do Not Farnish the Candlepower Prescribed in the Contract-Conneil Overrides the Veto-Will Pay the Bill Presented.

The mayor fired a bomb shell at the council last night when he banded this veto up to

the clerk:

"I have vetoed an Item in the appropriation ordinance in favor of the Thompson-Houston Electric Light company of \$2,483,43, allowed to said company for electric lighting for the month of November, for the reason that at the present time there is only \$84.55 in the street lighting fund, and I do not think the condition of the general fund is such as will justify the taking out of said fund of a sum sufficient to cover the amount appropriated for the payment of this bill.

"In addition to these reasons I also veto in addition to these reasons I also vet-

"In addition to these reasons I also veto
the item for the reason that I am satisfied
that the amount allowed to the ThompsonHouston Electric Light company is largely
in excess of the amount said company is entilled to receive. The contract with the
Thompson-Houston Electric Light company requires that said company shall
furnish lights equal to 2,000-candle power.
From such investigation as I have been
able to make, I am satisfied that the lights
which the Thompson-Houston Electric Light able to make. I am satisfied that the lights which the Thompson-Houston Electric Light company are furnishing to the city of Omaha are only about half the capacity required by the contract. The same action should be taken with reference to the Thompson-Houston Electric Light company as has been taken with reference to the Metropolitan Street Lighting company. The bilis of the Metropolitan Street Lighting company were cut down for the reason that said company did not furnish lights up to the standard required by its contract. This course should now be pursued with the Thompson-Houston Electric Light company.

Electric Light company.

"Notwithstanding the fact that accurate tests have been made by the gas inspector of the electric lights, I think it can be clearly demonstrated that the lights which have been furnished are very much below the standard required. I suggest and recommend that the gas inspector be provided with the necessary apparatus to make frequent and practical tests of the power of the electric lights. I further recommend that whenever the electric lights of the Thompson-Houston Electric Light Electric Light company. of the Thompson-Houston Electric Light company do not come up to the standard required by its contract, that the proper re-duction be made from its bills. I am satis-fied that its bill for November lighting is at least \$1,000 in excess of what it should be Believing this to be the fact. I am in favor of allowing the Thompson-Houston Electric Light company to demonstrate, if it can do so in the courts, that its bill is correct."

Refused to Sustain the Veto. Mr. Chaffee said that he believed in treating corporations the same as he would treat individuals. He would not vote to sustain the veto on mere suppositions. It had been stated that the members of the council were thieves, but it had not been proven. The gas inspector had said that the lights were of 2,000-candle power, and there was nothing

to show that they were not.

Mr. Jacobson thought that it was time to look into the matter and find out if the statements in the mayor's message were

Mr. Elsasser said that there was no way of proving that the light was not furnished. A resolution offered by Mr. Jacobson provided that money with which to pay the bill should be taken from the general fund. The veto was rejected, Messrs, Back, Howell, Jacobson, Munco and Steel voting to

sustain the mayor. Gas Inspector Gilbert suggested that for the purpose of testing the are lights a wire should be run into the rooms of the chief of the police and fire alarm system. He said that under the present plan he had to go to the company's plant when he made the test. and that the manner of doing so was very very unsatisfactory. This was referred. Mayor Bemis vetoed the items in the ap-

propriation ordinance providing for the pay-ment of the bills of the cierks and judges of election, the grounds of the veto being that there was but one election held, and that the city had no authority for paying the men \$6 each for their services. This veto was rejected by a unanimous vote.

Talking About the Snow. Changing the order of things, this com-munication from the mayor was read:

"I respectfully call your attention to the deplorable condition of the street crossings, especially in the business portion of the especially in the business portion of the city, as the result of the accumulated snow and dirt, which render such crossings almost impassable. A number of the crossings at the intersections of streets where the tracks of the street railway cross, are covered with snow by the street railway company in the clearing of its tracks. As the result the streets at these intersections are rendered dameters at these intersections are rendered dameters. tions are rendered dangerous of passage. I suggest and recommend that the street rail-way company at all such intersections be required without delay to remove the snow existing at such intersections, and that the street commissioner be required to put the street crossings at all other intersections in business part of the city in passable condition.

There was a lengthy discussion, during which Mr. Elsasser insisted that if the mayor had put the street commissioner's gang at cleaning the streets the result would have been much more satisfactory than cleaning sidewalks and charging the expense to the property owner. Mr. Munro offered a resolution which was

adopted, that the streets should be cleaned under the 10 per cent clause, and that the under the 10 per cent clause, and that the money should come from the street elegning

Mr.Lowry denominated the cleaning of the snow from in front of vacant property as a case of highway robbery. He would never lend his vote to levy a special tax to pay the

Mr. McLearie took issue and said that where the snow was shoveled off, it was from in front of property that was held by non-residents and for speculation. The mayor vetoed the resolution locating a

agas lamp at Twenty-fourth and Douglas streets, giving for his reasons that the condition of the lighting fund would not justify the expenditure. The veto was rejected. The veto on the location of an arc light at Twenty-ninth and Woolworth avenues met with the same fate. On the Electrician Ordinance.

The council then took another turn at the city electrician ordinance, but accomplished

It is generally known that there are two of the ordinances that have been before the council for several months. The body went into the committee of the whole, with Mr. McLearie in the chair. After discussing the matter for a time, the committee arose and recommended that the president appoint a committee of four, of which the city engineer should be a member. to take both ordinances pick out the best features, embody them in an ordinance to be reported to the council next Tuesday night. The recommendation was adopted and this is the committee: Messis McLearie, Lowry. Bechel and City Engineer Rosewater.

The contract for the construction of the six weeden bridges over the North Omaha

Sewer was presented and approved.

Comptroller Olsen wrote that he requested the contractor to furnish a better quality of coal for the city hall. He said the price was

\$2.25 per ton. John A. Wakefield was declared the lowest bidder on lumber for city use, but as none of the bidders had submitted figures on yellow pine the comptroller was instructed to read-

The contract with James Stevenson for removing the election booths was presented and approved.

The Standard Paving company, in a communication explained why it

had not laid any pavement under the terms Councilman Steel's resolution declared that the marble work in the Farnam street entrance of the city hall was being done in a wretched manner. The resolution was reforred and a committee will try to seek out a remain.

Tue Bee was the lowest bidder for the eity advertising. Its bid was accepted and the city attorney was instructed to draw the contract, after which Tur Ber was declared the official paper for the year 1853.

Will Pay Employes. The employes of the Metropolitan Street

Lighting company were ordered paid out of the moneya due the company for lighting during the months of September and Octo-

By the adoption of a resolution, the fore man of the street commissioner's gaug was allowed \$25 per mouth for borse hice.

The Nebraska elephone company was authorized to set a number of wooden poles, to be used in connection with its underground

System.

Mr. Prince's resolution, that it was the sense of the council that all firemen and policemen who were injured in the discharge of their duties should be paid their full sa I aries while incapacitated, was adopted, and the police commission was requested to change its rules upon the subject.

By ordinance the license of peddlers was fixed at \$50 ters around.

fixed at \$30 per annum.

The contract for paving Seventeenth street from Faroam to Dodge streets was rejected and the city engineer was instructed to report an ordinance creating two paving districts, one from Farnam to the alley north and the other from the alley to Dodge street.

The ordinance for the levying of a special tax aggregating \$32,057 to cover the cost of damages for the change of grade of Douglas street, from Sixteenth to Twentieth, and intersecting streets, was introduced and re-

A new ordinance, regulating the erection and construction of buildings, was intro-duced, read twice and referred to the committee on finance and the city attorney.

ntersecting streets, was introduced and re-

HELP FOR HOMESTEAD.

Money Raised by Workingmen Yesterday to Relieve Their Stricken Brethren.

Interest in "Homestead Day" was manifested throughout labor circles yesterday. Many generous subscriptions were made to the defense and relief fund and it is said that the amount to be sent from Omaha will be very large. J. B. Schupp, president of the Central Laborunion, thinks that more than \$2,000 will be subscribed by local work-

"Where I work," he said, "there are seven eigarmakers whose contributions to the fund aggregate about \$20. Other shops will do as well and the result will be something handsome and very creditable to Omaha. The interest in the suffering families of the Homestead men is very great, and not only

Homestead men is very great, and not only will there be enough money subscribed to pay the expenses of the defease, but there will be plenty left to greatly assist the starving families of the strikers."

Each union will take charge of the subscriptions of its members and the whole will be forwarded to Secretary Charles Evans, of the Federation of Labor, in New York City, It will be several days before it can be learned how much Omaha workingmen have given to the fund. The employes of the different railroads have made generous the different railroads have made generous subscriptions and the factory hands and other classes of workingmen have done the

There is a great need of help by the fortunate workmen at Homestead and yes-terday's subscriptions, coming from work-men all over the country, will probably reve all danger of want during the remainder of the winter.

You don't want a torpid liver; you don't want a bad complexion, you don't want a bad breath; you don't want a headache. e De Witt's Little Early Risers, the famous little pills.

ANNOUNCEMENTS.

The Farnam street theater opens a three night's engagement with Frank Mayo in "Davy Crockett" beginning Thursday even ing, December 15. Usual matinee Saturday Of Mr. Mayo's "Davy Crockett" but little need be said. It is a character peculiarly his own, and its subdued quality, its num berless fine shades of feeling, its wholly nev avoidance of the mere muscularity of here ism and yet is admirable and constant sug estions of physical prowess, its nice preser ation of the traits or the backwoodsmar his dialect, his manners and his mental sin talent and fine astistic method.

M. B. Leavitt's new spectacular produc-tion, "Spider and Fly," will be presented at Boyd's theater for three nights with special matinee. Of course the plot is the founda matince. Of course the plot is the founda-tion for an evening's entertainment, made up of catchy music, topical songs, choruses, marches, magnificent ballets, grotesque comedy, pantomine and novel specialty acts. Most of the company were engaged abroad. Their several acts are entirely new to this country. The scenery, electric and mechanical effects are all new. The transformation Scene is said to be magnificent. The chorus large and unusually attractive. The sale of seats will commences tomorrow morning.

There are yet four performances of Prof. D. M. Bristol's horse show at Boyd's theater—a matinee this and tomorrow afternoons at 2:30—and evening performances tonight and tomorrow night. Bring the children to see the wonderful educated horses.

Stuart Robson's repertoire, during his engagement at Boy's theater, commencing on Monday evening next, will include "She Stoops to Conquer," "Our Bachelors," and "The Henrietta." Mr. Jarrett, representative of Mr. Paleson is in the city. tive of Mr. Robson, is in the city.

An Invaluable Remedy for Colds.

Nothing to Be Desired

Every Flavor made by Dr. Price has the peculiar taste characteristic of the fruit from which it is obtained, and imparts to cakes, puddings, sauces or creams such a delicious and grateful flavor that their use really leaves nothing to be desired. We have yet to see the housewife who has used Dr. Price's Delicious Flavoring Extracts of Lemon, Orange, Nectarine or Vanilla, who was not delighted with them. THE PURITY OF DR. PRICE'S FLAVORS is endorsed by the leading chemists and heads of the great

universities of this continent.

Perkins County School Land Leases Were

Not Legal.

HOW A QUESTIONABLE DEAL WAS BLOCKED

Very Cleverly Arranged Scheme to Secure Possession of Valuable Property Exposed -List of Those Implicated in the Transaction.

LINCOLN, Neb., Dec. 13 .- [Special to THE Bgn.]-A meeting of the State Board of Edecational Lands and Funds was held at the office of the commissioner of public lands and buildings this forenoon for the purpose of considering the alleged frauds perpetrated in the leasing of school lands in Perkins county. The matter was fully discussed and the result of the meeting was summed up in the following resolution, which was unani-

mously adopted:

mously adopted:

It satisfactorily appearing to this board that the several leases of school lands in Perkins county. Nebraska, made by the county freasurer of said county on the 25th day of November, 1892, were not made in accordance with law, nor was the interest of the state subserved thereby, and of right should be set aside; therefore, be it.

Resolved, That each and all application for lease of the said school lands of Perkins county be, and the same are hereby rejected and set aside, and Hon. A. R. Humphrey, commissioner of public lands and buildings be instructed to forthwith readvertise and lease said lands in manner provided by law.

This action upon the part of the board has very effectually killed a very eleverly arranged scheme to get possession of a block of school lands. Among the straw bids anocked out by the above resolution are the ones made by the following: Deputy County Treasurer Speltz, 1,700 per cent upon the southeast quarter of 16-10-41; Deputy County Clerk Prime, 220 per cent upon the southwest and northeast quarters of 16-11-40; County Judge Hamptom, 150 per cent upon the northwest quarter of 36-9-35. Base Littlefield, editor and proprietor of a weekly independent newspaper 100 per cent upon the tiefield, editor and proprietor of a weekly independent newspaper, 100 per cent upon the northeast and northwest quarters of 36-11-36. All of the above parties ran the price up to the figure indicated, and then after every honest and boni fide bidder had been twocked out, all refused to take the lands, but put in applications for the same at pri-vate lease. The county treasurer was very accommodating, and everything went along swimmingly until news of the somewhat peculiar transactions was received at the state

Superintendent Bowman's Report.

In his annual report to the governor Dr. Bowman, superintendent for the State Hospital for the Insane at this city, asks for the

room.
For new system of locks.
For new roof to entire building, with For new root to entire building, with iron cornice.
For new boller and pump house.

emanded for a new trial 23 discharged or remanded for a new trimit, 23 discharged on commutation. S pardongs, 1 died, 1 discharged on habeas corpus and 1 killed while attempting to escape. The report shows a net surpus of \$30,253 in the amount appropriated by the legislature two years ago. The following appropriations are asked of the coming legislature: For maintainance of convicts during the year commencing April 1, 1893, 40 cents per diem for 350 convicts, \$51,100; for year beginning April 1, 1894, 40 cents per diem for 380 convicts, \$55,480; for photographing convicts, \$400; for delivering prisoners, \$400; total, \$107, 380,00.

Asylum at Hastings. Superintendent Johnson of the state asylum for the incurable insane at Hastings, reports that the finances of that institution reports that the finances of that institution are in a very satisfactory condition, and he hopes to complete the biennial period with little or no deficiency, notwithstanding the fact that 211 additional patients have been received during the year. At the present time there are 396 patients at the institution. The cost per capita for the past ten months has been \$4.02 per week. The superintendent asks for the purchase of 300 acres of additional land adjoining the asylum farm; a cold storage house at a cost of \$6.000; a new barn at \$5.000; repainting the new wings, \$2.500; for improvement of grounds, \$2.500; for account of another story to chapel to extend the existing provisions of amusement, \$5.000; for paving courts in rear of building, \$2.500; total, \$26,000. Dr. Johnson also asks for \$172,500 for care and maintenance of patients for the ensuing biennial period.

Filed Another Affidavit. H. E. Stein, county clerk of Clay county came into the supreme court this afternoon with another answer in the case in which S. W. Christy of Clay county is plaintiff and he is the defendant. He denies all of the allegations in the petition filed by Christy relating to the fact that he received the largest number of votes east at the last elec-tion for the office of state senator for the Twenty-fifth senatorial district. He again recites the facts in the case which have been printed correctly in THE BEE. The supreme court does not meet until Thursday, and, in-asmuch as the case is a most important one, it is believed quite generally that the court will consider the matter as soon after assemb-
